Yugoslavia, Greece Will Fall To Germany, Eddy Predicts

Author Says U. S. Must Help Build Democratic Union The United States must help build a world federation of democracies based on liberty, justice, economic security and the brotherhood of man. Dr. Sherwood Eddy, renowned author, lecturer, and world traveler, told an audience of 300 last night in Memorial hall. The United States cannot adopt its "sit and run" methods of the last war but, in efforts to build a lasting peace, it must demand four promises from England in exchange for the aid given that country, he stated. These promises are that England (1) would stand by in any fight for a federalist world; (2) would never again support a totalitarian state as was the case when Japan invaded China; (3) would permit adequate privileges to its own colonies and permit open trade with them. Other countries likewise have plans for a new world, Dr. Eddy said. "Germany's program is based on the idea of a world of nations...

C. VANDERBILT TO APPEAR HERE TOMORROW

Author Uncovered Foreign Activities In South America

Cornelius Vanderbilt Jr., world renowned lecturer, journalist, author and sportsman, will speak under the auspices of the Woman's Club of Central Kentucky at 8 p. m. Saturday at Memorial hall, Miss Chloé Gifford, president of the club, announced yesterday. Vanderbilt who was scheduled to speak last Saturday, did not appear because of illness.

University students will be admitted to a special party Monday night, and will be on sale only for the day tomorrow night. Vanderbilt, one of America's young cosmopolitan intellectuals whose every day is tomorrow night, and the unusual, has spent the past six months traveling in Mexico, Central America, South America, and the Caribbean. This recent trip resulted in a number of revelations about the "tomorrow night" countries. Many of these facts have been submitted to the federal government.

Monday Night's Mass Meeting

Last night a special Student Government committee was appointed to plan and direct a campus-wide mass meeting to discuss the implications of the University reorganization plan recently adopted by the Board of Trustees.

The KERNEL is in agreement with the action and pledges its support to the meeting.

We are supporting it because we believe the students have a direct and personal interest in the measure. This interest we believe to be three-fold:

First, all matters of curricula are to be taken from a parliamentary body and placed in the hands of a dozen men. We want to know what effect this is going to have on us.

Second, the granting of degrees is to be taken from the faculty at large and placed in the hands of a few. We want to know the implications of this too.

New Plan Could Curtail Freedom

By SCOTT D. BRECKINRIDGE

Those who support or rationalize the reorganization schemes rely upon one argument—"efficiency." But no one denies the efficiency possible under this new step that abolishes parliamentary bickering. If efficiency is the sole purpose it can be achieved. But to achieve the results claimed we sacrifice definitive faculty participation. It is replaced by arbitrary decisions of administrators.

Though this is the only way the results claimed can be achieved it is not the method mentioned in argument. Visions are conjured of meetings leading up to the recommendations to the new super-board. This would seem to leave the new body no duty but to act in efficient approval.

In cases of conflict it will be necessary to refer these questions back to sub-meetings for endless discussions. Eventually no recommendations could again be made to the

And third, parliamentary discussion—a traditional faculty safeguard at UK for over 60 years—is to be sacrificed for the sake of a more streamlined "administrative efficiency." This phrase obviously may well have its implications for the faculty, and we cannot help but wonder if it might not have certain implications for the students as well.

Because these interests exist the students have a right to know how the reorganization plan is going to effect them. Thus far we have heard little explanation and little interpretation—other than the fact that the Senate is to be abolished and that control of the curriculum and granting of degrees is to pass into the hands of a dozen men.

Monday's meeting will be an attempt by the students to interpret the plan for themselves in light of the facts available. We think the meeting will be a much-needed medium at this time, and we earnestly urge every student at the University to be present.

super-board. This obviously is a confusion of administrative activities. The old system of the Senate brought all parties into one meeting place for the settlement of such problems. So, the arbitrary type of efficiency mentioned above will be found necessary for the success of the new system. Thus, we find democratic processes sacrificed for what promises no better results.

To support the opinion of this immature colleague in the "Institution-Faculty Relations in the College of Integrity" by Bixler (1939). He says, "Efficiency in the administration of education has meaning only as it relates to the inclusive aim of education. If the inclusive aim is the democratic way of life, then the greatest efficiency can be achieved by the practice of democracy in the college."

May I ask the Board of Trustees, "What is our aim?"

Tolerance and Freedom in education is essential to democracy. In the coming period of crisis and ten-

tion these essentials will be endangered. If we speak of democracy being threatened we must realize that the existence of these essentials is proof that there actually is a democracy to threaten.

