

Minutes of the Meeting of the Executive Committee of the Board of Trustees of the University of Kentucky, July 21, 1950.

The Executive Committee of the University of Kentucky met in the President's Office at 10:30 a.m., Friday, July 21, 1950. The following members were present: Guy A. Huguelet, Chairman; John C. Everett, H. D. Palmore, R. P. Hobson and Harper Gatton. Absent: None. President H. L. Donovan and Secretary Frank D. Peterson met with the Committee.

A. Approval of Minutes.

On motion duly made, seconded and carried, the minutes of the Executive Committee of June 23, 1950, were approved as published.

B. Purchases by Comptroller's Office Approved.

President Donovan submitted communication from the Comptroller listing documents evidencing purchases made by the department from April 1 through June, 1950. He read the following communication:

July 6, 1950

Dr. H. L. Donovan, President
University of Kentucky

My dear President Donovan:

I submit a list of state requisitions, advices of emergency purchases, special purchase orders, food contracts and departmental purchase orders which have been made by the purchasing division from April 1, 1950 through June 30, 1950. These purchases have not been approved by the Board of Trustees. The listing below gives the numbers of the documents requesting the purchase or actually issued as purchase orders, which documents are made a part of this record and are held in the Office of the Comptroller subject to inspection. The purchases have been made on properly drawn documents at the request of the various departments and have been charged against available funds.

The list follows

State requisitions numbered	944 through 1220
Emergency purchase orders numbered.....	480 through 636
University departmental orders	1343 through 1411
Special purchase orders	9847 through 12605
Library departmental orders	2562 through 2592

Departmental orders numbered 2557-2560, inclusive, were destroyed; hence the record for the quarter April 1-June 30, 1950, begins with 2562, as 2561 was reported in the previous quarter. Of the departmental orders numbered 2562-2592, inclusive, the following were destroyed: 2562, 2563, 2564, 2565, 2568, 2569, 2570, 2571, 2572, 2573, 2574, 2575, 2576, 2583. A total of seventeen departmental orders were processed in the period reported here.

The foregoing record of purchases is respectfully submitted with the request that they be approved by the Executive Committee of the Board of Trustees, thereby ratifying the action of the Comptroller in making such purchases.

Respectfully submitted,

(Signed) Frank D. Peterson,
Comptroller.

President Donovan recommended that the action of the Comptroller be approved and ratified, and upon motion duly made, seconded and carried,

State requisitions numbered.....	944 through 1220
Emergency purchase orders numbered.....	480 through 636
University departmental orders	1343 through 1411
Special purchase orders	9847 through 12605
Library departmental orders	2566 through 2567
Library departmental orders	2577 through 2582
Library departmental orders	2584 through 2592

were approved and the action of the Comptroller in making such purchases was ratified.

C. United States Geological Survey Agreement Approved.

President Donovan submitted agreement between the United States Geological Survey and the Department of Geological Survey, University of Kentucky. He stated that the agreement provided for cooperative arrangement between the two departments for stream gauging activities in the State. He stated that the agreement is a continuation of existing arrangements heretofore engaged in between the two departments, and recommended its approval.

Upon motion duly made, seconded and carried, the recommendation of the President was concurred in, and the Agreement was authorized executed on behalf of the University.

D. Self-Accounting Method for Hospitalization Group Insurance Declined.

President Donovan reported that the Assistant Divisional Manager of the Equitable Life Assurance Society of the United States, with which company the group hospitalization insurance for the staff of the University is carried, had offered to permit the Comptroller's Office to handle completely hospitalization claims.

The company proposes that the University Accounting Office prepare the employees' individual certifications and insurance registration cards and pass upon the validity and adjustment of claims presented by employees belonging to the group hospitalization insurance plan.

