# Kentucky Kernel

Vol. XCII, No. 127      Established 1894      University of Kentucky, Lexington, Kentucky      Independent since 1971      Friday, March 10, 1989

Julie Butcher of the Women's Law Caucus watches as Jacques Wigginton of the Black American Law Student Association speaks.

## Black law students engage in fight against Chandler

By ELIZABETH WADE  
News Editor

A group of black law students joined other campus and state groups yesterday in asking for former Gov. A.B. "Happy" Chandler's removal from the UK Board of Trustees.

"As a representative of the University of Kentucky and of our state, Mr. Chandler is speaking for us in a lot of ways, and personally I don't want him speaking that way for me and representing our state and University in that particular manner," said Julie Butcher of the Women's Law Caucus. "I just find it unacceptable."

Butcher also said more than 100 law students, faculty and staff have signed a petition asking for Chandler's removal from the board.

The requests for either Chandler's resignation or removal from the board came after Chandler used a racial epithet in an interview with the Kernel last week.

After the remark was reported in an article about his new autobiography, a number of students protested the 90-year-old Chandler's presence on the governing body of the University.

At a Board of Trustees meeting Tuesday, however, Chandler said he would

not leave his position and he would resist any attempt to remove him.

Yesterday, in 110 of the Law Building, about 20 students gathered at a press conference to protest Chandler's remarks.

The resolution, which will be mailed to UK President David Roselle, Kentucky Gov. Wallace Wilkinson and Chandler, was proposed by the UK College of Law chapter of the Black American Law Student Association, the Christian Legal Society, the National Lawyers Guild and the Women's Law Caucus, Butcher said.

Law students weren't the only ones

## Moberly runs on 4th ticket for president

By MICHAEL L. JONES  
Staff Writer

Promising to make student government more accessible to students, Angel Moberly and David Skidmore announced their candidacy yesterday for student government president and vice president.

Moberly, a sociology junior and disc jockey at UK's campus-run radio station WRFL-FM, and Skidmore, an engineering junior and WRFL-FM DJ, are running on the "All Night Party Ticket." They said UK's Student Government Association has not responded to the "student on the street."

"They (SGA) spend our money padding their resumes," Moberly said. "These people (SGA) have copied an attitude that we are student leaders."

"SGA fighting and self-serving travel bills this past year haven't done anything for the student on the street. . . I think some concrete and tangible progress needs to be made in providing simple services to students."

Moberly attended UK in 1979, but left to work in "the real world." When he returned in 1986, he found the same "bun . . . that was going on when (he) left."

"I elected, Moberly said he wants to establish a campus pub.

"There's got to be a place on campus where students can meet, have a drink and

## Eastern files for protection from creditors

By MARCY GORDON  
Associated Press

NEW YORK — Eastern Airlines filed for protection from creditors in bankruptcy court yesterday, the sixth day of a machinists strike, and blamed pilots for a "cash crisis" that paralyzed the nation's seventh-largest airline.

The move came a day after Eastern insisted such a step remained a last resort in the airline's effort to end the strike, which had strong support from pilots and flight attendants and was costing Eastern an estimated \$4 million a day.

The filing under Chapter 11 in U.S. Bankruptcy Court in New York is designed to give Eastern a reprieve from debts while it tries to restructure and redeem itself from the worst crisis in its 60-year history.

Eastern Boss Frank Lorenzo and Eastern President Phil Bakes insisted they intend to restore the airline in bankruptcy court, though in a smaller form.

"We tried mightily to keep Eastern from bankruptcy," Bakes said at a news conference. "We intend to operate our airline: make no mistakes about that."

Bakes said Eastern faces a "cash crisis" that can only be averted and stabilized by turning to the bankruptcy court.

Union leaders lashed out at Lorenzo as a "robber baron." Machinists called for a public boycott of Eastern's sister airline, Continental, and said they would oppose

Brent Lovell, a bartender at Two Keys, mixes a drink for one of his many customers.

## Students learn how to mix drinks in course

By JULIE M. ROWLAND  
Staff Writer

A new UK class gives students the opportunity to learn the correct way to blend, shake and stir.

The UK Student Agencies' Bartending Course, offered from March 20-28, will have last-day sign-ups today.

For those who cannot make the March dates, another set of courses is offered from April 3-11.

"We want to have at least three (sets of courses) a semester, because a lot of different students couldn't do it at different times. . . so they can sign up for either right now," said Christine Zolkiewicz, a communications senior and manager of the bartending agency.

Alcohol is included in the \$50 course fee, along with a course manual, certificate of graduation, a card for the student's wallet and the student's name is kept on file for reference purposes.

The classes are geared toward students and try to stress drinking legalities, Zolkiewicz said.

"We don't actually place people in jobs, after this," she said. "This is usually for people who have never been behind the bar before to give them a go-to, basic knowledge of what bartending is all about."

Trainees learn about drink recipes, glassware and the history of different liquors.

They also learn correct alcohol measurements according to legal blood-alcohol levels.

"Real drinking, proper drinking and safe drinking comes from the right measurements," Zolkiewicz said.

One of the more important things the courses teaches is how to deal with drunk people, Zolkiewicz said.

"We do an on-premises type of thing

where you pretend there's either a drunk person or an obnoxious customer and how you deal with it. So a lot of the PR is included," she said.

The new regulation recently passed by the Inter-Fraternity Council which prohibits UK fraternities from serving hard liquor is has hurt agency, Zolkiewicz said.

"I was planning on having a Saturday seminar for fraternities because a lot of them had approached us and said that they wanted more information," she said. "When they decided that they weren't going to have alcohol provided at parties, that hurt us a lot. And I was planning on going into that type of thing."

Zolkiewicz said the IFC's new alcohol regulation is better for the campus because many people do not know how much alcohol they can safely consume.

Zolkiewicz doesn't teach the courses, but hires two instructors from the faculty club to train students.

Anyone can take the courses, but they must be at least 20 years old. Those people under 21 years old must sign a waiver which promises they will not drink.

There were 33 people in the last class and Zolkiewicz hopes there will be more in this class. She said the class should be larger because there has been more publicity this time.

"Publicity is one thing we've been trying to get a lot of. We've put up fliers and we advertise at WRFL," she said.

