Dr. W. D. Funkhouser, Chairman of the Committee on University Extension, reported to the Senate that the State Superintendent of Public Instruction had requested the Department of University Extension to conduct class instruction in high school subjects in centers over the State as an emergency measure, to aid the teachers in complying with the provisions of the new law. Whereupon it was moved and carried that the Senate approve of the plan wholly as an emergency measure in the interest of service to the State and that the details of the execution of the plan be left to the Committee on University Extension.

Senate adjourned.

The Senate met in the Little Theater Monday, February 14, President MoVey presiding.

The minutes of January 10 and Council minutes of January 7, 14, 21 and 28 read and approved.

The following recommendation of the Discipline Committee, in regard to the Senior Court, was read and approved:

"After a thorough and rather prolonged investigation into the origin, function and operation of the "Senior Court" and its relations with W. K. Berryman, and after hearing all witnesses suggested by the parties concerned and a careful consideration of the whole affair, the Discipline Committee desires to make the following recommendations:

1. That the Senior Court be abolished
2. That Mr. Berryman be placed on probation for one semester
3. That, if there be a real desire expressed on the part of the student body for a representative council which would act under faculty supervision, as is done at many institutions, the faculty show itself sympathetic and ready to cooperate."

The following recommendation of the Social Committee, in regard to the organization of a chapter of the Scabbard and Blade, was read and approved:

"In compliance with your request of February 10, 1921, the Social Committee has investigated the plans and purposes of the Scabbard and Blade Society and desires to recommend to the Council its approval of the organization.