This would have the effect of placing the University group in a special class for dividend purposes by eliminating expense factors used in the dividend formula for regular group policy holders. If such a self-accounting method should be accepted by the University, it is thought by the Company that the expense factor used in the dividend formula for the University group would approximate 2% of the premium paid, and approximately 2% of incurred claims.

President Donovan stated that the proposition had been submitted to the Insurance Committee and they had referred the question to the Board for consideration. Some additional work would be incumbent upon the Accounting Office, as well as assuming the responsibility of passing upon validity of claims and making adjustments where necessary. It was stated that if such a method was accepted, the Comptroller's Office would use a draft book method of settlement for claims filed for hospitalization, and continue to make the present payment quarterly of premiums due.

The members of the Committee discussed the proposition of the Equitable Life Assurance Society of the United States at some length, and upon motion duly made, seconded and carried, directed that the offer be declined, because it would place upon the Accounting Office the responsibility of passing upon the validity of claims submitted, and would cause that office to become the arbitrating adjuster, and to assume responsibility for which it is not equipped.

E. Contract with the United States Armed Forces Institute for Correspondence Courses Approved.

President Donovan submitted contract between the University of Kentucky Extension Department and the United States Armed Forces

Institute for correspondence courses for military personnel, and stated that the contract contains the provisions of the former agreements and stipulates the charges to be made for each extension course offered to and accepted by the military personnel. The contract, in its present form, has been previously approved. The new contract is for the fiscal year 1950-51, with no major changes included. President Donovan recommended that the contract be approved and authorized executed.

Upon motion duly made, seconded and carried, the recommendation of the President was concurred in.

F. Oak Ridge Institute of Nuclear Studies Invoice Approved.

President Donovan stated that the Board of Trustees, at its meeting in April, 1947, authorized the University to participate in the Oak Ridge Institute of Nuclear Studies and approved the University assuming its share of the cost of the Institute. He submitted an invoice for the fiscal year 1950-51 in the amount of \$1,000.00, and recommended that same be paid from the Haggin Fund. He also called attention to the fact that Dr. L. A. Pardue, Dean of the Graduate School, is Chairman of the Committee for the Oak Ridge Institute of Nuclear Studies.

Upon motion duly made, seconded and carried, the invoice for the fiscal year 1950-51 in the amount of \$1,000.00 was approved, and the Comptroller was authorized to pay same from the Haggin Fund.

G. Agreement with Sayre School Approved.

President Donovan submitted agreement between the Board of Trustees of Sayre School, 194 North Limestone Street, Lexington, Ky., and the Board of Trustees of the University of Kentucky, for lease of a part of the Sayre School, known as the South Dormitory. It was explained that this part of the school would be used to house women students enrolling in the University, and is a continuation of the existing contract, calling for the same financial consideration for a period of twelve months, commencing September 10, 1950.

President Donovan stated that it was now apparent that our enrollment would be sufficient to fill our existing women's residence halls and utilize the facilities of the Sayre School dormitory. He recommended approval of the contract.

Upon motion duly made, seconded and carried, the contract was approved, and the Comptroller was authorized to execute same on behalf of the University.

H. Adjustment in Architects' Fees on New Science Building.

President Donovan stated that, in May, 1946, pursuant to authorization of the Board of Trustees, the Comptroller's Office made application to the Federal Works Agency Bureau of Community Facilities for an advance to be used for plan preparation for a new science building.

He stated that the construction cost had been fixed at \$1,500,000.00, equipment estimated at \$175,000.00, and plan preparation and specifications at \$75,000.00, a total of \$1,750,000.00. The application was approved, and an advance of \$45,000.00 was received and paid to the architects for plan preparation.

The contract between the University and the architects provides that the basic building cost be fixed after conference between the owner and the architects.

On January 7, 1947, the basic building cost was fixed at \$1,750,000.00, after which time the architects contended that there was so much mechanical equipment to go into the building, for which plans must provide, that an adjustment in the basic building cost should be made.

