

Combined State, University Homecoming Celebration Attracts Thousands

THE KENTUCKY KENNEL

VOLUME XLII LEXINGTON, KENTUCKY, FRIDAY, NOVEMBER 3, 1950 NUMBER 7

Big Pep Rally... Tonight At 7 p.m. UK Vs. Florida... Tomorrow At 2 p.m. Newsmen Convention... Starts Nov. 10

1951 Plans To Be Made Extension Conference Plans Campus Meeting Nov. 8-10

The annual Kentucky Extension Workers' Conference will meet on the campus Nov. 8-10, according to Prof. T. R. Bryant, acting chairman of the event and assistant director of Agricultural Extension.

Purpose of the conference is to lay plans for the 1951 activities of the organization. Attending will be county agents, home demonstration agents, and other extension specialists from the state.

Guest speakers for Wednesday include President H. L. Donovan, Mr. Edward O. Mose, extension officer of the U.S. Department of Agriculture, Boswell Hodgkins, state superintendent of public instruction, and Judge Carroll M. Bedford, representative of the County Judges' Association of Kentucky.

The program will be opened with a song program by Miss Mildred Lewis of the Department of Music, and Miss Jean Marie McConnell, local pianist.

Thursday's program will include talks by John F. Madral, of the Eli Lilly Pharmaceutical Company of Indianapolis; Mena Hogan, U.S. Department of Agriculture; Frank Cookson, College of Commerce, P. O. Davis, director of extension at the University; and Dr. J. E. Noir, home demonstration agent in Louisiana. Mrs. W. Peck, managing director of the Park Foundation of Chicago.

'Exams' Last 10 Minutes

Normal Scheme Reversed - Students To Grade Profs

Faculty rating tests will begin next week. Student Governors for the Association members received the approval of the University chapter of the American Association of University Professors for the rating program at their meeting Monday.

The purpose of this new series of rating professors is to expose the faculty members' teaching methods. The tests are not intended to grade the faculty members, SGA officials said. They will be used to seek out bad points and then give the instructor an opportunity to remedy them.

THE TESTS WILL be conducted by SGA members during the 10-minute period of the University Monday. The sheets will be distributed to the class. The sheets will contain numerous points including personal appearance of the professor, preparedness for the lecture, ability to explain, and knowledge of the subject.

Dr. William Smith Ward, president of the University chapter of the AAUP, said the SGA group that any faculty member who does not choose to take the test, may be required to do so. He also suggested that the instructor who is to be rated should make a note of one class meeting before the test.

SENIORS AND JUNIORS will be the only students permitted to make the ratings. Results will be given only to the faculty member himself, and not to the dean or head of the department.

If the rating system proves successful, SGA plans to use it for rating other UK activities.

800 Here For Clinic

Delegates to a small business clinic held at the University Monday were told that Defense Department contracts would not be dropped into their laps.

Commander Phillip Ashler, chief of the Defense Department Small Business Office, said there was money to be made and money to be spent, but in dealing with the government those with something to sell must exercise judgment and wisdom in dealing with private customers.

The most important thing to be learned by those attending the business with the government, Ashler said, is where to go and whom to see in regard to contracts. The government is, he said, trying to simplify this problem by eliminating as much red tape as possible.

Deadline For Photos Extended To Nov. 10

Pictures for the Kentucky yearbook will be taken until Nov. 10 in the Y-Lounge. Mary Shinnick, editor, has announced. Due to the number of students who have not had pictures taken, the photography contract has been extended for one week.

Nov. 10 is the last chance for seniors to have a picture taken for the yearbook. Seniors receive a Kentucky yearbook upon payment of the graduation fee.

Only pictures taken in the Y-Lounge during the week ending Nov. 10 will be used in the yearbook. All students should bring their pictures to the Y-Lounge from 9-12 and 1-30-6. Sittling fee of \$1.25 will be charged each individual.

Students may also purchase Kentucky subscriptions in the Y-Lounge until Nov. 10.

Charles Oliver, UK Freshman Shot Fatally

Charles Oliver Jr., a freshman at the University, was shot fatally at his home here Sunday night by his father, who thought the youth was prowler, police said.

Oliver Sr. said he mistook his son for a prowler as he unexpectedly returned from a hayride late Sunday. He said he had been bothered by prowlers several times that night.

Survivors, in addition to the parents, include two sisters, Mrs. Roy Haynes and Charlene Oliver, and three brothers, Gerald, Paul, and Kenneth.

Home Ec Club Delegates Go To Louisville

Thirty-seven Home Economics Club members left this morning for the all-day meeting of the Kentucky Home Economics Association to be held in Louisville at the Kentucky Hotel.

The Kentucky college clubs will meet this morning followed by a luncheon in the hotel dining room. A combined meeting of the college clubs and the home-makers club will be held in the afternoon.

During the war Dr. Fieser worked on incendiary bombs and the malaria problem. In 1945 he went to Germany with the ALSOS Mission.

Dr. Fieser is the author of 20 research papers and three books, and past member of the editorial boards of Organic Synthesis, Organic Reactions, and the A. C. S. Scientific Monographs.

Harvard Man To Talk Here

Dr. Louis F. Fieser, professor of organic chemistry at Harvard, will speak at the local section of the American Chemical Society at Kashe Hall at 7:30 p.m. Thursday.

Dr. Fieser will discuss the "Oxidation of Cholesterol," which is a medicine used in the treatment of intestinal diseases.

During the war Dr. Fieser worked on incendiary bombs and the malaria problem. In 1945 he went to Germany with the ALSOS Mission.

Dr. Fieser is the author of 20 research papers and three books, and past member of the editorial boards of Organic Synthesis, Organic Reactions, and the A. C. S. Scientific Monographs.

The girls will return by chartered bus late tonight.

Kentucky Governor To Be In Stans, Bands To Give Colorful Performance When UK Opposes Florida Tomorrow

Wildcats Favored To Down 'Gators In SEC Encounter

By Bob Gorham Kernal Sports Editor

Kentucky's unbeaten Wildcats, conquerors of seven straight fops, their eighth win of the season Saturday afternoon in UK's Homecoming game against the upstart University of Florida Gators.

The Sunshine Staters, currently No. 4 in the SEC, and owners of an overall 1-1 record, have had a surprising season. They opened with a 7-3 squeeze over the Citadel, but showed a few more teeth the following week against Duke, winning 27-14.

Then came their only loss so far a 16-13 setback by Georgia Tech, produced by Earl Patton's field goal with only seven seconds remaining in the game.

Florida followed that with a 27-7 triumph over loyal Auburn, slipped up on a previously unbeaten Vanderbilt, 31-27, and then fell back somewhat, winning only 19-7 over a weak Furman.

THE GATORS are Green, but have not been as successful as dangerous of their surprise victory over Vanderbilt.

Bob Woodruff, who took over the squad which lost 33-0 to Kentucky last year, found himself only with seven returning lettermen—three ends, one guard and three backs.

They have had to rely heavily on a few reserves and a host of sophomores, and this year, rated a poor last in the pre-season predictions, are expected to come through with a heart-warming effort for Woodruff.

He has won the weekly accolade for the best coaching job so far this year in the conference on his team's performance against Vanderbilt.

The Gator roster now lists six seniors and 11 juniors. All the others are second-year men and among the last group has appeared the stand-out who drives the Florida offense.

He is Hayward Sullivan, a 19-year-old Dothan, Ala. quarterback, who is being hailed as one of the top passers in the league.

Loren Broadus, the three-month winner who sparked the upset over Vanderbilt with two touchdowns and a career-high 37-yard pass, is definitely out of the game according to reports emanating from the Deep South.

ALSO LISTED as lost for the game are Linchback Mack, center, and Tackle Jack Taylor. The doubtful list includes Halfback Buford Long, Fullback Ken Sumner, and Halfback Jack Nichols, while Guard Fred Taylor and Tackle Andy Priddy will see only part-time action.

Woodruff says that his team is in the worst condition of the season, but Coach Ben Bryant of the all boys' physical shape and "the boys should be ready to play one of their best seasons yet."

The Cats have been going through some stiff practice in an effort to ready themselves for the game and make the Homecoming a pleasant one for the thousands of Alumni who are expected to be on hand.

Starts Tuesday Garden Club Holds School On Campus

The Department of Extension and the Garden Club of Kentucky will sponsor a flower show school to be held on the campus Tuesday through Thursday.

The school, which is the third course of a five-year plan, will offer instruction to flower show exhibitors and prospective flower show judges.

LOIS PAYNE, today's Homecoming queen, is poised for the public debut as she is introduced by the first lady barber in the University's history.

