Gentleman

I have your letter of the 15th inst before me, inclosing New York exchange for \$1824 which is just enough to pay the tax on two sections. I will say that you will have to send 50.00^{cts} to pay exchange as I cant get drafts cashed here without paying exchange. also you must give Abat. No. Cert. No. & Sur. No. of each section. before I can issue receipt. I paid \$100 to a land agent last year to find out your Abat Nos. & asked you to replace it & you did not do it & now I want you to give me this information & exchange & I will give receipts promptly yours Truly R. A. Ford Sheriff & Tax Collector Hale Co

STATE OF KANSAS, COUNTY OF COFFEY, SS.

I, H. B. Cheney, County Clerk, in and for said County, in said State, do hereby certify the foregoing to be a true and correct statement of all Levies for Taxes for the year A. D. 1889, duly made in accordance with the laws of the State of Kansas, on each One Hundred Dollars (\$100.00) assessed valuation of all taxable property in said County, in the amounts and for the purposes as above specified.

Witness my hand, and seal of said County, this 28th day of August, A. D. 1889.

H. B. CHENEY, County Clerk.

47-M-64

47-M-67

But in the mean time,
will do better for you if
I can

I have been figuring with
some other parties in regard
to a time lease but I presume
they would want a house
built expect to hear from
them soon

Yours very truly
C. C. Aiken

Richmond Kans 11/18/89

Mr J. K. Patterson
Dear Sir

Your favor received and
contents noted, Have made
no definite arrangements
yet with any one about
your land. It is a little
early yet I think to close
a bargain unless you
knew you had a good
thing. Young Logan
has been in this evening
and informs me that
you had written them
accepting their proposition
and instructed me to make
out the papers. But I do not

so understand your letter
I have questioned them as
to their proposition and
it is as follows viz
They will fence off 100 acres
to itself and break it out
for a 3 years lease of the
whole, and in case of sale
at the end of 1st year they
would ^{want} \$250 and sale at
end of 2^d year they would
want \$125.

Since you were here I
have thought I might
give you a racket on it
myself if you should
think best not to break
out any of it, and I think
this would be the least
trouble to you.

Where the grass is well
eaten out clover and blue

grass could be sown in the
spring and harrowed in
and if it was a favorable
spring you might get a
good set.

I can see Mr Smiley
and find out what
he would give for the
pasture.

I might tell you what I
thought I could do,
I will give you \$125
cash. (would prefer a little
time to make it out of
the pasture.) and will
sow what grass seed
you might want sown.
Now I don't care but I
think I could get some
cattle and make a little
something looking after it

Kentucky Military Institute,

NEAR
FRANKFORT, KENTUCKY.

THIS old and widely known Institution opened its 43d session September 10th, last, and will close June 19th, 1889.

The course of study embraces a wide field of literary and scientific training, with special departments of Civil Engineering and Analytical Chemistry. There is also a Commercial Course for those whose taste or time will not admit of a regular collegiate course.

The degrees of BACHELOR OF ARTS, BACHELOR OF SCIENCE and CIVIL ENGINEER will be given; also a certificate of proficiency in the Commercial Course.

An able Faculty gives instruction in the several branches of study.

The cadets board and lodge in the barracks of the Institute; and the utmost personal attention is paid to the studies, conduct, health, and general welfare of the cadet. This close supervision over the individual cadet—to make him a man and a gentleman, as well as a scholar, is the characteristic feature of the school. No institution in this country gives the cadet the same personal, FRIENDLY care.

The Superintendent, Professors and Cadets constitute a military corps. The discipline is firm, but kind; and the military drill is thorough and exact.

The location has long been noted for its healthfulness, beauty of scenery, and general desirability; and the buildings and grounds are admirably adapted to their purpose. The property was formerly a health resort, known as Franklin Springs.

The Tuition Fee is \$50.00, payable in advance; and the charge for Board, Lodging, Fuel, Lights, Washing and Medical Attendance, for the session, is \$200.00, payable half in advance, balance January 1st. Cadets entering after the opening of the session will be charged pro rata, for tuition, board, etc., only from the time of entrance.

The Uniform, consisting of Dress and Fatigue Suits, and Text-Books and Stationery, are estimated to cost about \$50.00, and must be paid for in advance.

The cadet must come well supplied with underclothing and an overcoat, and with the usual toilet articles. He must also bring with him, from his home, his own napkins and bed-linen, and a pair of blankets.

