ABBEY OF GETHSEMANI
TRAPPIST, KENTUCKY

Nov. 2, 1961.

Dear Victor,

The best times for me would be November 17-18 but failing that
the 10th + 11th. If these do not serve we will have to wait until December.
Mr McClellister wrote that he would be over here on Monday 6th with E.D. Andrews
who is quite a student of the Shakers + has written several books about them.
They invited me to Shaker town this Saturday but it was impossible for me to get
there. I am glad you are taking time with the drawing in order to get
everything just right. And I look forward to seeing the new Classic art. I have
been busy with polemical articles about peace, which I feel are necessary.

With all blessings to you + Carolyn.
Cordially in Christ