Zolkiewicz had to take the courses herself since she makes out the tests and also videotapes the classes so that people who have to miss can watch them at a later time.

Information about the classes can be obtained in 107 Student Center, or by calling 257-5551 or 257-1776.

## Tower becomes first Bush cabinet nominee rejected

By DONNA CASSATA  
Associated Press

WASHINGTON — The Senate yesterday rejected the nomination of John Tower as defense secretary, 53-47, handing President Bush a major defeat in his first high-stakes showdown with the Democratic-controlled Congress.

The White House said Bush would act swiftly to submit a replacement nomination to the Senate.

Tower was put down by concerns about his drinking habits, along with senatorial unhappiness that he left his government post as arms negotiator and began earning hundreds of thousands of dollars as a defense industry consultant.

The vote was the culmination of a tumultuous six-day Senate debate and closely followed party lines.

Howell Heflin of Alabama, Lloyd Bentsen of Texas and Christopher Dodd of Connecticut were the only Democrats to support the nomination. One Republican — Nancy Kassebaum of Kansas — voted against it.

Tower, in a statement he delivered at the Pentagon moments after the vote, said, "I will be recorded as the first Cabinet

TOWER

nominee in the history of the republic to be rejected in the first 90 days of a presidency and perhaps be harshly judged.

"But I depart from this place at peace with myself, knowing that I have given a full measure of devotion to my country."

Tower said no other public figure "has been subjected to such a far-reaching and thorough investigation, nor had his human foibles bared to such intensive and demeaning public scrutiny."

"And yet, there is no finding that I have ever breached established legal and ethical standards nor been derelict in my duty," he said.

The Senate rendered its verdict in an atmosphere of unusual formality. Vice President Dan Quayle presided over the session, practically all senators remained in their chairs during the roll call and the gallery was packed with spectators.

"We ought to hang our heads after what we've done to this good man," Senate Republican Leader Bob Dole of Kansas said in a final defiant speech of support before the roll was called.

"America has lost a good public servant. The president has won because he stood by his man."

Majority Leader George Mitchell summed up for the opponents, saying that Tower's experience and competence on defense issues weren't at issue. But "serious

## Three UK students injured in Harrodsburg Road crash

Staff reports

Three UK students were hit in a head-on collision on Harrodsburg Road Sunday night.

Beth Maxedon, Kim Murphy and Jon Wolfzorn were coming from Asbury College, in Wilmore, Ky., when the accident occurred.

My understanding is that a car driven by a woman sideswiped a Lincoln Continental on Highway 68 near Brannon Road," said Bill Moore, campus minister of United Methodist Church. "It swerved into the path of Jon's car and it headed on."

Murphy and Wolfzorn, who were both taken to Saint Joseph Hospital, were treated for their injuries and released.

Murphy, an agronomy junior, suffered a deep cut in his leg and a hair-line fracture in his wrist. Wolfzorn, a computer science junior, was treated for a mild concussion and cuts around his mouth.

Maxedon, a communications junior, is suffering from facial cuts and was taken to Central Baptist Hospital. She is listed in satisfactory condition.

"It was raining real hard. Jon was driving, Beth was in the back seat and I was in the front seat," Maxedon said. "We were about eight minutes out of Lexington when the accident occurred."

Other factual information and the names of the other drivers and passengers involved in the accident have not been released by the Kentucky State Police.

## Ring in spring break '89

Staff reports

The new bell in Barker Hall will ring for six minutes today at 12:01 p.m., officially beginning spring break 1989, according to Vice Chancellor for Administration Jack Blanton's office.

At 12:01 p.m. Monday, March 20, the bell will ring again for six minutes, officially ending spring break, a spokesperson for Blanton's office said.

If UK's men's basketball team beats

Vanderbilt University in its first game of the Southeastern Conference Tournament, the bell also will ring for six minutes.

UK is scheduled to play Vanderbilt at 3:15 p.m. today.

For each subsequent postseason game the Wildcats win, the bell will be rung, Blanton's office said.

The bell, which was cast in the late 1800s in Hillsboro, Ohio, was donated to UK by a state business.

# VIEWPOINT

## Preventing World War III ought to be everyone's business

In his column on Socially Concerned Students, C.A. Duane Bonifer heaped ridicule on Socially Concerned Students and four other student groups for daring to suggest that students can have an effect on the situation in the Middle East. According to him, it is "hilarious" to say that world events can affect all of us and that the student voice should be heard.

Perhaps Mr. Bonifer is unaware that the Middle East is the region of the world most likely to act as the trigger-point for World War III. Both superpowers are deeply involved in the region — the United States is supporting Israel and the Soviet Union allied with Syria.

There already have been several close calls. During the 1973 Arab-Israeli war, the United States went on nuclear alert to prevent the Soviet Union from sending its troops

### GUEST OPINION

to Egypt to enforce a cease-fire that Israel was violating.

During Israel's 1982 invasion of Lebanon, Israel shelled the Soviet Embassy in Beirut and then occupied that embassy during its invasion of West Beirut, in violation of another cease-fire. Israel also killed 200 Soviet technicians near a Syrian air defense installation. Fortunately, the Soviet Union did not retaliate against Israel for these attacks on Soviet citizens.

Duane Bonifer states that "the United States' foreign policy is not to invade other countries unless Americans are in danger." Please take 60 seconds to imagine what would have happened if the Soviet

Union has been operating according to the Bonifer Doctrine in 1982. What if they had invaded Israel because Soviet citizens had been killed and others were in danger? In my opinion, we would not be alive today to talk about it.

The conflict between Israel and the Palestinians is at the core of the decades-long Arab-Israeli conflict. It has contributed to the outbreak of a series of bloody wars over the past 41 years and threatens to do so again.

This time, however, certain Arab countries possess chemical weapons and long-range missiles to deliver them, while Israel has more than enough nuclear weapons and long-range aircraft to devastate all the Arab countries and parts of the southern Soviet Union.

The main rationale for our proposed student government resolu-

tion is that a negotiated settlement of the Israeli-Palestinian conflict would greatly reduce tensions in the entire region, making the outbreak of disastrous wars less likely. This would have beneficial effects on the security of Israel, the Arab nations and the rest of the world.

