UK Lifts Out-State Restrictions

Registration Open To All Applicants; 7,000 Fall Estimate

All restrictions on the number of out-of-state students who may attend at the University have been lifted, and all applications for admission are now being accepted, Miss Maple Moore, assistant registrar, announced this week.

The rescinding of a policy which has been used during the back-to-school movement of returning servicemen, Miss Moore predicted, may increase fall quarter enrollment to more than 7,000 students, of which 25 per cent probably will be from other states. This compares with the 12 per cent of the total enrollment open to out-of-state students this year.

Miss Moore stated that it is too early to form definite estimates of the summer and fall enrollment statistics, and that figures released at this time are broad approximations.

Outside Mail Heavy
A check of the correspondence in the registrar's office over a recent seven-day period showed 69 per cent of the mail to be coming from states other than Kentucky. This is an extraordinary high figure, Miss Moore indicated, but it includes correspondence from students all over the country who are in the process of "shopping" for a school to enter either this summer or fall. There are at present no plans to restrict again admissions from other states, but if it becomes necessary "distancing" standards of academic requirements may be required. At present, an out-of-state student with an advanced standing must present a "C" average to the registrar's office before being accepted for admission.

Beginning with the summer quarter, the enrollment fee for out-of-state students will be \$75 per quarter as compared to the present figure of \$57.50, she said.

Clark Speaks On Editors

By John Irvin
Turning South Kentucky editor "the patron saint of the South," Dr. Thomas D. Clark delivered the annual address in a science lecture Wednesday night in Memorial Hall.

Clark, editor and author of "The New South," the UK history department head, recently selected as "Distinguished Professor" for his standing of 23 or higher, will be presenting a paper on "The New South" at the annual meeting of the American Historical Association, which will be held in Chicago, Ill., Dec. 29-31.

Clark spoke on research work done while taking the leave, being chosen for the honor last year.

Tracing the development of the South through the years, Clark stated that country papers of the era following the Civil War "portrayed faithfully" the life and times of the period. The papers' "editorial bias" was toward the "portrayal of the South as a land of opportunity and progress, and of the need for better schools to correct wronged ladies."

Clark declared that the most realistic community problem after the war was the lack of good roads to the South. The editors realized that "economic shortcomings, even beyond the damnable political practices of the day, held the region back," he stated.

Other campaigns which the southern editors led included movements for better schools and the employment of criminals in humane but non-competitive work which would be profitable to society.

In concluding, Dr. Clark again expressed tribute to "the country editor in the New South" and said that he was responsible for "whatever progress resulted, and whatever attitude the southern community adopted toward his community responsibilities as a citizen in a democratic society."

Annual May Day Celebration Set For Tomorrow Afternoon

Kentuckian Slips Ready Next Week

Office To Be Open Every Afternoon, Harris Says

Mimeographed forms on which students may furnish their mailing address for the 1947 Kentuckian can be obtained in the basement hallway of McVey hall next week. Charles R. Harris, yearbook business manager, announced yesterday that distribution of the yearbook is being made by mail because of a delay of several months in its publication.

The Kentuckian office will be open from 1 to 5 p. m. Monday through Friday afternoons, and students who reserved a copy last fall with a \$2 deposit must pay the \$2 balance due when the mailing address is presented at the office, he said.

Graduating seniors and students who made a \$4 deposit will not be required to make any additional payment. However, they must complete a form showing their mailing address if they want a copy of the yearbook, Harris said. Graduates during the summer of 1946 and August, 1947, periods are entitled to a 1947 Kentuckian after payment of the graduation fees.

The book this year will be the largest Kentuckian published in the University's history with more than 350 pages of pictures of juniors from fraternities and society groups, campus organizations, snapshots, Kentuckian Beauty Queen members, and two rushings of other special features, he added.

Keys To Select Pledges At Party

Keys, sophomore men's leadership society, will entertain members, former members, and their dates with a river party tomorrow from 3 to 11:30 p. m. at Booneboro beach. John Crockett, president, has announced.

