SGA Elections Set For Wednesday

New Officers, Representatives To Be Chosen

Elections for 22 positions in the Student Government Association will be held from 9 a.m. to 4 p.m. (DST) Wednesday.

From the candidates, a president and vice president will be elected. A new secretary and treasurer will be chosen in the first meeting of SGA after elections, on May 17.

Graduate School woman-at-large, Member of Phi Alpha Theta (standing, second from left) — ID card, draft card, or driver's license—at the voting booths.

Voting Places Listed
Graduate students and students in the College of Arts and Sciences will vote in the Student Union. Law students will vote in Lafferty Hall. Education students will vote in the Taylor Education Building. Commerce students in White Hall. Agriculture and Home Economics students in the Agriculture Building. Engineering students in the Engineering assembly room.

Outgoing Officers of SGA are Carter Glass, president; Fred Williams, vice president; Pat Morrissey, secretary, and Jim Perry, treasurer.

United Students Candidates
United Student candidates, as given Tuesday, follow:
George W. Shannon, presidential candidate, President of Tau Kappa Alpha, Kappa Sigma, past president of the United Students Party, vice president of Omicron Delta Kappa, member of the board of directors of the College Chamber of Commerce, member of the UK debate team, and past first sergeant in Pershing Rifles; 22 standing.

Bill Butler, candidate for vice president, Phi Delta Theta pledge master; Keys, Outstanding Freshman Award, Lances, president and past treasurer of Alpha Magna Mater, feature editor and past assistant news editor of the *Kentucky*, SGA, Newman Club, Young Democrats Club, and editor of *APROTC* newspaper.

Ray M. Dutcher, candidate for Graduate School man-at-large. Bachelor's student, graduate of Florida Southern College, B.S. degree in 1949; 2 standing.

Leslie Morris, candidate for upperclassman representative of the College of Arts and Sciences. Pror Pre-Med Society, Delta Tau Delta; 18 standing.

Kenneth Laiz, candidate for lowerclassman representative of the College of Commerce. Sigma Chi, football team, and president of Kitten Lodge; 7 standing.

Don Smith, candidate for lowerclassman representative of the College of Arts and Sciences. Pror Pre-Med Society, Delta Tau Delta; 18 standing.

Leslie Morris, candidate for upperclassman representative of the College of Arts and Sciences. Pror Pre-Med Society, Delta Tau Delta; 18 standing.

Don Smith, candidate for lowerclassman representative of the College of Arts and Sciences. Pror Pre-Med Society, Delta Tau Delta; 18 standing.

Kenneth Laiz, candidate for lowerclassman representative of the College of Commerce. Sigma Chi, football team, and president of Kitten Lodge; 7 standing.

Don Smith, candidate for lowerclassman representative of the College of Arts and Sciences. Pror Pre-Med Society, Delta Tau Delta; 18 standing.

Leslie Morris, candidate for upperclassman representative of the College of Arts and Sciences. Pror Pre-Med Society, Delta Tau Delta; 18 standing.

Don Smith, candidate for lowerclassman representative of the College of Arts and Sciences. Pror Pre-Med Society, Delta Tau Delta; 18 standing.

Kenneth Laiz, candidate for lowerclassman representative of the College of Commerce. Sigma Chi, football team, and president of Kitten Lodge; 7 standing.

Don Smith, candidate for lowerclassman representative of the College of Arts and Sciences. Pror Pre-Med Society, Delta Tau Delta; 18 standing.

Leslie Morris, candidate for upperclassman representative of the College of Arts and Sciences. Pror Pre-Med Society, Delta Tau Delta; 18 standing.

Don Smith, candidate for lowerclassman representative of the College of Arts and Sciences. Pror Pre-Med Society, Delta Tau Delta; 18 standing.

Kenneth Laiz, candidate for lowerclassman representative of the College of Commerce. Sigma Chi, football team, and president of Kitten Lodge; 7 standing.

Don Smith, candidate for lowerclassman representative of the College of Arts and Sciences. Pror Pre-Med Society, Delta Tau Delta; 18 standing.

Leslie Morris, candidate for upperclassman representative of the College of Arts and Sciences. Pror Pre-Med Society, Delta Tau Delta; 18 standing.

Don Smith, candidate for lowerclassman representative of the College of Arts and Sciences. Pror Pre-Med Society, Delta Tau Delta; 18 standing.

Kenneth Laiz, candidate for lowerclassman representative of the College of Commerce. Sigma Chi, football team, and president of Kitten Lodge; 7 standing.

Don Smith, candidate for lowerclassman representative of the College of Arts and Sciences. Pror Pre-Med Society, Delta Tau Delta; 18 standing.

Leslie Morris, candidate for upperclassman representative of the College of Arts and Sciences. Pror Pre-Med Society, Delta Tau Delta; 18 standing.

Don Smith, candidate for lowerclassman representative of the College of Arts and Sciences. Pror Pre-Med Society, Delta Tau Delta; 18 standing.

Kenneth Laiz, candidate for lowerclassman representative of the College of Commerce. Sigma Chi, football team, and president of Kitten Lodge; 7 standing.

Don Smith, candidate for lowerclassman representative of the College of Arts and Sciences. Pror Pre-Med Society, Delta Tau Delta; 18 standing.

Leslie Morris, candidate for upperclassman representative of the College of Arts and Sciences. Pror Pre-Med Society, Delta Tau Delta; 18 standing.

Don Smith, candidate for lowerclassman representative of the College of Arts and Sciences. Pror Pre-Med Society, Delta Tau Delta; 18 standing.

Kenneth Laiz, candidate for lowerclassman representative of the College of Commerce. Sigma Chi, football team, and president of Kitten Lodge; 7 standing.

UNITED STUDENTS CANDIDATES for the coming SGA election are, front row, l. to r., Don Whitthouse, Ed Faulker, George Shadoun, Will Corrie, and Ray Dutcher, back row, Helen Vance Gills, Liz Bell, Bill Macklin, Judith Griffin, Don Smith, Debbie Schwarz, Jim Lyon, Margaret Holyfield, Ken Lucas, Wanda Pace, and Leslie Morris. Not shown are Ed Fossett and Bill Billiter.

CONSTITUTIONALIST CANDIDATES for the elections next week are, front row l. to r., Sue Holmgren, Charlie Palmer, Eleanor Shelton, Wendell Norman, and Maxine Thompson; back row, M. J. Rujard, Doyle Oliver, Ken Harris, Vackie Shaver, Ronald Stoll, Randy Dupps, Rose Gayle Waterfield, John Strachan, and Harry Mason.

May Day Will Begin With Float Parade

Scenes from popular American movies will be reviewed at 1:30 p.m. tomorrow afternoon when 27 floats begin the annual May Day parade.

The floats, entered by fraternities, sororities, residence units, and other campus groups, will assemble on Lexington Street near the Student Union at 1 p.m. and will go down High and Broadway to Main Drive.

The parade the judges will determine the best floats on the basis of originality, non-professionalism, and appropriateness to the theme.

Trophies will be presented to the winners and runners-up in the men's and women's divisions. If a group has employed professional help for the construction of any part of its float, it will be disqualified from the parade.

Three high school bands, Paris, Lawrenceburg, and Newcastle, will lead the May Day procession. Miss Marjorie McLaughlin, one of the founders of Sucky, which sponsors May Day, and the Sucky members will ride in convertibles and precede the float.

Finalists Will Ride Floats
The queen finalists for May Day queen, seven girls elected by the student body this week, will ride on Sucky's float, "The Star." This float is not an official entry in the parade and will not be in competition for May Day honors.

The finalists are Barbara Lee, ADPI; Rose Gayle Waterfield, SN; Lucille Mills, KAT; Jean Skinner, KD; Ann Weeninger, LTD; Diane Hunt, PDT; and Maxine Thompson, AXD.

"My Blue Heaven" has been chosen for the theme of the annual dance, which will climax the May Day activities. The queen and her court by Dave Linkous, director of the crowning of the queen and Professor Taylor, Sucky's sponsor by professor of history. The queen whose identity is unknown until the dance.

History Society Honors Hamilton

Holman Hamilton, graduate student in history, received the Peizer Award for 1954 given by the Mississippi Valley Historical Association at its annual dinner last month in Madison, Wis.

The award is presented to the graduate in residence who submits the best historical article to the *Mississippi Valley Historical Review*. Hamilton's article, "The Compromise of 1850," will be published in an early issue of the review.

Lances Awards Two Scholarships

Scholarship awards of \$200 each will be awarded to two students by Lances, junior men's leadership honorary.

Recipients of the awards to be used during the 1954-55 school year, will be William G. Moody, junior in Agriculture, and Thomas A. Gover, junior in Arts and Sciences.

The scholarships are given annually from funds raised in a fall carnival sponsored by Lances.

Phi Beta Initiates Five UK Students

Phi Beta, national music fraternity, has initiated five students at its annual spring initiation service, Sunday, in the Fine Arts Building.

Margaret Meehan, Joan Goldsmith, Peggy Shannon, Julie Mellon, and Nancy Mellon were initiated by the Fraternity Sally Hoffman, president of the Kappa Chapter, has announced.

Following the services, a breakfast was held at the Kentuckian Hotel.

Dartmouth Prof Is Last Lecturer In Blazer Series

Prof. Robert Kenneth Carr, professor of law and government at Dartmouth College, will deliver the sixth and final lecture in the 1953-54 series of Blazer Lectures Thursday. The address, "Democracy and Its Investigatory Powers," will be presented at 8 p.m. in the Guildhall Theatre of the Fine Arts Building.

Prof. Carr, who was educated at Dartmouth, has written several books on the subject of government. Among them, "Democracy and the Supreme Court," "State Control of Local Finances in Oklahoma," "The Supreme Court and Judicial Review," and "Federal Protection of Civil Rights." Prof. Carr is also an author of one of the volumes on civil rights published by the Cornell University Press.

Bacteriology Club Elects President

Donna Gail Hopper was elected president of the Bacteriology Society at a recent meeting of the group. Frances Williamson was named vice president.

Other officers chosen were John J. Cooper, secretary; Elaine Nantz, treasurer; Della McCormick, sophomore class representative; and Betty Coleman, junior class representative.

Representatives from the present freshman class, the incoming freshman class, and graduate students will be elected next fall.

Dr. Ralph Weaver of the Bacteriology Department spoke on "Rapid Methods Available to the Bacteriologist for More Efficient Diagnosis" at the meeting.

Alum Association Will Give Seniors Free Memberships

All UK seniors graduating this year will receive a year's free membership in the Alumni Association which will entitle them to a *Kentucky* subscription, the Kentucky Alumni magazine, and football ticket priorities.