Bonifer erroneously reported that this resolution was on the agenda of the Student Government Association Senate meeting of March 1. Recognizing that this issue is a complex one, we didn't attempt to push it through without adequate discussion and education.

Last week, the sponsoring groups organized a series of free public education forums designed to highlight various aspects of the issue. In addition, we plan to be available during the next several weeks to meet with any and all of the SGA

Senators to explain the resolution and answer questions.

In Mr. Bonifer's mind, such grass-roots activities conjure up images of the 1960s, "when student protests, burning the American flag and tearing down anything that resembled the evil establishment was in vogue." This is unfair, unsubstantiated and a cheap shot. I have never burned an American flag and never will. To my knowledge, none of the students in the five sponsoring groups ever has either.

If I were to respond at the same level of rhetoric, I might say something like: "At times, Bonifer's blind faith in the Secretary of State and other so-called 'experts' reminds me of those people who supported the naming of children by the U.S. Air Force during the

Vietnam War." But I wouldn't stoop so low.

The people sponsoring the resolution on the Israeli-Palestinian conflict have a hope, possibly naive, that our efforts can help lead toward a peaceful settlement when combined with the efforts of thousands of other people across this country. We realize the conflict is deep and bitter, and won't be resolved in a day. We are in this for the long haul.

The attitude of cynicism is in vogue these days. It's easy to sit back and sneer at the idealistic efforts of others. I hope that in the future, however, Mr. Bonifer criticizes us for the content of our proposals rather than for the mere act of trying to get actively involved in the world we all live in.

Geoffrey M. Young is a member of Socially Concerned Students.

### Letters

#### Campus needs to work to wipe out racism

February was Black History Month. It gave everyone the opportunity to gain a deeper understanding of the Black American's culture and contributions made toward the upliftment of humanity.

Celebrating Black History not only enables us to better understand the multi-cultural heritage of the United States, but brings us one step closer toward racial unity.

The Baha'i Club of UK would like to present a challenge to each individual member of the college community to examine his or her own attitudes and actions toward achieving interracial unity.

We cannot afford a moment's hesitation. We must strive to become mod-

els of race unity, taking no part in racism, however subtle or blatant; never allowing ourselves to be passive participants in racist actions.

We feel that the advice given in the Baha'i Writings establishes healthy guidelines for dealing with racism:

"Let neither think that the solution of so vast a problem is a matter that exclusively concerns the other."

"Let neither think that such a

problem can either easily or immediately be resolved.

"Let neither think that they can wait confidently for the solution of this problem until the initiative has been taken."

"Let neither think that anything short of genuine love, extreme patience, true humility, consummate tact, sound initiative, mature wisdom, and deliberate, persistent, and prayerful effort can succeed in blotting out the stain which this

patent evil has left on the fair name of the common country."

While this letter specifically addresses blacks and whites in the United States, it can be applied to people of all races in all countries.

Please join us in the effort to wipe out racism.

Let it be this generation which ushers in a new era of interracial unity.

Bruce Kinzinger, Carl Lee and Christine Weaver are members of the Baha'i Club of UK.

**FREE SCHOLARSHIP INFORMATION FOR STUDENTS WHO NEED MONEY FOR COLLEGE**

Every Student is Eligible for Some Type of Financial Aid Regardless of Grades or Parental Income.

- We have a data bank of over 200,000 listings of scholarships, fellowships, grants, and loans, representing over \$10 billion in private sector funding.
- Many scholarships are given to students based on their academic interests, career plans, family heritage and place of residence.
- There's money available for students who have been newspaper carriers, grocery clerks, cheerleaders, non-smokers, etc.

Results GUARANTEED.

**OUTSTANDING STUDENT AND SINGLETARY AWARDS**

It is that time of year again and time to begin the Singletary Awards selection process. The applications for the Otis A. Singletary Outstanding Senior, Male and Female, are available in Room 230 Student Center. As you are aware, the Singletary awards recognize the outstanding seniors, male and female, who have made superlative contributions to the University of Kentucky through their involvement in leadership activities during their tenure at the University of Kentucky.

Applications are also available for the nominations of the outstanding Freshman, Sophomore, and Junior student awards. These applications will be due **Wednesday, March 29, 1989**. If you have any questions, feel free to call the Student Activities Office at 257-8867.

The Student Activities Board is pleased to present these awards and welcomes all nominations.

## Lips service

The Flaming Lips out to alter senses through their music and stage show

By JACK SMITH  
Staff Writer

Wayne Coyne and his bandmates Richard English and Mike Ivins comprise The Flaming Lips, who will perform tonight at The Wrocklage. The Afghan Whigs will open the show.

### Kernel Clip Board

While everyone will be seeking entertainment in various forms in sunnier climates, the Humana New Play Festival will continue at Louisville's Actors Theatre with the premieres of three new plays.

Set in the seeder side of Hollywood, "Bone The Fish" opens this Sunday at 7 p.m. Due to nudity and strong language, the play is sure to be controversial. "Autumn Elegy," a poignant story of a couple who have lived in rural isolation for the past fifty years. When the wife is taken ill, they must face a decision to seek the help of strangers or continue in their faith to each other. The play opens Wednesday, March 15 at 7:30 p.m.

"Tales of the Lost Fornicans" takes an irreverent look at suburban angst as observed by extraterrestrial. The play's characters are trapped in a planned landscape where nothing works as planned, they search for explanations of life's daily mysteries in their dreams and the artifacts around them. The play premieres Sunday, March 15 at 7:30 p.m.

Ticket prices range from \$6.50 to \$21 according to performance time. For ticket information, call (502) 584-1205.

The Lexington Philharmonic will perform with a guest artist Friday, March 17 at 8 p.m. at the Singletary Center for the Arts.

For ticket information, call 257-4929.

### Flaming Lips continue experimenting on their 'Telepathic Surgery' album

By JACK SMITH  
Staff Critic

TELEPATHIC SURGERY  
The Flaming Lips  
Restless Records

self-indulgence. "UFO Story," which has Coyne recounting his experience with six UFOs, goes on way too long.

The band, however, shines on several tracks.

"Redneck School of Technology" rocks like nothing else The Lips have done before. It shows that Coyne may have graduated from the Thurston Moore School of Guitar.

Also rockin' are "Drug Machine in Heaven," which sports a semi-tonal guitar solo, and "Right Now," which opens with some right-to-left guitar work then rips in like "Won't Get Fooled Again."