25 Posters Shown King Library Is Displaying Winning European Posters

Through the cooperation of Dr. Amy Vandenberg, head of the Department of Public Speaking, Margaret I. King Library is displaying the Intra-European Poster Competition of 1950.

This competition is based on the theme "Intra-European Cooperation for a Better Standard of Living." The 25 posters on display were chosen as the most outstanding from among 10,000 posters submitted by artists in 12 of the 17 European nations participating in the Marshall Plan.

The top three artists were Reijn Dirksen from Holland, first place; Pierre Gauchat from Switzerland, second place; and Alfredo Lalla from Italy, third place.

K-Book Will Be Published Under Sponsorship Of SGA

The K-Book, the University's handbook for freshmen and new students, will be published under the sponsorship of the Student Government Association in the future.

SGA voted to take over the K-Book as one of its projects last Monday. The K-Book has been published annually at UK since 1925, except for four years during World War I.

The YM-YWCA published the book until 1947, when the House Council, Interfraternity Council, SGA, and the Student Union Board joined them.

Since the book is published by and for University students, Prof. Leslie Martin, faculty advisor, and the staff of the K-Book felt it would be fitting for SGA to sponsor the book.

Sunday Musicals Organ-Playing Professor

Arnold Blackburn, organist and professor in the University music department, will present a concert at 4 o'clock Sunday afternoon.

The recital is one of the University's Sunday afternoon musicals. It will be given at Christ Church, Market and Churon streets (in back of the court house). Mr. Blackburn will use the new Holcomb organ.

His program is "Toccata Avanti I Ricercare," Frescobaldi; "Clausulae de Virg. Tom.," Fray Tomas de Santa Maria; "Tiento leno por B. cuadrado," Juan Caballero; "Chorale-Fugue" and "Fugue and Fugue in B Minor," Bach; "Prelude sur une Antienne," Jean Langlais; "Toccatas," Henri Mulet; "Fantasia in A major," Franck.

Members of Kappa Alpha Theta sorority and Sigma Chi fraternity will be special guests and ushers for the recital.

Queen, Attendants To Be Introduced By Gov. Clements

Governor Earle C. Clements will present the Homecoming queen and her attendants between the halves of the Homecoming football game with Florida tomorrow afternoon on Stoll Field.

Queen candidates, who have already resigned separately as Queen for the day during the Lexington Homecoming celebration this week, are Alice Stansbury, Jewel Hall Annex; Pat Moore, Chi Omega; Betty Blake, Kappa Alpha Theta; Rosemary Foster, Phi Kappa Phi; and Lois Payne, Delta Zeta.

THE QUEENS WERE voted on by students and townspeople attending the Homecoming Music Festival at Memorial Coliseum Wednesday night. However, the Queen will not be named until tomorrow, the climax of the celebration.

While the coronation is taking place, the University band, under the direction of Warren Lutz, will form a heart with an arrow through it. After the queen has been crowned the band will go into a precision drill and end by doing the rumba, samba, tango, and various other Spanish dances.

THE "MARCHING 100" will divide into four parts. Each part will go to a separate corner of the field to form an arrow. Then each group of the band will march to the center of the gridiron to symbolize persons coming to the Homecoming celebration.

After the coronation, the band will then take the shape of Kentucky as seen on a map. Later they will go into a "troupe" formation, which will win a trophy for a fraternity and sorority for the best band to submit the best idea for the Homecoming band formation.

BEFORE THE GAME, the Florida band will play their Alma Mater. The football game half-time period will be extended to include both bands will have time to give their full performance.

Immediately after the game, a reception will be held at Maxwell Field for guests of President Donovan. Alumni visitors will also welcome the Homecoming band formation at the Bluegrass Sportsman's League farm. This will be followed by the annual buffet luncheon at the Alumnae at noon in the Bluegrass Club building.

Mortar Board, senior women's leadership honorary, will sell mums for guests of President Donovan at hotels and the campus for all homecoming grade and students.

Rare Book Is Acquired By Library

The University Library recently acquired an extremely rare book according to Dr. Lawrence S. Thompson, director of University Libraries. The book is called "The Egyptian Mysteries," an incurable, which means it was printed before midnight, Dec. 31, 1900, he said.

The volume, printed in Venice in 1687 by the famous printer Aldus Manutius, contains the treatise "On the Egyptian Mysteries." It was written by the philosopher Iamblichus in Syria in the fourth century. The book is the earliest printed volume in the University's collection. It displays the qualities of the craftsmanship that made "Alpine" books famous throughout Europe in the fifteenth century.

Dr. Thompson pointed out that although such bibliographical rarities were extremely desirable in a great research collection such as that in Lexington, the libraries cannot afford to invest their funds for acquisition in them until such as is available to provide for many expensive current reference books.

The recent rarity was acquired on a trade with the Emory University Library in Atlanta.

Midwest Art To Be Shown

The Art Department will sponsor an exhibit of drawings by Midwest artists Nov. 5-18. About 60 drawings by artists in the Midwest colleges and universities, mostly from Indiana, Illinois, Wisconsin, Minnesota, and Kentucky, will be shown.

Local artists represented are Raymond Barnhart and Luis Eades. The drawings will be displayed in the Art Gallery of the Fine Arts Building.

Prof. Arnold Blackburn will be special guests and ushers for the recital.

200 Newman Club Delegates Expected Here For Four-State Area Meeting Nov. 10-12

The UK Newman Club will be host to over 200 delegates at the annual Ohio Valley Province Convention of Newman Clubs on Nov. 10-12. The delegates will represent colleges and universities of Michigan, Indiana, Ohio, and Kentucky.

Theme of the convention will be "Newman Clubs Are Vital," based on an article by Rev. James Maguire, chaplain of the club at Wayne University, Detroit.

The most Rev. William T. Mulloy, Bishop Covington, will be the guest speaker at the convention. Bishop Mulloy will offer the opening Mass on Saturday, Nov. 11 at 8:30. He then will address the delegates at the Communion breakfast in the Ballroom of the Student Union Building.

THE PLENARY SESSION of Province business and the election of Province officers will be held on Saturday afternoon, Nov. 12, at St. Peter's Church. The breakfast will be held at St. Paul's Auditorium. Rev. James Maguire, of Wayne University will speak at the breakfast.

The close of the convention will be presented to the club sending the most delegates to the convention. Delegates will then tour the bluegrass horsefarms as a final feature of the convention, before returning to their home campuses.

Duncan, national chaplain of the National Federation of Newman Clubs, from Illinois, and Jerry Nolan, national president, a student at the University of New Hampshire.

The convention program will open on Friday evening, Nov. 10, with a mixer at the Knights of Columbus Hall, E. High Street. After the Mass and Communion breakfast Saturday morning, delegates will attend panel sessions in the Student Union Building. These panels will feature discussions on Newman Club radio programs, practical mechanics of leadership, and how a Newman Club can be vital to the church, student and community.

Ag, Home Ec Students Meet Tuesday At 11

The annual fall assembly of the College of Agriculture and Home Economics will be held at 11 o'clock Tuesday in Memorial Hall. The king and queen of the college will be elected at that meeting.

The election of the king will be conducted by Debra Mae Smith, national officer of the National Federation of Home Economics, Leventil Hill, chairman of the Alpha Zeta, the honorary fraternity in agriculture, will conduct the election of the queen and her attendants.

The Agriculture Student Council will be in charge of the program for the assembly, which features a talk by Dean Thomas Cooper. Also included in the program will be group singing and introduction of various judging teams by their coaches.

All classes in the college scheduled to meet at this time will meet in Memorial Hall. Students who do not have classes at that hour are expected to attend. Those having classes in other colleges will be excused if they attend the assembly.

Covington Bishop To Speak

The UK Newman Club will be host to over 200 delegates at the annual Ohio Valley Province Convention of Newman Clubs on Nov. 10-12. The delegates will represent colleges and universities of Michigan, Indiana, Ohio, and Kentucky.

Theme of the convention will be "Newman Clubs Are Vital," based on an article by Rev. James Maguire, chaplain of the club at Wayne University, Detroit.

UK Student Finds Varied European Opinions of US

Irvin Goldstein

In last week's letters to the editor, there appeared an article labeled "Southern Pride". I would like to reply by saying, first, I'm a southerner; second, that I am deeply grateful to find out that this is the United States we are living in; and, third, that this is 1950!

Next, where does he (the writer) get the gall to make an issue like that where no issue exists at all? There is no serious issue involved, as everyone knows, by waving the Confederate flag around, or making any other Rebel "signs" that we particularly want to make. This happens to be the South, where we are southern minded, and darn well proud of it, and if that is what we want to do as individuals, then it is nobody's business but our own.

