Dear Carolyn:

Thanks for your card and for the three books. Fine, they are very helpful. I will not keep them overlong.

Could I possibly have two more of Faulkner's?

Wild Palms. F: F2731

These two would also, I hope, get back fast for I am engaged in a job on them now and hope to have it out of the way in a couple of weeks.

Do you have "Les Temps Modernes" in the library? There is an article in French on the Wild Palms in vol VII of that, the Jan. 1952 issue. Do you let out bound volumes of magazines like that? Or would I have to have a xerox if you had the volume? Could you please let me know about this?

I am sorry to hear Victor is recovering only slowly and is still a bit tired. But it is best to take things easy. It is a bit cold these days anyhow. I am free any Saturday except Feb. 11th, as far as I now can see. Hope things will improve, both in the weather, and for Victor. My best regards to both of you, and all blessings.

Tom.

Have you heard anything from J? He has been very silent for a long while. I know his mother died, and that perhaps threw things out of joint for him for a while.
