### KENTUCKIAN STAFF OFFERS BIG PRIZES IN SUBSCRIPTION CONTEST

Announcement of Rates Made—Manager Requests Material Early

CONTEST STARTS Oct. 10.

Canfield and Shook Will Do Photography

C. V. Watson, Business Manager of this year's Annual has gotten down to work and has some interesting announcements to make, the chief one being with regard to the subscription contest which begins Monday, October 10 and closes Monday, October 31.

The big things which take place during Annual-procedure, Annual-progress, or whatever one wishes to term it, is the subscription campaign. The prizes as announced are; first, \$10.00 and Annual; second, \$5.00 and Annual; third, one Annual; and anyone selling fifty books will receive one book free. Any student is eligible to enter the contest and subscription blanks can be obtained from C. V. Watson. The price will be \$4.00 if paid at time of subscription is given of \$4.50 if the student prefers to pay \$2.00 down and \$2.50 by February 15. These are the same rates as last year. The reason the difference of 50c is made between "cash customers" and others is the fact that a discount is given by printers if material is sent in early and by January 15, and if students are willing to cooperate in the matter then they are due some consideration. The discount of 50c is one-ninth of the cost of a book and that equals a fraction more than eleven per cent of the sale price. Good interest on anyone's money.

The rates to groups for space will be \$20.00 a single page and \$35.00 for two-pages space, the same as last year, payable one-fourth at time of sub-

### TRYOUTS FOR 'MIKADO' NOW BEING HELD

Prof. Lampert Recognizes Best Musical Talent in History of the University

The production of Gilbert and Sullivan's comic opera, "The Mikado", is uppermost in the minds of the Glee Club and musical circles of the University. As a reward for their efforts and also as a mark of distinction on the campus those participating will receive some token—in all probability a pin.

"The Mikado" is the greatest comic opera in the history of music. It offers opportunity for voices of diverse scope in the cast as well as in the chorus. Picturesque Japanese costuming and unusual stage settings will add to the attractiveness of the production of this classic.

The purpose of the giving of this opera is to provide students of the University with the opportunity to express themselves through music of the best type. The Glee Club also hopes to provide funds towards the uniform fund for the university hand in order that the band may appear at the best advantage on the foot-ball field and wherever the University is represented. Part of the proceeds will be added to the Student Loan Fund to aid the students in need of financial assistance.

### EX-SERVICE STUDENT DIES FROM INJURIES

R. H. Whited, Auburn, Injured While Driving on Parker's Mill Pike

Robert H. Whited, Auburn, Ky., 37 years old, College of Engineering Student and World War veteran died Thursday at 4:30 p. m. in the good Samaritan Hospital where he was taken shortly before midnight Tuesday after an accident. His death resulted from the effects of a fracture at the base of his skull.

Very little information has been obtained from the two white men and two Negroes who brought his in for they would not give their names or any information concerning the accident to hospital authorities and Darwin Hunter, also World War veteran and a University student who boards at the same place with Whited, has only divulged to Dean Melcher and police officers the meager information that he and Whited hired Walter Eider, a negro taxi-cab driver, to take them for a drive over the city and it was while driving along Parker's Mill pike that Whited fell from the car while it was speeding down hill.

Wednesday afternoon Elder appeared, for the first time, at police station and told that Whited and Hunter were at his house 622 Pine Street, when he reached home Tuesday night about 10 o'clock and wanted him to take them for a drive about the city and into the country. He did it and it was while coasting down a long hill on Parker's Mill pike that Hunter called to him, "We have lost a man." Elder said he drove back up the hill about fifty yards and found the injured man lying on the ground and bleeding profusely from a wound in his head, and unconscious. In that condition he was placed in the car and brought to the hospital. The negro said that both rear doors of the taxi were closed when Whited fell from the car.

### WILDCATS ROMP OVER KENTUCKY WESLEYAN FOR INITIAL VICTORY

Blue and White Eleven Shows Class in Opening Game

SCORE IS 68 TO 0

Methodist Eleven Fights Hard to no Avail

The Wildcats started their foot ball season off with a bang last Saturday when they snowed Wesleyan under with a 68-0 victory. More significant after the first quarter to the victory because the first team gave away after the first quarter to the second and third squads who continued the slaughter, although on a slawer basis. Thirty-one blue clad warriors furnished the Wesleyan opposition and their work can only be spoke of in the highest tone.

