My Dear Sir -

I was unanimously elected to the Presidency of this College recently, and that too, over some of Georgia's best known and most highly educated teachers. Among the testimonials that I printed was one from you, sent down in '80. It gave great weight. I have a good building, a pleasant little city and the hearty support of its citizens.

My prospects are flattering indeed.

With best wishes for the Ky. A. & M.
I remain,

Truly yours,

E. McCully