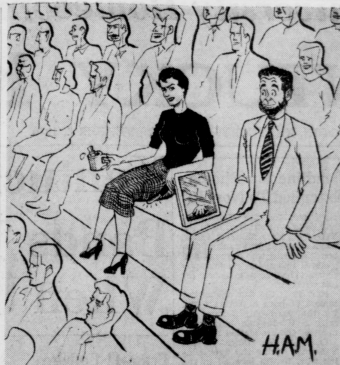

Students at this University and many others have been arguing and re-fighting the Civil War for many years, but I have never known of a case where they actually fell out over it. It is merely a form of recreation that hurts no particular person in feelings or otherwise. As for the ignorance and prejudice, in the South, I think that this poor uniformed individual is so completely engulfed in this dastardly "crimes" that we are committing that he has lost all form of righteousness and decency.

How about the North? The East and the West? Do they not too, have prejudices? Are they all classified so very high above what is called ignorance? Is this a moral issue? Or is he just so confused in general that he must blow off steam? I am a little ashamed of my own ignorance, however, because I haven't been able to fathom what our "Southern" admirer is! Does he want to be a missionary and go down south and educate us? Or maybe he's a preacher and wants to get rid of all prejudice in the country and is starting with the south.

I do find a bit of the poet in him when he says, "help it out of its chains of ignorance and prejudice." I've finally concluded that he wants to be connected with a railroad in some way, and he has to have enough steam to take the whole UK student body to Knoxville this month to see the Tennessee game!

Sincerely, Bill Hendrick

—Scotty Griffith

"I know someone who's going to have a closer shave than the Wildrats ever had!"

As well as financial in an event of any new world trouble. This scoutmaster further told me of his experiences during the past war. He was with the Dutch underground before being apprehended and sent to a concentration camp.

Wait Till It's Over

Now that Lexington and UK have such an outstanding concert and lecture series, they should acquire the manners to go with it.

The hundreds of people who streamed out of the Coliseum continuously during the last half of Saturday night's lecture probably left Mr. Davis with a doubtful impression of Lexington.

UK can at least be proud of the fact that most of the people who left were townspeople. If the students can sit still that long with no backs on their seats, it seems that the people who are lucky enough to be able to relax could do likewise.

People who go to a lecture know what to expect. They should go only if they intend to stay till the end. It wasn't so bad to leave before the question session started, but anyone who stayed after that brief intermission could have lasted a few minutes longer. Those who had good reason for leaving or who sat very near an exit have a little more defense. But the hundreds of others who kept the Coliseum in a constant uproar for thirty minutes showed lack of consideration for the speaker.

Let's continue to keep the students' record clean. If anyone leaves at the next lecture, let it be outsiders and not University students.

Welcome!

To those former students and friends of the University who have come back to join in Homecoming activities, the Kernel extends a hearty welcome.

Never has Homecoming week been filled with so many colorful events. The Lexington homecoming committee is to be congratulated for making Kentucky's mid-century homecoming well worth coming home for.

A rousing Kentucky victory on Stoll Field will put the final touch to an exciting week. And in the meantime, why not join in Suky's big pep rally and torchlight parade at 6:45 tonight at the corner of Lime and Euclid? Let's show the visitors in town that Kentucky still has that old spirit that used to be so much in evidence at pep rallies.

DEAR Editor: The Mailbox

Indignant Suth'ners Defend Their Pride. The letter entitled "Southern Pride" was signed "Kentuckian". The writer of that traitorous and libelous letter may call himself a Kentuckian, but he is also a yankee.

I would like to remind this so-called "Kentuckian" of a few facts: (1) Southern men are chivalrous and have a high regard for womanhood. (2) Southerners keep their word. (3) Southerners are honest in business and pay their debts. (4) The South outgrew the North and was defeated only by sheer weight of numbers and material strength. (5) The Northern victory in 1865 resulted in the dominance of a materialistic, industrial society which exploits the dignity and worth of the individual. (6) It is really unnecessary to mention our hospitality and gracious living.

The Kappa Alpha fraternity is to be commended for the recent move of flying the stars and bars from a flagstaff in front of their house. If only more of our fraternities would follow suit!

The South has endured exploitation at the hands of New York fin-

anciers long enough. The time for another secession is near. We must throw off the yoke of Northern tyranny!

A True Son of the South P.S. My great-grandfather fought in Virginia with the Irish Mississippi regiment.

Last week "Kentuckian" disputed the right to display the battle flag of the Confederacy — erroneously called the Stars and Bars. Why not ban southern fried chicken, grits, turnip greens, candied yams, and other traditionally Southern foods from the menus in the United States? Perhaps we should label all songs of the South particularly "Dis"— as tyrannous because they smack of the deadly thing known as "tradition."

The Confederate Flag to many of us is a symbol of just pride in the South and her noble attributes — chivalry, courtesy, and hospitality, to mention a few.

And Mr. "Kentuckian," we are quite aware and thankful of the fact that this is the United States where we can do as we please within the limits of the law. Don't flout pride, "Kentuckian," for without pride, what's left?

## Clara-fying Campus Capers

By Clara Early  
 One of the best weeks of the year at UK is homecoming week. It's the time you renew those old friendships, get together to discuss past years, and laugh over the many pleasant times. This is really a great time.

### HIGHLIGHT OF HOMECOMING WEEK is the football game Saturday afternoon. The Wildcats will have plenty of backing as they drive those Gators back to the coast.

**PHI KAPPA TAU DREAM GIRL** will be crowned at the Phi Tau formal tonight at the Bowling Springs Club. The chapter is celebrating their 30th anniversary of their fraternity on the campus of UK. In honor of the anniversary the local alumni and their wives will be entertained at various functions.

**THE SAE'S** will hold their annual Homecoming Banquet and dance tonight at the Lafayette hotel. A star dinner will be held at 6:30 p.m., and an informal dance at 9 p.m. for the members, alumni, and their guests. The Original Troubadours will furnish the music.

**BILL McCANN** has been selected to go to the National Interfraternity Council in New York City, November 24 and 25. A representative from each college in the U.S. will be there.

**BILL WEST** has been elected president of the James G. White Math Club. Other officers elected were: Roy Ellis, vice-president; and Annette Siler, secretary-treasurer.

**ELECTRICAL ENGINEERS** are sponsoring a homecoming dance Saturday from 8-12 p.m. in the SUB. George Doyle and his orchestra will furnish the music.

**JANE BARTLETT AND GINETTE FORD** were initiated Sunday, October 29, into the Kappa Alpha Theta Sorority.

**THE KAPPA DELTA SORORITY** initiated three girls Sunday, October 29, they were: Marcheta Cannon, Dorothy Cannon, and Frances Taylor.

**THE FOLLOWING MEN** have recently been pledged to Tau Kappa Epsilon Fraternity: John Cox, Stanley Collins, John Johnson, Raymond K. Cooley, Paul Sutton, Wallace McCord, Maurice R. Van Meter, Layne G. Fleming, Joe Dier, Emerson Gallaway, Charles Perkins, Jean C. Boushy, and Willis Gray.

### Georgetown Prof Will Speak At BSU

Dr. George Redding, head of the Bible department of Georgetown College, will speak at the BSU King's Hour at 7:30 p.m. The BSU Choir will present two special numbers.

The Baptist Student Center will hold an open house immediately after the homecoming football game tomorrow afternoon.

### Carnival Nets \$1150; \$3000 Figure Wrong

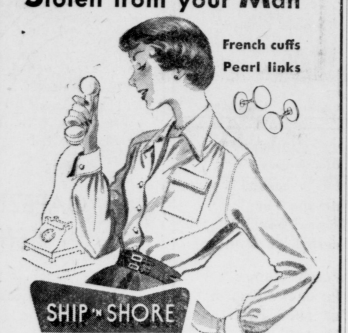

Lances Carnival netted approximately \$1150 on this year's event. In the Oct. 20 issue of the Kernel, the figure was listed at \$3000. This figure, however, represented the gross amount taken in by the activities. The \$1850 that remained was returned to the participating organizations and was used for other incidents.

### Profainitease

By Bob Fain

To whom it may concern: The draft board has decided that things aren't as bad as they first thought. In other words, they have decided not to take me just now. Seems that I get to finish school. To make a long story short, you unucky people will have to put up with me until that great day arrives. But don't be bitter; think of my poor teachers. They have to look at me, but you only read my literary efforts.

A farmer's barn had burned and he wrote the insurance company pleading, saying that it was not their policy to pay cash for the loss, but they would replace the barn exactly as had been. Greatly engaged, the farmer again wrote the insurance company, "If that's the way you people do business, I want you to immediately cancel the policy on my wife."