Pribble, who performs at the full-back position caught Wesleyan's kickoff and ran 40 yards before he was downed. He had his old football speed coupled with a few new twists and shakes. From then on it was just a matter of plunges and end runs to the goal-line, Pribble carrying it over Server kicked goal. The next touchdown was made in similar manner, Fuller catching the ball on the kickoff and running 20 yards before he was tackled. A series of open field plays and Prib carried the pigskin over for the second touchdown. Server again added another point.

The third marker came after Fuller's 45 yard kick had hit the ground two feet from Wesleyan's line and it was downed by Rice and Fleahman who had rushed down the field. Bobby Lavin on a short plunge thru center made Kentucky's next score. Captain Jim again failed to miss. The next touchdown was made in twenty seconds after the ball was kicked off. Fuller caught the ball in the vicinity of the 80 yard line and did a very neatly executed dash for point number 27. Jim Server made it 28.

Fest, the tall and rangy Wildcat center, had his mind set on something spectacular in the way of running with the ball and he made the best of his opportunities. A short kick was destined to come his way and it fell into his waiting arms. Freddy started with a shimmy that started downward from the neck; his next movement was the sideslip to the right. About this time he was under way and he started straight for the opponents goal post. His progress had to relate was checked after a struggle of two or three feet.

The advance of the Blue and White did not tarry long, a 30 yard pass from Fuller found Colpitts waiting for it to alight. He finished the journey over the line making another marker for 'Cats. The aerial game was worked again and this Lavin was the receptor and again the total was increased. Captain Jim made his sixth straight and the quarter ended. Kentucky, 42 - Wesleyan 0.

The second quarter started with a few substitutes in the Wildcat ranks. The Methodists had suddenly gone on the offensive and had tried a forward pass, but Fest put up his lengthy arms and drew it down. He tucked the pigskin under his arm and shaking off a few pursuers galloped (the term is not misused) down the field to the

goal line 45 yards away. After another touchdown the half ended. Score Kentucky 55, Wesleyan 0.

The third quarter found the second squad in possession of the field but progress was not as rapid as formerly. One touchdown was made and this record was equalled by the third squad which finished the game. The second string men who shone out were: Neale, Brown, Fleahman, Netherton, Sanders, Brewer, King and Ridgeway. The first team played with well oiled precision.

The Wesleyan team played a hard game and credit should be placed where it belongs. Their light line was unable to hold Kentucky's heavier men. Their offensive was squashed time and time again although one Wesleyan made a 25 yard run. Kentucky was held for but two downs: Kentucky (68) Position Wesleyan (0) Rice, A. T. .... L. E. .... Doughton Server (capt) ... L. T. .... (capt). Rose Hickerson .... L. G. .... Beverly Fest .... C. .... Welbourn Ramsey .... R. G. .... Carroll Clehman .... R. T. .... Smith Colpitts .... R. E. .... Hardin Lavin .... Q. B. .... Massie Fuller .... R. H. .... Ditto Sanders .... L. H. .... Jesse Pribble .... F. B. .... Snodgrass

Touchdowns: Pribble 2, Lavin 2, Fuller 1, Colpitts 1, Fest 1, Sanders 1, Brewer 2, Goals from touchdown: Server 6, R. Brown 1.

Substitutes: Kentucky: Moore, Brewer, King, Boyd, Whaley, Watlen, Enlow, Baugh, Neal, Ridgeway, R. Brown, Hammack, Aiken, Whitaker, Gatton, Hollowell, Russell, Morgan, Netherton, Brown, Wesleyan: Kelly, Heir, Johnson.

### CROSS COUNTRY RUN FOR THANKSGIVING

Replies to the communications sent out by Daddy Boles and Coach George Euchait in regard to a cross-country run on the morning of Thanksgiving Day have been received and the race seems assured. If the cross-country is held it will probably be continued and will become an annual event. Thanksgiving Day seems an appropriate day for the race as Home Coming is also celebrated on that day and a large crowd of alumni will be on hand for the Tennessee game. Coach Buchheit has quite a few of his track men out in suits now and they are getting into condition. Porter, last year's miler, is out on the track daily and if he can negotiate the longer distance he will doubtless start on Turkey day. Others on the last year squad are rounding into shape.

### WILDCATS TO MEET MARSHALL COLLEGE SAT.

W. Virginians Expected to Give Blue Clad Warriors Tough Scrap

TEAM IN GOOD SHAPE

Marshall College will be the next opponent of the Wildcats and according to our old friend, "dope" it will be a tough battle. The 'Cats won their initial game by a decisive score and it looks as though Coach Juneau has developed a strong offensive. Marshall held the strong Marietta eleven to a scoreless tie last Saturday and it will be remembered that the Ohio school gave the famous Boston College a tough scrap last year.