New pledges of the honorary will be selected from the group of rushees invited. One outstanding sophomore from each fraternity will be chosen for membership; the other will serve as alternate. The scholastic standing has been raised to 2.0.

Dr. Beck, Bob Puryear and Charles Whaley are in charge of arrangements. Chaperones will be Dr. and Mrs. M. L. White and Mr. and Mrs. Andy Anderson.

High School Musicians Attending Festival Here

The second section of the 23rd annual Kentucky high school music festival began on the University campus yesterday with over 2,500 outstanding student musicians in attendance from an estimated 32 schools throughout the state, Prof. Louis Clifton, director of University extension, has announced.

Attended by more than 2,500 high school students and their teachers from approximately 70 state schools, the first part of the traditional festival was held at the University April 24-26 and consisted of competition in 14 different vocal events and two piano events.

Participants in the state festival are top-ranking student musicians selected following competition in regional elimination contests held early last month. The University extension and music departments act as joint-hosts to the pupils and their directors.

Events Open To The Public
Events of the second section of the festival Thursday through Saturday are open to the public. Activities are scheduled to be held in the Student Union building, Memorial Hall, Alumni gymnasium, and Lexington Henry Clay high school, and will be open to the public, Mr. Clifton said.

Beginning last evening three sections of the program are being run simultaneously. String solists, trios and quartets will be heard as will ensembles in saxophone and clarinet ensembles. Today's sessions will be devoted to other instrumental solists and small ensembles. Bands and orchestra ensembles from 41 high schools will play tomorrow in the gymnasium, Memorial Hall, and Henry Clay high school. There will be a public address system and a radio and television instrument

Candidates for "K" Queen, from whom one will be selected to reign tonight at the second Blue-White intrasquad football game, are, bottom row, left to right, Doll Price, Ashland, Kappa Delta; Betty Henshaw, Lexington, Delta Zeta; Buff Allard and Jean Stephens, Lexington, Alpha Gamma Delta; back row, left to right, Mary Montague, Cincinnati, Alpha Delta Phi; Nancy Sherrer, Lexington, Chi Omega; and Cely Mantle, Ashland, Alpha Xi Delta.

Grid Tilt To Be Scene Of 'K' Queen Coronation

By O. C. Hayward
Tonight's Blue and White game, last opportunity for Lexingtonians and students to see the 1947 Kentucky Wildcats in action under fire before their opener next fall, will bring together two as evenly matched teams as ever met on the gridiron.

Between halves of the game Miss "K" will be presented to the crowd by the "K" club and her attendants will share a box on the fifty yard line for the scrap.

The game scheduled for 3 o'clock under the Stoll Field lights will be the second for the squad and will be the teams much more equally balanced than before and many of the freshmen wiser from experience than last year's regular season contest.

Admission for the game will be \$1.00 to nonstudents and \$3.00 to students with all benefits going to the "K" Club, the organization of varsity lettermen on the campus.

Coach Bryant has named four seniors to act as co-captains in this last spring game for the many seniors on the squad. The White team will be led by veteran center Jay Roodeneyer, and fullback Bill Moseley. The Blue Blot will be two linemen, Chick Seigel, and Leo Yarus.

Coaches Frank Massey and Joe Atkinson will handle the runs for the Whites, and Charlie Leslie, Mike Ballistrari, and Ernie Allen will handle the Blues with Bryant taking a seat on the side to watch the operation.

Coach Bryant's seasoned players will probably be the outstanding ones in tonight's game. However, freshmen like Dick Martin, Paul Jones, Len Kuback, the B's m brothers, and several others aren't to be overlooked. In fact if the game develops into the nip and tuck scrap that it promises to, then it may be some unusual freshman who marks the difference.

