Mrs. Ellen Butler Stutsman, 1902-1980

Mrs. Ellen Butler Stutsman, head of the Catalog Department from 1932-1967, died on August 13 after a long illness. She was born in Lexington May 18, 1902, the daughter of A.C. and Kate Butler. A graduate of Lexington Senior High School, she received an A.B. degree from the University of Kentucky in 1925. In 1926 she was granted a certificate from the New York State Library School, and in 1944 she was awarded an M.S. degree from the Columbia University School of Library Service. Her thesis, Historical Development from 1792 to 1936 in the Printed Documents of Kentucky with a View to Their Cataloging, was published in 1953 as number 8 of The ACRL Microcard series.

From 1926-28 she was first assistant to the director of the Kentucky Library Commission in Frankfort. She returned to her Alma Mater in 1928 to be assistant cataloger in the University Library. In 1932 she became head of the Catalog Department, and held that position until her retirement in 1967. During the period, September 1, 1945 - December 31, 1945, she was acting librarian.

Mrs. Stutsman was head of the Catalog Department when card reproduction and other tasks were done manually. She personally revised every card typed, and every card filed in the catalogs. She also examined every book that left the department.

In an era when travel money was scarce or non-existent, she took her staff to professional meetings. She was active in the Ohio Valley Group of Catalogers. Through her encouragement, many of her professional staff were active in this group and its successor, the Ohio Valley Group of Technical Service Librarians. An early advocate of professional development, she urged the junior members of the department to do more and better things.

During her long tenure with the library, Mrs. Stutsman supervised a staff with varied interests, abilities and personalities. She used the strengths of each staff member to form a strong department that supported the goals and objectives of the library.
