A & S FACULTY IS CONSIDERING HONORS COURSES

Dean Boyd, Professors, Study Ayclotie Report to National Research Council At Meeting Held Monday P. M.

NO ACTION IS TAKEN Committee Expresses Opinion That This Matter Is of Great Advantage

The committee appointed to consider the matter of creating honors courses at the university has submitted the following report, which was discussed Monday afternoon, November 30, for the first time by the faculty of the Colleges of Arts and Sciences.

The report in detail follows: Your committee accepts the conclusions of the Ayclotie report to the National Research Council—

- 1. That the present academic system is designed for the average student (1) in the kind of work required both as to quantity and quality based on the routine designed to keep him busy.

2. That the present academic system is not designed for the best students with serious intellectual aims and purposes nor does it encourage freedom and initiative for the development of intellectual independence and originality.

3. That, under the present system, a student does not really achieve a mastery of the subjects in one special field so that present academic honors are no basis on which to predict his success in life.

Your committee recommends the continuance of the present scheme of "Independent Work" for seniors but recommends the following program as an objective to which immediate attention may be given so that the scheme of Independent Work may develop into Honors Courses.

U. K. LIVESTOCK TAKES AWARDS

Honors Are Won At International Exposition in Chicago; Kentucky Sheep Win Twenty-three Prizes

CRAVENS' ESSAY FIRST

Among the many honors, which have come to various departments at the university, are those which the Agriculture College captured at the International Live Stock Exposition held in Chicago.

Its junior yearling Angus steer won fifth strong class of 60. A Berkshire barrow won first prize in the 250-350 pound class and also the reserve championship.

Joy-Mad Students Stage Riotous Rally After Victory Over Vols

Downtown Sections of Lexington Narrowly Escape Annihilation as Kentucky Boys Surge Through Streets; Su-Ky Circle Making Attempt to Have Borrowed Flag Poles Returned to Owners

A wildly singing, whooping, rah-rah crowd of University Kentucky boys, tearing madly down Limestone street Thursday afternoon, following Kentucky's victory over the gold and white clad Tennessees eleven, staged a celebration that nearly eliminated Lexington.

Borrowed Flag Poles And so far did they go in their celebration as to (shall we say) borrow the flag poles from in front of various public buildings and stores in the business section of downtown.

Dean Anderson Attends New York Meetings

Head of Engineering College Loses No Opportunity to Keep Well Informed

Dean F. Paul Anderson has gone to New York to attend the forty-third annual meeting of the American Society of Mechanical Engineers, November 30 to December 4; the Annual National Exposition Power and Mechanical Engineering held at the Grand Central Palace, November 20 to December 5; a stag dinner of the Kentucky Alumni Association in New York on the evening of December 3, and the meeting of the Western New York section of the American Society of Heating and Ventilating Engineers in Buffalo on December 7.

Various Comments Are Rendered by General Nuisance on Many Troubles Concernin' This Here Press of Ourn

As a matter of general interest, we wish to observe that the jolly old press went on the hog the other night and caused more grief than the amiable "Everbody was crackin' his nuts" the Center game taking place the afternoon, so we'll have a little testlet on the last six chapters in the morning.

I strolled into the composing-room, the night before the home-coming edition came out. I thought that there was some kind of an entertainment going on for the personnel of the institution was gathered around the press, and the bunch was sounding off like a steamboat whistle.

"How come?" I asked. "How wouldn't get by the proof-reader but the general idea was somethin' like this. This here white elephant of a no-account press, he says, 'which we have took to our bosom, has turned and kicked up like a viper.'"

## YEA, WILDCATS

(The Lexington Herald—November 28)

The University of Kentucky after many grueling years since the departure of pre-war glories, at last has seen its hopes reach fruition in a triumphant football team. The victory over Tennessee Thanksgiving day brings to a close a season fraught with frenzied anxiety, on the part of zealous fans. The Wildcats have defeated two strong Southern Conference teams, Sewanee and Tennessee, the conqueror of Georgia. For the first time in nine years the University of Kentucky has won an admirably played game. The University of Chicago was held to a creditable score and the defeats at the hands of Alabama and Washington and Lee were the outcomes of predestined circumstances. Both had brilliant teams and nothing else could have been anticipated from the start of the season by the most ardent enthusiast.

In some years the hectic agitation of alumni, wishing for more than could be expected, may be seen in a drawback. This year the team appeared to have what may really be termed "supporting." Drug store coaching and knothole "hooting" gave way to deliberate and enthusiastic assistance. Coach Fred Murphy undoubtedly has had his troubles. A coach and a team on the firing line face difficult situations. Coach Murphy's friends highest praise and wins enthralling congratulations.

If there has been rivalry among teammates it is most regrettable, a thing that should be eradicated. The University of Kentucky also has some disadvantages, in the fact that the other inducements than good education can be offered to any promising material, though of course for the institution it is an advantage and a thing alumni and backers should appreciate rather than regret. Better thus and to have lost games than otherwise to have won them.

Nevertheless, a winning football team is a most decided asset to a university. It may be considered by some a regrettable fact, but many schools are judged, from the outside, by their football records.

Moreover at this time the University of Kentucky needs the solid enthusiastic backing of its alumni and friends throughout the state. It is doing a great work, it is laboring against most apparent obstacles. It sorely needs for its banner to be raised up by those who know first hand of its good work and to be carried aloft. It needs greater recognition from the state in whose behalf it is rendering the most conspicuous and widespread service.

It would seem unfair to single out individual members of the University of Kentucky football team and to praise their sensation feats on the gridiron. For them to have attained a triumph in the season just passed has caused them to undergo a rigorous discipline and training. Some of them have met with injury but with striking gameness have kept on "keeping on" in order to keep the blue and white banner flying.