 Parents can spend the vacation here with their sons. They will find it a pleasant and healthful summer resort. It can be reached from Frankfort, on the Louisville and Nashville Railroad, or from Lawrenceburg, on the Louisville Southern Railroad, on a good McAdamized road—being about six miles distant from each point.

The Institute has Telephone and Telegraph communication with all parts of the country.

For further information, address

Prof Jas K. Patterson

Dear Sir.

I notice in your
tax receipt for Mch. 2-23-22 from
the executor 1³⁸ acres for Railroad right of
way, did you ever get your pay for
this, if not you are entitled to it, and
I have no doubt this paid in for you.
If you desire I will look it up. It is
no doubt a small amount but
worth looking after.

Yours Truly

NOTICE.

Taxes become due November 1st.

On taxes unpaid a penalty of 5 per cent will attach on the 21st day of December, 5 per cent on the 21st day of March, and 5 per cent on the 21st day of June.

If one-half be paid on or before the 20th day of December no penalty will attach on the half unpaid before the 21st day of June.

If all be paid on or before the 20th day of December a rebate of 2½ per cent will be given.

Land for delinquent taxes will be sold on the first Tuesday in September.

Tax deeds may be issued three years from date of sale.

Tax warrants will be issued between the 10th and 15th of January and July.

J. H. MADDEN,
County Treasurer.

OFFICE OF

COUNTY TREASURER,

LINN COUNTY, KANSAS.

Mound City, Dec 7th, 1889

G. D. Stinebaugh Esq
Ottawa Kansas.

Dear Sir

In reply to yours of Dec 5th in relation to delinquent tax of 1879 on E¼ 13. 21. 22 and Railroad damage fund allowed for land taken from NE¼ 2. 23-22. would say that the delinquent tax was incorrectly marked against E¼ of 13. 21-22 on the 1889 Roll. the Sales Book showing it to be against another tract in same section

There is railroad damage fund in the Treasury to the credit of L. W. Patterson as owner of NE¼ of 2-23-22 for land condemned and taken for right of way for Kansas Nebraska & Dakota Railway Co's railroad across the same. by Commissioners appointed for that purpose. amounting to \$3219

If Mr L W Patterson will

execute the enclosed receipt before an officer authorized to take acknowledgments, with said officers certificate attached, and return to this office. the money will be paid to him or his order. or if it is less trouble to obtain power of attorney, will pay to attorney in fact. upon return of receipt properly executed, and power of attorney.

Very Respectfully
J H Madden

James K. Patterson

West State College Kentucky

Dear Sir

I have written to our County Surveyor in regard to surveying the timber in Centerville and inclose his reply. Mr Sabin has not settled the ballance of the rent yet - but I believe will by handling him carefully as he is anxious to rent for next year. he has offered sixty dollars for it and two dollars per acre for what is brotce, but I can do better as the grass if good will bring from 75 to 175 per acre that will do to mow. do you wish me to pay the taxes this year. you did not say whether you expected me to pay them out of the rent as I remember. I have had no offer for any of the timber land as yet. and I have heard of no one wishing to purchase. The partition fence on the south between you and Mr Ingersoll will have to be made as he has notified me that I will have to make half of the fence. Would you wish more brotce on that old Correll spot - there is 20 or 25

acres more that is not fit to leave for grass, as it
is eat entirely out by the sheep, and could be
plowed the same as old ground and a good
crop raised the first year, any instruction
you may give will be strictly attended to

I am very truly
Yours
A. Santory

the public, the Company has arranged for unusually large and handsome offices at New York and London.

LONDON OFFICES.

The Company occupies the entire building at No. 13 Pall Mall, in the heart of the fashionable portion of London, opposite the Athenaeum, Travelers' and Reform Clubs, and near the foot of Regent Street, and the principal Hotels and Theatres, and has fitted it up for the comfort of its passengers and of the American traveling public generally.

The building is admirably adapted for the purpose, there being on the ground floor a large office for giving information and booking passengers. On the same floor is a comfortable smoking-room and lavatory. Upon the first floor there is a large reading-room, furnished with files of the principal American newspapers, Directories of the principal American cities, and other books of reference needed by travelers, with every convenience for writing letters, etc. There is also a handsomely-fitted ladies' room adjoining it.