The outcome, however, cannot be figured until the game is over Saturday. The Blue and White has been practicing diligently and hard work daily has put them in even better shape than that shown in the Wesleyan game. Coach Juneau has a very good line on his charges and he can tell within a fair degree of accuracy what can be expected of them.

The chances of the Wildcats are further increased by the return to active work of all the injured except Jimmy Wilhelm who is still on crutches. Fer-

guson whose face was smashed last week and who was thought to be lost for the season is expected to be back on the gridiron soon.

The season's first game demonstrated the fact that the Wildcats could score and have a good offensive team, but they had little opportunity to display their ability on defense. It will take a game like that coming up Saturday to see whether Coach Juneau has developed a formidable defense. The average of the team is about 175 pounds. A much huskier team than that of last year.

The new men on the Wildcat squad are giving the letter men a run for their positions. The high school men are showing up particularly well and a stronger team can be expected next year. The lineup Saturday will probably be the same as that which started the first contest of the year.

The new scoreboard will be in operation again for the Marshall game and if it is worked as efficiently as in the last game, thanks can indeed be given to Messrs. Burnham and Heber. The game will start at 3 p. m.

### CHAMPIONS READY TO START BASKETBALL

The Champions of the South will assemble again in the same compact body that swept their opponents of their feet in basketball, the coming season. Former captain Basil Hayden enter school the past week and will

be eligible for another year. Captain-elect Lavin has grown a little during the summer and with this added height he is expected to be better than ever. Paul Adkins, the lenthly center, is in school and the rest of the squad Ridgeway, King, Smith and Poyntz will be back in suits. Wilhelm is out at the present with a temporary injury but he will be in the game.

### PATTERSON LITERARY SOCIETY MEETS

On Friday Evening, September 30, The Patterson Literary Society met in its rooms in the Gym Building for the first time this year. An unusually large crowd attended the first meeting. After the devotional exercises, led by Mr. Hays, the incoming President, Mr. Peal, outlined the policies and program of the Patterson for the coming year. A short history of the society was read by Mr. Swearingen. The financial policy was discussed by the new Treasurer, Mr. Beam. After the close of the business session various members told of the members of the Patterson who have achieved prominence since leaving the University. These include such men as Congressmen, Powers and Swope, Captain Blevins, Captain Hutchcraft, George W. Crum and many others.

Messrs. C. M. C. Porter, Glenn Tinsley and C. L. Watkins were admitted to membership.

# Alumni Notes

Friends of Mr. R. A. Foster, graduate of the University of Kentucky and major in the English department, are glad to learn that he has recently been elected head of the English department at Richmond Normal. Mr. Foster assumes his duties in that capacity this fall.

Congratulations on the success achieved by the University of Kentucky in the fifty-six years of its existence and expression of the debt of gratitude owed by the entire State to the institution is contained in a message from William Benjamin Munson '69, first graduate of the University, addressed to the 16,000 former students and graduates of the University.

Mr. Munson, now a leader in financial and civic enterprise in Denison, Texas, is a former president of the Alumni Association of the University and has watched closely the progress of the Alma Mater. His success, which has been marked, has come as the result of hard work coupled with courage and vision. Texans declare that the dollars he has earned and the business enterprises he has directed and fostered are a small indication of the service he has rendered the northeastern part of the Lone Star State where he has spent a half century.

While a student at the University then the A & M. College. Mr. Munson and his brother the late Thomas Volney Munson '70 "kept batch" and their expenses for a week were often little more than what a student here today pays for a single day's board. His brother, the second graduate of the University, achieved fame in the scientific field and was summoned by a foreign government to help stay a pestilence that was ruining the vineyards of Central and Southern Europe. The Munson brothers were enthusiastic supporters of the Alma Mater from the first of their days as alumni. The message from the first graduate follows:

"As the first graduate of the Agricultural and Mechanical College (now the University of Kentucky) class of sixty-nine I wish to congratulate you upon the great success achieved by the University of Kentucky and the great benefit accruing to the citizens of the State of Kentucky and other adjacent states who have patronized this great institution.