What they have done should be an inspiration to the University's friends throughout the state of Kentucky.

Football is a game, a sport, a thrilling, inspiring, enthralling game. It is true, but nevertheless a game.

Perhaps many a returning homecomer sat in the stadium seats Thursday and wished he could step out there in the mud and red off a 65-yard run or dropkick the watermelon between the goals. The team did better with him where he was, most likely. But let not the ardent cool nor the spirit die, old fan.

There's a bigger game and work to do.

## THE ICE WATER BARREL

(The Lexington Leader—November 29)

There was a good deal of agitation in some quarters when it became known that at the Kentucky-Tennessee football game a beer keg would be dedicated and used as a trophy for the victor. This was an unfortunate choice, and quietly protests were made and immediately those who had charge of the matter saw the reasonableness of the objection raised and the trophy the "ice water barrel."

It was obvious that no offense was intended in the beginning. Certain angles of the matter were overlooked, and as soon as complaints were made action was taken by the University authorities and the alumni to meet them.

This is a happy solution. There were very good reasons why a beer keg—a relic and typical of the saloon system in America, now forever banished—was not a suitable trophy. There has been too much of a disposition to treat prohibition lightly and to make jokes about it. It is a tremendous social experiment, fraught with consequences, in its success or failure, which will be far-reaching and profound, and has been written indelibly upon the Constitution of this country.

It might appear at first thought that objections raised to the use of the keg were trivial and suggestive of a narrow and prejudiced view, due to the lack of a sense of humor. This was not the case. The point of view of those who protested this prevailed because their arguments were seen to be rational. Both Tennessee and Kentucky had reached the point of State prohibition when the Eighteenth Amendment was ratified, together with thirty-four other Commonwealths, and the people in both are still firmly resolved to see the policy prevail.

Everything is quiet along the Potomac, and the University management and the alumni are to be congratulated on their prompt action and broad treatment of the situation. May the "ice water barrel" stay here, and never run dry.

## THE HOME-COMING CELEBRATION

(The Lexington Leader—November 29)

The Home-Coming celebration this year was an unclouded success in spite of the rain. Even the rain in many other places, and the football fans looked on a muddy field, but were spared a drenching. The great day passed off without an untoward incident. Everybody was happy. Arrangements made to receive visitors and to entertain the football squad from Knoxville were excellently carried out. Hospitality never spontaneous or cordial without being effusive. Those who spent the day here went away with nothing but pleasant memories of the occasion—except for the failure of the University of Tennessee to win the battle in the arena.

The game was a thrilling one, played with true sportsmanship and with great skill and with equal determination on both sides. The best men won, but the victory left no sting and the contest was so rapid, so close and so tense that honors were almost equally divided in the feeling of the great crowd that looked on and roared like the sea in the storm.

All who had anything to do with the arrangements and the execution of the program are to be congratulated. It took no little forethought and hard work to make matters work so smoothly, and to insure success. Next year, if possible, should be marked by an even more colorful and universal celebration of the day as an institution to be perpetuated for all time to come.

Those who go to Knoxville when the great battle is fought here between the two universities—will find that city in a mood to reciprocate, and to excel in hospitality. Such friendly rivalry in the exercise of a grace that for so many generations gave distinction to the South, and which has not been so much regarded in recent years, is good for the South, and which will not be behind in showing the gracious spirit of urbanity, courtesy, and fraternity and a disposition to compete in good manners and good fellowship.

To all who have taken part in Thanksgiving and Home-Coming day the invitation is extended to come again. "Many bushels of salt must be eaten together before the duty of friendship can be fulfilled."

## Home-Coming Alumni Enjoy Game and Dance

## Tennessee-Kentucky Contest Is One of Best Ever Held on Stoll Field

"Home-Comers to the campus of the University of Kentucky this year had many reasons to be glad of their coming.

Although the teams had the inconvenience of playing on a muddy field, the spectators were not rained on and it was not extremely hot. The weather was so far as weather was concerned, the best Home-Coming Thanksgiving Day the University has ever had.

At Temple University all examinations have been abolished because the psychology department there believed them to be inaccurate, antiquated, and influenced by personalities.

The score which ended with a difference of three points showed first six points for Tennessee, then seven for Kentucky, followed by seven for Kentucky, seven for Tennessee, seven for Kentucky, three for Tennessee and near the end of the last quarter seven for Tennessee, thus causing the keenest interest until the time-keeper's signal sounded.

Tennessee's signal brought her hand, but a good supply of "rooters," so that the team was well supported.

Thursday night the Lexington Alumni club had a dance at the Stoll Field which was well attended and thoroughly enjoyed.

At Temple University all examinations have been abolished because the psychology department there believed them to be inaccurate, antiquated, and influenced by personalities.

## UNIVERSITY GYM TWO YEARS OLD

Cornerstone of Building Was Laid Amid Heavy Downpour of Rain at Last Home-Coming

### PLEDGES ARE PAST DUE

Two years ago last Thursday, the last Thanksgiving Home-Coming of the alumni, the cornerstone of the new gymnasium was laid, amid a heavy downpour of rain. It was then known as the basketball building, and was the first step in the four-fold project of the Greater Kentucky campaign.

Since that time the gymnasium has been completed, and is now filling a long-felt need. The first games were played in it a year ago last March, and since that time it has been one of the most used buildings on the campus. It contains the offices and rooms of the athletic department, it contains the University Post Office station, the offices of the Military Department, the Stenographic Bureau, the Trophy Room, and the Alumni Office. In addition to the games played here, there are held dances, convocations, and other entertainments.

Also during that time six sections of the Stadium have been built. They are of the highest type construction, and should be a matter of pride to all alumni.