Under the new scheme these essentials are easily curtailed. Faculty control of policy is the main way of protecting these essentials. Again, if for no other reason than a part in policy decision such faculty participation is important.

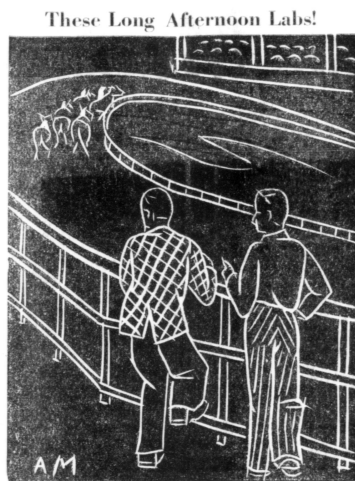

The Federal Administration of the Liberal Arts College by Kinder (1934) states "A survey of the general faculty meetings held in the 116 colleges of this survey brings to the fact that the presidents of the colleges are of the opinion that the faculty meetings are valuable, feasible and even indispensable."

UK AUTHORITIES OPINED
 As recently as 1936 our own authorities went on record in "University of Kentucky Organization of Board of Trustees, Conduct of Business Matters Governing Regulation of the University." It says, "In accordance with the experience and practice of this and other institutions of similar character, the Board entrusts the execution of all its plans and policies, together with the internal government and administration of the institution of the President and the Senate, and other officers it may select."

I am sure there has been no appreciable change in conditions since then, except more active participation by the Senate—to the displeasure of some. In fact, criticism of the Senate is a weed that sprang up overnight with the new scheme.

Though student activity in protest is increasing, it cannot be denied. The students know that the faculty is not enthusiastic over the new scheme. We appreciate the difficult position of the faculty, but believe that the united action of that group will deny any individual retaliation. As professional educators their opinion is more important than that of amateurs.

As a student of the University and a citizen of the State of Kentucky, I feel we should know the faculty's favor or displeasure. Equivocation is not an answer. If the new system

Students Protest Abolition Of The University Senate

To the Editor of the Kernel:
 The recent action of the Board of Trustees is completely incomprehensible to the student vitally affected by such rash, totalitarian, dictatorial action.

Every day in various ways we are made aware of the sacrifices that must be made for democracy. We are virtually the only democratic country left with much degree of freedom, able to stand against the destroyers of democratic civilization. The university should epitomize the very best in democracy.

But how can a university uphold democracy when it is institutionalized in such an undemocratic fashion? How can democracy exist in spirit, and not in form? It is an impossibility.

The Board was incoherent of that "discussion and continual wrangling which went on in the Senate." Would the Board dissolve the United States Senate on the same grounds? Discussion is healthy and vital to any organization, and without it very little is achieved.

We could make comparisons between the institutions of Germany and those institutions under such a regime as this, but we hesitate to do so, because of the hope that there will be some changes made, and some clarification of the new order.

We are optimistic and do not believe yet that this plan will really be executed. We do not consider ourselves a "loud minority group who is installed, even though it proves unsatisfactory it will not be displaced. Then it will be too late.

If the faculty is to justify the trust I would place in them for determining University policies, they should express some positive opinion now. I hope they can see their way clear to express some support of the student movement. Private opinion is not the type needed, it must be for the public.

Most embarrassing situation of the week: ZTA Sara K. Fisher, the gal who wrote two home-town boys letters and placed them in wrong envelopes, now has additional troubles—two out-of-town flames are arriving on the same day to see this popular phenomenon.

Mary Frances Hatfield and Jack Boston, those two attractive people who have been trying for weeks to get together, finally have a date Sunday night. Hooray!

Chio Bobbette Lyons has tossed Sigma Nu Ed Konopka's fraternity jewelry back and they both seem extremely happy over their present state of freedom.

Kappa Janet Rocas is sticking to the army these days by putting a young lieutenant from Fort Knox every weekend.

Alpha Gam Health "Activity Girl" Timley, who even attends Sulky meetings by mistake, has been seen frequently with KA Joe Logan Masie.

Trisrate Dan Sabo, of loud shirt fame, has been wearing more conservative chest coverings since he's been going with "Best-dressed girl" Caroline Cozant.

Leika Moran became the "girl of the hour" when Dr. Funkhouser interrupted a class to permit her to go outside and see her Charlie from Pennsylvania.

It has been reported that Phi Delt John Courtney has been hiding behind trees in the Alpha Gam front yard to check on his competition with Betty Mitchell. Shame on you Johnny!