"The State of Kentucky has reason to be proud of the accomplishments of its own University. It has served to vastly increase the intelligence and patriotism of the citizens of Kentucky and they owe it a debt of lasting gratitude. May it continue to grow in strength and in the esteem with which

it is held not only by the citizens of the Blue Grass State but by all those who have enjoyed the benefit of its beneficent influence. May it long continue to serve in the great work of human enlightenment.

Fraternally your,  
"W. B. MUNSON."

## PAY HERBERT GRAHAM \$2 DUES.

The first and last graduates of the University W. B. Munson '69 and George Zerfoss '21, respectively, are now active members of the Alumni Association, in good standing for the year 1921-22. This is one of the first results of the "Every Member Get a Member" Campaign now being carried on with the ultimate aim of reaching all the 16,000 former students and graduates of the last fifty-six years.

Active members now number 1,200. These have remitted two dollars dues to the Secretary-Treasurer. Checks have been coming into the Alumni Secretary's office at the rate of 40 to 50 a day during the last week. Class secretaries and officers of alumni clubs have been urged to redouble their efforts in the next few weeks to reach every Kentucky man and woman. The cry "Carry on" is gaining in volume and is taking on a new meaning.

## PAY HERBERT GRAHAM \$2 DUES.

Alumni clubs established in Kentucky and in other states have reached the total of twenty-four. Temporary organizations elsewhere which received their initial impetus from Kentucky Day gatherings will be made permanent clubs in the next few weeks. A big program of service to the Alma Mater and to one another has been outlined for the Association by its Executive Committee.

Clubs outside Kentucky are Akron, Ohio; Chicago; Cincinnati; New York; Philadelphia; Pittsburgh; Denver; Evansville, Indiana; Huntington, West Virginia; Raleigh, North Carolina; Birmingham, Alabama; and Washington, District of Columbia. Clubs in Kentucky are at Frankfort, Lebanon, Lexington (two-Alumni and Alumnae), Louisville, Maysville, Mayfield, Paducah, LaGrange, Owensboro, Pineville and Richmond.

## PAY HERBERT GRAHAM \$2 DUES.

One hundred and ninety-seven candidates received votes in the primary election for an alumni trustee. Six of these received nominations. Three will be selected finally by ballot and nominated to the Governor of Kentucky who will appoint one to the Board of Trustees, the term of P. P. Johnston Jr., expiring January 1, 1922.

The nominees are P. P. Johnston Jr., '99, Lexington; Howard P. Ingels '05, New York; W. Ray Allen '97, Chicago; V. Y. Moore '09, Madisonville, Ky.; E. F. Webb '10, Lexington and Rodman Wiley '06, Louisville. Runners-up were Thompson R. Bryant '08, J. Frank Bataille '08 and Herbert Graham '16, of Lexington, and R. Miller Holland '68, of Owensboro.

Honorary life membership have been conferred by the Executive Committee on Presley T. Atkins ex-'06, Pineville, and Miss Nancy Innes '17 and Howell D. Spears '07, both of Lexington. The former award was for promoting "the best Kentucky Day celebration." Mr. Atkins was chairman for the Eleventh Congressional District in Kentucky.

Miss Innes and Mr. Spears received their awards for "meritorious service to the Alumni Association." Each obtained more than 100 members in a recent membership drive.

## PAY HERBERT GRAHAM \$2 DUES.

Alumni and former students have been frequent visitors recently at the Secretary's office in the Administration Building on the campus. The Secretary says this is helping to close up the ranks many of the lost are being found through these visitors and asks that the custom become a fixed habit.

## ARTIST CONCERT SERIES

Giovanni Martinelli, tenor, the first of the artists of the fourth concert series to sing at Woodland Auditorium, will be elaborately received upon his appearance here Oct. 10, as there is interest and curiosity on the part of the general public concerning the man who will succeed the great Caruso as leading male voice in the Metropolitan Opera Company. The position could be awarded to only one of remarkable attainment and the public has but to recall the names of many great tenors in this country who have been passed in order that Martinelli might sing the role and they will realize the wonder his voice must be.

Season tickets for the series and individual concert tickets may be reserved at the Lexington College of Music, telephone 639-X, until Oct. 6, and on Oct. 7 all tickets not paid for will be put on sale at the Ben All ticket office. The series includes Martinelli, Evelyn Scotney, coloratura soprano; Titta Ruffo, baritone; Harold Bauer, pianist, and Fritz Kreisler, violinist. Miss Scotney with cellist and pianist will appear in concert here Oct. 19. Two extra concerts have been announced this season—the Cincinnati Symphony Orchestra and Alberto Salvi, harpist.

