King Library Press seeks apprentices:

The King Library Press, Special Collections, University of Kentucky Libraries is offering a very limited number of apprenticeships for the summer session beginning 16 June 1977. Those apprenticed will gain practical experience in printing with the hand press, typesetting and book design, case binding and paper decoration. Those engaged for the summer will be printing a new publication which we expect to see to completion at the end of this session..

Students (undergraduate and graduate) of the University of Kentucky may earn credit for this work by arrangement with their departments. Members of the University faculty and staff are most welcome. However, this program is not limited to persons with University of Kentucky affiliations. We are sorry that all paid positions are filled at this time.

Due to the small number of apprenticeships open, those interested should contact the director as soon as possible. The Press is open from 9:00 - 5:00 weekdays.

New SPEC Kit in Reference:

The M.I. King Reference Department has received another new Spec Kit, published by the Association of Research Libraries. Entitled "Preparation and Presentation of the Library Budget", the kit presents the results of

a survey conducted to determine how ARL libraries prepare and present their budgets, which staff members are involved in the process, and what kinds of data are developed to support budget requests. Anyone interested is welcome to borrow the kit from reference for a few days.

Staff Picnic Planned:

The Library Staff Organization is planning a picnic for all library staff and their families to be held Friday, June 10, 5:00 p.m. at Jacobson Park. Sign-up sheets will be sent to all departments within the next week. If you have not yet paid your LSO dues now is the time to do so; full-time staff -- \$1.00 for the remainder of the year and part-time staff (associate members) who work less than 32 hours per week -- 50¢. Dues should be paid to Mary Welch, Cataloging Department MIK-North.

Library Trends:

Library Trends (vol. 25:2) contains a state-of-the-art review on Employee Organizations and Collective Bargaining in Libraries. The first section deals with the history of organizing in libraries - the first wave started before World War One when librarians unionized. Other sections deal with the effects of collective bargaining on the library. Also included is a copy of the agreement between Temple University and AAUP for the librarians at Temple.

LSO Staff Room note:

The Staff Room Committee finds itself washing up after a lot of anonymous staff room patrons these days. They cordially request that dishes and silver be washed, dried, and put away after each use and that person using the staff room help maintain a clean and attractive facility.