"Hari Krishna Stomp Wagon" pays homage to Robert Plant and the boys with a monster guitar-bass riff, and drummer Richard English hammers out a stick-breaking backbeat that would make Mr. Bonham proud.

"Telepathic Surgery," as a whole, grooves more than Oh My Gawd, and the best tracks jump out at you, but I'm left unsatisfied.

To The Flaming Lips I say, "Let Coyne's solo Let Jones throbb. Let English pummel. And if you take drugs... well..."

weeks later there was a big law suit about a laser damaging somebody's eye. We thought that was so cool. And if we ever got a laser, we'd aim it right at the audience. The laser just makes it so fun that we can freak out and everything is perfectly acceptable."

Even with all the gadgets and experimentation, the band still manages to present interesting, and many times depressing, lyrics within the framework of Coyne's screaming guitar, and a light show operated by bassist Mike Ivins.

"We don't take the whole stage-show thing as seriously as some people who want to hold up the sanctity of rock 'n' roll," Coyne said. "They say, 'If you took away these bubbles, and you took away those lights, what would you guys be?' We'd be bored shitless. We get up and play and create this atmosphere. And that's the way we like it. Whether we get paid a lot of it or we're doing it for nothing, it's still the same feeling for us."

In addition to overloading the senses with smoke, bubbles and sheer loudness, the trio recently added a laser.

"I remember going to a Blue Oyster Cult show when I was 11 or 12, and the lasers were flying all around," Coyne said. "A couple of

I don't know if The Flaming Lips take drugs, but listening to their records makes me wonder.

On their latest Restless album, *Telepathic Surgery*, The Flaming Lips contort, distort and retort all the ideas presented on their last record, *Oh My Gawd!!! ... The Flaming Lips*.

The new album has lyrical ideas from UFOs to Ronnie Van Zandt and musical ideas from Sonic Youth to *A Night On Bald Mountain*.

The only problem with *Telepathic Surgery* is that The Lips don't operate in the theater that suits them best, hard and fast.

"Miracle on 42nd Street," which has guitarist/vocalist Wayne Coyne singing over Mike Ivins' repeated bass line, comes off like something from the first Hugo Largo record.

"The Spontaneous Combustion of John" and "Michael, Time to Wake Up" are short exercises in

lucky audiences have responded to the Artist Series so enthusiastically," Domek said. "We're very pleased to offer another season of what we feel is the premier musical series in the state. We have an outstanding program for 1989-90 and we have a splendid mixture of American and international talent for the series."

Series subscriptions for all live concerts in the Singletary Center for the Arts Concert Hall are \$66 for the general public; \$90 for senior citizens; \$54 for full-time UK faculty and staff; and \$39 for full-time UK students. Ticket orders may be placed by calling 257-4929.

## Artist Series announces upcoming lineup, NEA funding

By TROY BODY  
Contributing Writer

Internationally renowned pianist Yefim Bronfman will be one of the highlights of the 1989-90 University Artist Series.

Russian-born pianist Bronfman, who will perform on Nov. 17, has the greatest piano talent in more than 20 years, according to violin virtuoso Isaac Stern.

The Orchestre de la Suisse Romande will open the series Monday, Oct. 30. The celebrated Swiss orchestra, which is based in Geneva, will be conducted by Armin Jordan.

Feb. 11, 1990, the Stuttgart

Chamber Orchestra will perform under the direction of conductor Leon Fleisher with pianist John O'Connor.

Celloist Lynn Harrell will appear Tuesday, Dec. 5. Harrell won two Grammy Awards and the Ford Foundation Concert Artists' Award.

To close the season, mezzo-soprano Frederica von Stade will perform Friday, March 2. Her recordings have won four Grammy nominations and "Best of the Year" citations from *Stereo Review*, *Opera News* and *Ovation*.

UK's Artist Series will receive funding from the National Endowment for the Arts for the first time.

"We feel that this selection constitutes an important acknowledgment of what the University has accomplished with the series," said Richard Domek, dean of UK's College of Fine Arts.

Domek initiated the NEA grant project and coordinated the grant application for three concert series sponsored by UK. The \$3,500 grant will be shared by the University Artist Series, the Spotlight Jazz Series and the Contemporary Music Festival.

Last season marked the first time the series had sold out when it sold 1,424 subscription tickets.

"We're happy that central Ken-

## Ansel Adams retrospective displayed at UK Art Museum

By KIP BOWMAR  
Staff Critic

"I have been asked many times what is a great photograph? I can answer best by showing a great photograph, not by talking or writing about one." — Ansel Adams

That statement holds just as true for those who critique the work of American photographer Ansel Adams.

An exhibit titled "Ansel Adams: Images of America 1927-1960" is currently being shown at the UK Art Museum in the Singletary Center for the Arts.

"We're always on the lookout for shows of both high quality and

(public) interest. When this exhibit came along we jumped at the chance to get it," said museum director William Hennessy.

Viewing this exhibit, one would have to believe these works are among Adams' best. The exhibit is comprised of 32 black-and-white photos. The lack of color makes sure that one focuses on the moments Adams rendered on film.

Most of the pictures are from Adams' seemingly endless vault of Yosemite valley pictures.

The power of Adams' photographs has to be seen in person to be appreciated. Many photographs, such as "Aspen," have been reproduced several times. But the clarity

and starkness can not be reproduced.

The photographs show the full range of Adams' photographic talents. "Moon and Half Dome" uses shadows that seem to be inching up a barren rock cliff. The moon fading is the distance, while the cloudless sky juxtaposes both the cliff and the moon.

But Adams could depict the flux of nature as well as the starkness and crispness of a clear day. "Moon and Clouds" shows that Adams is the master of viewing nature through his camera lens. The clouds are captured as they sweep across the sky. The clouds appear to be elongated and stretching.

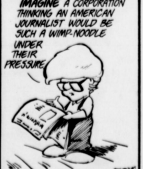

He is equally adept at depicting

the subtleties of the human form. One of the more amazing photographs is of painters Georgia O'Keefe and Orville Cox. O'Keefe is bemused and looking at Cox, who is shown in a black stetson hat, while he stares down at the ground but still assumes a prominent role.