A register will be kept of Americans in London who may call at this office. Letters can also be addressed to the care of the Office, and instructions left for forwarding them to the Continent or elsewhere. A cable code is being arranged for the use of passengers by the Line, for economy in telegraphing between London and the United States.

Americans staying in London for a long or short period, will have the privilege of using these facilities.

The city offices of the Company, 99 Cannon Street and 76 Leadenhall Street, still remain in charge of Messrs. EIVES & ALLEN, and berths may be secured and information obtained there as heretofore.

NEW YORK OFFICES.

At New York the Company occupies the large brick mansion at No. 6 Bowling Green, and extensive alterations have been made.

Upon the first floor are the general offices of the Line, with a spacious and thoroughly lighted and ventilated room for booking passengers, displaying plans of steamers, etc. There is also a Ladies' room.

A very large room upon the second floor is devoted to the use of travelers as a reading and writing room.

Letters addressed to the care of the office will be retained until called for, or forwarded, according to instructions.

New York, January, 1889.

WE take pleasure in announcing that the Company's magnificent new twin screw Steamships, "CITY OF NEW YORK" and "CITY OF PARIS," have been appointed to sail as per enclosed schedule. These Steamships mark not only a distinct step in the history of the Line, but in that of ocean transportation. They have already been very specially and accurately described in the public prints of Great Britain and the United States, and we therefore recapitulate only a few of the principal facts of interest about their dimensions, construction, etc., etc.

Breadth, extreme,	63¼
Depth, from top of upper deck cabins to bottom of keel,	59¼

Designed and sub-divided with **Water-tight Bulkheads** to the Upper Deck, with no openings through them, making them **absolutely unsinkable**.

Arranged to accommodate comfortably 450 First Cabin Passengers and 200 Second Cabin Passengers.

The First-Class Passengers are berthed in Sleeping Cabins upon the Main and Upper Decks, as usual, besides which, there are 43 Cabins on the Promenade and Saloon Decks, furnished as Sitting-rooms during the day, and available also for sleeping, if desired. Fourteen of these rooms are arranged *en suite*, with Sitting-room, Bedroom, Bathroom, and Toilet-room.

The time has arrived when we can bring to the special attention of the traveling public several details of very great interest, which have not been elaborated upon in the former descriptions of these ships. Among these, and prominently, are the special means taken to secure ventilation and lighting of all the rooms, so that all are equally comfortable, and that it will be unnecessary for travelers by these ships to make, as is usual now, a selection of certain locations for their rooms.

An improvement which will be highly appreciated by travelers and by invalids, is the location of the Kitchens; these are below, entirely isolated in a separate steel compartment, out of sight, and ventilated directly into the main smoke-stacks, so that no smell of cooking will be perceptible anywhere about these ships. Hydraulic power is employed instead of steam for the daily work of these ships, such as steering, hoisting stores, ashes, etc., etc. The hydraulic machinery is almost absolutely noiseless.

Attention is particularly requested to the special accommodations which are provided for travelers, and especially families, desiring greater privacy than is now obtainable on ocean steamships. These are the Suites and Deck Cabins. The former consist of Sitting-rooms, Bedrooms, Bathrooms and Toilet-rooms, all connecting, and every room furnished in the manner of those in the best private houses. The Deck Cabins are unusually large rooms, in which the berths fold up somewhat in the manner of those in Pullman cars, making of the bedroom a sitting-room for day use. Passengers occupying the Suites and these special rooms can have their meals served there, and the ability to, in this way, entertain friends or acquaintances who may be fellow-voyagers, will furnish an attractive novelty in the daily routine of the voyage. The large number of regular staterooms are of greater size than usual, and they are all very elegantly furnished. Great attention has been paid to the needs of passengers in respect to convenient location of bathrooms and toilet-rooms. The plans show the liberality with which these accommodations have been provided.

A special feature of these ships is the accommodation for the **Second Cabin Passengers**, which is more complete than anything heretofore attempted. These passengers are carried on the same decks as the First Cabin, and have a special appropriation of 125 feet of the Promenade Deck, with a plentiful supply of seats and a spacious Smoking-room. They have their special Saloon on the Upper Deck, and all their rooms are fitted with electric lights and ventilated, while they have a plentiful supply of baths with hot and cold water and lavatories. Their Staterooms are superior to the First Cabin of many steamers.