## "U. of K." Formed by nearly 1,000 Students

The entire student body of the University, under the supervision of the ever ready and willing Su-Ky Circle, assembled on the campus at the beginning of the 5th hour Tuesday and with instructions given them by the photographer formed the Letters U. of K. in the campus facing Limestone Street. A camera was placed on a scaffold built for the purpose and a photographer took the picture of the assemblage. The picture, which will be interesting and symbolic will be used by the University officials and the Su-Ky Circle for advertising purposes and as a means of urging students to attend the University.

## Wildcat Five May Practice on Yale.

A rumor has been floated around the campus as to a game with the Yale basketballers the coming year. If this is true it will give Kentucky a chance to show her wares to the Eastern college. From the record last year Yale will have a hard time triumphing over the Wildcats. If the game is played it will likely be staged in Louisville.

## In Selecting a University

For a college education, there are five things to be taken into consideration:

1. The men at the head of the Institution.
2. The scholastic standing and ability of the Teaching Staff.
3. The location and advantages of environment.
4. Equipment, buildings, laboratories and libraries.
5. Cost.

In all these respects the University of Kentucky commends itself to those seeking a higher institution in which to carry on their education.

All Departments, including Liberal Arts, Sciences, Agriculture, Law, Education, Mining, Civil, Electrical and Mechanical Engineering.

The Government needs trained men and women; college training will bring the result.

### PEP

We often wonder why Georgia Tech turns out so many championship football teams and why their teams fight madly to the last minute of play. But there is nothing to wonder about. The whole secret of the matter is that the students of that school are overflowing with pep and they are behind the team with every bit of enthusiasm that can muster. When those students turn out to a game they cheer like they mean it and not in the half hearted manner in which we are so often guilty. Every man in that school who is able, attends every game on the home grounds and if a man fails to do so he must give an account of himself.

Now we have a team that is as justly deserving of our support as any team in the country. The men on the squad are working hard every day to turn out a corking good team for us to crow about and it is our duty to spur them on to their greatest effort. There is nothing to prevent us from being as full of pep as the students at Tech and every student in this University who does not attend the games when he can do so and who does not yell himself hoarse at every game or pep meeting is nothing more than a slacker.

Take the game against Wesleyan—did you notice the cheering? Every once and a while there was a spurt of enthusiastic yelling but it did not last long. As soon as the team had a good lead there was no interest shown and this was noticed by the players. It is the way we cheer in the preliminary games that counts just as it is the early practice of the team that counts when the real test comes.

At the next game when "Red" Hukle performs his antics in front of the bleachers trying to coax a cheer from your unsympathetic lungs turn loose—open up and make a noise. Don't sit out there like wooden Indians with your mouths closed as tight as an oyster, afraid to yell for fear someone will hear you. Get a megaphone and "holler". Let the men on the field know that you are present and let them know you are pulling for them to do their best. Don't let a little thing like being ahead a few touchdowns discourage you. It doesn't discourage the team.

The next game is with Marshall. We do not know what kind of a team they have but it is a safe bet that the Wildcats will soon show us what they have to offer. It may be that the visitors have a strong team and they may get off with a flying start. If they do let's open up a brand of yelling that will scare them to death and urge the home team on to victory.

Don't you feel a thrill when the blue clad line forms a human battering ram and sweeps all resistance out of the way before it? And when the enemy has the ball on our five yard line with four downs to carry it over

don't you swell up with pride when the old line stiffens and holds like the rock of Gibraltar? If you do let the team know it. Give vent to your pent up feelings with a terrific burst of cheering that will make the team feel as though it has your support and the men will be spurred on to superhuman effort.

Get behind the team. Be a booster and a rooter and do something for the team because that old team is doing a lot for you and for the University which fosters you. Don't let some pessimist tell you that our team is no good. Just take him out to Stoll Field any afternoon and watch the daily scrap. Then at the next game if he does not yell his head off, knock it off for him.

Last year's Staff, on which Mr. Watson acted as Assistant Business Manager, distributed the Annuals several days before the University closed, therefore succeeding in doing something that had not heretofore been done for several years.

### DRAMATIC CLASS TO PRESENT TWO PLAYS

#### Sax in Charge of Lighting and Scenic Effects.

Selected members of the Dramatic Class of the University will present a program composed of two plays, "The Slave with Two Faces" and the prize stroller tryout play, at the Woman's Club November 10. The cast for the two plays will be chosen soon and practice begun next week.

