Dear Sir: - Please send
you "ad" direct to Van Antwerp
Bragg, + Co. + do so at an early
day.

I will submit them by this mail.
This is to be an excellent volume
of proceedings. I think it will
compare with the work of the
A. S. A. more than parably.

I am surprised to find so much
opposition to the College - I am assured
that I am doing all I can
to sustain it + do not fear
results. This, I think, will finally
show it a hearty support -