"So, young man, you wish to be like my son-in-law?"  
"No, but if I marry your daughter, I don't see how I can avoid it."

Alas: Place where a man loses control of himself.

Advice to the weaker sex: Don't bother looking around for the ideal man. A husband is a lot easier to come by.

"Dear, didn't I hear the clock strike three when you came in?"  
"You did. It started to chime eleven, but I stopped it to keep it from awakening you."

A tourist in Nome, Alaska, seeing his first Eskimo, noticed a native mother with a blond, blue-eyed child slung to her back and asked, "Is your child a full Eskimo?"  
"Half," was the reply. The tourist then asked, half what?  
"Half Eskimo, half Coast Guard," came the reply.

QUEEN OF THE BIG TOP, Jo Doris Hoover, DDG, stands in the center of her court at the Sigma Chi Derby held Saturday on the ODK field. In court left to right: Bobby Silvers, KD; Norma Boster, AGD; Jo; Betty McLain, KD; and Kay King, KAT.

### Anthropologists Excavate Mason County Indian Mound

By Lois Bradley

During the summer, the Department of Anthropology, under the direction of Prof. William S. Webb and Associate Prof. Richard B. Woodbury, made excavations into an Indian mound located at Dover, Mason County. The circular mound located on the farm of Mr. and Mrs. Perry Barrett, was about 20 feet high and 120 feet in diameter. It is the Indians lived in ancient Kentucky.

Articles found are believed to be about 1000 to 1500 years old and add one more bit of information to that already compiled as to how the Indians lived in ancient Kentucky.

THE "ADENA" INDIANS, those that lived in the Ohio valley during this era, seemingly enjoyed ornate ornaments. This is evidenced by the fact that shell beads, strips or sheets of mica, and copper jewelry were found in the burial places.

Mounds of this kind were used for burials of the tribal dignitaries and for the tribesmen themselves. This is borne out by the fact that such a large mound contained only about 25 burials. It also leads to the belief that the tribesmen were cremated and placed into the mound or buried elsewhere.

MEMBERS OF THE Department of Anthropology plan to make a detailed study of their findings throughout the winter months. As the excavation is at present only one-half finished, plans are being made to complete the digging of the mound next summer.

Final results of the digging of the mound will be reported in one of the series of publications by the anthropology department. It will furnish information about how the Indians lived during this part of Kentucky's history.

### Pence Physics Club Will Hear Dr. Hahn

The Pence Physics Club will meet at 7:30 p.m. Tuesday night in Pence Hall.

Dr. T. M. Hahn Jr., member of the UK physics department, will discuss the UK million-volt Van der Graaf generator. Dr. Hahn will shortly deliver a paper on the same subject before the Kentucky section of the American Society of Physics Teachers.

### New Pledges Named By Ag Honorary

Alpha Zeta, honorary agricultural fraternity, held a smoker meeting last night in the Dairy Building, at which they entertained 11 new pledges.

New pledges are Richard P. Martin, Richard Amick, Walton, James Woodford Carpenter, Roy Clehls Jr., Billy C. Weinsberger, Edwin Thomas Cream, William T. Pappely, Charles Roland Jasper, Alan Ray Parsons, Lawrie Lee McClure, and General Y. King.

## Trustees Announce Changes In Staff

Appointments, resignations and other staff changes were approved last week by the executive committee of the University Board of Trustees.

COLLEGE OF ARTS AND SCIENCES: Appointments—Alfred M. Peerce Jr., assistant professor of physical education and director of swimming; Irving A. Gull, psychiatric consultant, Department of Psychology; A. Dudley Roberts, general clinical practice supervisor, Department of Psychology; Joe Smilko, part-time instructor in chemistry; Leonard G. Tracy, part-time instructor in English; Frank Fisher, part-time assistant professor; John F. Foley, instructor in geography.

Leaves of absence—Randall S. Caswell, associate professor of physics, granted leave for five months, effective Sept. 1, to complete research at the Massachusetts Institute of Technology; Robert Blaser, assistant professor psychology, granted leave for the second semester 1950-51; summer of 1951, and the first semester of 1951-52, to supervise a test development project for the Air Corps; Thomas D. Clark, distinguished professor and head of the Department of History, granted leave for the second semester 1950-51 and during the fall semester 1951-52, relieved of teaching duties in order to devote a greater amount of time to research.

Resignations—Phil M. Miles, assistant state geologist; Mrs. Lake C. Cooper, instructor in mathematics and astronomy.

COLLEGE OF AGRICULTURE AND HOME ECONOMICS: Appointment—Mabel G. Richards, assistant bacteriologist, Department of Pathology; John G. Reistman, instructor in farm management, Department of Farm Economics; John W. Tuttle, assistant field agent in poultry improvement, Department of Animal Industry.

Leaves of absence—Kermit Mills, county agent, Jackson County, granted sabbatical leave from Sept. 25 to June 15, 1951, to do graduate work at Iowa State College; John L. McKelvey, assistant agricultural engineer, returns from sabbatical leave Nov. 1; Harold B. Clark, assistant professor and economist of agricultural marketing, granted military leave effective Nov. 1.

Resignations—Wendell B. Kinsinger, assistant chemist, Department of Feed and Fertilizer Control; Gene E. Ballenger, assistant county agent; Gerald Bradley, assistant county agent; Mrs. Lorraine E. Bickel, home demonstration agent; Mrs. Mel Suel Tsal Loh, assistant in home economics.

COLLEGE OF ENGINEERING: Appointment—Glen T. Abbott, mechanic, Aeronautical Research Laboratory, replacing V. C. Curran, resigned.

Leave of Absence—Dwight Tenney, lecturer in engineering administration and part-time instructor in mechanical engineering, granted leave from Sept. 1 to June 30, 1951, for the purpose of traveling abroad.

COLLEGE OF LAW: Leave of absence—Alvin E. Evans, dean emeritus, granted leave from Oct. 1, 1950 to June 30, 1951, to accept a position as dean of the St. Louis University School of Law.

UNIVERSITY LIBRARIES: Appointments—Mrs. Dorothy Crowe, biological sciences librarian; Dorothy E. Long, assistant reference librarian; Mrs. Rose Hammer, assistant, acquisitions department.

Resignation—Mrs. Mildred E. Scott, assistant reference librarian.

UNIVERSITY HEALTH SERVICE: Resignation—Mildred Handstein, registered nurse, part-time.

MANAGEMENT AND CONTROL: Appointment—Robert Jenkins, fiscal analyst; Hub B. Kiser, manager Colonial Bowling Lanes; Powers Jones, fiscal analyst, made senior fiscal analyst.

UNIVERSITY COMMONS: Appointment—Mrs. Elizabeth Hutchinson, assistant director.

Other staff changes included graduate assistants and clerical workers.

The Garden of Eden was supposedly located in the approximate position of Main and Limestone Street.

### Exchange Plan Offers Staff Free Vacation

An opportunity for a rent free vacation is offered to members of the faculty and administrative staff by the Sabbatical and Vacation Residence Exchange. This exchange is set up to assemble, classify, and the data supplied by faculty members planning summer teaching, study, or vacation anywhere in the United States, and who would be willing to exchange living accommodations with someone from that place.

Registration blanks listing all necessary information will be sent on application. Registration is free. Anyone desiring further information should contact Sabbatical and Vacation Residence Exchange, 1200 N. Sycamore Street, Falls Church, Va.

### Hamilton Will Speak To Philosophy Club

The Philosophy Club will meet at 7:30 p.m. Monday in Room 201 of the Student Union Building. The speaker will be Lester Hamilton, a graduate student in philosophy, whose topic will be "Søren Kierkegaard, the Father of Existentialism."

Newly elected officers of this semester's club are John Allard, president; David Lewis, vice-president; and Kristina Bergestrahl, secretary-treasurer.

### Men's Glee Club Still Has Openings For New Members

# Alumni News THEN and NOW

**1922**  
**C. D. REDDING, M.A. '22**, superintendent of Frankfort city schools, is first vice president of the Kentucky Education Association.

Mr. Redding was one of only six school superintendents in the entire country who were invited to attend a summer workshop at Columbia University on problems of school administration.

**1929**  
**HOMER C. CARRIER, '29**, formerly of Louisville, former manager of the Seebach hotel at Louisville, is now studying for the Episcopal ministry.

Abandoning a career which took him from bellboy to hotel manager, Mr. Carrier is serving as lay vicar in a mission field at Lake Island, Miss.

He managed the Seebach hotel from 1927 to 1932 and then returned to other Louisville hotels prior to that time. Before going to Louisville in 1937 he was manager of Dolly hotels at Omaha, and Excelsior Springs, Mo. He was a Navy lieutenant in World War I.