Adams forte, however, was capturing the grandeur of nature. He accomplishes it most eloquently in "Telons and the Snake River." The river juts around pine-covered land while the snow-capped peaks reach the bottom of the hanging clouds.

"Ansel Adams: Images of America 1927-1960" will be on display at the UK Art Museum through April 23.

# NCAA SEC Basketball Tournament

## SEC Tournament offers redemption for UK

### Wildcats to start 'second season' against Vanderbilt

By BARRY REEVES  
Senior Staff Writer

KNOXVILLE, Tenn. — The "second season" begins this afternoon for Eddie Sutton and his UK basketball team.

Every team in the SEC is 0-0 when the tournament begins.

UK will meet Vanderbilt University this afternoon here for its first game of the "second season."

Unlike past years, UK must win three games in three days if it wants to advance to the NCAA Tournament.

"In years past, I've always known that we were headed to the NCAA tournament," Sutton said. "This year, our only ticket to the NCAA Tournament is to win the SEC tournament."

UK win three games in a row? UK won three games in a row only once this season when it beat Georgia, Vanderbilt and Florida in early January.

"If we play like we have at times this season, we can win three games in a row," the UK coach said. "It's a lot easier winning three games in a row in a tournament than it is in regular season. If a team gets hot, then anything can happen."

With the "first season" behind them, UK should come out with relief and newfound desire.

"I think we've shown that we can play with anybody in the conference when we are on," UK center LeRon Ellis said. "With the regular season behind us, I think we will come out and play with more effort and intensity. We know we have only one shot at the NCAA Tournament."

"The thing that I have the most to be concerned with is that this is a new season for this Kentucky team," Vanderbilt coach C.M. Newton said.

Newton's team possess two things that UK does not — experience and consistency.

The Commodores have three senior starters, which is the big reason the Commodores have been consistent. Vanderbilt has lost more than one game in row only once this year — a three-game losing streak in mid-December.

"Our team has been consistent throughout the 18-game conference schedule," Newton said. "We have three real line seniors out on the court in Barry Booker, Barry Gobeen and Frank Kornett."

Kornett (16.8), Gobeen (14.8) and Booker (14.2) are the team's top three scorers, and Kornett leads the team in rebounding by grabbing an average of 7.4 boards a

**ABOUT THE GAME**

**When:** 3:15 p.m. today

**Where:** Thompson-Boling Arena Knoxville, Tenn.

**Radio:** Live on WVLC-AM with Cawood Ledford and Ralph Hacker.

**Television:** WKYT-27, Tom Hammond and Jordy Holtberg, live.

SUTTON

game. With all the attention the Vanderbilt perimeter players get, Kornett, a 6-9 center, often has been the forgotten man.

"I really felt that Frank would be a major force in this league as a big forward," Newton said. "We had to move him because of poor play at center this year, and he has done very well."

The keys to the game are going to be UK's perimeter defense and rebounding, Sutton said.

"We have to play better defense on their guards," UK guard Derrick Miller said. "If I'm playing Booker or Gobeen, I'm not going to let my eyes off them to go help out. If they are left alone, they can really hurt us like they did in Nashville."

Ab, yes, the Music Center Massacre — an 81-51 blowout of UK on Feb. 3.

"That was a case where we played better than we know how, and they were far under par," the Vanderbilt coach said.

"We have to put that game behind us, just like we have to put the whole season behind us," Sutton said.

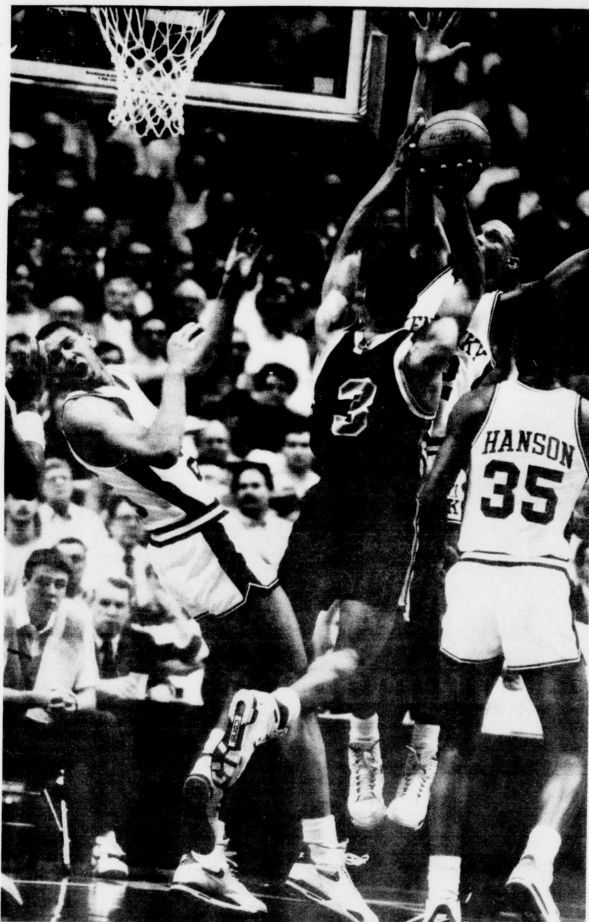

Gobeen, a 6-3 guard, is the team's leader on the court as well as off. The Calvert City, Ky., native has been on a roll lately. He has scored 23 points or more in five of Vanderbilt's last eight games.

"I think Gobeen is a player in our league who is not given enough credit," Sutton said. "He's a real winner. He does the little things that you can't coach. He has been on a tear in the last part of the season."

Booker, who is only 6-4, has been forced to play forward for most of the season. Booker, who is the team's only senior not from Kentucky, is the Vanderbilt's leading three-point shooter with a 48.3-percent average.

#### Wildcat Notes

• Ellis, who has been reported to be leaving UK after this season, put to bed those rumors yesterday. "All I'm thinking of is Vanderbilt," Ellis said. "As of right now, I am staying at the University of Kentucky."

UK plays its first game in the Southeastern Conference Tournament this afternoon against Vanderbilt University. UK split its season series with Vanderbilt this year.

matter. I guess that is where they got it."

• UK is ranked 96th in the nation and eighth in the SEC by the Jeff Sagarin Computer Power Rankings. Vanderbilt is ranked No. 1 in the SEC and 37th in the nation.

