

Minutes of the University Senate, October 11, 1965

"b.) Applicants who are non-residents of Kentucky will be admitted only if their high school record and other measures of scholastic aptitude indicate probable academic success at the University and there are adequate facilities for their accommodation. Since these factors may vary from time to time, the Dean of Admissions shall recommend to the University Senate Council the minimum standards to be employed. The Council shall, in consultation with the President, determine the criteria to be used and report to the University Senate. A student failing to satisfy the minimum criteria shall be denied admission unless a review of all available evidence gives reasonable assurance that he can meet the minimum academic requirements of the University."

By a show of hands the following item 5 was approved as circulated and, in addition the Senate approved a motion directing the Rules Committee to ask the Committee on Student Organizations and Social Activities to explore further a more adequate means of providing effective advising for student organizations.

Minutes of the University Senate, November 8, 1965

The Chairman reported that the proposed academic program had not been sent to the faculty in sufficient time to allow a full discussion of its merit. Therefore, action upon the recommendations of the Senate Council to the Senate was deferred until a special meeting of the Senate. The special meeting is to be held at 4:00 p.m., Monday, November 22, in the Student Center Theatre. In response to comments and questions of a procedural and mechanical nature from the Senators, members of the Senate Council elaborated upon the rationale and development of the proposed academic plan.