Miss Helen King, secretary, has announced. In order to receive these privileges, seniors must send the Alumni Office their name, mailing address, and class so that it can clear their eligibility for ticket priorities through the Athletics Association.

The gift membership was established to keep closer contact with recent graduates, Miss King said. In addition to the other information, the Alumni Office also wants the names of two persons who are always know the correct address of each student who accepts the gift membership.

ODK Applicants Must File Soon

Applications for membership in ODK, national service men's leadership honorary, must be in the office of the Dean of Men by 3 p.m. Tuesday for one fiscal year.

The showing victim reported to a Kernal reporter that Casanova "got what was coming to him." The showing victim reported to a Kernal reporter that Casanova "got what was coming to him." The showing victim reported to a Kernal reporter that Casanova "got what was coming to him."

Rules Group Advises Against IFC Plan

Members of the Interfraternity Council were told Tuesday that the Rules Committee of the UK Faculty would not support a new IFC proposal to lower the 1.3 scholastic requirement for fraternities.

The IFC's resolutions, in essence, were to lower the fraternity scholastic requirements, to have fraternity grades averaged after all grades have been turned in, to eliminate graduate students from the all-men's average, to extend the period over which a fraternity may keep a pledge before dropping him, to revise the probation clause under condition that the all fraternity average equaled the all-men's average.

IFC's resolutions, in essence, were to lower the fraternity scholastic requirements, to have fraternity grades averaged after all grades have been turned in, to eliminate graduate students from the all-men's average, to extend the period over which a fraternity may keep a pledge before dropping him, to revise the probation clause under condition that the all fraternity average equaled the all-men's average.

Committee Lists Reasons
Morris said the Rules Committee gave the following reasons against supporting the resolution before the faculty meeting Monday:
1. If the fraternity averages are good, individual fraternities will not work to maintain these grades, allowing the all-fraternity average to carry them along.

2. If the all-fraternity average dropped, all fraternities, according to IFC's logic in presenting the plan, would be penalized, regardless of individual standings.

3. A six-week extension of the length of time a fraternity can keep a pledge before dropping him without having his grades counted would be in violation of national fraternity rules.

4. The present rule, by statistics, is working and would be difficult to throw out.

No Criticism Offered
Morris said his committee had no criticism to make against the Rules Committee's handling of IFC's resolution. He said IFC had received fair treatment in every way from the committee.

In the future, he said, IFC will continue to make suggestions to the faculty as long as individual fraternities feel that the present rule can be improved.

Morris also said that two points of IFC's resolution had been approved—when all all-fraternity averages are compared—is computed.

From now on, Morris said, the all-men's average will not be computed before all grades are in and presented to the faculty.

Musical Planned For Amphitheater
The UK Concert Band under the direction of Frank Prindl will make its second appearance of the season as part of the Sunday Afternoon Musicale at 4 p.m. (DST) Sunday. The concert will be given outdoors in the amphitheater behind Memorial Hall. The program will consist of lighter band literature.

The concert will feature Virginia Under the Stars, organ and member of the music faculty, in light opera excerpts and Roy Rector, trumpeter and sophomore music student from Lexington, in the selection "Hussarian Melodies" by Vincent Bassi.

An arrangement of "Star Dust" by former band member James Eversole will be included on the program. The program of the concert will be announced informally from the podium.

The band had week represented the University at the Kentucky Derby in Louisville.

MURDER VICTIM—The body of Gregory Casanova is carried to an ambulance after he was allegedly shot by Rubie Tasslewith outside the Student Union Monday afternoon. The trial will be held in the Law Building this afternoon.

Fake Murder To Be Presented In Law Day Demonstration Trial

A full day of activities, beginning with courtroom competition at 8:30 this morning to determine representatives for a National Moot Court contest, has been announced by Dean Elvis J. Stahl Jr. of the College of Law.

All students, staff and faculty members have been invited by Dean Stahl to attend any of the Law Day events.

In the murder trial this afternoon Professor A. B. McEwen of the Law College will preside as judge in the Lafferty Circuit Courtroom.

Facts to be presented during the demonstration trial are as follows: Tasslewith is now being held in county jail after the grand jury returned an indictment of first degree murder against the defendant.

Air Force Gives UK \$100,000 For Aeronautical Research

Work is scheduled to start soon in the UK Aeronautical Research Laboratory on experiments with compartmented airplane fuel tanks for the United States Air Force. The experiments are provided for under a \$100,000 grant received Monday.

Monday's grant, the largest ever awarded the University, is actually an expansion of an Air Force research contract already held by UK. About a year ago, the Air Force granted approximately \$5,000 for preliminary work with compartmented tanks.

Dr. Karl O. Lange, associate director of the engineering experiment station, and Dr. Merrill Baker, director of the Kentucky Research Foundation, announced the \$100,000 grant. The project will be administered by the mechanical engineering department here. Prof. E. B. Perovich is head of the mechanical engineering department.

The project, 17-manipule tanks will be constructed on the campus, under Dr. Lange's supervision, and then delivered to the Air Force. They will be taken to Wright-Patterson Air Force Base, Dayton, Ohio, for observation under similar test conditions.

"German scientists first experimented with gasoline fuel tanks as compartments in the tanks which is a simple variation of what we plan to do. We will employ a Dean of Men or from any ODK member."

Dr. Lange explained the aluminum-foil was "something like plywood, but made of hydraulically forced aluminum." Experiments are also planned, he said, with plastic tank compartments.

"When a combat plane using these tanks takes off on a mission," Dr. Lange explained, "the gasoline in the open spaces between the compartments, or tubes, will be used first. Thus when a plane enters action territory, all unused gasoline will be in the compartments."

Ancient Planks Appear Again, Can They Be Carried Through?

It seems to us we've heard that song before... the trouble is, the melody is growing rather tiresome. The Constitutionalist party has presented a platform with five or six planks in it that have been rereleased time and time again.

Nearly two months ago, Kernal representatives went to an SGA meeting and asked just how much work had been done on the platforms which were published last December.

The United Student Party has prepared a different type of platform than has been presented on the UK campus for some time. Their platform could easily be a step in the right direction.

In regard to the candidates running for office, both parties have very capable people on their slates. It is up to you, the University students, to see that the most capable and conscientious candidates are chosen as your representatives.

Girls Can't Use Freight Elevators, Regulations Prohibit Passengers

The elevator in Boyd Hall has been a subject of controversy among the girls living in the hall for several months. Late last spring work started on the elevator, the residents were told that they would be able to use the elevator.

Being a little puzzled over the reversed decision, the Kernal decided to look into the matter. After talking to several sources we found that the present elevator is a freight elevator and cannot be used under present conditions for passenger service.

We first talked to Mrs. Lewis Harvard, head resident of Boyd Hall. She told us that she was just as disappointed as the girls about the elevator not being for passenger use.

With this arrangement though, there were still problems which might arise. As an example, if any of the girls had been hospitalized and told not to climb stairs for a while, a trek to the third or fourth floor might prove rather harmful.

Senator Doaper

And then there's the favorite story of the prof who blows up a research laboratory and then comes to UK to teach chemistry. Probably not true, but here's hoping there aren't any slaphdash nuclear physicists around.

Ever notice how much emphasis certain profs put on symbolism, especially over in English? At the rate they're building this symbolism business up, we'll be getting back to hieroglyphics soon.

Warm weather brings out pretty girls, convertibles, and the urge for beach parties. That's all nice and normal, but these open-top cars can be dangerous batters down the highway, especially if they have mechanical defects...

The Kentucky Kernel

Entered at the Post Office at Lexington, Kentucky, as second class matter under act of March 3, 1879. Publication of this article does not constitute endorsement by the publisher. SUBSCRIPTION RATES: \$1.50 per semester.

The candidates selected will mean the difference between a strong or weak Student Government Association. There is a certain amount of prestige connected with being elected to SGA, but the responsibility involved is the primary importance.

We may be rather pessimistic, but one plank which seems to us to be practically hopeless is "a solution to the parking problem." After months of battling the parking problem back and forth, the faculty-student committee appointed to investigate the situation came up with no solution.

The one plank we know will not be carried through is "Financial support to the Kernal so as to enlarge its circulation." The Kernal receives financial support from no one and intends to continue that way. We are self-supporting, receiving our income from advertising and subscriptions.

But don't get us wrong. There are many worthwhile planks on the platforms and they will strengthen the University greatly if they can be carried through. So vote next Wednesday for the candidates you feel will do the best job.

Hope Didn't Kill Himself Here, Only Blood Was In Audience's Eyes

Now that Bob Hope has left the Bluegrass for the Burntgrass of the California hills, we are ready to review the impact of this great comic upon the Commonwealth of Kentucky. Now we admit to a minor prejudice to begin with. Several weeks ago one of those personal notes (Hollywood variety) came into our hands...

Well, we hate to admit it, but we didn't feel like pushing a beg, stupid content to Miss Hope's new picture could get some free publicity, so the letter was wrapped around the remains of our salami sandwich and deposited in the nearest wastebasket.

When Hope in the flesh (which gives us a lot of hope) arrived, he went right to work. In the afternoon he treated an enthusiastic gallery to a rousing game of hatched-golf and carded a forty-one. Well, this wasn't so bad, but he then proceeded to retire to the Coliseum that eve and added a double-bogey, which ruined his score for the day.

After the political rally, Hope then fled out the back door of the garage, and hopped a fast freight to Louisville where he partially redeemed himself by performing on a benefit TV show over a local outlet. The next day he reached the Downs before possibly he done about it.

My first impression was that our good "UK Student" who is so concerned with decent journalism was probably involved in one of those rotten situations that your paper "sticks its yellow-sheeted nose into."

Our Readers Speak: Students Defend Kernal

I have just finished reading the tid-bit of a letter offered by "UK Student" and printed in your April 30 paper which criticized the Kernal's selection of news items and stories. I have never felt the urge to express my opinion in print before, but I decided I could let off the steam it produced better on paper than verbally...

Personally, I enjoy the Kernal very much. I think it succeeds in covering a variety of up-to-date and interesting items, both good and bad news. I also think its coverage is fair in presenting both sides of all the important issues. Keep up the good work and you'll continue to satisfy your readers with excellent journalism.

Sincerely, Evelyn McNeese

P.S. To UK Student: I am a student nurse, so I hardly think my letter can be counted off as the bitter reply of a journalism major. I am just interested in the protection of our basic American rights from those who think they should be censored and "controlled by people who know what's best."

A certain letter in last week's edition of the Kernal reads like you have trodden heavily upon somebody's big fat leg.

I don't understand why all the name-calling. Students do cheat, some of the buildings are a disgrace to the University, and the Kernal does not need to be censored. Why should those truths be published? Be it ever so ugly, truth is truth.