**1931**  
**JOHN E. SAMARA, '31**, has been advanced to candidacy for the doctor's degree at Sacramento State College, Sacramento, California.

While at the University, Samara was managing editor of the Kernel. Since his graduation he has been managing editor of the Maxwellville "Daily Independent," chief of civilian personnel at the Ordnance, Utah Arsenal, and a classification officer for the Air Force.

**1934**  
**EVA KEISAY, '34**, of Wayne County, is the new commerce teacher at Wayne High School this year.

Miss Keisay was graduated from Cumberland Junior College and UK and taught in the rural schools of Wayne County before going to Louisville as secretary to the head of the Division of Tuberculosis Control there. She has also worked for the U.S. Corps of Engineers, Land Acquisition Office, at Monticello.

**1935**  
**MRS. WILLIAM M. ALEXANDER, '35**, the former Miss Rowell Devotion, has been appointed assistant in education and organization for the North Carolina division of the American Cancer Society.

Mrs. Alexander was formerly employed by the Kentucky State Department of Health and also by the School of Public Health at the University of North Carolina.

**1938**  
**JOHN G. IRVIN, '38**, of Lexington, who completed three months of work in the Investment Training School of Merrill Lynch, Pierce, Fenner, and Smoot in New York last spring and passed the New York Stock Exchange examination for registered representatives with a grade of 100, is an account executive with the local brokerage office in Lexington.

## Two Faculty Members Named To Science Academy Posts

Two faculty members, Prof. E. B. Penrod and Dr. R. H. Weaver, were elected officers of the Kentucky Academy of Science at a meeting in Louisville last Saturday.

Prof. E. B. Penrod, head of the Department of Mechanical Engineering, was elected president. Dr. R. H. Weaver, professor of bacteriology, was elected treasurer.

Faculty members and students of the University presented 11 scientific papers at the thirty-sixth annual meeting of the academy. The research papers were presented in four sections of the meetings: biology, chemistry, engineering, and medical technology and bacteriology.

**DR. STEPHEN DIACHUN**, assistant professor of plant pathology, and Joseph Troutman read a paper in the biology section.

Five papers were prepared and presented in the chemistry section by Dr. Lyle R. Dawson, head of the Department of Chemistry; Dr. James Schreyer, assistant professor of chemistry; Ralph Eicher, Edward J. Griffith, and Saul Gordon, instructors in the Department of Chemistry; Dr. G. Davis Buckner, chemist in charge of animal hus-

## Kentuckian Beauty Contest Will Be Held Tuesday At 7

The annual Kentuckian Beauty Contest will be held at 7 p.m. Tuesday in the Gaiety Theatre, Fine Arts Building. The Queen and her four attendants will be announced by professional men and women and their choices will be selected by the Kentuckian Dance Nov. 11 in the SUB.

## Laughton To Speak Informality Is Keynote

Charles Laughton, veteran of stage and screen, will be the lecture attraction at the Coliseum next Friday evening.

According to Prof. P. D. McIntyre, artistic chairman for the Coliseum concert, the keynote of Mr. Laughton's speech will be informality. The title of the program will be "An Evening With Charles Laughton."

His whole performance is built around the reading of great works of literature such as the Bible, "Aeschylus' Fables," the works of Dickens, and of modern authors such as James Thurber, and dramatizing them before the eyes of the audience.

Mr. Laughton was born at Scarborough, England in 1897. He began his acting career by appearing in amateur theatricals right after the close of World War I.

"Very soon after this, he attended the Royal Academy of Dramatic Arts where he was a gold medal student. Thereafter, until 1931, when he came to New York to appear in "Payment Deferred," he was one of London's leading character actors in over 20 stage plays.

## Magazine Sees Alcohol As Big Health Worry

"Today, alcoholism is recognized as a leading public health problem and should be approached with complete awareness that it is not a question of morals or character," is WASTY's magazine's view on alcoholism in an article in the September issue.

The article is a compilation of the results of research by Yale University, Plan Clinic on Alcoholism, Alcoholics Anonymous, and the National Council on Alcoholism.

The article points out the fact that young people should know the facts about alcohol, "for the ages of seventeen and eighteen are often most critical in the formation of drinking habits."

## Second Of A Series Elmer Davis Shows Humor And Quick Wit In Interview

This week the Kernel is printing the second in a series of interviews of well-known personages appearing during the Concert and Lecture Series at the Coliseum. Last Saturday our interviewing team of Ed Coffman and Joe Copje went out to get some quotes from Elmer Davis, CBS news analyst, who spoke at the Coliseum that night. Here are the results.

**Q:** Davis was obviously tired from his stint on the lecture platform, yet he impressed me immediately as looking younger than he had when I listened to his speech. In his remarks to me he had an endless quality of thought that seemed to be able to see any point of view, regardless of its origin. He was quick to grasp the import of any question and answer it in all its aspects.

**A:** For instance, I asked him what his most difficult reportorial assignment was. There were many possible interpretations of this question, yet he gave me instantly the type I was looking for: "My most difficult reportorial assignment, young man, was asking men why their daughters committed suicide."

**Q:** How do you think the Chinese Communists will enter the war in Korea at this late date?

**A:** No, not in any strength. If they were going to enter the war, they would have reinforced their North Koreans when we landed at Inchon.

**Q:** Do you think that Russian fifth column activity has undermined the European countries to such an extent that they would not fight in case of war with Russia?

**A:** No, it is not Communist activity we have to worry about in Europe. It is the neutralist feeling that is our greatest problem. I think that our prompt action in Korea ended much of this feeling in Europe. The countries in the Western Alliance would definitely fight if Russia started to invade them.

**Q:** Do you think the United States is becoming a militaristic nation?

**A:** No, although a lot of attention is being paid to our armed forces, the United States is not becoming a militaristic nation.

**Q:** What do you think is the import of the Wake Island meeting of the President and General MacArthur?

**A:** Reconstruction of Korea was probably discussed. Truman wanted to get acquainted with MacArthur so he flew out there and talked with him.

**Q:** How do you think modern education can enable students to understand the world situation?

**A:** That is a difficult question because the world is always changing. I would say, however, that intensive study of history is the most important element of education concerning the world situation. One can always draw some theories as to what is going on now from the past.

**Q:** Do you think it is wise to arm Germany as a defense against Russia?

**A:** It depends a great deal on the French want to do. We should be loyal to the French because they are our allies. You can appreciate how the French must feel about cooperating with the other Western powers to raise another German army across the border. At the same time we can appreciate the German feeling of wanting to be defended against the Russians.

**Q:** How do you think the French normally try to help in that defense. I'm sure we won't override the French on this question.

**COFFMAN:** Davis' intellectual power impressed me very much. Although he was tired when we interviewed him, he still retained a

## Northern Kentucky Extension

The UK Northern Extension Center started the academic year with an enrollment of 252. This figure is a little below the corresponding period of last year but follows the enrollment trend of other schools.

There are some new faces on the regular faculty and staff this year. Mr. Richard R. Griffith, stationed at the Center during its first year, returned this year. Mr. Griffith, English literature, and Humanities after spending a year teaching on the UK campus. Mr. Glenn Wilks, a graduate of UK's 1930 class, joined the faculty and staff in September as barman-recorder and instructor in accounting and economic history.

**THE EXTENSION CENTER** band was organized this year. This is a new project but has possibilities of adding college "atmosphere" to the center.

Shortly after the school began, the entire student body met at the Y.M.C.A. to elect the student council for the coming year. Those elected were Don McClure, president; Bobby Lou Alcock, vice president; Bill Ries, secretary-treasurer; Jim Reddick, Bill Wintersole and John Musser, class representatives. The elected group have planned a fall dance for tonight.

**THE COVINGTON Y.M.C.A.** serves as a student union to the students. The officials have offered their facilities to the students. The Y.M.C.A. is open to them for recreational and study purposes. This plan has met with much success. The club room has ping pong and pool tables, a juke box for music and dancing, and a large study room. Twice a month an evening of swimming or dancing is scheduled.

**Q:** How do you think the world situation is changing?

**A:** That is a difficult question because the world is always changing. I would say, however, that intensive study of history is the most important element of education concerning the world situation. One can always draw some theories as to what is going on now from the past.

**Q:** How do you think the French normally try to help in that defense. I'm sure we won't override the French on this question.

**Now midnight coffee is a snap!**

When you're cramming for a tough quiz... you may need the quick "lift" of good coffee! And Nescafe\* is the easy answer to that one. It makes roaster-fresh coffee right in the cup. No coffee-pot. No grounds. No brewing. Just put one teaspoonful of Nescafe in a cup, add hot water (preferably boiling) and stir. Swell coffee to give you that late-hour pick-up!