A percentage of collections has been paid into the Patterson Memorial Stadium fund, and the Student Loan fund.

The above has been possible only through the help of the university. With the exception of a very few pledges of all alumni are long past due, and payments should be sent in immediately, as possible to avoid further interest.

### CLASS PERSONALS

Have you written your senator and representative urging their support of your alma mater?

George C. Montgomery, salesman for the Long-Bell Lumber Company, 1413 Conway building, Chicago, Ill., was here for the home-coming game.

Henry E. Read, a member of the firm of Rogers and Read, engineers and surveyors, 711 Realty building, Louisville, attended the Kentucky-Tennessee game here last Thursday.

Mr. Read received his M. E. degree in 1911 and his C. E. in 1920.

Augustus M. Kirby was in Lexington for the home-coming of alumni Thanksgiving. Mr. Kirby is with the Standard Oil Company, at Hong Kong, China. He is at this time visiting in the United States, and until January 15, 1926, his address will be 2037 Madison avenue, Covington, Ky.

## COACH MURPHY CONGRATULATED

Louisville Club of University of Kentucky Alumni Write Mentor Letter Endorsing His Coaching System

### WISH INTER-MURAL GAMES

The following letter was received by Coach Fred Murphy from the Louisville club of the University of Kentucky alumni, on November 19:

Dear Sir: The Louisville club of University of Kentucky alumni at its last meeting designated a committee to write you a letter.

First we want to express our happiness over the sound drubbing administered by Wilkade to the Pray Colonels. We have waited long to enjoy such a victory. But we know our waiting might have been interminable had it not been for your excellent work as coach. We congratulate both you and the team on the winning of this game, which has come to mean more than any other game of the season.

Knowing the danger of alumni doing, with the best of intentions, more harm than good to the athletics of their college by offering suggestions to those charged with the actual supervision of them, we approach a second topic with a certain degree of hesitancy. Many alumni here say they hear it freely stated that there is considerable activity, "political" in character, on the part of student social organizations in the university directed to the end of securing and keeping for their members places on the athletic teams of the university regardless of the merit of those members.

If such reports are true, we realize the whites that the situation which they describe puts in the way of your developing the best possible varsity teams; and we want to let you know the full sympathy with your object rather than with theirs.

An alumnaus is more interested in seeing a good varsity team than in seeing on the team a large number of members of the social lodge to which he happened to belong while he was an undergraduate.

But we realize also that undergraduates may see the thing from a different standpoint. This is the reason why the reports we hear sound so probable. It seems quite natural for members of a social organization to desire honors of all kinds to come to its membership. Athletic honors can now come only by representation on the varsity teams. Hence we can understand how an undergraduate organization might take more satisfaction from seeing itself liberally represented on a fairly varsity team than from seeing a better varsity team on which it was not so liberally represented.

If the reported condition does exist to the aggravation of your task of selecting and training the best possible varsity teams, we wonder if a solution of the difficulty could be found by shifting the basis of athletic honors from the organization to the campus. We wonder if by working out a schedule of serious inter-organization games, so that organization athletic honors would come rather from the winning of these intra-mural games than from representation on the varsity teams of the university might not find it easier than he now does to select the best talent for the varsity teams? He might appear in the student body.

Of course, we don't know that the condition we have mentioned really exists. We surely hope it doesn't. But if it does, this club wants to let you know that it is with you in your efforts to develop the best possible varsity teams, and deplores any obstacles of the kind referred to that may be thrown in your way.

Sincerely yours,  
E. F. SCHIMPELER,  
N. GRAY ROBERTS,  
W. S. HAMILTON,  
H. C. CARPENTER,  
E. R. GREGG.

## Law College Alumni, Students Hold Reunion

Doctor McVey, J. Y. Brown, Mrs. Lafferty and Virgil Chapman Are Speakers

Alumni, former students, students and faculty of the College of Law at the University of Kentucky held their annual reunion luncheon at the Phoenix Hotel, Thanksgiving Day. This, the second annual affair for the College of Law was attended by about one hundred alumni, members of the Kentucky State Bar Association, lawyers, congressmen, legislators, representatives and judges. Charles J. Turck, dean of the college presided as toastmaster.

The program opened with an address of welcome by Dr. Frank L. McVey, president of the university, who extended greetings to the returned graduates and reminded them of the great principals for which they were to fight in connection with their chosen profession.

He said that the fundamentals connected with the profession of a lawyer should be based on principals and not on personalities, and told them that the state looks to them for the future enactment of its laws, for the improvement of its statutes, and that they should have a perfect understanding of the needs and wants of the University of Kentucky and work in its interest.

John Y. Brown, a senior in the College of Law, and president of the Student Speakers Bureau made a brief address of welcome to the alumni, as follows:

Among alumni present were: Tom Ballantine '25, Mrs. Tom Ballantine ex-27, formerly Miss Marie Pfeifer, of Louisville, W. C. Wilson '13 Lexington; Clifford E. Smith ex-23, Ashland; J. Virgil Chapman, '18, Mrs. J. Virgil Chapman ex-21, Miss Irene McNamara '23, Roy Moreland '23 of Lexington; Robert L. Porter '22 of Hazard; T. E. Sparks '23, of Greenview; M. C. Redwine '19 of Winchester; J. J. Morgan '24, George E. Smith '15, Earle Fowler '15, Beryl Boyd '22, Lovel Hampton Liles '23, Miss Minnie Benton Peterson '24, and Harry C. Johnson '25.

## Foster-Davis

Mrs. James H. Foster announces the marriage of her daughter, Violet Louise, to Mr. Gordon Davis, Jr., of Louisville and Indianapolis, Thanksgiving morning at Jeffersonville, Ind.