The President recalled that two or three conferences were held in Doctor Chamberlain's office, and that it was agreed, after consulting with him, that the basic building cost be raised to \$1,860,000.00, allowing \$110,000.00 for the cost of mechanical equipment to be installed in the building. He further stated that it was not possible to adjust the application to the Federal Agency for the increased basic building cost, that architects' fees amounting to \$10,800.00 for plans and specifications had not been paid, and that it was desirable that the University make some disposition between the actual fees paid and the fees due. The architects knew at the time the application was made that the University did not have funds with which to pay for plan preparation and specifications and had accepted the job under these conditions.

Members of the Committee discussed at some length the advance for architects' fees for plans and specifications, and the total cost for plans and specifications according to the basic building cost. It was felt that the architects had some risk involved, and that the University was not at this time obligated to pay the balance due.

Upon motion duly made, seconded and carried, the Comptroller was authorized to negotiate a temporary settlement with the architects, with the understanding that a part of the balance would be paid at this time and completely paid when the building was actually constructed.

I. Sale of Surplus Metal Property Approved.

President Donovan reported that the Kentucky Kernel had an old surplus metal furnace which was used for a number of years prior to the time that new equipment was purchased. He also stated that the Kentucky Kernel owned a casting box which was formerly used with the metal furnace and that these items are now obsolete. He recommended that the furnace and the casting box be disposed of.

President Donovan also reported that the Division of Maintenance and Operations had a Chevrolet truck that was purchased second-hand in 1946. He reported that the truck is of no further use to the University and is in a very poor mechanical and physical condition. In fact, the truck can only be disposed of as salvage. He recommended that the Comptroller be authorized to receive competitive bids and to accept the high bid.

Upon motion duly made, seconded and carried, the Comptroller was authorized to dispose of the Kentucky Kernel metal furnace and casting box and the salvage Chevrolet truck.

J. Gifts.

From Distillers Feed Research
Council Inc., Cincinnati, Ohio...
.....\$2,000.00.

President Donovan reported receipt of a check for \$2,000.00 from the Distillers Feed Research Council, Inc., Cincinnati, Ohio, and stated that this is the second contribution from this Council, made to support Experiment Station project A.I. '30, "The value of corn distillers dried grains with solubles as a protein supplement for steers fattened in dry lot." He recommended that the check be accepted, and upon motion duly made, seconded and carried, the check for \$2,000.00 from the Distillers Feed Research Council, Inc., Cincinnati, Ohio, was ordered accepted, and the President was requested to write a letter of appreciation to the donors.

From the Consolidation Coal Company (Ky.).....\$2,500.00.

President Donovan reported receipt of check for \$2,500.00 from the Consolidation Coal Company (Ky.), to be used to support the Company's research fellowship fund. He stated that this is the third renewal of this fund and that he believed that the University had been able to do effective work because of the contributions. He recommended that the gift be accepted, and upon motion duly made, seconded and carried, the gift of the Consolidation Coal Company (Ky.), amounting to \$2,500.00 was ordered accepted, and President

Donovan was requested to write a letter of appreciation to Mr. Sam Cassidy, president of the Consolidation Coal Company (Ky.), and an alumnus of this institution, who was instrumental in securing the support of his company for this fellowship fund.

From ODK.....\$2,000.00.

President Donovan reported a gift of \$2,000.00 from ODK, to be spent for lights on the intramural athletic field. He said that he considered this a very splendid gift which the members of ODK have given to the University, and he recommended that it be accepted.

Upon motion duly made, seconded and carried, the gift of \$2,000.00 was ordered accepted, and President Donovan was requested to thank the members of ODK on behalf of the Executive Committee of the Board of Trustees.

From Houston Endowment, Inc.....
.....\$5,000.00.