And so easy on the allowance! The 4-oz. jar makes about as many cups as a pound of ordinary coffee, yet costs far less. Get a jar today. Check!

**More people drink NESCAFÉ than all other instant coffees!**

\*Nescafe (pronounced nes-cafee) is the exclusive registered trade mark of The Nestlé Company. See to determine in soluble coffee product which is composed of real pure coffee plus soluble coffee and added sugar, carbohydrates (dextrose, maltose and glucose) added solely to protect the flavor.

### College Of Pharmacy RX NOTES

By Eugene Miller

**HALLOWEEN CAME EARLY** when Carol Sharp gave a Halloween party at her home on Oct. 28. Pharmacy students and their dates all seemed to have enjoyed themselves at Carol's party.

The senior class will be guests of the Parke-Davis Pharmaceutical Manufacturing Company for a period of three days. The seniors will leave for Detroit on Nov. 12 and return to Louisville on Nov. 15. Besides witnessing the production of various pharmaceuticals, the seniors will have hotel accommodations and recreation in Detroit at the expense of Parke-Davis Incorporated.

**MEKESON ROBBINS** Pharmaceutical Company held a sales school during National Pharmacy week for the juniors and seniors. The sales school was held at the Seebach Hotel on Nov. 2-3.

The Phi Delta Chi fraternity recently initiated six new members. The newly appointed officers will soon remember Oct. 27 as their initiation night. Many will agree the affair was a new and novel experience.

Special recognition is due Gloria Hartman and the many students who aided her in attaining a successful display for National Pharmacy Week, Oct. 28-Nov. 4. The attractive posters and window display at the First National Bank on Fourth Street were contrived by students of the college and served to make National Pharmacy Week a crowning success.

Dr. Norman Taylor gave an interesting lecture on the recent developments in cinchona and its alkaloids last week at the College of Pharmacy. He unraveled some of the mystery and romance connected with the discovery of cinchona in Peru and adeptly brought his lecture up to date in the fields of medicine and science where cinchona derivatives are daily fighting malaria, myasthenia and hypertension. Dr. Norman Taylor is also Director of Cinchona Products Institute, Incorporated, located at 10 Rockefeller Plaza, New York.

Sidney Flinn, part-time employee of Walgreen's Drug Store, won the monthly sales competition at the Antico camera outfit. This is the second time Sid has topped sales records working in the Preston and Eastern Parkway drug store.

In observance of National Pharmacy Week, Dr. A. E. Slesner spoke on station WKLO last week. He spoke informally about the many problems facing pharmacists when new drugs are dispensed to the public. Dean Earl P. Stone was also interviewed on station WHAS about National Pharmacy Week on the 3:45 p.m. Kentucky News and Board program. Both radio stations presented spot announcements.

The following students were elected as sophomore class officers: president, Jack McDonald; vice president, Ed Holt; secretary-treasurer, Seely Dunbar; sg., at-arms, George Taylor, and Russel Johnson, Jr.

### Schools Need TV Only Woman FCC Member Speaks To Radiomen Here

By Paul Knapp

"Educators should understand that this is not an age of the little red schoolhouse but an electronic age," was the comment of Frieda Hennock, only woman member of the Federal Communications Commission, at the annual meeting of the National Association of Educational Broadcasters which met here last Sunday through Tuesday.

She summarized the opinions of several outstanding men in the educational radio field when she further said, "It is more important for an educational station to have its own television station than to continue to build endless new classroom buildings."

**MR. E. G. STULZER**, head of the radio department at UK, said that the visitors were very optimistic over the "terrific development of educational radio during recent years in that a large number of stations, both AM and FM, were increasing their power and facilities. One university already has a television station, while several others have applications for permits from the FCC. There has also been a

### Kernels of The Past

By Joyce Cooley

30 YEARS AGO

Winslow Street has been designated as "fraternity row" and the first house which is in the process of construction will be ready by Thanksgiving.

An amateur night was staged by "Prospective Strollers," the dramatic group. There was a prize for the best single and double acts. At the conclusion of the program there was a Halloween dance in Bell Armory.

30 YEARS AGO

The Kentucky Chapter of Tau Beta Pi, honorary engineering fraternity, held its pledging exercises in Memorial Hall for eight outstanding pledges. Tau Beta Pi was founded nationally in 1888, and an UK's campus in 1901. Its purpose is to confer distinction upon students who have maintained a high grade of scholarship and to foster a spirit of liberal culture.

The 100 piece UK band will go to Knoxville for the Tennessee-Kentucky game. The expenses will be paid by Sike.

10 YEARS AGO

Alabama swept over Kentucky 31-0 in 1925 and maintained its unbeaten record. On that hot afternoon in Birmingham a big left end led the Wildcats off the field after a bruising game. It was Ab Kirwan, captain of the team. Kirwan and his teammates played a tough schedule losing only two games with an upset victory over Tennessee. After the game the fans paraded down Limestone with the goal posts, and Tennessee banners. No serious damage was reported.

In 1920 all freshmen were required to attend all athletic meets. Another rule was no freshmen may break in on any senior at a dance.

### Maintenance Plant In New Location

The Maintenance and Operations departments are now located in their new building on S. Limestone Street. All departments moved from their old location on Oct. 5.

Moving operations were virtually completed with the exception of one or two departments.

Mother Machree was a native of the Alaskan Islands. She did not, however, invent the first automobile. Eaton Shirdlu was the Grand High Potentate of the Indonesian Empire during the Spanish-American War.

### Panhellenic Council Holds Annual Pledge Presentation

The Panhellenic Council held its annual formal pledge presentation yesterday evening in the SUB Ballroom.

Guests included the deans of the various colleges, the administrative staff, the dean of women's staff, and the presidents and chairmen of the fraternities. The house-mothers of the sororities and fraternities were present.

The president of the Panhellenic Council, Betty Heise, welcomed the guests and presented to the Frances Jewell McVey Scholarship Fund a check for \$500. The fund has received \$500 from the council for the last six years which brings the total

to \$2000, the second largest contribution ever received from any organization.

The president also presented Miss Ingrid Palmgren to the assembly. Miss Palmgren, a student from Oslo, Norway, is honored with a scholarship from the Panhellenic Council. The council has arranged for her to eat three weeks at each sorority house.

The entertainment included Spanish dances by Inna Rigas, a dance by Tau Sigma, and songs by Miss Catlin.

### Two Sororities Making Plans For November Housewarmings

By Polly Bolcher

Have you noticed the enthusiasm of the ADP's and the Chi O's when their new homes are mentioned? November will be an exciting month for them, because both sororities plan to move.

The new ADP house, located on the corner of Rose Street and Columbia Avenue, is constructed in the conventional colonial style. The house will accommodate 30 girls in 15 bedrooms on the second floor. The housemother has a first-floor suite with two rooms and a bath. The first floor has a large living room with appropriate furnishings, including a new baby grand piano, and a dining room, study, and modern kitchen. There is a recreation room in the basement and a sun-deck on the roof.

The Chi Omega's new home is built along modern American lines. Its architecture complements the University's Fine Arts Building, which is located directly across Rose Street.

Through the large front windows the modernistic living room and dining room can be seen. An open fireplace will serve both the living room and the den. The housemother's suite of three rooms is also located on the first floor.

Forty girls will be accommodated in bedrooms on the second and third floors. Additional features are a third floor sun-deck, recreation and chapter rooms in the basement, and a glassed-in terrace adjoining the dining room on the first floor.

And you wonder why the Chi O's and ADP's smile when new homes are mentioned?

### White Math Club Names New Officers

Bill West was recently elected president of the James G. White Math Club. Other officers are Roy Ellis, vice president, and Annette Siler, secretary-treasurer. The new faculty advisor is Dr. James A. Ward of the Mathematics Department.

The next regular meeting will be held at 4 p.m. Tuesday, in Room 129 of McVey Hall. Topics to be discussed are "Magical Squares" and "Mathematical Oddities." The program will be presented by undergraduates.

### Eaton Plans Book On American South

A book on the American South, one in the series of "The Rise of the American Nation," will be written by Dr. Clement Eaton, history professor and Southern history authority.

Dr. Eaton has been commissioned to write the book by Prof. Henry Steele Commager of Columbia University, editor of the American Nation series. It will be published by Harper's.

Dr. Eaton hopes to complete the assignment by early 1952. He has also been invited to serve as visiting professor of history at Columbia University during the summer term of 1951.

### President Donovan Pleaded By Concert Attendance

In a statement issued too late for last week's Kernel, President Herman L. Donovan last Thursday expressed great satisfaction at the large student turnout for the James Mellon concert of the preceding night.