Mrs. Davis, who is the sister of Mrs. Patrick Drummond, of Lexington, is noted for her beauty and charm of manner. The bride and groom are former students of the university, where Mr. Davis was a member of the Pi Kappa Alpha fraternity.

Mr. and Mrs. Davis will be at home after December 15 at Louisville. Their many friends wish them every happiness.

## Founder's Day Banquet

Beta Zeta and Delta Rho chapters of the Delta Delta Delta fraternity observed Founder's day with a delightful banquet given last Wednesday evening in the palmroom of the Phoenix hotel.

The dining room was beautifully decorated with pine branches. The toastmistress was Mrs. William Brown and responses were given by Misses Sarah Bayne, Edith Thompson and Marie Beckner. The guests of the two chapters represented gave stunts.

About seventy members from Beta Zeta and Delta Rho chapters and their alumni were present.

**Pi Kappa Alpha Entertains**  
One of the most delightful of the season's informal dances was given Saturday evening at the Maradith Inn by Omega chapter of Pi Kappa Alpha fraternity, the occasion being in honor

of the pledges. The hours were from 8:30 to 12 o'clock. The music was furnished by the Kentuckian orchestra.

The rooms were decorated attractively with the fraternity colors of garnet and gold. The illuminated shield was also a feature of the decorative scheme. Punch was served throughout the evening.

Hosts for the dance were, Messrs. Elmore Vossmeier, Kenneth Tuggle, Hobart Grooms, Ronald Newcomb, Jack Weisner, Ed Samuel, Stanley Courtney, J. D. Kerney, Bert Helek, Frank Smith, Irvine Darter, Arno Neiver, A. M. Edwards, Charles Todd, A. J. ## Homecoming Dance

After the Thanksgiving game, of which Kentucky was the victor, a dance was given in the gymnasium by the Lexington alumni in honor of the visitors who had come to Lexington to see the homecoming game. The hours were from 9 to 1 o'clock.

Music was furnished by the Kentuckian orchestra. In intermission, several exhibitions of the Charleston were given. The guests numbered about one thousand.

## KAPPA SIGMA DANCE

The Kappa Sigma fraternity entertained at the chapter house Wednesday evening with a pre-holiday dance which was one of the most enjoyable affairs given this season. The rooms were attractively decorated in the fraternity colors of scarlet, green and white, and the illuminated shield added to the festive air. The Kentuckian orchestra furnished the music.

The active chapter, Messrs. Thomas Adams, James Arthur, Henry Beauden, Robert Cole, Wilson Farmer, William Gess, Lucy Hibbs, Rankin Kimbrough, Robert Salyers, William Simpson, Adrian Terrill, Emanuel Van Meter, Hanes Wiley, Guthrie Yager, James Davidson, Henry Gillespie, Coleman Hunter.

The pledges: Messrs. John Adams, Hunt Broadus, Edward Davis, William Clark, Raymond Dycus, Egbert Marshall, William McHenry, T. S. Newman, Joe Thomas.

Chaperones: Mr. and Mrs. W. D. Funkhouser, Mr. and Mrs. Harry Brower, Mr. and Mrs. Frank Battelle.

## "PHI DELTA" DANCE

Kentucky Epsilon of Phi Delta Theta entertained with a delightful dance Saturday evening from 8:30 to 12 o'clock in honor of their pledges. The decorations were in the colors of the fraternity, azure and argent. An illuminated shield added brilliance to the scene.

The pledges are: Messrs. Addison Young Yeaman, William Sandifer, Louis Cox, Fred Gross, James Barnhill, Ted Hardwick, James Tappscott, Ken Cressy, Richard Carran, Alex Herrington.

### Here's A Way to Make Money After Graduation In Your Own College Town

TAKE this Flower Shop at Wellesley, Mass., for example. It is located handy by, just outside the college grounds. It wasn't so long ago that all there was to it was a plain little frame building, with some rather diminutive green-houses hitched to it. Now the shop is a most attractive brick building, with up to date greenhouses, and this show house opening right off it. You should see the way the college girls come here and buy flowers! Christmas and Easter week, the Western Union brings a private wire right into the shop, and has an operator on the job to take the Florist Telegraph Delivery orders that come from parents and friends, for flowers to the girls. From one of his rose houses alone, this man took \$9,000 last year. Doesn't all this start you thinking? Man alive, where is there a business as healthy, fun-filled and profit yielding? Just the kind that to-be-wives of yours would like. Had you ever stopped to think how many graduates are going into the greenhouse flower growing or shop business? Hadn't we better start in getting acquainted so you can have the facts. Write us. Ask us the hundred and one questions you have on your mind.

If interested write to the Manager of our Service Department, Uman Building, Cleveland, Ohio, who will give his personal attention.

THE LATEST REFORM

The Chief of Reformers was going over with an assistant the sweeping reforms made during the week. "Monday, we succeeded in having appointed a deacon who publicly disavowed strong drink. Yesterday, we defeated a Mr. Brewer for constabulary—serving him right for having such a name." The Chief smiles beatifically. But the smile strangely enough froze upon his perspiring face. His eyes had about them the strained expression of one who is assailed from behind by a bulldog. "But today—what are we to do today?" he cried. "Oh, must our great record of daily reforms be broken?" The assistant would have given vent to his feelings by taking a turn or two across the room, had he not felt better sitting down. You could have Mr. Van Diddle reduce the percentage of alcohol in his hair tonic," he suggested, his eye brightening as he realized of what real moment the suggestion was. "Great!" exclaimed the Chief, wringing his subordinate's hand, "I always knew you had brains, Dooley, you—" He dropped from the middle of his sentence into a chair. "But—but," he wailed, "Mr. Van Diddle is out of town today!" Silence reigned after its usual fashion for a few moments. Finally, the Chief contrived to gulp down a draught of grape juice.