"It drives 'em nuts!—The motor's in the trunk!"

The Toolbox

Two Telepaths On Red Planet Discover Parties

By RONNIE BUTLER

(The year is 2054. Men now live in relative peace, with only a few minor "police actions" now and then to show backward civilizations the right way of life. Science, naturally, has advanced two or three notches, and men are ready for their first trip to outer space.)

"Oh, Sam, isn't it just fun, hmmm?"
"Yeah, it's all kinds of fun."
"Sayumm! You sound sarcastic!"
"Yeah, I sound sarcastic!"
"But why, Sammy, boy? Is little of me so mean..."

"Now, you're a great little girl. But shut the airlock, will you? This is supposed to be a scientific expedition. So what do they give me for a technical assistant? A college girl. A sorority girl, at that. What a life! Great leaping asteroids!"
"Awright, Sammy, you handsome spaceman, you. Airlocks sealed."

"Good. Ready to fire starboard jets?"
"Oh, Sammy, if we fire the jets now the colors will clash with the beautiful sunset, and I just..."
"Look, stupid, either fire them or get your..."
"Oh, Sammy, ok. You don't have to snarl so. Starboard jets ready."
"Port jets?"
"Oh, yes, port jets. Umm hmm. Well, I think they're ready, umm hmm."
"Gyro-stabilizer ready?"
"You mean that funny little old thing over here on the right of the control panel?"

"Now, listen, bird brain, this isn't a picnic. It's a trip to Mars. Understand? Mars... that little of planet up there in the sky? Men haven't been there before. It may be dangerous. So what do I get for an assistant? An idiot—a perfect, four-star pilot. A college girl, probably a home ec major. Great..."

(Time passes. Our hero manages to get his ship spaceborne. Thousands cheer as the rocket exhaust fades in the evening sky. Man is at last making the jump to Mars. In the ship itself, atomic fusion engines provide the power, driving the ship along at tremendous velocity. Our hero, with the aid of benzadrine and fatalism, avoids his assistant's company as much as possible. Finally, the great planet looms up like a red balloon in the space ports. On the planet itself, two telepathic beings regard the ship's descent with interest.)

"Xanthor-urp, my boy, it seems that these Earth beings have finally managed to make the trip."
"Please don't think so loudly, Xanthor-burp, it hurts my mind."
"Sorry, Xanthor-urp. What kind of creatures do you suppose they will be?"
"I have no idea. They must be intelligent, though, slightly."
"I suppose. If they weren't intelligent, they couldn't have managed to build a ship capable of crossing..."

"By the way, Xanthor-burp, what shall we do with them?"
"Hand them to the lab for study, of course. If they are as intelligent as we are, we will release them."
"And, if not..."

"OH, SAMMY, LOOK AT THOSE DARLING FUZZY CREATURES WITH THE BIG BROWN EYES AND 'THE CHARTREUSE NOSES'!"
"Sammy, what are they pointing those little rods at us for?"
"Sammy, they're looking at us so funny."
"Sammy, why are they..."
"SAMMY!"

"Xanthor-urp, which of these creatures shall we examine first?"
"Let's take the intelligent looking one."
"Yes, good idea. One of them, the one without the curves, seems to be unafraid, so it must be intelligent."
"Beam a few questions at him."
"I have, but he doesn't seem to receive. Do you suppose these creatures are nontelepathic?"
"Probably. Let's tune in on it anyway."

"A college girl they give me. A four-star moon with honors. Great blazing jets! What did I ever do..."

"Xanthor-burp, this is useless. Let us record the other creature's thoughts for later interpretation by our scientists."

"... parties ... dances ... beach parties ... formals ... dances ... beach parties ... dances ... beach parties ... queens ... beach parties ... dates ... beach parties ... rich husbands ... beach parties ... dances ..."

(And so it was that the concept of beach parties was given to the men of Mars. But the story has a happy ending. After invading the Earth and erasing mankind, the Martians have held millions of beach parties. Earth, they found, is a wonderful place for such things. Right?)

(Continued from Page 1)

Kenneth Lucas, candidate for upperclassman representative of the College of Commerce, Pershing Rifles, College Chamber of Commerce, Kappa Sigma; 13 standing.

Wanda Pace, candidate for College of Commerce woman-at-large, Delta Zeta, secretary of the College Chamber of Commerce, Coffee Chat, Lucky Strike campus representative; 24 standing.

Henry R. Bennett, candidate for College of Engineering man-at-large, Tau Beta Pi, Lamp and Cross, Keys, Phi Eta Sigma, Arnold Air Society, and treasurer of Phi Delta Theta; 28 standing.

Walt Currie
Walt Currie, candidate for lowerclassman representative of the College of Engineering, Vice president of Keys, Phi Delta Theta; 21 standing.

Helen Vance Gilb, candidate for College of Education woman-at-large, Blue Marlin, WAA, Delta Delta Delta; 14 standing.

Ed Fossett, candidate for College of Law, Kappa Sigma, treasurer of Student Bar Association, and Phi Delta Phi.

Constitutionalists Candidates
Candidates for the Constitutionalist Party, as given Wednesday morning, are:
Charles Palmer, presidential candidate, President of Kappa Alpha, president of IFC, president of Keys, president of the Constitutionalist Party, Lances, Lamp and Cross, SGA, chairman of the SGA Judiciary committee, Phalaux, and Pershing Rifles; 2 standing.

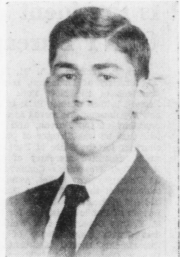

Wendell Norman
Wendell Norman, candidate for vice president, Sigma Alpha Epsilon, Phi Eta Sigma, Keys, Lances, Lamp and Cross, Phi Tau Sigma, Tau Beta Pi, Arnold Air Society, and SGA; 2 standing.

Doyle Oliver, candidate for lowerclassman representative of the College of Agriculture, Alpha Gamma Rho, Suky, 4-H, and Constitutionalist Party; 17 standing.

Ronald Stull, candidate for upper-

Constitutionalists

Here is a list of problems which we think affect every university student in some way. Most of these problems have been considered and solutions attempted by SGA many times before. However, they still remain. The Constitutionalist existence in favor of presenting a platform of vague generalities designed to appeal to the emotions of voters. No problems are without satisfactory solution if they are met head on with conscientious effort.

The Constitutionalist Party has been at a disadvantage in recent years in having neither the president nor vice-president or a majority in the Assembly. Without this majority we have been unable to direct the efforts of SGA to the fulfillment of the solution of your problems.

The only manner in which these issues may be met and solved is the election, by your support, of a party unafraid to admit that the problems still exist, and a party determined to give its complete effort to their solution.

As the candidates for the presidency and vice-presidency of both parties are fraternity men it is obvious that fraternity candidates must have a large number of independent votes in order to be elected. Hence the election of a fraternity man as opposed to an independent candidate is not an issue of the election.

The records of SGA will show that the Constitutionalist Party has never favored legislation which would not be of benefit to all students.

- Problems affecting the entire University.
 - The need for a better system of encouraging more high school students to enter the University rather than out of state schools.
 - The need for a student committee to aid veterans in problems such as housing, part-time employment, etc.
 - The changing of semester schedules so as to allow for longer spring vacation.
 - The necessity for the extension of time between classes so as to enable those students with classes distant from the center of the campus to get to classes on time.
 - Smoking in the library.
 - Financial support to the Kernel so as to enlarge its circulation. The faculty, particularly, should receive the paper so as to be better informed of student views and problems.
 - Better pay for students employed by the University part time.
 - A solution to the parking problem.
- Problems particularly affecting men students.
 - The need for a men's Inter-dorm Council to aid in running the men's dorms.
 - More telephone facilities in the dorms.
- Problems affecting the women.
 - The need for revision of regulations affecting girls living in the women's residence halls and houses.
 - Removal of requirements that women eat all meals in the dormitory.
- Athletic problems.
 - The need for the availability of "date" tickets for students from other schools.
 - Support of Suky and aid to them in solving the card section problem.
 - More comfortable seating in the Coliseum.

The Guards of the Tribe of Thot refuse. Yogi Braham Bull of India once to eat anything other than food held his breath for two days. He died of suffocation.

United Students

It is apparent that many of the students in the past have felt the platforms of both the parties have been relatively unimportant. This has been the result of two facts:

- Both parties have tried to compose a platform which would appeal to the most students with too little regard to the possibilities of carrying out such a platform.
 - A great portion of the platforms have been concerned with insignificant issues.
- In consideration of this prevalent attitude on the part of the students, the United Students Party is presenting a platform composed of three major points which it will try wholeheartedly to carry out.
- To give fair representation to all the students of this University by selecting its candidates from both Greeks and Independents.
 - To initiate and carry through a full-scale program to build up student-faculty morale and loyalty to the University of Kentucky.
- This will be accomplished by:
- A series of published articles pointing to achievements of which we should be proud such as nationally outstanding administrators and developments of outstanding significance carried on by the school or its students, etc.
 - Committees organized throughout the campus organizations to promote attendance and participation in campus events.
 - A state-wide "Loyalty Kentucky" campaign carried on through the students and alumni with proper national and state publicity insofar as this is possible.
 - Any other means which may come to light as the program progresses.
 - Through impartial representation, to deal with other issues as they arise.

Wayne Carroll
President, USP

Tau Beta Pi Post Goes To Webster

Douglas L. Webster was elected President of Tau Beta Pi, national engineering honorary, for the 1954-55 school year at a recent meeting of the society. Named to the post of vice president was Frank F. Taylor.

Other officers elected included William C. Cockrell, corresponding secretary; James F. Lafferty, recording secretary; William Dupps, treasurer; and Robert L. Rodgers, caller.

Nakdimen Wins Ping Pong Title

Dave Nakdimen defeated Pierre Olters in three games to win the last Student Union ping pong tournament of the year. It was announced by Leslie Morris, Sports Chairman.

Nakdimen was awarded an engraved trophy, and the runner-up will receive a statuette. It was also announced that a pool tournament would be held during the summer session, and that a trophy and two medals would be awarded to the three top finishers.

Spring's No. 1 Weekend Arrives With Chicken Wire, Crepe Paper

By ANN O'BROAK

The big weekend of the spring has at last arrived in a whirl of chicken wire, crepe paper, and thumb tacks. In fact, it isn't even decently safe to enter the basements' security, fraternity houses, or dormitory halls without a suit of mail.

The Skuy May Day parade will take place tomorrow afternoon with movie titles as the main theme of all the floats. The May Day dance will climax the day's festivities in the ballroom of the Student Union.