"I have seldom been happier," Dr. Donovan said, "than I was last night when 4754 students turned out to hear James Mellon. I congratulate the student body on its interest in this outstanding series and hope it will respond equally to other programs in the series."

### Visiting Colonel Will Inspect ROTC Class

Col. P. E. LeSturgeon, representing the commanding general of the Second Army, will inspect the ROTC at UK on Wednesday. Colonel LeSturgeon, the director of ROTC for the entire Second Army area, which includes seven states, will also visit President Herman L. Donovan and observe ROTC classes.

LEGISLATIVE COLLEGE MEN STORE

The Blue Print

By BOB GORHAM

KERNEL SPORTS EDITOR

Since such things as football polls do exist, it disturbs us to find that Bob Gain was not voted 'Linerator of the Week' in the Associated Press ratings.

No doubt the man who won the award played a superb game, but if it is possible to play a better game than Gain turned in against Tech, then the coach who owns such a player can let the rest of his line sit on the bench and turn his star loose alone.

The polls are not a true sample of the situation and we would certainly like to see them go. And this is not said because of the foregoing.

The voting is done by people who are steeped in propaganda from the schools in their area and henceforth, they overlook the other teams. Agreed that some schools such as SMU, Oklahoma, and Texas have votes from all over the country, but when teams such as Washington and Jefferson come up with one first place vote and a total of 10, the foolishness of these polls can be seen.

It is argued that writers and broadcasters from certain areas will get enough ballots to offset being overlooked completely in other areas. This is another factor which shows how inaccurate the whole mess is. Those who propose this fail to realize that the more heavily populated areas where the larger schools are located also have more writers and hence more votes are cast there and the situation is still skewed.

What chance, for instance, has the Lexington area, with approximately 10 voters, to compete with cities like Miami, Chicago, Los Angeles and the huge eastern block which supports the Ivy League?

Despite the various methods of rating teams according to this and that, one fact remains: There is no TRUPE way to rate one team over another. Even when teams meet another, the only definite thing that can be said is that so-and-so won on that particular Saturday. If the same two teams played the following week, the score could be reversed.

Baseball, hockey, tennis, basketball, golf - every other sport where a competitor meets an opponent more than once during the course of a season - proves this time after time.

We think football could get along nicely without the polls!

A 198-man delegation from the Orange Bowl was on hand to see the Cats smack Tech last Saturday and were duly impressed.

Dr. A. F. Kasper, chairman of the Ochsleath committee, said that

Wildcats Whip Georgia Tech, 28-14, For Seventh Straight Win Of Season

Gain, Parilli Shine In Important Victory

By Fred Lawson

Tech's Engineers threw up a roadblock in front of Kentucky's rambling Wildcats for a quarter last Saturday but the Cats' big guns - Bob Gain and Babe Parilli - got the range and softened the enemy's defenses long enough to smash out a 28-14 victory.

It was Kentucky's seventh straight win, the third time it has happened in the history of the University. The Wildcats now lead the Southeastern Conference with a record of three wins and no defeats.

The wide open style of football used by the Cats sent four different men over for scores. But it was Parilli who stole the show, as he has nearly every time so far. He threw with precision, faked beautifully, and called a masterful game as he directed the Wildcats to the all-important win.

Kentucky is also high on the list of Gator Bowl eligibles, according to press releases from Jacksonville. Others under consideration include Clemson, Duke, Georgia, Miami, Wake Forest, Oklahoma, Vanderbilt and Nebraska.

WAA News

By Anne Boyd

Delta Delta Delta was really a triple threat to the five other organizations that swim in the first Women's Intramural Swimming Meet held here at UK. We proudly salute Tri Delta for their outstanding swimmers, which are by no means "fishy". To hold the runners up trophy will be Alpha Delta Pi, and in third place is Chi Omega.

Nine events made up the meet - several individual events combined with relays. They are as follows: 100 yd. four lengths of the pool; Free Style won by Betty Brown, Tri Delta; second, Ann O'Bannon, Alpha Gamma Delta; Elementary Back Stroke for Form, won by Wendy Meyer, Alpha Gamma; second, Eleanor Cash, AD Pi; third, Jean Emis, Chi O; 50 yd. Two lengths of the pool; Back Crawl won by Jane LaFollette, Chi O; second, Betty Brown, Tri Delta; third, Arden Milan, AD Pi.

Side Stroke for Form won by Jane LaFollette, Chi O; second, Carolyn Park, Tri Delta; third, Mary Felman, AD Pi; 25 yd. Breast Stroke for Form, AD Pi; Front Crawl for Form won by Arden Milan, AD Pi; second, Barbara Russell, Tri Delta; third, Polly Boteler, Chi O.

Dividing (Standing Front, Running Front, and Two optional) dives won by Ruth Sula, Alpha Gamma; second, Jane LaFollette, Chi O; Arden Milan, AD Pi; 75 yd. Medley Relay (swim nine minutes) won by Tri Delta, Ruseman, Bullock, Pfeiffer; second, AD Pi; third, Alpha Gamma; 100 yd. Free Style Relay (four girls swimming one length of the pool and style) won by Tri Delta, Brown, Bullock, Ruseman, Pfeiffer; second, Chi O; third, Kappa Kappa Gamma.

We were caught with our slippers showing last week when we said that SMU beat Kentucky by one touchdown last year. Cuse! It was 26-7, or two touchdowns.

Patton kicked the extra point. Gain, who played a magnificent game, set up the tying touchdown. He blocked an attempted quick kick and recovered on the Tech 13. Webb went over from the eight-yard line for the first Kentucky score. Gain kicked the extra point. Kentucky drove 80 yards for the second score, with Parilli passing for most of the yardage. He passed to Harry Jones on the four-yard line and Harry went over for the score. Gain again converted and Kentucky led 14-7 with one minute left in the half.

Let's in the third quarter Kentucky scored again as Jamerson ran 54 yards into paydirt. The ball was punted. Jamerson went off tackle, cut to the sideline and kept the yardage. Gain converted as the quarter ended.

The Cats scored their last touchdown midway of the fourth period. Taking the ball on their own 27, Kentucky moved to the Tech 15. Parilli passed to Pucci for the T.D. Gain made it four out of four and Kentucky led 28-7.

With the regular taking a well-deserved rest, the Engineers scored again. Tech went on a drive of 61 yards, climaxed by Chappell Rhine's dazzling 36-yard dash to score. Patton converted and it was 28-14 with four minutes left.

Score by quarters: Georgia Tech 7 0 0 7-14 Kentucky 0 14 7 0-28

Club in the Tuesday night playoff. A record of two and three necessitated an extra game to decide which team would enter the four-team Independent tournament.

With a record of five wins and no losses, the Dorns ended the season with a comfortable margin, at least on paper. The Rebels and Baptists each have three triumphs against two setbacks.

The Yanks uniled the race for the low mark by sinking the Newman League.

Men's Dorns edged the Rebels by an 8-3 score Tuesday night, they became champs of the Independent League for the second time in as many years.

The Rebels fought the Dorn team to its closest margin of the season, and almost upset the dope bucket. Dorn passes were turned into incompletions by an alert Rebel defense who were trying to knock the residence halls team from the ranks of the unbeaten.

Had the Rebels been able to upend the 49 champions, it would have tied the league at four wins and a single loss apiece. As it turned out, the Yanks were reduced to a second place tie with B.S.U., which also had a 3 and 2 record.

In another crucial game, a playoff between the Yanks and Newman Club, the Northrangers agreed an overtime win from Newman after the game had been a scoreless tie. The win put the Yanks into the Independent tournament, which began last night.

In the 6:00 tussle, the Dorns were scheduled against the Yanks while the Rebels were to meet B.S.U. in a second game. The winners will play in the final game of the Independent tourney on November 9. Then the victor will meet

Fraternity I-M's

By Bill Samuels

Three teams closed their intramural football season undefeated and prepared to move on to the championship circle as playoffs started Wednesday on the ODK Field.

The SAE's and the ATO's seemed sure favorites to clash in the final round. Both teams, along with the Phi Deltas and the Kappa Sigs, were seeded top positions in the tourney brackets.

Twelve teams qualified for tournament berths from the fraternity league and the playoff winner will vie with the independent champion for the intramural crown.

The SAE's were the first to close their campaign with a perfect mark, as they trounced the Alpha Nu, 33-0, last Monday night. The Kappa Sigs followed suit, to remain unbeaten in the second division, with a 14-2 verdict over the Phi Sigs.

The ATO's secured the third division lead and keep their record unblemished by edging the DTD's 9-0 in an overtime.

