

WEST VIRGINIA UNIVERSITY.

DEPARTMENT OF CIVIL AND
MINING ENGINEERING.

JOHN L. JOHNSTON,
PROFESSOR.

MORGANTOWN,

June 25th

189 J

This is to certify that I have known
Mr. J. W. Laurel throughout his college
course, and have been his instructor in
Civil & Mining Engineering, and I consider
him one among the brightest and best
students the W. V. U. has ever turned
out. His attainments in the fields of
technical science are of the highest order,
and I heartily recommend him as being,
in my estimation, all the essentials of a
successful educator and instructor. He is
especially proficient in Higher Mathematics
and Mechanics.

Respectfully

John L. Johnston