The ventilation, sanitary arrangements, plumbing, etc., have received scientific care, and the usual natural ventilation now existing in the best passenger steamers is supplemented by fans driven by electricity, so that uniform liberal circulation of air is secured without dangerous drafts. All rooms are equally well ventilated.

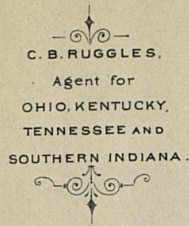

Berths can now be engaged for the season of 1889, and intending passengers are recommended to make early application for berths and staterooms.

In connection with this great improvement in the fleet, and to provide commensurate facilities for the transaction of its business with

Dear Sir:-

Your kind favor of the 9th. to D. Appleton & Co. New York has been forwarded to me as I am the agent of that house and have the state of Kentucky. I have read your communication with interest and I take pleasure in mailing you this morning a copy of "Eggleston's History of the U. S." Please accept this book with the compliments of the house. Would you have the kindness after examining this work to write me what you think of it? I should be very glad to get your opinion whether favorable or unfavorable. Inclosed I send you our special price list giving terms for first introduction of all our educational works. At any time when you desire to examine any of our books I shall take pleasure in furnishing them to you for that purpose. Hoping to hear from you at an early day, I remain,

Yours Most Truly,

C. B. Ruggles.

State National Bank.

St. Joseph, Mo., January 20, 1890.

DEAR SIR:

The stock of the State National Bank has all been placed, as previously advised by our broker, Mr. Wm. A. Wilson, who has also made the call for February 1st, and I will now ask you to please be kind enough to remit the same so it will arrive here by February 1st. I want the good wishes and hearty co-operation of every stockholder, and will ask you to feel free to command me at any time; and if you have at any time any suggestions to offer, do so, as it will be my aim, in conjunction with the Board of Directors, to run this bank for the benefit of the stockholders and the customers, in the most careful and conservative way possible. I will be gratified to have a personal visit from you at any time, and if you do so, I think you will be pleased with our city and your investment. Where and whenever it is possible to say a good word and influence business to our bank, please do so.

The first call is \$56.00 per share, and \$10.00 per share on the first of each month thereafter till paid up in full, as per terms of subscription. Receipts will be sent for each installment. Or, if parties desire to pay up in full on February 1st, they may deduct 62½ cents per share and remit in full. When shares are paid for in full, a stock certificate will be sent at once.

The number of shares awarded you is 30.

Respectfully,

Josh. Patterson

Mr President

Sorry indeed to know
 you are tied up, I am been quite
 down myself - for a few days
 but am so busy I can't find
 time to lay up for repairs, your
 letter of 27th came in with our
 mail yesterday morning, I sent the
 money yesterday afternoon for \$64 call
 on St. Joe and will see that you
 get the \$405 M when you want it,
 we had to be discount - about
 10 M again yesterday and am
 carrying full up which by the way
 is as I see it the way a small bank
 must do to make money, there
 seems to be a lull in Northern &
 other local stocks except Fayette
 which since its 50¢ adv. is up to 180¢
 in good demand, I have a lot of 200,

J. W. BERKLEY, President.

W. J. LOUGHRIDGE, V. President.

OFFICE OF THE
NORTHWESTERN MUTUAL LIFE INSURANCE CO.

MILWAUKEE, January 20th, 1902.

To the Trustees and other Policy-holders of the Northwestern Mutual Life Insurance Company.

The Executive Committee of the Board of Trustees submits its report of the business of 1901, found herewith in detailed statements, before entering upon which, however, a few words may be fitting:

The official investigation of a leading life insurance company, and widely published letters from the presidents of two other leading companies, mentioning reinsurance and more conservative methods of securing and transacting business, have largely centered interest in life insurance matters during the past few months, and have very naturally suggested to the public that reform is necessary in some of the methods and practices that have recently grown up in carrying on the life insurance business.

The Northwestern is an advocate of reform, first of all within itself if needed; then wherever and whenever needed. Believing it to be better and better for any institution to find its own opportunity for improvement, its practices always have been welcome reinsurance or amendment desirable, to benefit both the Company better in such regard. This Company has from the beginning aimed to conduct its affairs in all departments with a rigid adherence to sound and honest business principles and economy, and to continue in its service only those whose work here evidences efficiency and integrity.