Our vote for one of the most attractive men on the campus goes to Phi Gam Bob Myers, who transferred here from W. & L. to be near his "one and only" at Tranny.

Seen around: Phi Tau John Boles still carrying the torch for Tri Delt Jean Elliott; Sigma Chi Benny Owen screeching over being conscripted this week; ATO L. T. Eighart twittering over Jo Moberly; Liga Bell Howe tugging Clark Wood into a religious man.

Kappa Sig Don Bennett stepping back into the affections of Lulagene Johnson; Jack Thoman, "Boogie Woogie Bugle Boy of Alpha Sig," keeping the trail hot over the Chi Omega house to see Anura Ruth Burton; Alpha Gam Charlyn Perrie, dating a certain columnist; and Kappa Sara Ewing hiking with Delt Bob Scott.

Sigma Nus To Give Dinner Dance For Visiting Convention Delegates

Dance Planned In Phoenix Ballroom Following Meetings

Gamma Iota of Sigma Nu will be hosts for the sixth convention of the Twentieth Division of Sigma Nu which will open Saturday morning.

Jim Brown, of Gamma Iota chapter, is president of the Twentieth Division, and is general chairman of all the arrangements for the meetings of the convention.

Discussion groups will be held during the morning afternoon, followed by a dinner-dance to be held in the ballroom of the Phoenix Hotel at 7 o'clock.

The ballroom will be decorated with a Sigma Nu five arm star facing the speakers' table with the guards of the chapters in the Twentieth Division on either side. The tables will be decorated with white roses, ferns, and lighted tapers. The dates of the chapter will receive corsages of white roses. The Blue and White orchestra will play for dancing after the dinner.

Honored guests at the dinner will be Mr. Edward H. Hershinger, division inspector; Mr. George Tomlinson; and the delegates of the Sigma chapter, at the University of the South; and Epsilon Sigmas, at Southwestern and Epsilon Eta, at the University of Tennessee.

The dates of the chapter will be Ruby Jo Cavendish, Psi Delta; Iola Young, Martha Whitsell, Lou Jones, Clema Ballard, Billie Raymond, Julia Johnson, Anne Pettit, Toni Hayes, Lou Walker, Anne Crutcher, Sally Hemingway, Louise Wilson, June Mehne, Billie Burdette, Betty Jane Rees, Dot Manning, Ellen Murphy, Jane White Humble, Billie Dyer, Mary Hume, Anna Ruth Burton, Ann Jones, Nancy Bottom, Dorothy Stanford, Helen Gene Gentry, Frances Woodcock, and Carolyn Morgan.

Chaperons for the dinner and the dance will be Mrs. Walter Drury, Major and Mrs. A. C. Sanders, and Dr. and Mrs. Ferra Van Meter. James Gordon is in charge of the plans for the dinner dance.

SIGMA CHIS COP BOWLING TITLE

'Mural Sports Day Billed For May 10

The Sigma Chis won the annual intramural bowling tournament last week when they finished their season of play with an average of 320. The Deltas and KAs tied for second place with an average of 355.

A tie also resulted in third place when the SPDs and Gamma Tau Alphas completed their games with an average of 540. Fifteen teams competed in the tournament, but only nine finished.

The SPDS finished the season with the best total team average, 2500, but individual scoring honors went to Melford Garrison, Delta Tau Delta, who scored a 233 game.

The intramural officials, continuing their expanding program, have announced an intramural Sports day, scheduled for May 10.

Highlights of the sports (by program) will be football and track meet finals. Also scheduled for that day are events in fencing and archery.

Teachers' Frolic Will Be Tonight

A Teachers' Frolic for education college students and faculty members will be given from 8 to 10:30 p.m. today in the University high school gymnasium.

Members of the Future Teachers of America, national organization for prospective teachers, and members of the music department are sponsoring the informal party which will feature group and card games as well as folk and ballroom dancing.

Running Wild

By JOHN CARRICO

The baseball team will make its delayed debut this afternoon against Georgia Tech (barring more of that California sunshine). Moseley's boys were all set for Illinois college last Saturday on the K-Day program, but Jupiter Pluvius' plumbing sprang a leak and the boys had to be content to look wistfully at the football game and sigh for what was not to be.

This time, though, Mose is determined to see his crew launched into the conference baseball whirl and it's probable that neither hell nor high water will stop him. So even if it's pouring, Myrtle, just float a boat and come on over!

The weather-man says, however, that we'll probably have a what's-so-rare-as, so you needn't bother to dig out the olivians when you head for the Wildcat ball orchard.