The highlight of the evening will be the crowning of the May Day Queen and her attendants, who will all ride on the Skuy float which will lead the May Day parade.

Hayride Planned

Tonight the SAE's will have their annual spring formal dance. Their celebration will get under way at 8 p.m. Farm Home is planning a hayride to High Bridge. They are scheduled to leave at 4 p.m. today.

It looks like most people will be working late tonight on their floats and getting ready for tomorrow.

Sunday the Kappa Sig's will have a steak fry at Herrington Lake at 4 p.m. and the ADP's will give their annual senior picnic at 2 o'clock that afternoon.

Monday, the Chi Omega mothers' club will give the graduating seniors a luncheon at the Chi Omega house.

Kleenez Costume Wags

A "drug store" party was given in Boyd Hall on Monday night with the girls wearing appropriate costumes.

times. A box of Kleenez, in reality Tette Orme, won first prize in the contest and Jane Perkins, an El Rot-Tan cigar, placed second.

"Woman's Home (on the Range Companion," alias Sonja Hess, was awarded third prize.

Somewhat, I managed to get in a sort of embarrassing position, but the powers-that-be said I should say a word—so here goes—I would like to thank the engineers—every last one of them in electrical, civil, mechanical, mining and metallurgical, and anything else, for choosing me queen of their annual Engineer's dance last Saturday night. And congratulations to the two attendants, Peggy Keller and Charlene Rislett.

The new officers of Phi Delta Theta are Harry Alexander, president; Dale Robertson, vice president; Don Morrow, secretary; Jim Boyce, treasurer. New initiates are Conculatulation: Sophia Burgin, ADP, the new TKE Sweetheart.

Campus Calendar

Today
Instrumental Section, State Music Festival.
Guignol: "Dream Girl," Guignol, 8:30 p.m.
SAE Spring Formal, Joyland, 8 p.m.
Cosmopolitan Club Swimming Party and Middle East party, MC 7 p.m., Student Union.

Then and Now Jackson, '31, Is President Of NY Bureau

Hugh R. Jackson, B.A. '31, formerly of Lexington, is now president of the New York City Letter Business Bureau. Prior to his appointment, he served as vice president of the Bureau, and before that he was director of public charities for the State of Pennsylvania, executive secretary of the New York Governor's Commission on Unemployment Relief, assistant secretary of the N. Y. State Charities Aid Association, director of the Bureau of Public Assistance for the former Gov. Herbert Lehman of New York, and during the war, Director of Public Charities for the State of Pennsylvania.

DR. HERMAN L. DONOVAN

Louisville Youth Offered \$2,800 UK Scholarship

A four-year all-expense scholarship of \$2,800 at UK has been offered to Franklin Delano Richardson, a senior at Male and Girls High School in Louisville.

Dr. Leo Chamberlain, vice president of the University, made the announcement early this week. The award was made by the Kentucky Research Foundation from funds donated by alumni of the University to the Loyalty Fund.

Richardson, who was selected on the basis of scholastic ability, character, personality and extra-curricular activities, will be graduated at spring commencement exercises.

Applicants for the scholarship award must be nominated by an individual member of the UK Alumni Association, by an organized alumni club or by a Kentucky high school principal.

The scholarship winner plans to study aeronautical engineering. He is president of the Male Debate Club, plays the clarinet in the school band, and is a member of the ROTC rifle team.

Engaged

Heleen Gunn, DZ, to Pvt. Charles Prather, Lexington.
Kim Sanford, KO, to Doug McGrew, Charleston, W. Va.

Married

Reggie Marshall, DDD, to John McElroy, KA.

Farmhouse Holds Founders' Day

Farmhouse fraternity held its annual Founders' Day Banquet last Saturday. Dr. Karl T. Wright, national president of the fraternity, was guest speaker.

Presentation of awards were made during the banquet. They included: Fred Williams, DDD, winner of 1954; Don Applegate, active with the greatest increase in scholastic standing; and Robert Ward, highest pledge standing.

Radio Arts Class Visits WHAS-TV

Students enrolled in a Radio Arts Department course, Mrs. Camille E. Halvard, acting head of the Department of Radio Arts, stated.

Executives of the programming, engineering, and sales departments spoke briefly to the touring group, explaining the policies and operation of the station and answering questions asked by the students.

In viewing programs actually being telecast, the group also appeared on several programs throughout the tour.

Radio Arts students stopped at the transmitter site at Eastwood while on their way back to Lexington. Highlight of this tour, Mrs. Halvard noted, was inspecting the intricate CONALRAD set-up located at the WHAS transmitter.

CONALRAD is a government-operated radio air defense plan providing for selected AM stations to remain on the air during enemy attacks, operating at the frequencies of 660 and 1240 kilocycles.

Education College Plans Workshop

The College of Education has scheduled a workshop and two conferences for the coming summer.

A workshop in guidance and instruction of the physically handicapped, the second to be co-sponsored by the College of Education, United Cerebral Palsy Association, and the United Cerebral Palsy of Kentucky, will open July 19.

The course labeled "Education 175," will be open to teachers of special education classes, vocational advisory service personnel, rehabilitation agency personnel, social workers, administrators and supervisors associated with systems providing educative experiences for the physically handicapped, and other persons interested in problems of those handicapped with cerebral palsy.

The workshop will be in session from 9 a.m. until 12 noon and from 1 to 3:30 p.m., Monday through Friday of each week until August 6.

A summer school conference of school board members and school administrative leaders is scheduled for July 8, 9, and 10. Purpose of the meeting is to provide the administrators with consultants who are familiar with the problems of public school management.

Before summer school, a work conference in solving instructional problems in elementary and secondary schools will be held. Major emphasis will be placed on the language arts, social studies, sciences, arithmetic and mathematics. The course, which carries two semester hours of credit, will last from June 7-18.

English Club Picks Jackie Averill

Miss Jackie Averill has been elected president of the English club for the coming year. Other officers are secretary-treasurer, Anne Beard; program chairman, Audrey Looney; and Yvonne Eaton; publicity, Vera Baldridge; and membership, Wendell Berry.

By the age of 109, nine out of 10 people have died, recent surveys show.

Faculty Notes Paintings By Weismann, Barnhart To Be Shown

Two members of the UK art faculty will have paintings displayed in the Louisville Art Center Annual exhibition in the Fine Arts Gallery May 11-28.

Dr. Donald Weismann, head of the Art Department, and Prof. C. Raymond Barnhart will be among the artists whose works will be displayed in the show, formerly known as the Kentucky-Southern Indiana exhibition.

The group of paintings includes winners of \$1,625 in prizes awarded to participating artists at the J. B. Speed Museum in Louisville. Hermon More, director of the Whitney Museum of American Art, New York City, selected the paintings to be included in the prize winners.

An exhibition of winners of the Artin Oil Company Purchase Painting Prize of \$500 will be hung in the North Exhibition Corridor opposite the Fine Arts Library May 10-29. The paintings are part of the collection of the Artin Oil Company and are circulated by that firm.

Dean Elvis J. Stahr Jr. of the College of Law recently attended the annual judicial conference of the sixth Judicial District held at Ann Arbor, Mich.

He is the second UK president to serve as president of the NASU. Dr. Frank L. McVey was similarly honored during his administration.

Donovan Is Elected NASU President

Dr. Herman L. Donovan, president of the National Association of State Universities Tuesday.

Composed of 91 state universities, the national organization is holding its annual meeting in Salt Lake City, Utah.

Dr. Donovan has been president of the association since last May and has served on the executive committee.

He is the second UK president to serve as president of the NASU. Dr. Frank L. McVey was similarly honored during his administration.

Education Seniors To Elect Officers

Seniors in the College of Education will meet at 3 p.m. (EDT) Wednesday in the auditorium of the Taylor Education Building to elect officers to the alumni organization, Dean Frank G. Dickey has announced.

Graduation procedures will also be discussed at the meeting.

All Education seniors who will be unable to attend should present excuses to the dean's office before the meeting, Dean Dickey emphasized.

Shahr Attends Meeting

Dr. Jesse Debor, associate professor of philosophy, is attending a meeting of the western division of the Philosophical Association of America at the University of Illinois in Urbana-Champaign. The meeting began yesterday and will end tomorrow.

Dr. Thomas D. Clark, head of the Department of History, will deliver the commencement address at Cumberland County High School in Burkesville on May 13. He will then go to Atlanta for the Southern Humanities Conference which is scheduled for May 13-15.

Home Ec Instructor To Speak

Mrs. Anne Clemmons, instructor in Home Economics, will attend the National Convention of I.P.G. Association at the Conrad Hilton Hotel, Chicago, next week.

Mrs. Clemmons will speak at the president's breakfast, Tuesday, on "Acceptable Standards of Industrial Contribution to Home Economics." Later Mrs. Clemmons will hold discussions on the advantages of employing home economists in the gas industry.

What makes a Lucky taste better?

"IT'S TOASTED" to taste better!

WHY do thousands of college smokers from coast to coast prefer Luckies to all other brands?
BECAUSE Luckies taste better.

WHY do Luckies taste better?
BECAUSE Lucky Strike means fine tobacco. And that tobacco is *toasted* to taste better. "It's Toasted"—the famous Lucky Strike process—brings fine tobacco to its peak of flavor... tones up this light, mild, good-tasting tobacco to make it taste even better—cleaner, fresher, smoother.

SO, Be Happy—Go Lucky. Enjoy the better-tasting cigarette—Lucky Strike.

LUCKIES TASTE BETTER Cleaner, Fresher, Smoother!

'Murder' Case To Be Tried In Law College Court Today

(Continued from Page 1) shooting have stated to police that the heated discussion dealt with who was responsible for Miss Tasselewich's alleged "condition"...

Seating Capacity Is 200 It has been announced by court officials that the seating capacity of the courtroom is only 200 and that the doors will be closed when that capacity is reached.

UK students will serve as jury members in the trial. Clyde Jones, Law School student, will be in the defendant's role and Jo Ann Anderson will portray Miss Tasselewich.

Following the afternoon mock court trial, Dean Shahr will speak at a special meeting of all pre-law students on the campus.

Requirements To Be Discussed Both admission requirements to the schools and to the bar will be discussed by the faculty members.

The annual Law Day luncheon, which will be held in the Student Union, will highlight the announcement of winners in various Law College contests.

Three cash prizes of \$100, \$50, and \$25 will be awarded to the winners of a will-drafting contest sponsored by the Security Trust Company of Lexington.

Attorneys Were Judges Judges for the will-drafting contest were three local attorneys:

'Dittos'

By DEBBIE SCHWARZ

Spring has come. The grass is 'tix'. Be lenient, profs. How tired we is!