President Donovan presented check for \$5,000.00 from Houston Endowment, Inc., and said that this was the third annual payment under subscription dated December 27, 1947, for the original principal amount of \$50,000.00 to funds "Jesse H. Jones Scholarships" and "Mary Gibbs Jones Scholarships." He stated that the University is very grateful for these generous donations, and said that the scholarships are proving a very great help to those students fortunate enough to obtain them. He recommended that the gift be accepted, and upon motion duly made, seconded and carried, the gift of \$5,000.00 from Houston Endowment, Inc., was ordered accepted, and the President was asked to write to the donors, expressing the appreciation of the University of Kentucky.

From Ralph E. Mills Foundation...
..... \$1,000.00.

The President reported gift of \$1,000.00 from the Ralph E. Mills Foundation, covering the renewal of two scholarships of the Foundation for the 1950-51 school year. He recommended that the gift be accepted, and upon motion duly made, seconded and carried, the gift of \$1,000.00 from the Ralph E. Mills Foundation was ordered accepted, and the President was requested to thank the donors.

From Kentucky Association of Highway
Contractors.....\$500.00.

President Donovan reported receipt of check for \$500.00 from the Kentucky Association of Highway Contractors, to be used in the renewal of their scholarship for the 1950-51 school year. He asked that it be accepted, and upon motion duly made, seconded and carried, the gift of \$500.00 from the Kentucky Association of Highway Contractors was ordered accepted, and the President was requested to write a letter thanking the donors.

From Kentucky Utilities Company.....
.....\$700.00.

President Donovan reported a gift from the Kentucky Utilities Company in the amount of \$700.00, made for the purpose of covering the University's portion of the cost of operating gauging stations on Dix River, near Danville and Dix Dam, for the fiscal year ending June 30, 1951. He recommended that it be accepted, and upon motion duly made, seconded and carried, the President's recommendation was concurred in, and he was requested to write a letter of appreciation to the Kentucky Utilities Company.

From Mr. Alexander Bonnyman.....
.....\$1,000.00.

President Donovan presented to the Executive Committee a letter from Mr. Alexander Bonnyman, Knoxville, Tennessee, which stated that he was enclosing a check for \$1,000.00 to be used for the purpose of having a portrait painted of the President of the University.

The Executive Committee expressed their pleasure at the gift, and upon motion duly made, seconded and carried, ordered the check for \$1,000.00 accepted and used for the purpose indicated. They asked that their thanks be conveyed to Mr. Bonnyman.

From Keeneland Foundation, Inc.....
.....\$5,000.00.

President Donovan read the following letter to the Committee:

KEENELAND FOUNDATION

July 6, 1950

Dr. H. L. Donovan, President
University of Kentucky
Lexington, Kentucky

Dear Dr. Donovan:

As you know, this Foundation has cooperated with the Grayson Foundation to support research projects in the Department of Animal Pathology, Kentucky Agricultural Experiment Station, during the past two years, in each of which the Keeneland Foundation has donated \$10,000 to the experimental work.

Dr. Hill has requested of the Grayson Foundation a grant of \$5,000. to continue the study of hemolytic icterus during the current fiscal year.

The Grayson Foundation has in turn, requested the Keeneland Foundation to grant the sum on behalf of Grayson Foundation.

The Trustees of Keeneland Foundation have given unanimous written approval to the request; and have ordered me, as Treasurer, to issue such check, and to notify Grayson Foundation that payment has been made.

Check for \$5,000. is therefore enclosed; and the aggregate sum of \$25,000. has now been donated by Keeneland Foundation for the Grayson Foundation projects described.

Yours very truly,

(Signed) Helen H. Fortune.

Upon motion duly made, seconded and carried, the grant of \$5,000.00 from the Keeneland Foundation, Inc., was ordered accepted, and the President was asked to acknowledge the gift on behalf of the Executive Committee.

From Republic Steel Corporation....
\$4,100.00.

President Donovan reported check for \$4,100.00 from the Republic Steel Corporation. He said that he understood this check was to pay the cost of a cooperative research project on pasture management and pasture and tobacco irrigation at Steel Way Farm in Bourbon County, for the year beginning July 1, 1950, and recommended that it be accepted.