Reform in life insurance methods is considered necessary, first, in the character and quality of business obtained; second, in the expense of securing business and administering company affairs; and third, in the investment of trust funds. Pledged as the Northwestern has been and is, to increase its strength and worthiness from year to year, let its executive policy the Company's record in the above particulars. The standard of membership in this Company has always been high; higher indeed, in 1901 with a new business of six-and-a-half millions than ten years before with a business of only fifteen millions. The average death rate of the Company during the past

twenty years was 1.86; during the past fifteen years, 1.47, during the past ten years, 0.97, during the past five years, 0.56; during the past year, 0.53, and lower during each period than the death rate of any other leading company.

The supremacy of the Northwestern among its principal competitors, in point of interest rate, continues. Comparison of this report with statement of last January, will show that the rate actually earned in 1901 was 5 1/2 per cent. on the assets at the beginning of the year*. The same well-known, careful and exact standard and methods govern the investment of its funds, and we think no other company can show its entire "reserve" invested in first mortgage bonds. In 1901 the amount added to surplus in the Northwestern exceeded that of any other company, while in 1901 this increase was fifty-two per cent. larger than in 1900. Figures on any of these points, in other companies, are not made public. Relative to the expense of securing new business, our Company has not for years, in a single instance, paid salary to any general or soliciting agent; while the grade and rate of commission paid for business is no higher than eight years ago. The "Ratio of Expenses and Taxes to New Business," during 1901 and 1900, was lower in the Northwestern than in any other regular company, and lower still in 1901; moreover, our Company, during each of the years 1900 and 1901, after deducting expenses, losses, endowments, dividends—in fact, all disbursements—had a larger percentage of income remaining for investment than any other company in the United States, with a single exception, one of the smaller companies. In 1901 the Northwestern had all the companies in this report, our ratio that year being fifty-three per cent. higher than the average of the ten largest companies, and twenty per cent. higher than that of the company standing second. The Company's record in this regard was six per cent. higher last year than in 1900. It is also proper to state in this connection that our Company, during 1901, in collecting nearly nine millions of dollars in premiums, lost through its agents only \$71.96, or less than one one-hundredth of one per cent. In 1901, in collecting over one million of dollars, it lost nothing.

Our policyholders have become willing to waive the distinction of belonging to the largest company in the world, to have experimentally found that such results as the foregoing, means not only increased and increasing solidity and strength, but annual and substantial benefits to them not equalled by any other company in the world.

Interest accrued but not due, extends some ten year ago but over \$10,000.

The Company, during the past year, paid dividends on its first ten-year term policy, issued in 1901, that proved very satisfactory, and justify the belief that, whatever the results under such policies may be in the future, they cannot fail to yield larger surpluses for premiums paid than any other form of life and investment insurance in this or in any other country.

The new business of the Company was larger in 1901 than during any previous year; the business each month of the year being larger than in any corresponding month in the Company's history. The steady growth in this regard may be seen from the following table:

YEAR.	NO.	AMOUNT.	PERCENT.
1897	11,900	\$20,148,905 00	\$1,200,132 68
1898	13,321	40,253,341 00	1,728,428 68
1899	14,631	40,025,272 00	2,084,023 99
1900	15,242	52,117,112 00	3,467,625 98
1901	16,824	64,262,201 00	4,213,114 47

Adding reinsurance, etc., as is done in the official reports of Insurance Commissioners, as well as in the advertisements of other companies, the amount of new business of the Company written in 1901 was \$8,398,472.

The work of the Loan Department shows a larger amount of money loaned than during any previous year, \$13,384,034.25. Following is a statement of loans made on bond and mortgage for five years last past.

YEAR.	LOANS ON BOND AND MORTGAGE.	TOTAL AMOUNT OF ASSETS.
1897	\$ 5,238,873 77	\$31,431,495 86
1898	6,445,373 68	37,762,737 01
1899	6,807,572 34	39,048,433 22
1900	8,219,701 31	44,646,025 41
1901	10,264,928 25	60,710,027 41

The assets January 1st, 1902, were \$48,286,715.45.

The income for 1901 was—

Premiums and Amortization	\$10,111,607.75
Interest and Rents	2,420,735.51
Total	\$12,548,479.71

The surplus over a four per cent. reserve is \$7,891,700.55.

The whole number of policies in force January 1st, 1902, was 113,038, amounting to \$775,674,570, an increase for the year of 10,000 policies and \$20,970,946 insurance; probably no other

large company can show such a proportion of insurance gained as compared with new business written during the year.