The Wildcat team should have been at its best this season. Only one regular, Wilcox Carraway, graduated and most of the men now had two seasons of competition under their belts. However, the shortstop and the first baseman of last year's team are not numbered in the present aggregation. Fortunately, Moseley has two promising newcomers to rely on at these positions.

Among the veterans are outfielders Charley Martin, The Willoughby, Ray Gravis, Johnny Kuzachek, and Link Ellington (when he isn't pitching); infielders Joe Shepherd, and Nolan Navarre; catcher Eddie Fritz, and pitchers Carl Staker, Bill McCubbin, Allan Rathbun, and Ellington.

Willoughby, Martin, and Kuzachek or Mullins will probably make the outfield. Gravis and Ellington will fill in and either may merit a starting berth. All of these men are fair hitters and patrol their sectors capably.

The infield will be Moseley's prime headache. Edie Tocco will cover the initial sack. Shepherd will hold forth at the keystone. Phil Cutchin will cover short, and Nolan Navarre will be at third. Tocco and Cutchin are rookies fresh from the Wildcat Kitten farm. Both boys are able fielders and pack a wallop at the plate. Moseley should have no worries about these two spots after mid-season and probably before. Shepherd and Navarre, the gray-heads in the green of the infield, have played two seasons for the Blue and White. In practice sessions both men have had a little difficulty in fielding, but this wrinkle should be ironed out in a few games.

Catching duties will fall to Eddie Fritz and Bob Herbert. Fritz is a dependable receiver and a fair hitter. His throw isn't as fast or as accurate as Herbert's. Herbert has a very strong arm and is known as a power hitter; he lacks the judgment

UK RACQUETEERS TO OPEN SEASON

Opening Meet Monday, Here

Kentucky's 1941 edition of the Wildcat "racquetters" inaugurate an ambitious 14 game tennis schedule next Monday when they take on Depauw university in the six singles and three doubles matches at 2 p.m. on the UK courts.

Their practice hampered by inclement weather, but boasting a strong crew of veterans from last year's squad, the UK men will enter the match with more than an even chance of winning this opening event.

Dr. H. H. Downing who is entering his twentieth year as tennis coach, said yesterday that he has ten good men from which to choose his squad.

Three Men Lost
Only three men were lost from last year's team that won six and lost six. Captain Bobby Boone and Son-

ny Boland went the graduation route, while Joe Dunlap did not report for practice this year.

Lee Huber, No. 1 ranking player last year, will be in the same spot this year, with Dave England, Frank Miller, Omar Ratliff, Billy Hedges, and Robert Garret the rest of the singles players. Miller was ineligible last year because he hadn't completed a semester at the university and did not compete in any games.

The doubles teams will be made up of Heinz Seelbach, Tom Harris, Grant Lewis, and Marshall Smith with two men from the singles ranks also entering one of these events.

The complete schedule is as follows:

April 14	Depauw	Lexington
April 14	Tennessee	Knoxville
April 17	Georgia Tech	Atlanta
April 17	Brescia	Brescia
April 17	Vanderbilt	Nashville
April 21	Western	Bowling Green
April 21	Spring Hill	Lexington
May 1	Tennessee	Lexington
May 2	Waynes	Lexington
May 3	Motry Dams	Lexington
May 3	Western C. T. T.	Lexington
May 12	Cincinnati	Cincinnati
May 13	Missouri State	Lexington
May 21	Berea	Lexington
May 21	Charlottesville, Ind.	Lexington

The SMOKE of Slower-Burning Camels gives you EXTRA MILDNESS, EXTRA COOLNESS, EXTRA FLAVOR and

28% LESS NICOTINE

THE SMOKE'S THE THING!

CAMEL IS THE CIGARETTE FOR ME. MORE FLAVOR—AND THEY'RE SO MUCH Milder

than the average of the 4 other largest-selling brands tested—less than any of them—according to independent scientific tests of the smoke itself

LESS NICOTINE in the smoke! Yes, science has confirmed this important advantage in Camel cigarettes... traced it right down to you by measuring the smoke itself. Obviously, it's the smoke you smoke.

Camel's costlier tobaccos are matchlessly blended into a slower-burning cigarette. That means no excess heat to flatten delicate flavor... freedom from harsh, irritating qualities of too-fast burning. Extra mildness, extra coolness, extra flavor—and less nicotine in the smoke!

So—make that switch to Camels today.

Dealers everywhere feature Camel cigarettes in cartons. For economy—for convenience—buy your Camels in cartons.