Professors at Indiana State Teacher's College, sensing the lack-adapted attitude of the students due to the coming of spring and the opening of the local beaches, tried a unique experiment.

The faculty has given the students a two-day vacation from classes, clubs, and make-up work so they can use this period for pleasure reading.

Had we learned of this venture a few weeks sooner, perhaps we could have declared a "Racing Day," and furthered our education at Keeneland.

'Every dog has his day' as the old saying is, and students at Ames College in Decatur, Ga., are no exception.

Students attended class, chapel, and meals in shirts and jeans, and shouted in the library when they pleased.

With exams, term papers, and last minute tests, the students at UK don't express their suppressed desires.

Without damsel deliriums were dissolved in Stillwater, Okla., when an "escort service" was installed by four undergraduates at Oklahoma A and M.

Attention! Texas A and M, like many other colleges around the country, is preparing for its annual Federal ROTC inspection.

The 12 students initiated, listed with their major subjects, were: Lewis Brinkley Barnett, chemistry; Mildred Scott Bell, anatomy; Carol Sue Caton, chemistry; Catherine Comer, English; Elaine Moore, journalism; Judith Paugner Napps, political science; Mary Lewis Patton, English; Thomas Warren Duggan, English; Hymen Olin Spivey, chemistry; and Mary Carlyle Winkler, mathematics.

Special arrangements are being made for the initiation of Thomas Proctor Lewis, a law major, who is expected Wednesday night, are as follows:

David Adams, upperclassman representative for the College of Arts and Sciences, Adams is a Lambda Chi Alpha and has a 2.2 standing.

Francis Robinson, lowerclassman representative for the College of Arts and Sciences, he is a Lambda Chi Alpha and has a 2.4 standing.

William Franklin Jolly, upperclassman representative for the College of Arts and Sciences, Jolly is a Phi Kappa Tau and has a 1.4 standing.

Bill Simpson, upperclassman representative for the College of Engineering, Simpson is a Phi Kappa Tau and has a 2. standing.

Education Group To Install Officers

A Kappa Delta Pi tea and installation of officers will be held from 4 to 5 p.m. (DST) Monday in the Music Room of the Student Union.

Officers to be installed are Alma Carl, president; Evangeline Smith, vice president; Ruth Averitt, secretary; Vivian Burke, treasurer; and Martha Shipman, counselor.

If Mars hit the earth, the noise would be heard for several miles around the scene of the impact.

JERRY'S ACTIVITY CALENDAR

- TODAY - Guignol, "Dream Girl," Guignol, 8:30 p.m. SATURDAY - May Day Dance, Student Union, 8 p.m. SUNDAY - Musical: UK Band, Amphitheatre, 4 p.m. MONDAY - Modern Poetry Lecture, Ware Beach, Laboratory Theatre, 8 p.m. WEDNESDAY - SGA Election THURSDAY - Troupers Show, MG, 8 p.m.

JERRY'S EVERYONE ENDS UP AT JERRY'S Jerry's Drive In 357 South Lima Curb Service 11:00 a.m. to 1:00 a.m. WE NEVER CLOSE

NEW PHI BETA KAPPA initiates are, from left, to r., Mildred Scott Lewis, Catherine Comer, Mary Lewis Patton, Mary Carlyle Winkler, Judith Napps, and Elaine Moore; back row, Lewis Barnett, Carol Sue Caton, Donald Clayton Rose, Hymen Olin Spivey, Tom Warren Ramage, and W. Hugh Peal.

Phi Beta Kappa Initiates Thirteen In Ceremony Tuesday Evening

Twelve University students and one former student were initiated into the Alpha of Kentucky Chapter of Phi Beta Kappa in a ceremony held Tuesday in the Music Room of the Student Union.

W. Hugh Peal, New York, member of a well-known law firm, the former student who was initiated, was also the speaker at the annual banquet which followed in the Bluegrass Room.

Peal was selected as one of those to compose the first group elected to membership in the Alpha of Kentucky chapter, but the Rhodes scholar could not be present for initiation at the scheduled time.

Students Named The 12 students initiated, listed with their major subjects, were: Lewis Brinkley Barnett, chemistry; Mildred Scott Bell, anatomy; Carol Sue Caton, chemistry; Catherine Comer, English; Elaine Moore, journalism; Judith Paugner Napps, political science; Mary Lewis Patton, English; Thomas Warren Duggan, English; Hymen Olin Spivey, chemistry; and Mary Carlyle Winkler, mathematics.

Special arrangements are being made for the initiation of Thomas Proctor Lewis, a law major, who is expected Wednesday night, are as follows:

David Adams, upperclassman representative for the College of Arts and Sciences, Adams is a Lambda Chi Alpha and has a 2.2 standing.

Francis Robinson, lowerclassman representative for the College of Arts and Sciences, he is a Lambda Chi Alpha and has a 2.4 standing.

William Franklin Jolly, upperclassman representative for the College of Arts and Sciences, Jolly is a Phi Kappa Tau and has a 1.4 standing.

Bill Simpson, upperclassman representative for the College of Engineering, Simpson is a Phi Kappa Tau and has a 2. standing.

Four Candidates For SGA Added At Last Minute

Four more SGA candidates for the Constitutional Party, as announced Wednesday night, are as follows:

David Adams, upperclassman representative for the College of Arts and Sciences, Adams is a Lambda Chi Alpha and has a 2.2 standing.

Francis Robinson, lowerclassman representative for the College of Arts and Sciences, he is a Lambda Chi Alpha and has a 2.4 standing.

William Franklin Jolly, upperclassman representative for the College of Arts and Sciences, Jolly is a Phi Kappa Tau and has a 1.4 standing.

Bill Simpson, upperclassman representative for the College of Engineering, Simpson is a Phi Kappa Tau and has a 2. standing.

new engaged in special training for officers in the U.S. Navy, stationed in Newport, R. I.

Also honored at the banquet were the following first-semester initiates: Digenes Allen, philosophy; Sully W. Hill, library science; Mary Orville Ray, now a student in the University of Louisville Medical School; Nancy Allen Turman, ancient languages; and Mrs. Mary Conrad Voorhes, political science.

Patricia Herve, a January graduate, and Floyd McKee Cammack, now engaged in special study in New York prior to the beginning of his work as a Rhodes scholar at Oxford, were unable to be present.

Honored for having the top scholastic records in their classes were Margaret Karl Martersteck, freshman; Paul Roy Ercum and George Richardson Park, sophomores; and Lois Clark Dale and Victoria Shaver, juniors.

Nancy Roberts was awarded the Phi Beta Kappa book award for maintaining a perfect 3.0 standing as a freshman last year.

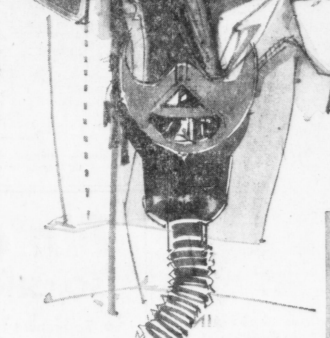

Group Elects Reed As New President

Officers of Alpha Mu chapter of Beta Beta Beta were elected in a regular meeting of the chapter held Monday night in the Student Union.

Elected were William R. Reed, president; Henrietta Schneider, vice president; Joyce Allen, secretary; and George Jenkins, treasurer.

The new officers will be installed at the next regularly scheduled meeting Monday night.

The H-bomb could be dangerous in certain situations.

America's Knights of the Sky...

The Spartan Band that held the pass, The Knights of Arthur's train, The Light Brigade that charged the guns, Across the battle plain, Can claim no greater glory than The dedicated few Who wear the Wings of Silver ... on a field of Air Force Blue.

For Fellowship...High Adventure...and a Proud Mission... wear the wings of the U. S. Air Force!

In days gone by, young men in shining armor ruled the age. Today, a new kind of man rules the age... America's Knights of the Sky, the Air Force Pilots! They rule from on high, in flashing silver-winged Air Force jets...

UK Sinfonietta, Orchestra To Give Combined Concert

The UK Music Department will present two music organizations in a concert at 8 p.m. (DST) Wednesday in the Gignol Theater. The two organizations are the University Sinfonietta and University Orchestra, both under the direction of Dr. Edwin Stein.

The Sinfonietta is an all-student group organized to play in an informal manner certain types of literature for small orchestras. This will be their first formal appearance.

Program Is Varied The program to be presented is varied both as to periods and musical literature and assisting soloists. The music ranges from latter 17th century composers to contemporary British and American composers.

The first half of the program will be presented by the Sinfonietta. The opening number is the "Andante" from J. S. Bach's "Fourth Brandenburg Concerto," with Ruth Trim-

ble, violin, and Colleen Doyle and David Schneider as flute soloists. Benjamin Britten's "Serenade for Tenor Voice, French Horn, and Strings" will feature Almo Kivimäki of the Music Department, as tenor soloist and William Steiden, senior, as French horn soloist.

Music Set By Britten This composition contains works of various British authors set to music by Britten.

Another presentation, "Mission San Jose de Agway," is a suite for chamber music by Anthony Donato. This section of the program will close with two movements from Haydn's "Symphony No. 78 in C Major."

Three numbers will be performed by the University Orchestra, which includes members of the Sinfonietta. The first is Vivaldi's "Concerto in D Minor," originally written for two violins but arranged for strings and wind instruments by Silit.

Cesar Franck's "Variations for Piano and Orchestra" will feature Barbara Jones, junior music student, as soloist.

USMC Offering Officers' School

Marine Corps Headquarters will accept applications from May 1 to July 1 for the 11th Officer Candidate Course which will convene in November at Quantico, Va.

College seniors and graduates may apply for Marine Corps Reserve commissions through this program. Capt. C. G. Moody Jr., will be at the Student Union from 9:30 a.m. to 4 p.m. Thursday to give any information on the course.

Applicants for this class must be at least 20 years of age and not over 27 years of age on July 1, 1955. They must be seniors at, or graduates of, an accredited college or university and hold degrees in fields other than medicine, dentistry, veterinary medicine, theology, pharmacy, music, or art.

All candidates will be required to serve three years of active duty after receiving their commissions.

Four UK Students Win European Trip

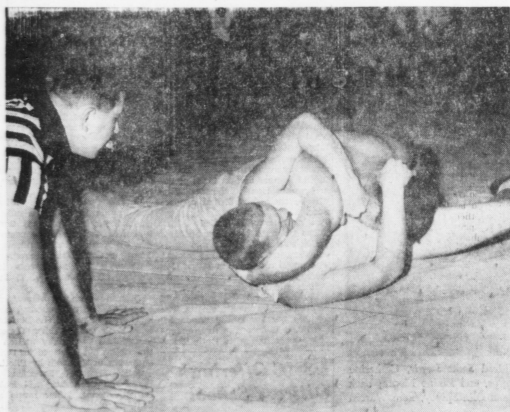

Four University students will be among six young people from Kentucky to go abroad on the International Farm Youth Exchange this summer.