The probable starting line-up:
BLUE Position No. WHITE
2-Snell LB 38-Hendry
41-Perrell DT 46-Serbin
24-Lewis LG 24-Prosten
43-Ulnal C 32-Rodriguez
21-Vandergriff RB 27-Holmes
44-Giffin RB 37-Jones
46-Rodman QB 26-Burley
42-Bledsoe QB 24-Boyer
3-Martin TB 22-Hillings
28-Trawan FB 40-Moseley

Grid Ticket Prices Upped
Faculty and staff members of the University will pay one hundred per cent more this year than last fall for football tickets and they will be divided into two priority categories for allotment of their tickets, according to reliable reports received yesterday by The Kernel.

Bernie A. Shively, athletic director, refused to confirm or deny the report. No information could be obtained concerning the further report that staff members of the University who hitherto have been permitted to purchase two tickets at faculty rates, this year will be allowed only one ticket.

In the past members of the faculty and staff have been allowed to purchase two tickets at \$5 each. This year, according to the information obtained by The Kernel, faculty members will be allowed one ticket at \$10 and one additional ticket at \$12.75, the price of a regular reserved seat season ticket.

The Kernel was unable to ascertain what priority, if any, would be accorded veterans who last year received faculty rates. It did learn that details of the priority system being planned by the Athletic Association will be released next month, and that a general price increase for all season tickets is contemplated.

A University authority, questioned by The Kernel, questioned the reported hike in ticket costs for faculty and staff members, said that it was his impression that the new charges would not be out of line with costs at other Southeastern schools.

Sprows Plants ATO Pin On Filmdom's Bugs Bunny

By Frances Jenkins Anderson

What's up doc? and since when have rabbits started going Greek? Well, mind you, not just any rabbit can make the grade, and up to now only the famous "Bugs Bunny" has attained this honor.

Here's how the "wittle wabbit" did it.

Once upon a time there was a commander of a field artillery battery (namely Claude Sprows) who had the fortune of having a lad in his battery who was employed as a cartoonist with the Leon Schlesinger Productions, originators of "Bugs Bunny."

"Bugs" became the pin up boy of the battery, and before long, with the permission of Mr. Schlesinger of course, an original design of the "wabbit" was drawn by the cartoonist and was put on each of the batteries six field pieces.

Then the war was over, but Claude brought his love for "Bugs" back to the University and then into his fraternity, ATO. His next step toward making favorite pin up boy a fellow frat member was to get approval from Warner Bros. Studios, which has taken over the Schlesinger Productions. This was done, and the lad who made the design for Claude's battery designed a new bunny.

But this design is different as you can see, for "Bugs" has now become an "active" of Alpha Tau and is now sporting a big ATO pin.

Posto Scripto—Here's to lots more little ATO's.

Tuition Raise**

Denying campus rumors that resident tuition will be doubled in the fall, Dr. Leo M. Chamberlain, University vice president has announced that any change would be only a modest one and that he knows of no contemplated raise.

"We will admit any time that the fees are under constant scrutiny on account of the demands against the University, the economic situation, and tuition charged by other schools," Dr. Chamberlain said.

"The University resident fee is somewhat lower than that of other southern schools, and there would be some basis for a slight raise, however, there is no likelihood that any change will be made," he added.

UK Netters Meet Irish And Cincy

By Kent Hollingsworth
The UK tennis team soundly trounced Berea Academy last Tuesday by a score of 8 to 1. After Powers and Hines took the first set in the number three doubles, 6-0, it looked like the Wildcats would have a perfect day, but Berea rallied and won the match 6-6, 6-2, 6-2, for their only point.

Points from this meet brought Wildcat Weber's scoring total to 96 points in five meets, since he won the same events in every other Kentucky match this year against TPI, Vanderbilt, Tennessee, and Georgetown. Centre except the discus throw. He has been topped twice in this event, once by Yakokick of TPI and once by Mieseroff of Tennessee.

Last week, the Cats collected both of their victories. After losing to Murray, 9-7, on a soggy, slippery diamond on Friday, the Wildcats took the first game of a double-header against Vanderbilt, 5-3; but in the finale, the Tennessee came back to win 5-2.

