## ABOUT THE LIBRARIES

### An Irish Blessing

May the road rise to meet you. May the wind be always at your back. May the sun shine warm upon your face, the rains fall soft upon your fields, and until we meet again, may God hold you in the palm of his hand. Happy Saint Patrick's Day!

The Editor

### Notes from ACTS

There have been several questions directed to the ACTS Executive Committee about whether the procedure for changing jobs as outlined in the staff manual would be followed. Specifically, the staff members wanted to know if all non-professional vacancies would be advertised in The Green Bean. In discussing this policy with Mr. Willis, we were assured that, in the future, all vacancies WILL be advertised in The Green Bean.

The CBS News Index (v.1, 1975- , quarterly with an annual cumulation) indexes the morning, midday, and evening daily news broadcasts including CBS specials, special reports, and 60 Minutes. The index combines subject headings and personal names within one alphabetical list, and provides titles and identifiers for major government officials. Cross references and "see also" are indicated.

Each entry consists of a subject heading, a descriptive phrase about the broadcast content, and a locator which guides the user to the verbatim CBS news transcript. Entries also designate whether the story is reported by a correspondent or by an anchor-man.

N/M has all the broadcasts on microfiche, beginning with 1975.