Margaret Cook, a senior from Shelby County, will go to Brazil; Betty Hamilton, a senior from Graves County will go to Switzerland; Jesse Stupp, sophomore, from Hardin County, will go to Germany; Leon Davis, freshman, from Edmonson County, will go to Ireland.

These students will leave for their designated country in early June and will return in November.

ALL TIED UP—C. M. Boone, SAE, and Rondall Stull, AGR, appear to be tied in knots as Referee Don Weaver watches proceedings. Actually Boone (top of Stull) is preparing to pin Stull in a heavyweight semi-final match. All matches were held in Alumni gym.

Nine New Wrestling Champs Crowned In I-M Competition

By GEORGE KOPER
Qualifying trials for the I-M track and field meet will be held Monday afternoon at Stoll Field. Finals are slated to be run Tuesday afternoon.
Running events will start at 4:00 p.m. and will be run at 20 minute intervals.
Only two titles remain to be contested in I-M wrestling at the time of writing. Champions in the heavyweight and 145 pound class were to be crowned Wednesday night.
In the 145 class Charles Mattingly, DTD, meets Wendell Norman, SAE. Mattingly won his way into the finals with an overtime victory over Head, Int. The loss were tied at the end of the regular three rounds and were forced to wrestle an extra two-minute round.

The first overtime round failed to produce a winner, but Mattingly gained a time advantage in the second extra period to win the match.
The finals in the heavyweight class pair Gene Statton, Int., and C. M. Boone, SAE. Statton gained the finals by virtue of a default, while Boone downed Rondall Stull, AGR.
Boone pinned Stull in 35 seconds of the second round after having several near pins in the first round.
Norman won his way to the finals with a decision victory over Charlie McCullough, DTD. Norman was awarded a 6-1 win.
Dorsey King, PKT, won the 185 pound class with a narrow 1-4 decision over Harvey Young, SX. The aggressive Young held the lead through most of the early stages of the match, but King picked up enough points on time advantage to

give him the victory.
The 135 pound class title went to Jim Waldron, ATO. Waldron won his crown by pinning Bill Fossett, KS, in 24 seconds of the second round.
The halo in the 165 pound class went to Turner, Ind., who defeated Rhodes, SX, 7-5. The grapplers were tied up at 3-3 going into the last round, but Turner scored two points with a takedown near the middle of the round to gain the decision.
Ted Kim, PDT, retained his 175 pound title, defeating Rob Lucas, KS, 3-1. Kim was in control through the whole match, but was unable to pin his opponent.
Three championships were decided last week. S. Noel, AGR, won the 115 pound class without facing an opponent. Noel was the only entrant in that class.

THE LOGIC MAJOR WHO HATED ROLLS
Recently a young midwesterner enrolled at a university as a Logic major. His father had told him, with some understatement, that he was illogical. He refused to acquire a pretty girl to a dance because her name was June Bez and he was against gambling.
He wouldn't eat avocados because they were also called "alligator pears" and he didn't like alligators.
In addition, he was a slob.
Some of the men in his dorm tried to talk to him.
"Look at that slob," they said. "The material's cheesy. Why don't you hop down and get a Van Heusen Oxfordian...it's soft, fine oxford cloth."
"I'm not attending Oxford, I'm attending Old Svesh," answered our boy.
"But, look, Buster. This oxford cloth is woven tighter so it'll last longer. It's a smart investment. And it only costs \$4.99."
"So who needs it? I might get hit by a truck. Then what's good about it be?" quoth Buster.
"What about your collar? Flat as a pancake! Don't you want a good-looking button-down with that famous Van Heusen relaxed roll?" one asked.
"I got nothing against pancakes. I hate rolls."
Note: Our man flunked Logic post haste, and was drafted. The Army has him classified under "Secret Weapons."

SIDELINE SLANTZ!

by
John K. Ryans

The annual basketball banquet held on Monday night in the Student Union was certainly the finest ever. This year the banquet had the added incentive of honoring the nation's No. 1 cagers and it was certainly conducted in a championship manner. By holding the banquet as a buffet, the planners of the affair speeded up proceedings considerably and also gave the banquet a more informal atmosphere.
Walter Stewart of the Memphis Commercial Appeal was one of the most enjoyable speakers that I have heard in quite some time. He said that this year's edition of the Wildcats was certainly the finest basketball team ever assembled in college ranks. He pointed out that the Cats not only had been forced to gain rust over a year's enforced layoff, but had also had to play every game with their opponents out to get them. Then they went on to win every major on their slate, a feat that seemed virtually impossible against a major schedule, and were declared the top team in the country. He said that it looked as if everyone was jealous of a winner and were out to get the Yankees in baseball and the Wildcats in basketball.
Mr. Stewart has long been one of the few sports writers in the South that has been a friend of UK athletics and is certainly appreciated by Wildcat supporters.

Wildcat fans will certainly miss the four seniors that were honored at the banquet. Cliff Hagan, Frank Ramsey, and Lou Tsironopoulos will be long remembered by Kentucky fans, as will the Terrible Trio that paced UK to its greatest cage season. Ramsey was awarded the A. B. Chandler Trophy for the third straight year, and Hagan received the Jerome Lederer trophy for the most valuable player on the vote of fellow teammates. The other graduating senior, Mike Dolan, did not receive the acclaim that the others did during the regular season, but played a mighty important role for the Wildcats. The Student Manager of a team such as Kentucky is busy all of the time and often has a thankless task. Mike should certainly be congratulated for a job well-done.

Billy Evans, one of the main stays on the Wildcat squad this year, has been chosen to captain next year's edition of Rupp's Raiders. Evans was chosen by vote of fellow teammates, when they retired from the banquet for a brief period. Evans will graduate in June, but will return to UK next fall as a graduate student. He thus would be ineligible to compete in NCAA play-offs next spring. The Berea lad is one of the finest athletes at UK and also a top flight scholar. He had the highest scholastic standing among cadets in Air Science IV this year. Evans is also the No. 1 man on the UK tennis team and has lettered in baseball.

Freethall Collier, Blanton Collier completed his grid staff this week with the signing of Bill Moseley as an assistant coach. Moseley coached at Sidney Lanier High School in Montgomery, Ala., for the past five seasons. Incidentally he is the third assistant coach on Collier's staff from the Alabama high school. Charley Bradshaw and Matt Lair were assistant coaches to Moseley at Sidney Lanier last season. Moseley is a former UK performer and was grid captain of the Cats in 1947. His signing gives Collier a complete staff of six assistants.

UK Baseballers Top Centre With Rally In Eighth Inning

Kentucky won its fifth baseball game in 13 tries last Friday afternoon on the Centre College diamond tied the score in the fourth, by whipping the Colonels, 7-4. The Cats took the lead in the sixth win broke a four-game Kentucky losing streak.
Right-hander Hugh Coy went the distance to amass the win, but he needed a five-run Wildcat salvo in the eighth inning to post his third victory of the year against two porous defenses gave the Colonels losses. Coy gave up six hits and whiffed eight.
The Cats went into the eighth frame trailing, 4-2 when the fire-yeager walked and scored on Mike Covington's triple. Covington came home when McDowell threw wildly on the return throw from center-field.
Corum, Doug Lawhorn and Coy each had two hits for Kentucky. The Cats banged out 11 hits off the combined offerings of Farmer and Gross. Farmer was hit hardest and was tagged with the defeat.
The victory was the Cats' third straight against non-SEC competition. Earlier wins were posted first inning on a single by Gerry Culvert, which scored Shanahan from third base. After the Colonels tied the score in the fourth, the Cats took the lead in the sixth win broke a four-game Kentucky losing streak.
Coy's base hit.
Centre scored in the fourth when Paul Corum singled, went to third on a wild throw and scored on Coy's base hit.
Centre took the lead in the seventh with a pair of runs. Frank Farmer walked and scored on Mike Covington's triple. Covington came home when McDowell threw wildly on the return throw from center-field.
Corum, Doug Lawhorn and Coy each had two hits for Kentucky. The Cats banged out 11 hits off the combined offerings of Farmer and Gross. Farmer was hit hardest and was tagged with the defeat.
The victory was the Cats' third straight against non-SEC competition. Earlier wins were posted first inning on a single by Gerry

Baseball Team Splits Pair With Tennessee

By DAVE NARDIMEN
Kentucky's baseball team split a Tuesday afternoon (win-bill) with the Tennessee Vols, losing the first game, 10-6, and winning the nightcap, 4-2, behind the seven-hit twiling of Phil (Corkie) Grawmeyer. The split left both clubs with a 3-9 record in the Southeastern Conference and a tie for the collar. Kentucky's overall season record is 6-9.
The first-game victory for Tennessee saw the Vols punning right-hander Hugh Coy for 10 hits and 10 runs in the seven-inning tilt. Coy went all the way for the Cats in absorbing his third loss of the season as against three wins.
Meanwhile, Tennessee's right-hander, Bob Walsh gave up seven safe blows, including a single double and triple by Capt. Miles Willard. Willard drove in four of the Kentucky tallies, boosting his season's R.B.I. total to 18. First Baseman Bill Bibb came out of his slumped batting streak to belt out a pair of singles in three trips.
Bill Jones, Vol second baseman, led his mates at the dish with four runs batted in on two singles and a double. Walsh belted a seventh-inning inside-the-park home, plus a single in addition to scoring three times.
Kentucky scored once in the seventh inning.

and inning starter Bob Schlegel without the benefit of a base hit. The run was produced on a hit batsman, two walks and an infield out. The Cats counted three more in the fourth inning off reliever Don Minlow. Bibb doubled, Pete Orsinger, Jim Morris, and Charlie Van Meter, and a pass to John Shanahan.
Minlow, the slowest pitcher seen on Stoll Field this season, was tipped for eight innings in the four frames he worked. Schlegel took the 19th however, since the Vols never caught up after he allowed his only run.
Tennessee scored first off Grawmeyer in the fifth inning when Earl Wells, Vol centerfielder, lifted an inside curve ball over the short fence in left for a home run. The Vol gave the big lefthander a scare in the seventh frame when they scored once and had the sacks loaded on two out. Grawmeyer then whiffed Jim Clardy for the final out to salvage the victory.
Morris batted in two of the Cat runs, while Bibb belted a pair of singles in two trips and scored twice. The win for Grawmeyer was his second of the year against three setbacks.
Statistics following the two contests showed Willard leading the Kentucky batters with a .391 mark, one of the highest in the S.E.C. The shapetackled third-sacker also has pounded out three home runs and has batted in 18 tallies.
Following Willard is pitcher Hugh

Coy with a .346 average. Coy's prowess as a batter has caused Coach Harry Lancaster to bat him in fourth position when he draws a starting-bull assignment. Other Wildcat batters in the 300 circle are Paul Corum, .327, Pete Orsinger, .321, and Doug Lawhorn, .312.
Kentucky continues its feud with Tennessee today and tomorrow with single games with the Vols in Knoxville on the two days.