### SANFORD'S FOUNTAIN PEN INK

ALWAYS GOOD ALWAYS THE SAME

"Have you looked over the latest magazines? You should protest against—" "Yes—I know; but the mischief wrought by them can't be eradicated today. What to do? What to do?" At this moment, when so much was about to be given up in despair, the ambitious young man whose ears are as keen as his appetite left his position just outside the door to come to the rescue. "I have it!" he cried, standing in the doorway. "You know of the drinking—Ah, excuse me! There is the evil in that word, 'drinking.' At college it is connected with the fountains on the campus. It is poisoning the mind of our youth with thoughts of champagne, moonshine and homebrew every time they go for a little water! Let us away with this word." The Chief leaped to his feet. "Shades of the immortal Wayne B!" he shouted, his face wreathed with smiles. "This means a promotion for you. What a service it will be to those young folks! With that loathsome word in their minds, they are scouring moral disaster without amounting of their danger. Certainly I shall request this very day that these fountains have the word, 'Water' painted on them and that they be called such, henceforth!"

### IT WAS LIKE THIS

The student was telling the "home folks" about it, and from his words the reader is to understand the true story. Yes, Prof said, "My boy, you stand alone in your class. None of the others have even approached your grade. You have much talent—that is evident. Now won't you make the best of this talent, strive harder and harder, and make better and better grades?"

Our idea of an ambiguous sentence is, "He voted intelligently on the World Court."

## SEEN FROM the PRESS BOX by HOOVER

"The tumult and the shouting dies  
The Captains and the kings depart—"  
But really I've forgotten the rest of it. Anyhow that wasn't what I started to say anyway. Just to let you in on the secret, it's about these MYTHICAL things—ah, what've I call 'em? Ah, ah—ALL KENTUCKY TEAMS! Now I have it! But don't knock my head plumb off just because I've started off harping on this subject, as I know fans must be groggy and dizzy from reading all the selections that appeared in Louisville's dailies and Lexington's two "New York Worlds" last Sunday.

But don't blame it on me. The boss says, "You gotta pick this team to fill up space this week." This made me mad so I jerked a typewriter off the desk, rattled away for two seconds and handed him the following. King, Kirwan, ends; Cammack, VanMeter, guards; Maloney, center; Mohney, quarterback; Rice and DeHaven, tackles; Tracy and Smith, halves; and Ross, full back—all of KENTUCKY. He informed me that wouldn't do at all so I let my temper cool off, sat down on the morning of the Sabbath, perused every all-Kentucky team I could find in any paper and selected my teams—first and second. So far as I know, the second team might beat the stuffin' out of the first team. Anyway they're picked and I ain't let a snow unlick them. I reproduce them just about an inch below, fresh as the snail that's going to fall in a week or so from now, barring accident:

PLAYER	POSITION	TEAM
Daugherty	Left End	University of Louisville
Rice	Left Tackle	University of Kentucky
Bush	Left Guard	Centre College
Maloney	Center	University of Kentucky
Cammack	Right Guard	University of Kentucky
Skidmore	Right Tackle	Centre College
King	Right End	University of Kentucky
Mohney	Quarterback	University of Kentucky
Tracy	Left Halfback	University of Kentucky
Glenn	Right Halfback	University of Kentucky
Smith	Fullback	University of Kentucky
FIRST TEAM		
Schulte	Left End	University of Kentucky
Arnold	Left Tackle	University of Louisville
VanMeter	Left Guard	University of Kentucky
Pence	Center	University of Kentucky
Taylor	Right Guard	Western State Normal
Fields	Right Tackle	Transylvania College
Kirwan	Right End	University of Kentucky
Rabenstein	Quarterback	Centre College
Gentry	Left Halfback	Eastern State Normal
Frasier	Right Halfback	Transylvania College
Ross	Fullback	University of Kentucky
SECOND TEAM		

I got into an argument with one of my fellow writers after I made my selections and gosh he gave me the horse laugh for putting Mr. So and So on the team. Well that also made me mad and I began from left end and went clear to right end and then from center straight back six or eight feet and told him just why I put the players where I put them and that my team was just as good as his and all that slush—and I got to keep my team just like I had it.

In the first place I told him about Jack Daugherty and King at ends and after I told him about Mr. Jack he acknowledged he had never seen him play—poor sports writer.

Daugherty is one of the regular ends on the University of Louisville team and he holds down his position well. In fact he holds that position and then the job of punting when his team is on the offense. After he punts he has the knack of going down under the punt and tackling the catcher, in his tracks. Try that on your piano and see if you've heard it before. King has been a main asset on the offense this year in boxing tackles and catching passes. Some coaches and writers seem to think that the end's job is catching passes, which is not so, as any follower of King will assert. This boy won the V. M. I. game for Kentucky and has been a potent factor in all other Cat gridiron successes this season.

Coming down the line I told this gink about my tackles—how good they were and all of that. "Caveman" Rice and Skidmore can't be skinned and I don't care who says they can't. The tackle job is one of the most important on any team and these two men have been in virtually every game from whistle to whistle during the 1925 season, attesting the high regard their coach had for them.

We then came to the guards and he yelled "Cammack" just as I yelled it and we shook! But what an expression appeared on his face when I mentioned Bush. In my mind we have here the best guard that can be obtained anywhere. They're honest and hard working and like the tackles, have been in there all the time. Bush stood out as a beacon light on a woefully down-trodden football team and deserves all the credit that has been given him. They know how to make holes and how to block out men in first class fashion—two important factors in the season of any successful football team.

Despite the fact that Maloney was out of one or two games during the season on account of discipline, he is the unanimous choice for the center job on all-Kentucky teams I have seen so far. There was a great lack of good pivot men in the state this season and this boy seems to stand head and shoulder above all others. Maloney is as hard as a brick and nobody resorted to many successful thrusts through the center of the line. He is also a sure tackler.

