TWITTY CITY --- NEXT EXIT!!

Bradley D. Carrington -

From December 4 to 8 the Southeastern Library Association and the Tennessee Library Association held a joint meeting, headquartered at the Opryland Hotel in Nashville, Tennessee. SELA meets biennially and in conjunction with an annual meeting of a member state. Kentucky and UK were well represented: the greatest growth in SELA membership for 1990 came from Kentucky. Over 1400 people registered for the conference, including 400- exhibitors.

The Opryland complex, despite its awesome operations (the park, the Opry, the Nashville Network, plus the shops, restaurants and the fourteenth-largest hotel in the world), made for pleasant and exciting surroundings. Christmas decorations were everywhere, including a 30-foot tree made of 2000 poinsettias and so many outside light strings that installation

began back in the summer. As a native of West Tennessee and a graduate of Middle Tennessee State, I enjoyed seeing many friends from the Volunteer State.

Among the many programs available, I attended ones focused on NOTIS (loading GPO tapes and mounting external data bases), library effectiveness (as measured by the Southern ASsociation of Colleges and Schools), SOLINET (a "state of the network" address by director Frank Grisham and an update on union-listing), and legislative developments (Kentucky stole the spotlight with its school reform plans). Notable speakers included Linda Chrismond, Exec. Director of the American Library Association; Tom T. Hall, songwriter, Kentucky native, and author of a new book on the big Saturn plant in Spring Hill, Tennessee; Rheta Grimsley Johnson, syndicated columnist of the Memphis COMMERICAL APPEAL, and Wilma Dykeman, Tennessee State Historian.

Before leaving Opryland, I picked up the latest batch of books entered in SELA's Southern Books Competition. Here in Special Collections we maintain the Southern Books archives. (I didn't tell them that we'd sent the books to the Cave!) Librarians from Tennessee and Kentucky will re-unite for a meeting at Barren River State Park in April, sponsored by the Academic Library Section of KLA. SELA will be coming to Lexington in 1996, with stops in New Orleans (1992) and Charlotte (1994) on the way.

"THANKS FOR DINNER"

The Library Staff Organization received this note from Paul Willis:

Thanks for the gift certificate to Laffite's. Barbara and I look forward to a meal there in the New Year. Thanks for your thoughtfulness and for all that LSO does for the library and its staff during the year.

With best wishes for 1991. Sincerely, Paul Willis

BACK PATS

Terry Birdwhistell recently received this letter:

Thank you for sending me the information that I needed for the directory I am creating on oral histories involving federal judges. The Vinson and Reed collections are among the most significant collections that I have identified. I greatly appreciate your help.

Sincerely, Anthony Champagne, Judicial Fellow

The following letter was received by Paul Willis:

I certainly feel throughly thanked for my small contribution to your auction. I feel like Charles MacArthur when he gave his girl a bag of peanuts and said he wished they were diamonds. (Remembered not so much for its originality as because she was Helen Hayes and she married him.)

I have been meaning ever since the event to say how happy I was made by the splendidly, elegantly managed observances of the recent Gnomon Press anniversary. Any Kentuckian had to be impressed and proud. The University has had such a discouraging lot to conted with for the past couple of years, what balm it was to see it really covering itself with glory on this occasion. I haven't felt so pleased to be a Kentuckian since the Robert Penn Warren symposium. I can't begin to imagine the legwork and brainwork that had to go into it. Three cheers for Jim Birchfield (and Martha) and everybody else concerned. Sincerely,

Martha Stiles

JOURNAL ROUTING SERVICE UPDATE REQUIRED

In addition to the Tables of Contents Service offered by CSR, a limited Journal Routing Service is also available to all library faculty and staff

Issues of professional journals which are received through personal subscriptions are loaned to the library for the Routing Service. These issues are forwarded to CSR and are then routed along to persons who have requested that they receive them.

The only requirement for participating in the Service is to agree to hold the issues no longer than 3 days before sending them to the next person on the list. This service is available to staff in King, the branch and associate libraries, and the Medical Center Library.

It is necessary to update the Journals Routing Service list at t this time. EVERYONE WHO WISHES TO RECEIVE ROUTED MATERIALS MUST SUBMIT A NEW REQUEST INDICATING THE TITLES THEY WOULD LIKE TO HAVE ROUTED TO THEM. (THIS INCLUDES PREVIOUS, AS WELL AS NEW, USERS OF THE SERVICE.) Please complete the request form below and return it to Liz Jackson in CSR by March 1.

(Anyone who personally subscribes to titles which are not included on the list but would like to donate them for use in the Service, is asked to contact Mary McLaren in Acquisitions.)

Ron Lloyd of the Music Library, recently received this letter:

I wanted to let you know how much the wind, brass and percussion faculty, especially myself, appreciate your help in making this year's All-State Music Workshop such a success. We have offered the workshop the past eight years to high school musicians in Kentucky. This past November we worked with over 150 young musicians. The tapes which you prepare and which we offer as an educational aid are one of the strongest features of the program. Your cooperation in their preparation has made my job as workshop coordinator much easier. I also appreciate your humor as we near the deadline and not all of the examples for the tape are ready.

Your efforts on our behalf are a key elements in attracting talented young musicians to our campus and ultimately to the School of Music.

Sincerely, Gordon Cole, Professor of Music

THE DECISION-MAKING PROCESS FOR LIBRARY COLLECTIONS: CASE STUDIES IN FOUR TYPES OF LIBRARIES; Beatrice Kovacs: Greenwood Press, 1990. Call No. Z687.K68.

The subject of collection development decision-making is treated in four parts of which the first two are the most interesting. Part one covers trends in collection development as well as theories of decision-making, while part two has a number of brief case studies, including both academic and special libraries. The appendices contain examples of different types of collection policy. While being very readable, this book is, it must be admitted, not totally exhilarating.