Other scores of the deters contest: Dickerson, 6-1, 6-0; Asbury, 6-0, 6-0; Lander, 6-1, 6-2; Collins, 1-6, 6-2, 6-2; and O. Tatum, 6-1, 6-3.

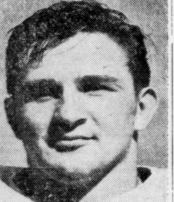

A UK-UC return match is scheduled to be played here Monday. The clay courts here are expected to slow the Cincy boys down to within serving distance, as they have been playing so far, on live, cement courts. Three consecutive sunny days and the Notre Dame match to be played there Saturday will certainly help the boys, so a hard fought contest and a good turnout of fans is expected.

Phelps' superb performance of running the century in 39.7, only one tenth of a second off the school record of 36, will probably nab him as the guy-to-beat in the forthcoming Southeastern Conference meet to be held in Birmingham, Alabama, May 16 and 17.

His Berea meet time is a month or a several days from the 9.8 time set by Bill Martinsson, of Baylor University, Waco, Texas, to win the 100-yard dash in the recent 20th Drake Relays, held in Des Moines, Iowa.

Hard luck man on Coach Phil Hudson's Kentucky squad seems to be Anthony Dallas, second only to Weber among UK hurriers. Before Tuesday's Berea meet, he had finished second to Weber twice in each of the high and low hurdle events of previous matches and against Berea Dallas again trailed Weber at the finish of both hurdle events.

Score by innings: R H E Georgetown 1 0 0 0 1 0 0 12 15 1 Kentucky 3 30 2 0 1 0 3 2 4 4 UK pitchers: Hatchel, Wild, Yanney and Hendricks; catchers, Butler, McCatcher; Bridges; catcher, Strickler.

Leo Yarutis, guard, was chosen as one of the captains on the Blue team in the intrasquad grid game to be played tonight. Yarutis, although hampered by a fractured wrist last season, was nominated for the North-South annual football game that was held in Montgomery, Ala.

NEW CENTER puts extra liveliness in the Spalding and Wright & Ditson tennis balls. In recent tests, both bounced consistently to the upper limits of USLTA rebound standards — another reason why these Spalding-made tennis balls are first choice of most tournament players. Sharpen your game with one of the Twins of Championship Tennis.

Top candidate for traveling berth to the conference meet in Birmingham are Jim Weber, hurdles, shot put and discus throw, Tony Dallas, hurdles, "Dopey" Phelps and Johnny Mirabus, 100 and 220-yard dashes and the broad jump. George Kirchner, 440, and Bob Letzinger, Moody and Grimes, all milers. Coach Phil Hudson plans to leave with his hurriers for Alabama on Thursday, May 15, at 6 p.m. They will travel the trip by a Pullman coach.

MacCubbin, Intramural director. Softball MacCubbin has scheduled eight of the make-up games for those rated out in the softball tournament. Make-up games have been scheduled as follows: Today—East end of football field: SN vs. KA, 3-45; Dorm I vs. AGF, 3-45; ATO vs. FCKT, 4-45; SAE vs. LXA, 5-45; Today—West end of football field: SN vs. KA, 3-45; Dorm I vs. KS, 4-45; May 12—Intramural field: AGF vs. Triangles, 5-45; May 13—West end of football field: Dorm II vs. ATO, 4-45.

Contradictory to previous announcements, entries must be made in advance. Entries will be accepted up to noon of the 19th. A fee of \$25 will be charged per entry (relay team counts as one entry).

Golf And Tennis Golf and tennis have been moving slowly partly because of the wet weather. However, in order to get the tournaments finished by the end of the quarter, first and second round singles and first round doubles in golf must be completed by Monday May 12. First round tennis singles are also due Monday the 12th with second round singles and doubles finishing Friday the 16th.

Next Wednesday, the Kentuckians are scheduled to meet the Xavier golfers of Cincinnati here.