The sweetest little field general in Kentucky and probably in the south is Gayle Mohney, a serious student of football. He has handled his team carefully this season and led it to a highly successful season. He drops kicks with accuracy and chooses the right play for the right time, always out-guessing the opposition—all of which makes him a valuable asset.

I had to have a player who could catch forward passes so I placed Len Tracy on the eleven. Nobody will dispute this issue with me. He can also run the ends like a rabbit. I also had to have a player who could run the ends consistently so I placed "Ham" Glenn, Kentucky Wesleyan's star, on the team for this reason, mainly. Glenn can also ding passes and he would be an ideal running mate for Tracy in this game. Of course, Frank Smith, the old reliable, couldn't be left off so I put him on to plunge the line to pieces. Everybody knows what he can do in this line. I figure also that Smith can divide the punting honors with Daugherty.

"There it is," I told him and he never uttered a monosyllable! And then I began to tell him about my second team but about that time he left.

I was sorry that Al Kirwan could not be put on the first eleven but he had one of those bad years that comes to every star athlete. Kirwan, as a captain, was so far above all others in these parts that there was no comparison. But an injury to his knee hampered his playing this year to such an extent that the team did not realize his full ability. True, he has played when he did not feel like it, he has played in pain for the sake of Kentucky and the team and Kentucky will not forget to place his picture alongside that of Sanders, "Doc" Rhodes and other Wildcats immortal in the trophy room. So close a follower is he of the game that he has turned unfavorable decisions into favorable ones for Kentucky more than once and it may be safely said that he knew more than the referee in some games during the past season. An example of his alertness on the field of battle may be gleaned from the fact that he was directly responsible for a Tennessee fan being sent from the sidelines into the grand stand as the result of giving signals to the Volunteers in the Thanksgiving game. Albie detector is a spectator in his unsportsmanlike misdemeanor after watching his actions for several minutes.

This, at length, is my selections for the all-Kentucky team, and although nobody will agree with me in full regard to my team, we'll remain friends anyway—you with your all-Kentucky, me with my all-Kentucky. For its just mythical stuff, anyway.

## 26 MEN REPORT FOR BASKETBALL

Minnesota Method of Passing Will Be Used by Eklund This Year: Open Season December 19

## WILL PRACTICE DAILY

Coach Ray Eklund was greeted by 24 candidates for the Wildcat basketball team Monday afternoon, when the first regular workout was held. This is half a dozen more than he expected. He did not waste any time in getting down to business and in a hurry he had the entire squad making short shots, working on fundamentals and passing the ball.

All of the veterans who had been expected to be present were in uniform as well as a number of others, whom the coach did not know.

The candidates were kept moving at a lively pace as Coach Eklund wants his players to be in excellent condition in time for the first game on December 19 with DePauw. He did this even though a number of the basketballers had been working out for a month and others had been on the football squad.

The passing that the players did was of the kind to be used in Kentucky's offense, which this season will be the Minnesota style, Coach Eklund having played the game while at that school.

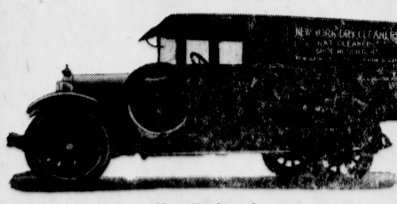

Last season the Wildcats used the Illinois style, which had been taught them by Coach Clarence Applegran. However, the change won't make so much difference as the veterans on the varsity squad are heady players, the majority of them having played on Lexington's national high school championship team in 1922. Rounding out the squad the members of the undefeated freshman team of last season, which Coach Eklund coached. These men already know the style of the game the coach wants and will not need any extra attention this year.

Practice will be held daily from now until the close of the season and the team's development is expected to be fast, because of the good start the players have received.

Tracy Scores Three Touchdowns and Mohney Dropkicks Field Goal for Margin of Victory

#### WAS GAME OF THRILLS

Last Saturday a fighting warrior in Blue defied the storm that turned Stoll field into a sea of mud to mar his scintillating speed, by racing over Tennessee's last white line for three touchdowns and a Kentucky victory in a game that surpassed all preceding ones for thrills, suspense, courage and stamina. Leonard Tracy made three touchdowns, but there were 10 other Wildcats who displayed the greatest fighting spirit that ever characterized a Kentucky team to defeat the Tennessee Volunteers, 23-20. Gayle Mohney's dropkick was the margin of victory.

Unable to withstand the impetus of an early attack which carried the Vols to the five-yard line, Kentucky's goal line was crossed after six plays. Immediately, the Tennesseans became delirious with happiness and the admirers of Kentucky groaned as they pictured the game of 1923, when the Wildcats were defeated 18-0. Some even prepared to leave, concluding that the game was of settled outcome. However, that scene which brought joy to Tennessee was only the first act of enthralling and exciting drama that was to bring felicity to Kentucky. The Wildcats began to stop the powerful thrusts of the Volunteers' off tackle attacks, and to compete with it by employing an aerial style of play that ultimately gained them the victory. Many "breaks" aided both teams. However, the majority of the 7,500 people who braved the inclement weather to witness the game will state, doubtlessly, that the advantage thus earned by either team was merited.

Held scoreless in the initial period Kentucky tied the score in the second quarter when Captain Ab Kirwan passed the cowhide to Tracy over the goal line for a touchdown. The Wildcats blocked a Tennessee punt and the oval rolled to the Vols' 10-yard line where Elmore fell on it. After a 5-yard penalty forced the Blue and White back to the 15-yard strip, Kirwan passed to Tracy for the touchdown on the fourth down.

