

Washington's Birthday 1922

My dearly beloved David;

Just a little greeting before I retire, to let you know that I'm well and happy.

Have been to a teacher's meeting in the Chapel, which our pastor also attended and conducted the explanation of the lesson. It was very interesting, inspiring and instructive. Afterwards he came with a new plan, viz. that the Ss. teachers keep a record of the services which the Ss. scholars attend. He wishes to make his ministry as effective as possible and hopes to keep the young folks for the church. As well as being a good minister or preacher he is also a good executive, I believe.