Upon motion duly made, seconded and carried, the gift of \$4,100.00 from Republic Steel Corporation was ordered accepted, and the President was requested to thank the donors on behalf of the Executive Committee.

K. Working Capital Fund for College of Pharmacy Supply Store.

President Donovan stated that at the time the College of Pharmacy in Louisville was accepted by the University, the College Supply Store was operated by a couple of students. It was agreed that the arrangement continue to the end of the school year, June, 1950. It now seems desirable to take over the College Supply Store and operate it under the supervision of the Bursar's Office. He stated that all difficulties had been worked out and inventory of usable supplies, books and equipment had been made, and that the amount agreed upon for the inventory was fixed at \$2,813.66. He stated further that it was necessary to purchase books for the first semester at an early date and that it would take approximately \$6,000.00 as a working capital fund to take care of necessary textbooks. He recommended that the inventory of the College Book Store be purchased and that a cash fund of \$9,000.00 be authorized in advance from the College of Pharmacy Restricted Fund.

The President stated further that the Comptroller's Office would periodically audit the accounts of the Supply Store and that, over a period of years, the amount advanced could be repaid to the original fund. He submitted an inventory of books, supplies and equipment and recommended an advance of \$9,000.00.

The Committee briefly discussed the recommendation and, upon motion duly made, seconded and carried, the Comptroller was authorized to advance from the College of Pharmacy Restricted Fund the sum of \$9,000.00 as working capital to put the College Supply Store in operation. The inventory of books, supplies and equipments amounting to \$2,813.66 was authorized purchased out of the working capital fund advanced.

L. Patterson Will Discussed.

President Donovan stated that certain portions of the will of Dr. James K. Patterson had been under discussion at various times. The firm of Woodward, Hobson and Fulton, at the request of Mr. R. P. Hobson, had given an opinion on the proper interpretation and construction of that portion of the will with reference to the right of the University of Kentucky at this time to make use of the funds provided for the establishment of a College of Diplomacy.

The opinion was read and further consideration was referred to the full Board of Trustees.

Upon motion duly made, seconded and carried, the law offices of Woodward, Hobson and Fulton were extended sincere appreciation of the Executive Committee on behalf of the University of Kentucky, for the very thorough consideration of the problem and the opinion rendered without cost to the University. An interim committee, consisting of Doctor Donovan and Mr. Huguélet, was appointed and requested to confer with the executor of the will, with reference to compliance with the opinion referred to above.

M. Degrees to Summer Graduates Authorized.

President Donovan stated that it was necessary for the Executive Committee to authorize the granting of degrees to the graduates at the August commencement. He stated that the list of graduates would be submitted to the University Faculty who would carefully examine the list and at some time prior to graduation approve the granting of degrees to the candidates entitled to receive them.

Upon motion duly made, seconded and carried, the persons recommended for degrees at the August commencement by the University Faculty were authorized granted, and the Secretary was directed to insert the list of candidates for degrees as submitted and approved by the University Faculty in these minutes.

COLLEGE OF ARTS AND SCIENCES

Kentucky Kernel

Correction in the minutes of the Board of Trustees for May 30, 1950:

N. B. McMillian is named in the list of reappointments as Press Room Foreman. The name of Edward L. Swift, Jr., should have been listed as Press Room Foreman for 1950-51.

On motion duly made, seconded and carried, on President Donovan's recommendation, the above appointments, reappointments, salary adjustments, leaves of absence, resignations, promotions and other staff changes were concurred in and record ordered made in the minutes.

O. Adjournment.

Upon motion duly made, seconded and carried, the meeting of the Executive Committee was adjourned at 12:30, and luncheon was served to the members in the President's Office.

Frank D. Peterson
Secretary, Board of Trustees
and Executive Committee.
