I enclose herewith a paper signed by all the occupants of the Dormitory except the three newcomers boys and Burton. I do not think the former had any immediate connection with the work but think the two older ones know of some of the parties who had -

In reply to your communication of the 14<sup>th</sup> Inst. directing that the Board of Military Control be convened for the purpose of taking into consideration the unnecessary noise and time lost in the change of classes; <sup>I would say that</sup> the ~~boys~~ Board considered the matter carefully and makes the following recommendations.

That the Collegiate including the Normal Classes be formed in the upper hall of the building.

That the preparatory classes form in the lower hall. That the sections be marched immediately to the class rooms after being formed and that the officers of day go to each room for the absentees.

That parties reported for noise or disorder be promptly and severely punished.

That a reliable time piece be provided in the main hall and suitable precautions be taken to prevent its being tampered with.

Dear Sir.

Cadet J. W. May was called before the Board of Discipline on the 5<sup>th</sup> Inst charged with disorderly, disrespectful, and insubordinate conduct on the drill ground on the 2<sup>d</sup> Inst. Also using threatening and abusive language toward the Captain of his Company - The Board found him guilty of the charges and recommend that he be brought before the College Society for dismissal. The board is of the opinion that the fact that cadet May has been twice before the Board during the past week should be considered in connection with the present charges.

Dear Sir:

I have the honor to report that E. L. Crystal was this day before the Board of Discipline for getting <sup>up</sup> on the seat in privy with his feet and general bad conduct as shown by the large number of demerits that have accumulated against him on the record book.

After maturely considering the case the Board recommends that it be referred to the college faculty.

Pres Patterson -

I would recommend that Profs. be requested to appoint Section marchers - either alphabetically or according to class standing. So that in case the regular section marcher is absent the next man can take his place and call the roll - Under the present arrangement, if the section marcher is absent there is no one to call the roll and there is more or less confusion. and no one to report absences to the Officer of the day -

Very Respectfully  
D. H. Clark