The Wildcats gained the lead in the third quarter when Tracy and Rose carried the ball to the 18-yard mark by successive line plunges. A pass Kirwan to Tracy, placed the ball on the three-yard line, from where Tracy plunged over the line for the second touchdown.

In the last period, the most spectacular play of the game occurred when Tracy broke the 13-13 tie by dashing 50 yards for a touchdown. Receiving a pass in the middle of the field from Captain Kirwan he outdistanced the entire Volunteer backfield by his dazzling speed and raced over the goal line unhindered. Soon after Mohney relieved Jenkins at quarter and kicked a perfect field goal.

Tennessee scored twice in the final quarter, by virtue of a blocked punt which was recovered by Butcher behind the goal line, and by an astounding advance in the last few minutes of play. In that advance, Captain Lowe completed the longest run of the

game when he returned the kick off 70 yards to Kentucky's 22-yard line, from where forward passes were employed to secure the final touchdown of the game.

Tracy, Lowe and Elmore furnished the game's spectacular element by their scintillating runs. However, the feature of the game was Kentucky's stand which held the Volunteers for four downs inside the Wildcat six-yard line, and averted a score. The players' true fighting spirit and tenacity probably delighted the alumni visitors as much as the victory.

Of the eleven valiant warriors who wore the blue for last time Thanksgiving, only six participated in the contest. Those six, Captain Kirwan, Tracy, King, Cammack, Rice and Van Meter wreathed themselves in glory. The last four named were in the line that held on the one-yard line in the last quarter. Kirwan was on the passing end of the successful aerial attack and he was a power on the defense. The name of Tracy, the salient star of the game, shall be written in Kentucky's gridiron annals to identify him as one of the best backs that ever represented a Kentucky team.

Jimmy Elmore, the Volunteer dynamic little halfback, was the best and most consistent ground gainer that has appeared on Stoll field in years. He regained for three to 40 yards every time he carried the ball. Captain Lowe, all-Southern end, and Brown also played exceptionally well for Tennessee.

Mechanicals' Goal Line Is Often Crossed by Civils; A Cave-Man and Blond Mamma Cause Commotion

#### EACH CLAIMS VICTORY

Since Dame Fashion has decreed that inter-everything football games are quite the proper thing, such games this season have enjoyed a vogue unsurpassed in the history of the gentle pastime. Here at the university we have experienced an epidemic of intercollegiate, inter-fraternity, and inter-battalion gladiatorial contests most dreadful in its devastation.

In a secluded nook of the university campus like "a modest violet by a stone half-hidden from the eye" there exists a college and to its inmates is the College of Engineering. Having by some means or another received knowledge of the popularity of these football games, the youthful adherents of Queen Fashion decided among themselves to inaugurate a custom which stands as a perpetual monument to the rivalry between the seniors of the departments of mechanical and civil engineering.

On Tuesday of this week, football teams, representing the two institutions, met in deadly combat on the "senior-grind" in the rear of the Mechanical hall. Having agreed on the ordinary arrangements, the herald sounded the alarm and the strife was begun. For many long hours the battle waxed hot and often the goal of the Mechanical Engineers was crossed by the champions of the Civils.

Finally, as the Mechanicals were despairing of victory, a "outful strategist among them struck upon the happy idea of counting noses. Alas! the Civils had but the allowed 18, but hold—who is that the line who has been making such deadly tackles? It is none other than "Cave-Man" Rice, of erstwhile Wildcat fame. And there on the other side is "Blond Mamma" Bickel also a worthy representative of the Blue and White.

Then was the air filled with the angry clamors of the Mechanicals. "Lynch them," came the angry hiss of the infuriated mob.

"Hold," said the referee, "those men are duly qualified engineers."

"We protest," said the Mechanicals. But to avail for the referee was firm in his conviction and the last fading glimmer of daylight cast its dying rays on the angry group still arguing the technicality.

Thus ended the fierce combat with both institutions claiming the laurels of victory and each vowing inwardly that next year sweet revenge will be obtained.

#### Writes Poem

Former Member of Board of Trustees Publishes Verse

Judge John F. Hager, who was for some time an active and valuable member of the board of trustees, and who still takes a keen interest in the affairs of the university, submitted this poem for the approval of the students of the University of Kentucky.

1874—1925  
On Revisiting Salyersville

If again I could stray o'er fields and o'er hills,  
And behold scenes I knew as a boy,  
Live again in the past and forget present ills,  
And have taste of a long vanished joy!

If again I could stray alongside the streams,  
And boyhood's bright paths newly trace  
To the orchards and lanes often seen in my dreams,  
And meet playmates again face to face!

Such would be a reward beyond treasure of gold,  
And 'till set is the sun of my days,  
Unmindful of clouds in the skies of the old,  
Life would still be a cause for my praise.

But visiting scenes of a far distant past,  
I encounter the force of this truth:  
While hills, streams and fields may endure long last,  
Gone are the days of my youth.

JOHN F. HAGER.

HONOR COURSES BEING CONSIDERED BY FACULTY

honors are given for individual work that implies (1) unity in a field of study (2) specialization and (3) a quantitative standard in the grasp of a subject as a whole in first hand knowledge of original materials and in investigation.

Your committee believes the success of honors courses depends upon the opinion expressed by the faculty and it recommends the dean call on the heads of departments for reports of library and laboratory facilities they would require. It is recommended that these reports aim at complete material for a period or a phase of a subject as a practical program for building up the library at once.

Your committee agrees with the opinion expressed in the Ayclotte report that courses will need to be prescribed in preparation for honor courses. It, therefore, recommends that the dean call on the heads of departments for outlines of courses for the freshman and sophomore years that will make the student fully qualified to take honor courses, free of most of the regular class work...