The death rate for the year was 0.53 of the mean amount at risk. The average rate of all companies reporting to the Massachusetts Insurance Department in 1901, was 1.54.

During the fifteen years the Company commenced business it has paid to the representatives of its insured policy holders, for death benefits, matured endowments, surrendered and liquidated, \$20,348,598 25. And to its living policy holders and hold-overs, \$10,700,624 74.

Total amount paid to policy holders and hold-overs for benefits, \$31,049,223 00.

Amount paid to policy holders and hold-overs for premiums received, \$11,135,593 91.

The payments to policy-holders added in the present assets amount to over eleven millions more than the entire premiums received.

The annual statement herewith shows the income and disbursements for the year 1901, and the amount of the assets, liabilities and surplus thereover. The assets have increased \$6,472,842.45 during the year, and the surplus, \$1,397,037.07. The statement shows that the securities in which the assets are invested are of the superior quality required by the charter and justified by the experience of the Company.

The examining committee of the Board of Trustees, consisting of Messrs. A. P. WATERMAN, GEO. F. WHEELER and P. F. ADAMS, are now engaged in the examination of the business for the six months ending on the 31st of December last, and will submit their report to the Board at the meeting to be held on the 6th inst.

H. L. PALMER, C. N. NASH,
MATTHEW REISNAU, W. F. McLELLAN,
GEO. W. WHEELER, CHARLES E. EYER,
WILLIAM MERRILL,
Executive Committee.

We have not completed a careful examination of the books and accounts and find that the accompanying statement of the condition of the Company on the thirty-first day of December, 1901, is correct.

A. P. WATERMAN,
GEO. F. WHEELER,
P. F. ADAMS,
Examining Committee of the Board of Trustees.

NORTHWESTERN MUTUAL LIFE INSURANCE COMPANY.

OVER \$68,000,000 IN 1891.

The above table includes only new policies, including reissues, etc., as is shown in the official reports and as in the advertisements of other companies; the general list of business of the Department in January 1902 was \$100,000,000.

47-N-04
OLD AND SECOND-HAND BOOKS.

THE extensive experience of this Agency in the selection and purchase of rare old books and manuscripts is placed at the service of book Collectors in the United States. Book auctions are carefully watched and good knowledge kept of the stocks of the old booksellers of Europe. Lists of desiderata have the best attention, and in the selection of books the most careful comparison of copies is made.

Advance copies of sale catalogues, when they are printed in sufficient time for orders to be sent before the sale takes place, are supplied when desired.

Special attention is also paid to binding old books in the most appropriate manner by the best English and French binders.

Circulating Library copies of new books are usually to be had three to six months after publication at considerably reduced prices, and when put into half morocco binding make handsome books at low prices.

Engravings, Drawings and Paintings, Philosophical Apparatus, Scientific Instruments, and all other wants of libraries receive due attention.

This being a strictly ready-money commission business, it is necessary that orders should be accompanied by funds, and that current accounts should be kept well covered.

Remittances to B. F. Stevens, 4, Trafalgar Square, Charing Cross, London, England, may be made in sterling by Bankers' drafts, or Post Office orders on London; or in American currency at five dollars to the pound sterling, this being 25 cents to the shilling. For odd amounts send postage stamps.

The New York agents of B. F. Stevens are Messrs. TICK & LYNCH, 34 1/2, Pine Street, who will supply copies of this list, and receive payments on his account.

*B. F. Stevens, 4, Trafalgar Square,
Charing Cross, London, England.*

NEWSPAPERS AND MAGAZINES
AT ENGLISH PRICES.

EWSPAPERS and Periodicals at the price of publication and postage are mailed to subscribers in the United States on the days of issue, and so reach subscribers at the earliest possible day and at economical rates.

Subscriptions, payable in advance, may usually commence at any time and be taken for any period. Sample copies will be supplied upon application with remittance.

Remittances may be made by draft, P.O. Order or Currency direct to B. F. Stevens, or to his New York agents, Tice and Lynch. See last page.

Illustrated periodicals may be sent by mail, rolled, in cardboard tubes, at the additional cost of the tubes and extra postage.

The postage from London to any part of the United States on newspapers, magazines, and books is one halfpenny (one cent) for every two ounces up to four pounds weight.

B. F. Stevens, 4, Trafalgar Square,
Charing Cross, London, England.

EVERY READER HIS OWN IMPORTER OF
ENGLISH BOOKS AT ENGLISH PRICES AT
TWENTY-FIVE CENTS TO THE SHILLING.