• UK must win the SEC Tournament and three games in the NCAA Tournament if it hopes to avoid its first losing season in more than 60 years.

• UK has the best SEC Tournament record since the tournament began in 1929. UK is 16-7 (.695) with Alabama at 16-8 (.667).

• In the 29-year history of the SEC Tournament, UK has reached the finals 22 times. UK has won the SEC Tournament 16 times.

## Freshman's 30 points lifts Georgia past Miss. St.

By TOM SPALDING  
Sports Editor

KNOXVILLE, Tenn. — With 6:24 left in the game, Mississippi State University reserve Chris Clark caught a perfect chest-high pass near the MSU bench.

But when a referee blew his whistle, a surprised Clark looked down to see he was standing a foot out of bounds.

It was that kind of night for the Mississippi St. Bulldogs.

Mississippi put up a gutsy fight in the first half, but did everything wrong in the second half and lost to a fired-up University of Georgia 83-68, in the first game of last night's Southeastern Conference preliminary round.

"It was our last chance, if we lost this game the season was probably over," Georgia coach Hugh Durham said.

Georgia, 15-15, which advanced to the second round against the University of Florida, used a 13-2 run at the start of the second half to ice MSU Richard Williams' Bulldogs.

Miss. St. lost for the 11th time in its last 14 SEC tournament games, and ended the season at 13-15 overall.

Georgia freshman Litteral Green fired in 30 points to carry the Bulldogs to victory. In the process the 6-foot-1 guard set an SEC tournament record by canning 16 of 17 free throws.

"In critical situations tonight, he stepped up and hit some big free throws," Durham said.

The Bulldogs broke open a close game after halftime behind the scoring of Alec Kessler and Patrick

Hamilton. Georgia only led 36-35 at the break, but came out red hot and outscored Miss. St. 13-2 to jump out to a 49-37 lead with 12:30 remaining.

"We came through in the second half and did what we had to do to win," Kessler said. "I think we played with a lot more intensity and emotion tonight."

Miss. St. went scoreless for more than eight minutes until senior guard Greg Lockhart, playing in his final game, hit a jumper with 11:37 remaining.

"The first half we kind of hung in and in the second half we didn't," said Miss. St. coach Richard Williams. "Our inability to score to open the second half hurt."

The Bulldogs climbed within eight points with 9:28 left after a Lockhart three-pointer, but Georgia went on an 11-2 run to bury the hapless Bulldogs.

Hamilton and Kessler each chipped in 20 points to help the Georgia attack. Lockhart's 19 points led Miss. St. MSU freshman Cameron "Smoke" Burns scored 11 points, but the game already was decided.

"Overall, we were able to take Burns out of the game," Durham said.

Burns was held only to five shots throughout the entire contest.

"He didn't catch the ball often, and when he did we choked back down on him with the guards," Hamilton said.

Georgia built a lead early in the first half, even though it was without Kessler for the last 10 minutes of the first half. Kessler picked up high points with 9:37 left in the first half.

The Dawgs' lead shrank after the burly 6-foot-9 Kessler went out for good, but Georgia still held on.

**Auburn hopes for its third SEC win of the year**

Auburn University won only two regular-season SEC basketball games this year, but after halftime last night in the second game of the SEC Tournament they came close to making it a third.

The Tigers led the University of Mississippi 40-35 at halftime. The winner of last night's game will take on the University of Alabama tonight at 9:45.

Auburn, jumped out in front of the favored Rebels early and maintained their lead, despite a good effort of Ole Miss forward Gerald Glass.

Auburn had a chance to stretch its lead to 11 points, but couldn't convert on a possession. Ole Miss then scored the last four points of the half to cut the deficit to five.

Auburn entered last night's game with a 9-18 overall record. They finished last in the SEC with a 2-16 conference mark. The Tigers had lost their last four games.

### SEC coaches think league is still strong

By TOM SPALDING  
Sports Editor

KNOXVILLE, Tenn. — You can argue all you want about Southeastern Conference basketball being down this season, and argue that the league does not deserve five or even four, bids to the NCAA tournament when pairings are announced Sunday.

But don't tell that to Wimp Sanderson.

"I get upset reading in the newspapers that our league is down this year," the University of Alabama coach said yesterday. "The league is not down. I think we have five good basketball teams in our league that deserve an NCAA bid."

Yesterday was public relations day for head coaches trying to get their schools an invitation to the 64-team field when NCAA's Tournament play begins next week. The pairings will be announced, and none of the schools wants to get slighted.

"SEC play should be an at-large candidate," said University of Tennessee coach Don DeVoe. "I think Florida, LSU and Alabama would get in. Vanderbilt played a tough non-conference schedule. These teams have the best chance."

Although none of the conference's top five teams are ranked in The Associated Press' Top 20, league coaches feel their schools deserve a bid.

"If you say the league is down, then explain to me how the fourth-place team (LSU) can beat the No. 2 team in the country (Georgetown)," Sanderson said.

"The talk about the league being down is a bunch of crap. Our league is as good as any other league and ought to have five teams in the NCAA," he said.

The most likely candidate for an at-large bid is the University of Florida, the regular-season conference champion with a 19-11 overall record. Other squads on the bubble are Alabama, 20-7 overall, Vanderbilt University, 18-12, and Louisiana State University, 20-8.

The University of Tennessee has an outside shot with an 18-9 record.

"I'd like to think that with the schedule we've played, the consistency we've played with and the fact that we were one tennis ball from the league championship ... we would be likely to receive very strong consideration," said Vanderbilt coach C.M. Newton.

After losing 12 players to the NBA, the SEC was regarded as a weak conference at the beginning of the season by many. And until midway through the season, the conference lived up to expectations.

A late surge by the league's top five teams, however, changed some people's minds.

"Most coaches said we'd be down," said LSU coach Dale Brown. "Today, I look at the national statistics. We did some damage. Perhaps we did an injustice to ourselves undervaluing the league."

"Of all the teams in the running, Florida seems to have a sure bet on a bid. The Gators have won eight of their last nine games and just missed having enough votes to make the Top 20."

However, Florida coach Norm Sloan, who has openly complained about the NCAA selection process in the past, isn't ready to pack his bags for the tournament, yet.