Dr. Jonah W. D. Skiles, head of the Department of Ancient Languages and Literatures, has received the statistical report on the Seventh UK Foreign Language Conference which was held on campus April 22-24.
Termed a "highly successful conference" by Dr. Skiles, the conference was attended by 588 persons representing 32 states and nine foreign countries. The foreign countries represented were Austria, Canada, Greece, Iraq, India, Israel, Japan, Mexico, and Santo Domingo. Eight states were represented by 10 or more persons. The were Kentucky, Ohio, Indiana, Illinois, Pennsylvania, New York, Tennessee, and Michigan.
Thirty-five language areas were represented. French received the most representation with 156 persons, followed by Spanish with 133, and Latin with 123.

Skiles Evaluates Language Meeting

Kentucky scored once in the seventh inning.

Cat Cindersmen Lose Meet To Vanderbilt

By DON HENRY
Kentucky suffered its worst defeat of the track season Saturday afternoon at the hands of a very powerful Vanderbilt track squad. The Cats lost their third of the season by a score of 88 11-12 to 42 11.
Vanderbilt took first places in 11 of the 15 events of the afternoon, completely sweeping all places in one event, the discus throw, where Vandy's Roberts made the winning throw of 124 1/2'.
Jess Curry again led all Kentucky scorers for the afternoon, scoring two firsts in the javelin and in the 200 low hurdles. His total score for the afternoon was 171 1/2 points.
In addition to the two wins Curry posted he tied for second in the high jump with two Vanderbilt contestants with a distance of 5' 10".
Vanderbilt took second place in the 100 yd. dash, second in the 100 yd. hurdles, covering the 120 yard distance in 16 seconds, and second place in the broad jump behind Hahn (V) whose jump of 22' 11" set a new meet record. Curry was only 4 inches off Hahn's record leap.
The 11 1/4 points Curry posted was good enough to lead all scorers for the afternoon. Two men, Bud Hahn and Fountains McDaniell, shared scoring honors for the Vandy team, registering 11 1/2 points each.
This loss to Vanderbilt leaves Kentucky with a 2-3 record for the season thus far. They will have opportunity to even this record up this week-end when they will travel to Hanover College (Ind.) to engage in a triangle meet with Cincinnati and Hanover.
In Saturday's meet the Cats were never in a threatening position, as Vandy jumped into an early lead and maintained it throughout the afternoon.

The four events in which Kentucky out-scored the Commodores were in the javelin, 5-4, the high jump, 6 1/2-2 1/2, the 200 low hurdles and the shot put, both by score of 5-4.
Uranium was first discovered by Madame Curie when an atom bomb blew her through the ceiling.
Father, looking cautiously into a boarding house: Does Herman Jones live here?
Voice from the other room: Yeah, just lay him on the couch.
Wife: I want an explanation and I want the truth.
Hubby: Well make up your mind, you can't have both.

RUPP AND BIG THREE—Basketball Coach Adolph Rupp and his three senior stars were among those feted at the basketball banquet held Monday night at the Student Union. All three basketballers were members of the College All-Star aggregation that recently completed a cross-country series with the Harlem Globetrotters.

Rupp, Collier Will Assist In Prep Coaches Clinic

UK's annual free school for high school coaches will be held in Lexington August 12-14 as a fund-raising clinic featuring detailed instructions on coaching techniques by the school's new football staff and veteran case coaching team.
Athletic Director Bernie A. Shively of the University said that the clinic would depart from the usual plan of having guest lecturers in the persons of out-of-state "name" coaches and cater more closely to the interests of the football and basketball coaches of the state.
The complete schedule for the U. of K. Fundamental Football and Basketball Clinic, as it is to be known, will be announced at a later date. Shively added: A highlight of the clinic will be the annual East-West All-Star games in both football and basketball on Saturday night, August 14.
Collier Has New Role
New Wildcats football chief Kentucky Blanton Collier, who will change from his one-time role of Kentucky high school coach-participant in the clinic to instructor, explained that the football phase of the coaching school will be tailored to meet the needs expressed by the state's coaches through the Kentucky High School Association at the recent KEA meeting. He said that he and members of his staff would devote their discussions to stressing the basic fundamentals of coaching phases of coaching as requested by the state's grid mentors. Methods of teaching specific drills in practice will be explained in detail, according to the way they are used at the University, and motion picture excerpts will be screened to illustrate how these drills are carried out under game conditions.

UK Staff To Assist Collier
Assisting Coach Collier in the football part of the clinic program will be Backfield Coach Ernest Allen, Line Coach Clarence Underwood, Bill Arnsperger, former Ohio State aide who works with the Wildcats' offensive line; Matt Lair, ex-Kentucky guard who has a background of five years' high school coaching experience in Alabama and Kentucky; and End Coach Charlie Broadway, one-time UK end and center with a thorough familiarity of high school techniques from several years in the field.
Collier himself brings to the clinic program a comprehensive technical knowledge of football based on 16 years as a high school coach at Paris, Ky., and eight seasons with the professional Cleveland Browns. The quiet-mannered native Kentuckian is regarded as a keen student of the game and a brilliant diagnostician. He is solid in gridiron fundamentals, meticulous in technique and perfection in play execution is his major goal. As backfield coach of the Browns, he was credited with driving many

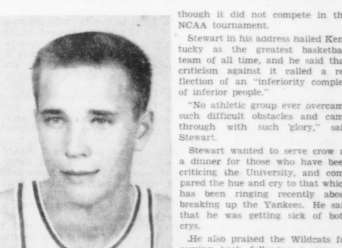

UK Netters Top Marshall

University of Kentucky's tennis team capped their third win of the season over Marshall 8-1 at Memorial Coliseum courts Tuesday afternoon.
The game was regularly scheduled for Monday but was called off due to inclement weather and played Tuesday. UK lost only one single match, in a five set match to the win.
George Koper and Bill Evans combined to take the only loss of the match in besting Bill Bias and Dave Hogue of Marshall, 6-1, 6-0.
The UK netters played yesterday but the results were not available in time for this edition. They have a match scheduled this afternoon with Cincinnati there.
Singles
Bill Evans (K) defeated Bob Bias (M), 6-3, 6-1; Glenn Dorroh (K) defeated Bill Bias (M), 6-1, 5-7, 10-8; George Carey (K) defeated Lynn Baskirk (M), 7-5, 6-1; Ten Phillips (K) defeated Dave Hogue (M), 1-6, 6-2, 6-1; Bob Bradley (M) defeated Joe Teague (K), 3-6, 6-4, 7-5; Ed Rodman (K) defeated Larry Hite (M), 6-1, 6-2.

UK Staff To Assist Collier
Assisting Coach Collier in the football part of the clinic program will be Backfield Coach Ernest Allen, Line Coach Clarence Underwood, Bill Arnsperger, former Ohio State aide who works with the Wildcats' offensive line; Matt Lair, ex-Kentucky guard who has a background of five years' high school coaching experience in Alabama and Kentucky; and End Coach Charlie Broadway, one-time UK end and center with a thorough familiarity of high school techniques from several years in the field.
Collier himself brings to the clinic program a comprehensive technical knowledge of football based on 16 years as a high school coach at Paris, Ky., and eight seasons with the professional Cleveland Browns. The quiet-mannered native Kentuckian is regarded as a keen student of the game and a brilliant diagnostician. He is solid in gridiron fundamentals, meticulous in technique and perfection in play execution is his major goal. As backfield coach of the Browns, he was credited with driving many

Alumni Association Fetes UK Cagers As Evans Elected Next Year's Captain

The UK Alumni Association honored the Kentucky basketball team and senior members of the undefeated 1953-54 team at the annual banquet at the Student Union Ballroom Monday night.
Three hundred people also saw Billy Evans of Berea elected as captain of the squad for next season.
Walter Stewart, sports editor of the Memphis Commercial-Appeal was the principal speaker.
The three graduating seniors from the team that ended the season as the number one team in the nation and won 25 games without a defeat were also honored. Gifts were presented to Frank Ramsey, Cliff Hagan, and Lou Tsioropoulos by the alumni. Mike Dolan, senior team manager also received gifts.
Hagan also received the Jerome Lederer trophy after his selection by his teammates as being the most valuable player on the team. Ramsey was selected for the third straight year and was awarded the Albert Benjamin Chandler trophy as the player showing the best character, leadership, scholarship, and ability. The presentations were made by Coach Adolph Rupp and Claude Sullivan respectively.
The Owensboro Alumni Club presented a painting of Hagan to the University with Bernie Shively, Athletic Director making the acceptance in the absence of

BILLY EVANS
54-55 Basketball Captain

President Herman L. Donovan.
Rupp in a brief speech recommended to Shively that the numbers worn by the first seven men on the team be retired permanently. The numbers No. 16 ("Storopoulos"), No. 20 ("Ramsey"), and No. 6 ("Hagan") would be retired immediately while the other four would be retired when the playing careers of the boys terminated. They are No. 42 ("Evans"), No. 20 ("Clayton Rose"), No. 23 ("Lanville Puckett"), and No. 44 ("Phil Grammeyer").
Letter winners for the varsity were Ramsey, Hagan, Tsioropoulos, Evans, Rose, Puckett, Grammeyer, Billy Bibb, Jerry Bird, Hugh Coy, and Willy House. Manager Dolan and Assistant Manager George Perry were also presented with their letters.
The Freshmen to get their numbers were Earl Adkins, John Brewer, Gerry Calvert, Sonny Corum, Logan Oipe, Delmar Hedges, Billy Mitchell, and Jackie Terrill. Manager Billy Surface and Assistant Manager Jim Ramirez also were presented with numerals.
All of the letter winners and numeral winners are from Kentucky with the exception of Lou Tsioropoulos.
Rupp in his short speech declared that this team is the first and only college team in the history of modern basketball to be acclaimed the national champion even

Collier Adds Bill Moseley To Complete Grid Staff

By BILL SURFACE
The hiring of former Wildcats' back and captain of the 1947 UK club, Bill Moseley, as an assistant

approval being subject to vote of the school's Athletic Board.
A native Alabamian, Moseley is one of three brothers who have figured prominently in Kentucky's athletic policies in recent campaigns. His younger brother Doug gained All-American grid honors as a center in 1951, while Neil was an assistant basketball coach, several seasons ago. Another Moseley on the athletic staff, although no relation to the three brothers, was Earl Moseley, who was former backfield coach here, before resigning to accept the head coaching duties at Virginia Tech.
Moseley is returning to his alma mater following five seasons as a highly successful head coach in his hometown high school of Sidney Lanier in Montgomery, Alabama. His grid teams were ranked near the top consistently in high school ranks with his 1951 club being undefeated in nine contests.
The former Kentucky standout, who won All-State honors when he attended Sidney Lanier High, played two years of football here at UK in 1941-42 before going into the service. He spent four years in the Air Force during World War II and then returned to Kentucky in '46 for his final two seasons of competition, earning three letters as a fullback.
Upon Moseley's appointment, Coach Collier said he had known Moseley for several years and was "very much impressed with his football knowledge and especially happy to complete the staff with such a high-type individual." The UK mentor explained that the addition of an assistant backfield and head freshman coach "will make it possible for us to do a lot of concentrated work on the sophomore backs, whom we will be forced to depend on next fall."
Moseley will join two former Sidney Lanier assistants, when he arrives at Kentucky. Both Charles Broadway, who serves as end coach, and Matt Lair, who tutors the guards, were aides under Moseley at Sidney Lanier.