B. F. STEVENS'S American Library and Literary Agency was established in London in 1864 for the supply of European books to Public Libraries and private collectors in the United States. The facilities and economies offered by this agency to book buyers in America include:—

Prompt execution of orders. All books are despatched by early mail or steamer.

NEW BOOKS are charged at trade prices, which are usually twenty-five per cent off the price of publication.

OLD OR SECOND-HAND BOOKS are charged at lowest nett prices.

Commission of ten per cent on trade and nett prices.

Book postage to America is only one halfpenny for every two ounces up to four pounds weight.

Small quantities of books may be included in B. F. Stevens's weekly shipments to his New York agents, each package being charged with its proportion of freight, expenses and clearance at the Custom house, exclusive of duty, thus making the cost of transit very moderate. Larger shipments are consigned as the buyer instructs.

The discount off publication price is about equivalent to the cost of freight or postage and commission; hence in making purchases of new books it is safe to estimate that the books would be received at a cost of 25 cents to the shilling (publication price) exclusive of duty, if any.

Priced lists of current publications, with publishers announcements and literary notices, are printed in the *Publishers' Circular*, issued fortnightly, and in the *Bookseller*, monthly. Special attention is paid to forwarding catalogues of English and Continental publishers and booksellers when desired.

Superior Library Binding can be done in half levant morocco in a few days, and costs considerably less than in the United States.

The United States duty of twenty-five per cent is taxed on the nett prices of books printed within twenty years. All older books are duty free.

Public Libraries, Colleges, Academies, and other incorporated institutions are entitled to make all their importations free of duty.

47-M-64

CHEMICALS.

This Set is adequate for the performance of most of the Experiments in Text Books on Chemistry.

SUCCESS AT LAST.

WE CAN NOW OFFER YOU

DUSTLESS CRAYONS.

NO GRIT. NO SCRATCHING. NO DUST. ERASES EASILY:

PRICE PER DOZEN, 25 CENTS. PER GROSS, \$3.00.

There are many so called **DUSTLESS CRAYONS** in the Market but these are **ABSOLUTELY DUSTLESS.**

One gross will outlast many gross of ordinary Crayons. Common Crayons cannot be used on the same board with the **Dustless**, as **Dustless Crayons** leave the surface too smooth for ordinary **Crayons**, whereas the board never gets too smooth for the **Dustless Crayons.**

Should you ever desire to use the ordinary crayons again, you can remove the smooth surface on the blackboard with a small quantity of ammonia, but you will never want to see the dusty Crayon again, as relief from **dust** can only be obtained by using our **Dustless Crayons.**

NOW READY!

NORTH AMERICA

SIZE, 52 by 43 inches. Scale, 113 miles to an inch.

In the preparation of this Map, which comprises the entire Continent of North America, and extends to the farthest known Northern Regions (Greely), all recent available material and information has been utilized. Within British Territory extensive compilations have been rendered necessary, as the result of Government Exploration, Railway and other Surveys. For the selection of names in the United States, the Government Census Tables, 1880, have been used, and all places of significance inserted. An Inset Map gives, on an enlarged scale, the Atlantic States between Washington and Boston. Mexico represents, so far as the scale would admit, the many modifications in topography which recent years have made known.

Throughout the Map, Railway connection between all places of importance is distinctly marked. The engraving has been carried out by experienced hands, and special attention has been given to the printing and coloring, in order to secure the best results.

AIDS TO THE STUDENT OF SCRIPTURE

CONTAINED IN

COLLINS' TEACHERS' REFERENCE BIBLES.

THESE helps have been arranged with such care and fulness in detail that it is confidently believed the student of Scripture will find within the compass of his Bible every reference needed for its careful study. The best authorities on special parts and topics of the Bible have been called upon, and have contributed to form the most complete set of teachers' helps now offered. An enumeration of the entire contents is here impossible. A summary is given below, but the value and extent of the aids can only be justly estimated by their use. It will then be found that they give accurate and recent information on a most comprehensive range of biblical subjects.