"I'm not capable of predicting what the NCAA will do. I have no idea," Sloan said.

One team that has a good idea of where it's going is UK. And that may be a trip back up Interstate 75 to Lexington and Wildcat Lodge.

"Our only ticket to the NCAA Tournament this year is to win our next three games," said UK coach Eddie Sutton.

There is other ammunition for those who argue that the SEC does not deserve five teams in this year's March classic: the conference is rated seventh overall behind the Big Ten, Big East, Atlantic Coast Conference, Big Eight, Pacific-10 and the Metro Conference, according to Jeff Sagarin's final regular-season computer ratings in USA Today. Those ratings are one of the factors the NCAA selection committee considers when issuing an at-large bid.

Of course, the SEC has had its shining moments, and that's why league coaches are out stumping for their teams.

"I would like to have five teams based on what we (the SEC) have done this year and what we have done in the past few tournaments," Sanderson said.

Tournament will be held in Knoxville, Tennessee. DANIELLE TURPIN/Kentucky Graphics

# Judge fines Ashland \$2.25 million

By MARCIA DUNN  
Associated Press

**PITTSBURGH** — A federal judge yesterday fined Ashland Oil Inc. \$2.25 million, the largest penalty ever imposed against a company for a fuel spill, according to Justice Department officials.

The spill 14 months ago fouled two rivers in three states and threatened to disrupt drinking water supplies for more than a million people.

"It was something more than simple negligence that the company was guilty of," said U.S. District Judge Gustave Diamond.

Authorities said a dime-sized flaw in the World War II-era steel of a tank at Ashland's Florence Terminal caused the 4-million gallon vessel to collapse Jan. 2, 1988, and unleash its contents of 3.8-million gallons of diesel oil.

More than 700,000 gallons of the fuel escaped a dike and entered the Monongahela 25 miles south of Pittsburgh in one of the nation's worst inland oil spills.

The Monongahela flows northward and is a source of drinking water for suburban Pittsburgh residents. It is a tributary of the Ohio, also a source of drinking water.

"The company did indeed have a responsibility to exercise more than minimal care," the judge said.

Ashland spokesman Roger Schrum, however, described the fine as "excessive." It was not immediately decided whether an appeal would be filed, he said.

"We asked for a multi-million-dollar fine, and we got a multi-million-dollar fine," said Charles Sheehy, acting U.S. attorney for western Pennsylvania.

Diamond said he didn't set a

larger fine because "the company acted quite responsibly after the spill."

Ashland has paid about \$18 million in clean-up costs and civil claims from residents and businesses affected by the water crisis.

Diamond presided in a criminal case in which Ashland pleaded no contest to two misdemeanor counts under the Clean Water and Refuse acts. Each count normally would carry a maximum fine of \$200,000 per count.

But Diamond invoked a special fines provision, marking the first time the federal provision had ever been applied in an environmental criminal case since being instituted five years ago. He therefore was not limited in setting a fine as long as half of it represented actual damages.

The Occupational Safety and Health Administration fined Ash-

land more than \$50,000 for safety violations, and the Environmental Protection Agency fined the company \$145,000 for alleged deficiencies in its spill prevention plan.

Ashland says it is also negotiating with state governments to settle civil penalties and damage claims totaling more than \$10 million. In addition, 20 class action suits are pending against the company, Schrum said.

About 25,000 suburban Pittsburgh residents endured a week without tap water because their system lacked sufficient reserves to last until the river current carried the pollution downstream past their water intakes.

Mandatory conservation was ordered, however, for businesses and homes elsewhere in parts of Pennsylvania, Ohio and West Virginia.

Thomas Donovan, an attorney for the Kentucky company, had

asked Diamond to merge the two counts and impose the usual limit of \$200,000. He said the company has been penalized enough.

"The best deterrence against a recurrence of this kind of accident is the expense and humiliation my client has already been subjected to," Donovan said.

"This is an incident that involves no willful misconduct," he said. "No one got sick. No one was physically injured. There was inconvenience... but it's purely a matter of economics."

Diamond said such a low figure would not deter future violators, sufficiently punish Ashland or protect the public.

# Black UK law students join fight against former governor

Continued from Page 1  
proposing to oust the former governor yesterday. START, Students Against Racism Together, held a meeting last night to discuss further actions to be taken for the removal of Chandler from the Board.

START was one of several organizations, along with the Student Government Association, who helped sponsor a resolution asking for the removal of Chandler from the Board by March 8.

"As of now we have started some specific actions and other measures will be taken the week following spring break," said Mehran

Jahed, the SGA Graduate College Senator.

The group already has sent a letter explaining the incident to the Zimbabwean embassy, said Ricardo Nozario-Colon, a communications junior. He said they have not received a reply from the embassy yet, but he said they expect a reply after spring break.

The group also is discussing Chandler being removed from UK's Athletics Association Board by Roselle, said Vishwesh Bhatt, a political science senior.

Bernie Vonderheide, spokesperson for UK, said he has not been able to determine if Roselle can re-

move Chandler from the Athletics Board, and he said UK has contacted the legal office to look into it.

"Getting rid of (Chandler) is just the beginning," Nozario-Colon said. "Just because he has money and power doesn't mean he can say anything he wants."

Members of START also said they want the BOT to have a code of conduct. Vonderheide said he is not aware if the trustees have a code of conduct.

"They have a charge to determine policy for the University of Kentucky, but I am not aware of any code of conduct," Vonderheide

**"Just because (Chandler) has money and power doesn't mean he can say anything he wants."**

**Ricardo Nozario-Colon**  
said. "They take an oath of office when they are sworn in."

Members of the group also said they would like to see more student representation on the board and the selection process for the board changed by having input from the

legislature or someone other than the governor.

According to Kentucky's statutory laws, however, the appointment of board members is made by the governor. Any changes in the selection process would have to be approved by the state legislature and the governor.

A resolution to create an ad hoc committee of UK students, faculty and staff which would look into the revision of the Kentucky statutory laws and be proposed to the 1990 general assembly, will be presented to the SGA Senate at its March 22 meeting.

"I'd like to see the administra-

tion and the faculty get involved, not just about the Chandler incident because perhaps the governor does not know all the people in the state who are qualified for the position (on the BOT)," said Joseph Elias, College of Engineering senator. "It still leaves the governor with the power of selection but it gives the legislature and the people in Kentucky a say in it."

