1886

ENGLISH BOOKS AT ENGLISH PRICES AT
TWENTY FIVE CENTS TO THE SHILLING.

PRINTED AT THE CHISWICK PRESS FOR
B. F. STEVENS AMERICAN
LIBRARY AND LITERARY AGENT
4 TRAFALGAR SQUARE CHARING
CROSS LONDON ENGLAND

ENGLISH BOOKS AT ENGLISH PRICES AT
TWENTY-FIVE CENTS TO THE SHILLING.
EVERY READER HIS OWN IMPORTER.

THE facilities and economies offered by this agency to book buyers in America include:—

Prompt execution of orders. All books are despatched by early mail or steamer.

New Books are charged at trade prices, which are usually twenty-five per cent off the price of publication. Second-hand books are charged at lowest nett prices.

Commission ten per cent on trade and nett prices.

Book postage to America is only one halfpenny for every two ounces up to four pounds weight.

Small parcels of books may be consigned to agents in New York, Boston, or Philadelphia, who will charge the proportion of freight and expenses on each package, thus effecting a considerable saving. Larger shipments are consigned as the buyer instructs.

The discount off publication price is about equivalent to the cost of freight or postage and commission; hence in making purchases of new books it is safe to estimate that the books would be received at a cost of 25 cents to the shilling (publication price) exclusive of duty, if any.

Priced lists of current publications, with publishers' announcements and literary notices, are printed in the *Publishers' Circular*, issued fortnightly, and in the *Bookseller*, monthly. Special attention is paid to forwarding catalogues of publishers and booksellers, English and Continental.

Superior Library Binding can be done in half levant morocco in a few days, and costs about fifty per cent less than in the United States.

The United States duty of twenty-five per cent is taxed on the nett prices of books printed within twenty years. All older books are duty free.

Public Libraries, Colleges, Academies, and other incorporated institutions are entitled to make all their importations free of duty.

Engravings, Drawings and Paintings, Philosophical Apparatus and Scientific Instruments, and all other wants of libraries receive due attention.

This being a strictly ready-money commission business, it is necessary that orders should be accompanied by funds, and that current accounts should be kept well covered.

Remittances to B. F. Stevens, 4, Trafalgar Square, Charing Cross, London, England, may be made in sterling by Bankers' drafts, or Post Office orders on London; or in American currency at five dollars gold to the pound sterling, being 25 cents to the shilling. For odd amounts send postage stamps.

NEWSPAPERS AND MAGAZINES
AT ENGLISH PRICES.

NEWSPAPERS and Periodicals at the price of publication and postage are mailed to subscribers in the United States on the days of issue, and so reach subscribers at the earliest possible day and at economical rates.

Subscriptions, payable in advance, may usually commence at any time and be taken for any period. Sample copies will be supplied upon application with remittance.

Illustrated periodicals may be sent by mail, rolled, in cardboard tubes, at the additional cost of the tubes and extra postage.

The postage from London to any part of the United States on newspapers, magazines, and books is one halfpenny (one cent) for every two ounces up to four pounds weight.

CHANDLER'S Ice Cutting Machine,

NO CHILLED HANDS.

THE machine, No. 1, shown in the cut, occupies a space of only **EIGHT INCHES SQUARE**, is about **TWELVE INCHES HIGH**, and can be attached by screws to a bar, counter, table or shelf,

as desired. It turns easily, and can be operated by a child ten years old.

ICE IS AN ANTISEPTIC; it arrests decay and kills the germs of disease; its free use is advised by best physicians; is a prompt and effective remedy in all fevers, throat affections and hemorrhages.

Delicious beverages, ices and creams, are prepared; salads, vegetables and relishes are rendered crisp and refreshing by the use of crushed ice.

Any piece of ice that will go into the hopper will go through, being drawn in by the peculiar shape of the teeth. This arrangement is fully protected by letters patent, and cannot be used on other cutters.

Made in Five Sizes—No. 1, for Bar Tops and Soda Counters. No. 2, for Family and Universal Use. No. 2½, for Hotels, Hospitals and Boarding Houses. No. 3, for Large Hotels, Confectioners, Etc.

No. 1, Square Top,	\$ 3.00
No. 1, Oval Top,	4.00
No. 2, " "	6.00
No. 2½, " "	10.00
No. 3, " "	25.00
No. 3, for Power,	30.00

We also make No. 1, Brass, Nickel Plated, price, \$10.00, also, No. 2, price, \$13.00.

The No. 2½ stands eighteen inches high, occupies a space eight by eleven, weighs about 25 lbs., and will take in a piece of ice weighing 12 lbs.

The No. 3 stands two feet high, occupies a space fifteen inches square, weighs about 85 lbs., and will take in a cake of ice weighing 25 lbs. This cutter is so constructed that a pulley can be attached, to be run by steam or other power. It is the simplest, cheapest, most perfect and compact Ice Cutter in the market. It will easily break three tons of ice per hour.

Hundreds of testimonials might be given of families who are using them, but the machine recommends itself at sight. Address:

NEW YORK, *Sept. 1st, 1886.*

DEAR SIR :

The next filling of your Gas Machine will largely establish the quality of your light for all the next winter. Probably your next purchase of Gasolene will be the most important one of the whole year. We offer you our

"PURE SPIRITS"

in view of these facts, with great confidence. It is no idle boast that we who have been engaged in the manufacture of Gas Machines for 20 years are better qualified to judge of the wants of your Machine, and more directly interested in its continued success than mere oil dealers, who continually solicit your orders. Remember our brand and see that the words

"PURE SPIRITS"

appear conspicuously on every barrel.

Our Gasolene contains a larger percentage of the light gravities than any other now in the market, and is GUARANTEED. Order "PURE SPIRITS," TRY it, and you will use no other. We quote: 86, 14 cts., 88, 16 cts., 90, 19 cts. per gallon, delivered at any R. R. or Dock in this city. Discount allowed to purchasers of ten barrels or larger quantities. NO CHARGE FOR BARRELS, and full market price allowed for empty barrels returned to us in good order. Your orders solicited.

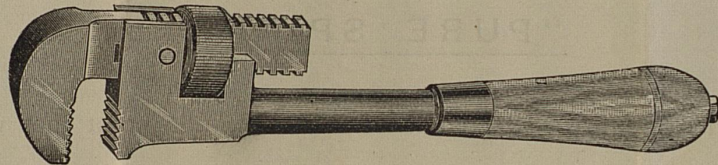

Very respectfully,

GILBERT & BARKER MFG. CO.,

Manufacturers SPRINGFIELD GAS MACHINE.