Some of the more interesting and important articles are :

On HEBREW POETRY, by REV. T. K. CHEYNE, D. D., Oriel Professor of Interpretation, Oxford.
On MUSIC, DR. J. L. STAINER, M. A., Organist of St. Paul's Cathedral.
BIBLE ETHNOLOGY, REV. A. H. SAYCE, M. A., Oxford.
PLANTS, S. J. HOOKER, K. C. S. I., C. B., F. R. S.
ANIMAL CREATION, DR. TRISTRAM, LL. D., F. R. S.
JEWISH SECTS AND BIBLE CHRONOLOGY, REV. T. G. GREEN, D. D.

2

SUMMARY OF CONTENTS

of the Aids to the Student of the Holy Bible contained in Collins' Teachers' Bibles.

Concordance of Bible Words, with their Context (over 40,000 references).
Index to the Persons, Places, and Subjects of the Bible (16,000 references).
Dictionary of Proper Names, with their meanings and a revised pronunciation; by REV. T. K. CHEYNE, D. D.
The Symbolical Language of Scripture.
Glossary of Bible Words (with a table to find each psalm by its first line). REV. J. R. LUMBY, D. D.
Parables and Miracles in the Old Testament. Rivers of Scripture.
Miracles and Parables of Jesus. Bible Calendar.
Prophecies relating to Jesus Christ. Coins, Weights, Measures.
Prayers of Jesus. Trees, Shrubs, Herbs, Flowers.
Analysis of Sermon on the Mount. Birds, Reptiles.
Notes on the Lord's Prayer. Music, Poetry.
Physical Features of Palestine. Historical Epitome.
Remarkable Mountains and Hills mentioned in the Bible. Jewish Sects and Orders, etc., etc.

And COPYRIGHT MAPS from recent Surveys INDEXED on a new plan.
The whole revised and brought down to date.

Moral virtues	PROVERBS, XV.	and contrary vices.
1 Judeth it not: but knowledge is easy unto him that understandeth.	B.C. 1000.	29 He that is slow to wrath is of great understanding: but he that is hasty of spirit exalteth folly.
7 Go from the presence of a foolish man, when thou perceivest not in him the lips of knowledge.	CHAP. 14.	30 A sound heart is the life of the flesh: but envy the rottenness of the bones.
8 The wisdom of the prudent is to understand his way: but the folly of fools is deceit.	Eccl. 17, 24.	31 He that oppresseth the poor reproacheth his Maker: but he that honoureth him hath mercy on the poor.
9 Fools make a mock at sin: but among the righteous there is favour.	1 La. 12, 30.	32 The wicked is driven away in his wickedness: but the righteous hath hope in his death.
10 The heart knoweth his own bitterness: and a stranger doth not intermeddle with his joy.	1 Cor. 3, 19.	33 Wisdom resteth in the heart of him that hath understanding: but that which is in the midst of fools is made known.
11 The house of the wicked shall be overthrown: but the tabernacle of the upright shall flourish.	Eccl. 10, 23.	
12 There is a way which seemeth	1 Job 8, 15.

The people murmur.	EXODUS, XVII, XVIII.	Amalek discomfited.
30 So the people rested on the seventh day.	B. C. 1491.	7 And he called the name of the place Massah, and Meribah, because of the chiding of the children of Israel, and because they tempted the LORD, saying, Is the LORD among us, or not?
31 And the house of Israel called the name thereof Manna: and it was like coriander seed, white; and the taste of it was like wafers made with honey.	CHAP. 16.	8 ¶ Then came Amalek, and fought with Israel in Rephidim.
32 ¶ And Moses said, This is the thing which the LORD commandeth, Fill an omer of it to be kept for your generations; that they may see the bread wherewith I have fed you in the wilderness, when I brought you forth from the land of Egypt.	Numb. 11, 7.	9 And Moses said unto Joshua, Choose us out men, and go out, fight with Amalek: to-morrow I will stand on the top of the hill with the rod of God in mine hand.

Tidings sent to David.

2 SAMUEL, XIX.

He mourns for Absalom.

Joab's armour compassed about and smote Absalom, and slew him.
16 And Joab blew the trumpet, and the people returned from pursuing after Israel: for Joab held back the people.
17 And they took Absalom, and cast him into a great pit in the wood, and laid a very great heap of stones upon him: and all Israel fled every one to

1 Ps. 49, 11

fell down to the earth upon his face before the king, and said, Blessed be the LORD thy God, which hath delivered up the men that lifted up their hand against my lord the king.
29 And the king said, Is the young man Absalom safe? And Ahimaaz answered, When Joab sent the king's servant, and me thy servant, I saw a great tumult, but I knew not what