Professor Sax of Art Department, will have entire supervision of the scenic and lighting effects for this production and other programs throughout the year. He is planning many new electrical appliances to be used in the presentation of various productions. This will enable the Little Theatre to produce better artistic effects in their programs than was possible previously.

Professor Mikesell states that his class in Dramatic Production is much larger than last year and classes in Public Speaking are so crowded that it has been difficult to accommodate them.

### CALIF. ATTORNEY TO SPEAK IN CHAPEL

Those who go to chapel next Tuesday will probably have the pleasure of listening to a talk by Mr. M. B. Jones, who is a University of Kentucky graduate of the class of 1894. Mr. Jones, who is now an attorney in Los Angeles California, has been attending the Masonic Meeting of the South representing California.

During the Spanish American war Mr. Jones was Commandant of the Cadets here. He was a Fellow student in college with J. R. Johnson and Governor Roberts.

### PINEVILLANS COMING TO VISIT UNIVERSITY

#### Will Witness Vanderbilt Game and Inspect University

Twenty loyal Pineville men are coming to this part of the country Friday, October 14 to witness the football game between the Pineville High School team and the Paris High School team at Paris. Presley T. Atkins, the head of the Alumni Association of the University at Pineville will lead this delegation which will travel in special Pullman cars.

They will be the guests of the University on Saturday for the Vanderbilt game and while here will make a tour of inspection of the University. A tea will be given for them by the Strollers. This will, in part, repay the Alumni Association of Pineville for the most cordial way in which they received the cast of "The Admirable Crichton" last spring.

### CADET COMPANIES TO COMPETE FOR PRIZES

#### Silver Loving Cup Will be Awarded to Winning Company

The three companies of the University battalion of cadets are working with unwonted energy vying with one another in the competition for the silver loving cup which will be presented at the end of the school year to the individual company securing the most credits for military tactics.

The outside of the cup will be engraved with the name of the winning company which will hold the trophy as long as it is able to defeat the other competitors. A statement concerning the rules and regulations for the competition has been given out by Colonel Freeman as follows:

The rifle companies of the battalion will be in active competition throughout the school year. The standing of the three companies will be published monthly, and the order of each company will be announced not later than the tenth of the following month, beginning November for October and ending in June for the Month of May. A combined board, to consist of the professor of military science and tactics and all army officers on duty with the unit, will have full power to arrange certain competitive events in the battalion, and determine the number of points to be awarded in each case. The standing of a company will be determined by the daily grades of its individual members, and the points gained by each unit.

The company receiving the highest rating in any month will, for the succeeding month, or until excelled by another company, take precedence in all formations of the battalion. The band will not be rated in competition with the rifle companies, but will be judged each month on the following basis: musical ability military appearance and marching. Military subjects included in the band course will be included in the rating.

Ladies and gents, we will now sing that African ballad entitled, "See got the razor and youse got the throat."

### STUDENTS COMMENDED BY MAJOR PEARSON

#### At Camp Knox Make En- viorable Record: In Prize Company

The following letter, praising the University of Kentucky students who attended the R. O. T. C. Infantry Camp, located at Camp Knox this summer from Major Madison Pearson, Commander of Company A, in which the University of Kentucky men were stationed while in training, has been received by Colonel George D. Freeman, of the Military Department: Sept. 30, 1921.

From: Major Madison Pearson, Clemson College, Clemson College, S. C. To: Lt. Colonel Geo. D. Freeman, University of Kentucky, Lexington, Ky. Dear Colonel Freeman:

1. Students from the University of Kentucky, attending the Camp Knox R. O. T. C. Infantry Camp this summer, were members of Company A. This Company, in competition with eight companies, was awarded, on the record made by its personnel, first place and designated as the honor company of the Infantry Camp.

2. This honor did not come to Company A by favoritism; but was the result of hard work by every member in it. I observed the men from the University of Kentucky and they proved themselves, without exception, to be earnest and conscientious workers, well prepared in a professional way and the kind of men that reflect credit on their state and college. It was, indeed a pleasure to command them.

3. May I ask you, please, to express to the members of your University, members of my Company, my appreciation of the fine work which they did at Camp, and at the same time, permit me to congratulate you on the fine showing which your students made while in Camp. It would be a pleasure to have as officers in your command any member of your unit.

Very truly yours,  
MADISON PEARSON,  
Major Inf. D. O. L.