Elias also said he will submit the resolution to the University Senate Council Monday.

"Students and faculty have very little voice about what is going on," he said. "The Board of Trustees is the mindset of the University."

# Eastern Airlines files for protection from creditors, blames pilots

Continued from Page 1  
Eastern's reorganization plan and any sale of assets.

Lorenzo and Bakes pledged that all creditors would be paid in full; shareholders would receive "fair value"; passengers would be protected; and as many employees as possible would return to work.

Eastern had 31,200 employees before the strike.

John Peterpaul, a Machinists vice president, said Eastern filed for bankruptcy on payday "in a spiteful attempt to deny Eastern workers their last paycheck earned before the strike." Paychecks were frozen by the move.

John Bavis, head of the Eastern

pilots union, said management continued calling pilots at home in hope that some will return to work. He said the effort would fail.

Henry Duffy, president of the Air Line Pilots Association, said he hoped the move meant Lorenzo is "finished" at Eastern.

The company, which has a staggering \$2.5 billion debt, admitted it

was taken by surprise when most of the 3,600 Eastern pilots honored Machinists' picket lines, forcing Miami-based Eastern to shut down nearly all operations Monday and lay off 9,500 non-union employees.

Union leaders long have said they believe Lorenzo wants to break them and tear Eastern apart. But Lorenzo would have a tougher time imposing lower wages at Eastern than he did when he reorganized Continental in 1983.

Congress amended bankruptcy

law in 1984 to require bankrupt companies to negotiate with unions and prove economic necessity before abrogating contracts.

Lorenzo stressed the filing only covered Eastern and not its parent, Texas Air Corp., of which he is chairman. But yesterday, Sen. Howard Metzenbaum, D-Ohio, filed a bill to allow Eastern creditors to collect from the parent company.

"This bill would prevent Frank Lorenzo and any other airline buccaners from using bankruptcy to

escape their creditors and destroy their workers," Metzenbaum said.

Bakes and Lorenzo avoided specific comment on news that Lorenzo rival Carl Icahn was asked by Eastern strikers to consider a buyout of Eastern.

The Chapter 11 filing would not prevent such a takeover but would force approval by the bankruptcy court as well as creditors, making such a transaction cumbersome. Unions also would have a say.

# Senate rejects Tower nomination

Continued from Page 1  
problems exist" with conflict of interest and "character integrity," he said.

He said, "I emphasize my strongly-held belief that this should not be interpreted as a vote to harm the president," but acknowledged that others saw it that way.

The rejection of Tower marked only the ninth time in history that the Senate has turned down a president's Cabinet nominee. The first such decision since 1959 when the Senate voted against confirming President Eisenhower's nominee for secretary of commerce, Lewis L. Strauss.

Bush dodged reporters' questions as he departed for a trip to New York, but his press secretary, Martin Fitzwater, said, "If necessary, we'll come up with a (new) candidate very rapidly."

Names most frequently mentioned in White House speculation as a replacement candidate included Sen. John Warner, R-Va., the ranking GOP member of the Senate Armed Services Committee and a former secretary of the Navy; former Defense Secretary Donald Rumsfeld; former Rep. Jack Edwards, R-Ala.

Brent Scowcroft, the national se-

curity adviser, also was mentioned but told reporters "no," he was not in line for the post.

The debate drew to an end with the last handful of uncommitted senators declaring their intentions.

Kassebaum was the only Republican to break ranks with her party. She cited Tower's consulting work for defense contractors shortly after he served as an arms control negotiator, saying it raised "very serious concerns" about his judgment and "sensitivity to those major issues of conflict of interest, the role of consultants and the revolving door."

# Fourth SGA candidate announces

Continued from Page 1  
listen to music instead of sneaking into bars," he said.

Another issue on Moberly's and Skidmore's platform is racism on campus.

"We will not tolerate the use of racial epithets," Moberly said. "When it happens again we will make ourselves heard."

Other issues Moberly and Skidmore said they will lobby for if elected are increased access to computers — including installing

them in the residence halls; more Tab in soft drink dispensers; better enforcement of quiet hours at the Margaret I. King Library; evaluation of advising services available to students; complete and scientifically accurate teacher evaluation publications; installation of automatic grade takers, which Moberly said many other universities have; and increased student and faculty alliance.

"I think a new emphasis needs to be placed on the primary function

of a University, which is to produce well-educated students," Moberly said. "I think we need to improve the academic atmosphere at UK, as well as the student services."

Matt Dacey, the campaign's public relations adviser, criticized a statement made by SGA presidential candidate Sean Lohman in his announcement speech. Lohman said that the SGA president needs to have experience in student government.

# NURSES! START YOUR CAREER WITH ONE OF THE BIG NAMES

At GW, you start at the top and our new clinical ladder keeps you there. As a new graduate you will automatically advance up the ladder during your first 18 months of employment. Every six months you take another step up in salary and responsibility.

GW has excellent tuition benefits for employees, spouses and dependent children. The Department of Nursing also offers tuition support for BSN and MSN programs at certain area universities and free preparation courses for new graduates taking state board examinations.

These are just some of the ways in which we show our

nurses how much we value them. At GW, nurses are an essential part of every team and enjoy an excellent working relationship with the medical staff.

The advantages of working at GW don't stop there. We're located right in the heart of our nation's capital. Exciting Georgetown (with its beautiful stores) and a variety of performing arts are right on our doorstep. We're located at the Foggy Bottom/GWU metro for easy access to the city and surrounding suburbs.

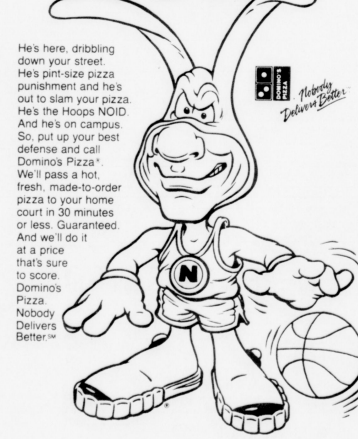

To find out more about joining us at GW stop by, write or call Jeanne Bahm, Nurse Recruiter, Local: 994-4485 or 1-800-543-0423.