RECOMMENDS LARGER FACILITIES

Your committee recommends that the president be invited to cooperate on a plan to enlarge facilities so that every department can assign work to its older professors to the necessary tutorial and seminar work involved in these courses.

Your committee suggests that any member of a faculty may nominate a student for honors courses to his

department; that examinations may be oral and written up to 15 hours, and that examinations may be preferably held outside the faculty.

In conclusion, your committee expresses the opinion that the matter of honor courses does to prepare a student for success.

(1) It creates a body of students higher than other classes. (2) It creates a body of students which should be an influence to recommend to the rest of the students a better relative importance of the classroom and student activities.

On December 12 and 13 the State World Court conference will meet at this university. The conference will be composed of representatives from every college in the state, including both men and women. The program for the conference is being formed by the university Y. M. C. A. and Y. W. C. A., in connection with the city organizations. Dean Turk, who is chairman of the committee in charge, announces that plans are being made to have speakers of national reputation present at the sessions of the conference. The World Court question is one of vital national importance and should be of interest to students as well as citizens. All university students and the people of Lexington are invited to take part in the state conference.

"MESSIAH" WILL BE PRESENTED HERE ON DEC. 11

Professor Lampert, and the success of the production is dependent upon the cooperation of it. Surrounding cities are cooperating with Professor Lampert in sending their best singers to take part in the choruses, while the expenses of the production come from a certain percentage of the registration fee paid by each student of the university on registration.

The "Messiah" is a work that tells of the coming of Jesus Christ; his death; resurrection; and salvation through sacrifice. It is told in music that has never been excelled, and requires the most arduous labor and best trained voices. Professor Lampert has obtained for the presentation of the "Messiah" the services of Miss Lois Johnston, soprano; Miss Edna Swanson Ver Harr, contralto; Carleton Cummings, tenor; and Louis Kreidler, baritone. These artists are all from Chicago, and have sung in many prominent festivals of similar character throughout the United States.

In an interview on Thursday, Professor Lampert stated that the disposition of all the various forces that will assist in the rendition of the "Messiah" is proceeding in a satisfactory manner, and that students of the performance on presentation of their student athletic ticket.

COMMENTS ARE RENDERED ON MANY PRESS TROUBLES

(CONTINUED FROM PAGE ONE)

French language. The press wasn't benefited from the precedent's of me, and I had a story on the front page, I figured that something had ought to be done, and was wonderin' if the fundamental principles of capitalism wouldn't apply. If Noe had took a dolly around the dingbat that was broke, which look like sad-horn somewhat, and throwed a couple of hitches around the rig at the bottom, it would of functioned one way or the other. Artie wasn't backward in expressin' his opinion that it would work the other. A newspaper man ain't got no more attitude than a sheep-herder, it seems like.

Well, I seen things wasn't improvin' none so I mentioned that I was considerin' taking' my departure. The idea made such a hit that I started plannin' some dirty crack to make before I left. "Say, Artie," I says, when most of me was out the door, "This here is goin' to make a whole of a story for next week's issue." I thought I had located everything near Artie that was heavy, but he produced another

wrench from nowhere, and, if more of me had been inside and less outside, some damage might have resulted to my delicate anatomy.

So I went back to the news room where me and the typewriter got together, and connected some literature concernin' this here press of ours.

NEW SYSTEM OF TRAFFIC IN MAIN BUILDING NEEDED

(CONTINUED FROM PAGE ONE)

be counted on the fingers. When the bell class hour to a close, a continuous stream of students is pouring out of the entrance. (It should be said that they "drip out," for it is certainly not anything like a "pour.") Some stop in the doorway to call back to friends, holding up the entire student body behind them. Others stand on the steps, and let only one at a time pass toward the door.

Maybe It's Christmas Holidays. Others walk as though Christmas holidays had just begun, and they slouch right in to get out on the campus. In the midst, or behind that bunch of listless students are some who must reach daylight in time to make an other class. Only a select few have ever dared to enter the same door out of that the mette is coming. But then there is a bet that not one out of 50 ever thinks of going to the door facing the road, and gaining entrance in that way. No—they must everybody come out, and they surely just see all there is to see, for they enter on the way of these coming out of the building.

The safest, sanest, and most efficient system of handling the traffic would be for all students entering the building to enter on the west side, and all those coming out on the campus to exit by the north side door. Or we could go by the system laid down by Will Rogers, and have all students enter on Monday, Wednesday and Friday, and come out on Tuesday, Thursday and Saturday.

KITTENS END SEASON BY DEFEATING CENTRE FROSH

(CONTINUED FROM PAGE SIX)

touchdown. Just before the initial touchdown, Coach Maher, of the Centre Frosh, injected his first team in the game in place of his second-string, which started the game. This only served to whet the Kittens' ferocity all the more, as the first team fared better than their juniors. The Kittens' second score came late in the first period when Gronc blocked Gowm's punts. In the next play Clifton ran the remaining 30 yards for a touchdown.

The final marker of the game occurred in the second quarter when Phipps picked up a Centre fumble and ran 30 yards for a touchdown. Knadbeck kicked goal, making the score 20 to 0.

Hostilities relaxed to some extent in the second half, each team striving to gain the advantage. Centre had the advantage in one department of play, her punts sometimes sailing for a distance of 50 yards. This long range kicking prevented the Kittens from showing over any touchdowns in the second half.

For the Kittens, Clifton was a sure ground gainer, and Phipps came close behind him. Portwood did excellent work, often smashing off 10-yard gains. Gronc showed that he can be considered good material for the varsity line next year. For Centre, Littrell and "Red" Kavanaugh were the stellar performers. Kavanaugh succeeded in checking the Kittens' offense on several occasions, while Littrell reeled off some nice gains.