Other results in the final week of play saw the Sigma Nus whip the Sigma Chis, 19-7, and the PiKA's nip the Alpha Sigs, 6-0. Both games were first division contests.

The Phi Kappa Taus tied for second place in the Division II play by edging the Sig Eps, 6-0. The KA's came into the playoffs by defeating the Delta Chis, 13-0.

The ZBT's, who have been held scoreless in all previous contests, dropped their finale, 6-2, to the Tri-

Hayride Is Planned

The Lutheran Student Association will hold a hayride Sunday night to the farm of a member. Members will leave from behind the SUB at 8:30 p.m.

Former Cats Now Coaches

Three former Wildcat gridlers and last year's basketball captain have recently been signed as high school coaches.

Terry Claiborne, '50, of Hopkinsville, has assumed the duties of head coach of football and basketball at Augusta Military Academy, Ft. Defiance, Va. Claiborne was graduated last August "with high distinction" and had been voted the most valuable Blue footballer in '49.

Charles Robert (Junior) Jones, '42, of Louisville, and Nick Odilvak, '50, of Alliquippa, Pa., will team up to coach football at Alherton High of Louisville. Jones is head coach and Odilvak is his assistant at the newly established over-high school.

Odilvak was a varsity end last year, Jones being a quarterback while operating for the UK gridlers.

Dale Barnstable, '50, of Antioch, Ill., will be directing Louisville Manual High during the coming campaign. Barnstable was captain of the victorious Wildcat basketball squad last year and had played for two years with the national-champion "fabulous five."

Co-Captain Sherry Jamerson who rolled off a 54-yard touchdown run in the Wildcat win over Georgia Tech last week to give him a 30-point total and the lead in UK scoring, is expected to lead the Cats Saturday in the Homecoming tilt with Florida.

# Kittens, Cubs Play Tonight

## Frosh Seek Win On Cincinnati Soil

Kentucky's high-flying freshman footballers will be out to complete a clean sweep of the card when they tackle the Cincinnati yearlings tonight at Nippert Stadium. The kick-off is at 8 o'clock, Cincinnati time.

UK Head Coach Paul Bryant termed last year's Cincy freshman club as the best in the nation. No information was available during the early part of the week on the 1950 Bearkitten edition. But Sid Gillman's program at UC can be counted on to bring in the top prepsters in the Queen City every year.

The UK frosh were scheduled for a game with Cincinnati last year on Stoll Field, but rain forced cancellation.

Barring injuries in practice this week, Kentucky should invade the Queen City at about the same strength that devastated the Vanderbilt yearlings on Stoll Field, 39-0, last Saturday night when 19 Kittens were sidelined with various broken bones and sprains. The Kentucky Club received no further serious injuries in the Vandy game.

The Kittens defeated Tennessee 37-27, in the season's opener on Stoll Field. Last Saturday's win over Vandy made it two in a row. The game at Cincinnati tonight, the first away from 1950 schedule, the three-game 1950 schedule.

## Kentucky Freshmen Slash Vandy, 39-0 As Phillippi Throws Four TD Passes

By E. T. Kirk

Led by Quarterback Chuck Phillippi and a forward wall of rock, the Kentucky kitten gridsters buried Vanderbilt, 39-0, Saturday night on Stoll Field.

The win was the second in as many starts for the 1950 yearling crew. They defeated Tennessee, 37-27, Oct. 6 on Stoll Field.

Phillippi, taking over for the injured Gene Smith, threw four touchdown passes of 14, 47, 33, and 18 yards. His total aerial gain for the night was 160 yards. Smith, on

had taken Pryor and Carl of PHKA in their first test, Scotty Griffith and Kandy Bishop of SFE in the quarter finals, and Doug Osborne and Carl Lewis of DTD in the semi.

Wagner and Coleman had beaten Jim McNeal and Pete Massee of PKT in the first round. In the quarter finals they eliminated Jim Bradbury and Phil Johnson of SN, and in the semi, Bob McClain and Ed Newell of the Tavern Boys.

the shell for this one with a dislocated thumb, engineered the Kittens in the Tennessee game.

The Kentucky defense stopped the Commodore first-year men cold, and then some Vandy could garner only five first downs and were shoved back to a minus 23 yards net rubline.

Through the air the victors gained only 64 yards on seven completions in fifteen heaves.

Score On Pass  
First score came after only six minutes of play when Phillippi, a Somerset, Ky., boy, hit Ed Steve Mellinger in the end zone from the 16.

After an uneventful second period which was taken up mostly with exchanges of long punts, the Kittens came out after halftime loaded for bear.

With five minutes gone in the second half, Phillippi passed from the Vandy 47 to Earl Carter on the 38. Carter raced to paydirt in the clear.

Left Halfback Bob Patrick caught a Phillippi pass in the flat on the

Vandy 33 a few minutes later, and danced and squirmed his way through a half-dozen would-be tacklers for the Kittens' third tally.

The score stood 18-0 after three quarters.

At the outset of the final canto, Dick Mitchell, a teammate of Phillippi at Somerses, plunged over from the line for the fourth score. Mitchell had set it up for himself with a 30-yard burst through the center to the nine.

Petrovich Adds Two  
Steve Petrovich, a lanky, glaucous-eyed end, scored the two final 10's, one on an 18-yard pass from Phillippi one play after a Vandy fumble and the other on a 49-yard pass play from Miles Willard.

Herb Ferris made good on the last three conversions from placements. Both starting tacklers for Vandy received head injuries during the game and were removed to Good Samaritan hospital.

A Monday morning check of the kitten club by the assistant coaches revealed no sideling misdeeds.

## SX Men Win Net Tourney

Don Graham and Wynon Moseley of Sigma Chi won the 1-M tennis doubles tourney Tuesday by defeating Bob Wagner and Cliff Coleman, independents.

The title went to the Greeks when they took the final pair of sets after splitting the first two by identical 6-3 scores. Graham and Moseley battered 6-2, 6-3 wins from Wagner and Coleman in those last sets.

In winning, the Sigma Chi duo

## Grid Games Named For '51

As a step toward strengthening the University of Kentucky's newly gained national football prestige, Athletic Director B. A. Shively has announced advance completion of a 10-game, major grid schedule for the 1951 season.

The Kentucky Wildcats of Coach Paul Bryant, who surprised the football world with their 9-2 regular season record and a close loss in the Orange Bowl last season, will meet six major opponents at home and will play four games away.

Inter-sectional tilts with the University of Texas Longhorns and the Wildcats of Villanova highlight the 1951 official schedule.

Kentucky will invade the football wilderness of the Southwest to inaugurate grid relations with Texas and open the season for both teams on Sept. 22. Although the Wildcats opened the 1950 season with North Texas State College, they have never met the state university of the Lone Star State on the gridiron and have not appeared in the Southwest since their near-upset of Southern Methodist in Dallas last year.

Villanova, which plays host to Kentucky this season in Philadelphia, will visit Lexington for the 1951 engagement. The two Wildcat teams will be renewing a rivalry on

Oct. 20, 1951 which began with the Great Lakes Bowl game in Cleveland in 1947, won by Kentucky. The Wildcats battled the Philadelphia school, pride of Eastern independents, in a 13-13 dead-lock in the second game of the series on Stoll Field in 1948.

Another inter-sectional battle is scheduled here Nov. 17, 1951, with George Washington University of Washington, D. C. The Colonial relations with Kentucky began in 1940 and the only other game played was in 1942. Kentucky won both.

Resumption of relations with Tulane, the perennial Southeastern power which beat the Wildcats out of the conference crown by a scant 23 percentage points in 1949, will provide another high spot on the 1951 grid card. The first game of the renewed series will be played in New Orleans on Nov. 10. The two teams have not met since 1945.

Five other teams—Tennessee, Mississippi, Mississippi State, Florida and Georgia Tech—and one other non-conference team, Miami (Fla.), also are scheduled during the 1951 season.

The annual clash with arch-rival Tennessee, slated as the regular-season windup on Stoll Field Nov. 24, will climax the '51 home card of

six major contests.  
The card:  
Sept. 22, Texas (A)  
Sept. 29, Ole Miss (A)  
Oct. 6, Georgia Tech (H)  
Oct. 13, Mississippi State (H)  
Oct. 20, Villanova (H)  
Oct. 27, Florida (A)  
Nov. 3, Miami (H)  
Nov. 10, Tulane (A)  
Nov. 17, George Washington (H)  
Nov. 24, Tennessee (H)

**Ping-Pong Tourney Deadline Is Saturday**  
Men Students interested in entering the Student Union ping pong tournament should sign up in Room 122, SUB, before tomorrow.

An entrance fee of 25 cents must be paid on registering. Pairings for the tournament will be posted Monday in the Game Room.