BILL MOSELEY
New Grid Assistant

grid coach was announced earlier in the week by head mentor Blanton Collier.

AFROTC Cadets Win Awards At Program

Twelve Air Force ROTC cadets received awards Monday for scholarship, leadership, and general ability at the annual Honors Day program at Memorial Hall.

Cadets and the awards they won are:

Cadet Col. William Evans—Reserve Officers' Association prize as the Air Science IV cadet who contributed most toward the success of the local AFROTC program; the Graves-Cox Cup for attaining the highest accumulated record in air with the AFROTC rifle team.

Cadet T/Sgt. Charles Combs—the Lexington Herald-Leader Trophy for attaining the highest accumulated record in air with the AFROTC rifle team.

Cadet Capt. George W. Conover—The Reserve Officers' Association Medal as the Air Science II cadet who has contributed most toward the success of the local AFROTC program.

Cadet T/Sgt. Wallace E. Mitchell—the Air Force Association Medal as the Air Science IV cadet who possesses to a marked degree those inherent qualities of an officer and a gentleman.

"E" Squadron Honored—Cadet Maj. Jack Hall—the Col. Edward G. Davis Cup for being the honor squadron for the past school year.

Cadet Maj. George Wertheim—the Republic Aviation Award for being the outstanding cadet in a flying training category as selected by the Air Science faculty.

Cadet Second Lieut. George Giles—the Armed Forces Communications Award for being the outstanding electrical engineering senior enrolled in the AFROTC program.

Cadet M/Sgt. Edward Johnson—the Reserve Officers' Association Medal as the Air Science II cadet who has contributed most toward the success of the local AFROTC program.

Cadet T/Sgt. Charles Combs—the Lexington Herald-Leader Trophy for attaining the highest accumulated record in air with the AFROTC rifle team.

Cadet Capt. George W. Conover—The Reserve Officers' Association Medal as the Air Science II cadet who has contributed most toward the success of the local AFROTC program.

Cadet T/Sgt. Wallace E. Mitchell—the Air Force Association Medal as the Air Science IV cadet who possesses to a marked degree those inherent qualities of an officer and a gentleman.

"E" Squadron Honored—Cadet Maj. Jack Hall—the Col. Edward G. Davis Cup for being the honor squadron for the past school year.

Cadet Maj. George Wertheim—the Republic Aviation Award for being the outstanding cadet in a flying training category as selected by the Air Science faculty.

Cadet Second Lieut. George Giles—the Armed Forces Communications Award for being the outstanding electrical engineering senior enrolled in the AFROTC program.

AFROTC WINNERS—Outstanding members of the Air Force ROTC received trophies and other awards at the annual Honors Day Monday afternoon in Memorial Hall.

Kernel Takes News Until 5 p.m. Tuesday

Any campus organization wishing to have news or announcements printed in the Kernel should bring the information to the Kernel Newsroom, Room 115, of the Journalism Building, no later than 5 p.m. Tuesday.

This does not include those organizations which have notices picked up by Kernel reporters.

If information is turned in any later than the Tuesday deadline, the chances of having it printed are small.

UK To Participate In Education Study

The University has been selected as one of 15 schools to take part in a study of teacher education, Dr. Ellis F. Hartford of the College of Education has announced.

Dr. Eugene E. Dawson, national co-ordinator of the project for the American Association of Colleges for Teacher Education, has been on the campus this week to help get the study started.

A consulting committee for the project has been formed from the following faculty members: Dr. J. R. Dawson, Dr. R. E. Bliss, Dr. W. S. Ward, Dr. James Gladden, Dr. Dewey Strick, Dr. Fred E. Harris, Miss Anna B. Peck, Miss Grace Anderson, and Maurice Clay.

This committee met with Dr. Dawson and interested faculty members at a luncheon Thursday to discuss the project. The University should take in the study.

The first phase of the project, which is backed by a grant from the Danforth Foundation, is being conducted with a view to strengthening what teachers learn about religion as it appears in the social studies.

Joseph W. Beach To Talk At Honors Day Monday

Dr. Joseph Warren Beach, noted novelist, poet and literary historian and critic, will be guest speaker for the English Department's annual Honors Day to be held Monday on campus.

Dr. Beach, emeritus professor of English at the University of Minnesota, was born in Gloverville, N. Y. He received his A.B. degree from the University of Minnesota in 1909, an M.A. degree from Harvard in 1912 and a Ph.D. from the same university in 1917.

Although most of his teaching has been done at the University of Minnesota, Dr. Beach has also taught at the University of Chicago, Harvard, University of Virginia, University of Illinois, Universities of Paris and Strasbourg and Johns Hopkins University.

In addition to his many contributions to journals and his edited works, Dr. Beach has written 12 books and is now working on another one. His work includes a novel, "Class Mountain," and two volumes of poetry, "Sonnets of the Head and Heart" and "Involutionary Witness." His other published works are ones of literary history and criticism.

The writer's Honors Day lecture here will be closely related in subject matter to his latest book which deals with modern American poetry.

Dr. Beach was speaker at various English classes and will lecture on William Faulkner at 3 p.m. Tuesday in Room 111 of McVey Hall. The lecture is open to the public.

Nine Are Crowned Wrestling Champs

(Continued from Page 5)

C. A. Eldridge, SX, took the 125 pound class defeating John Lorch, AGR. The 125 pound title went to Doug Witt, SAE, over Kenny Wise, SX.

Scoring for the wrestling trophy and the all-year award will be based on two systems. For the team trophy scoring will be on the basis of one point for each match won until the finals with the winner earning three points and the runner-up two. For the all-year title points will be given the same as in other 1-3-M sports.

Music Festival Continues Today

The second half of the State Instrumental Festival for Kentucky high schools in Central, Northern and Eastern Kentucky will be held on campus today and tomorrow.

Three thousand participants in solo and ensemble events are expected to take part in the two-day festival.

On Friday, all brass and woodwind solos, with the exception of saxophones, will be heard in the Fine Arts Building. Saxophones, and all string solos and ensembles will be heard in the Student Union. Percussion events are scheduled in McLean Stadium, and student conducting will take place in the Band Rehearsal Room of the Fine Arts Building this afternoon.

Tomorrow, orchestras and bands are scheduled throughout the day. Eighteen Class CC and Class A bands will participate in Memorial Coliseum, 13 Class B bands in the Alumni Gymnasium, 16 Class BB, C, and E bands in Memorial Hall, and 11 orchestras and string orchestras in the Bluegrass Room of the Student Union.

Sight reading for these groups is scheduled in Room 22 of the Fine Arts Building and the University School gymnasium.

Baton twirling will take place on the Playground, Harrison Avenue, tomorrow morning.

The festival is sponsored by the Department of University Extension as a part of its high school Inter-scholastic League Program. Assisting with the program will be faculty members and students from the Department of Music and the Kentucky Music Educators' Association.

DSF Cabinet To Meet, Starts Bible Study Group

The Disciples Student Fellowship committee chairmen and officers will meet at 7 p.m. Sunday, at Central Christian Church to discuss plans and operation policies.

A Bible Study Group has been formed by the DSF. The group meets every Tuesday and Thursday at 7 p.m. at Central Christian Church.

The Canterbury Club will hold a conference tomorrow at Cathedral Domain in Lee County. Members, planning to go to the conference will meet at 4 p.m. today at the Canterbury House.

Hamburger Fry Scheduled—The Wesley Foundation will have a hamburger fry at 6:00 p.m. tonight at the First Methodist Church.

Hillel Foundation Picnic—The Hillel Foundation will have a picnic Sunday afternoon. Transportation will depart from in front of Jewell Hall at 3 p.m.

Newman Club To Meet—The Newman Club will have their regular meeting at 7:30 p.m. Tuesday in the Student Union. The

topic of the meeting will be "Shrines of Mary Throughout the World."

BSU To Conduct Revival—The Baptist Student Union will hold a Youth Revival at Taylorville Baptist Church, Taylorville, this weekend. A three-member youth team will lead the services.

The BSU choir, under the direction of Jim Woodruff, will sing at the dedication of the new Central Baptist Hospital in Lexington, Sunday.

Yugoslav Traveler To Speak—Ernie Neelus, who recently returned from a trip to Yugoslavia, will be the guest speaker at the Westminster Fellowship meeting at 5:30 p.m. Sunday.

Dr. Rene Williamson, member of the Political Science Department of the University of Tennessee, will speak to Presbyterian faculty members at 7:30 p.m. Tuesday, in Westminster House.

Zoology Students Win Ph.D. Grants

Chester Zembroski and Samuel Johnson, graduate students in zoology, have accepted scholarships toward their Ph.D. degrees in the fall.

Zembroski will attend the University of Chicago to do work in histology and anatomy, and Johnson will do research in the field of parasitology at Tulane.

In 1945, a two million ton meteor struck the town of Hamm's Flat in California, killing two modes, the district attorney, and a Burma Shave sign.

Scientists have recently estimated that meteors will not float when melted.

Delta Sigma Pi Announces Pledges

Eight men were pledged to Delta Sigma Pi during last week, according to an announcement from Marvin Suit, president.

The new pledges include Douglas Anderson, Daniel Boone, George Hayes, Glenn Youngman, Jesse Jones, James Mullikin, Stewart Turley, and Herman Dayton.

The initiation has been scheduled for May 30, Suit said.
