### KITTENS CLOSE SEASON BY TAKING HARD GAME FROM VANDERBILT FIVE

Largest Crowd of Season Sees Last Performance of Yearling Net Men.

### VICTORY DUE TO PASSING

Undeclared Freshmen Have Gained Southern First Year Championship

By defeating the Vanderbilt freshmen 28 to 19, Saturday night in the Kentucky gymnasium the Kentucky freshmen basketball squad maintained a perfect record for the season and established an almost undisputed claim to the Southern freshman basketball title. Vandy presented the strongest team that the Kittens have met on the home floor and it was not until the second half that Kentucky forged ahead, the first period ending 14-14.

Probably the largest crowd that ever witnessed a game in the small Kentucky gym, was on hand to see the Kittens play their last game in the freshman class, and although both teams were hampered by the heat of the gym, their supporters witnessed one of the closest and best played games ever seen here.

"Turkey" Hughes the only member of the Kitten team who is not a former Blue Devil, started the scoring for his team, and his basket was closely followed by goals by Underwood and Captain Jimmy McFarland. Vandy soon found the hoops and tossed two field goals. Another series of baskets by the Kittens and the Kentucky score stood at 14 and the Vandy tally at 7. But the Tennessee players then hit their stride and tied the count before the half ended.

Starting the second period with a jump, the Kittens five got off to a lead and continued to run their score up, never allowing Vandy to seriously threaten their lead. In this half Hughes and Underwood performed brilliantly and set the crowd into an uproar with their fast work under the

### FACULTY COMMITTEE REPORTS ON LOAN FUND

More Than Seventy Students Provided For By This Fund.

A little less than \$11,000 is the total of Loan Funds being administered for the students by the Faculty Committee. This fund provides for more than seventy students annually, loans ranging from \$25 to \$100.

Tasks ranging from financial aid and the finding of part-time employment to settling family differences fall to the lot of this committee. The loans are often repaid when the student is still in the University, chiefly during the summer vacation. Not a dollar has been lost in the handling of the fund which has grown from less than \$3,000 two years ago.

Recent gifts are \$500 by J. W. Carnahan '98; \$57 by the class of '02; \$250, the balance on a pledge of \$500 by Charles R. Brock '90, and the George Clark Rogers Memorial fund \$500. The Alumni Fund has grown to \$2,000.

### VARSITY TRACK SEASON OPENED AT CINCINNATI

Kentucky Cinder Men Make Good Showing at Indoor Meet

The Varsity Track Squad opened its 1923 season last Saturday at Cincinnati by a very satisfactory showing in the indoor meet held at the Army. With but five men entered in the meet the Cats finished fifth in team list, annexing two seconds and two thirds for a total of eight points.

Of the five men entered in the meet but three of the Cats brought medals back to Lexington. Captain "Red" Davidson, Cat weight man, won second place in the 16 pound shot put, Bob Porter, distance ace, contributed two thirds, in the mile and two mile, while Gorman finished second in the half.

The showing of Porter in the two mile was better than his finish indicates for Watson, of the Illinois Athletic Club lowered the track record for the event 15 and 1-2 seconds, in winning the race. The time was 4:34 2-5. Porter's race was against heavy odds and the Indiana lad was beaten

### HIGH SCHOOLS OF STATE BEGIN TOURNAMENT FOR BASKET SUPREMACY

300 Boys and Girls Flock to Campus to Try for Net Title

### FINALS SATURDAY NIGHT

Winners of Sectional Honors to Display Ability on Local Floor.

The fifth annual state interscholastic basketball tournament began at 9 o'clock this morning when the first of twelve boys' games scheduled for today, started. At the same time the feminine quintets started operations in the Army. The first and second rounds in both boys and girls play are in both divisions tomorrow afternoon to be run off today, with the semifinals in the gym and the finals tomorrow night.

The vanguard of the 300 athletes that were expected to take part in the tourney, made its appearance in the city Thursday morning and its invasion was complete when the Clark county and Frankfort quintets came in this morning. Boys' teams from all of the 16 districts are entered in the play but several of the co-ed fives declined the entry.

The rivalry between the prep schools of the state for the honor of holding the State title is keener than ever this year, assuring the spectators of numerous fast tilts before the tourney closes Saturday night. Several of the quintets have scores to settle and are only waiting for the opportunity afforded them by the tournament to get even. While no one team appears to outshine the rest of the quintets formal, Owensboro, Hazard, Frankfort and Lexington seem to be the best and should they not meet before

The last installment on the pages in the 1923 Kentuckian are due and all fraternities and organizations which have not finished paying for their pages are requested to see Charles Graham, business manager, at once and settle with him. ### BEREA TO DEBATE U. K. HERE SATURDAY NIGHT

Brother Against Brother For Fraternal Superiority Will Be Added Attraction

Berea College will invade the Blue Grass for the initial debate of the season with the University of Kentucky, Saturday night, March 10. The debate is one of a triangle to be held on the same night. The University of Kentucky affirmative team remains at home, while the negative team travels to Danville to debate Centre College. At the same time, Berea and Centre will mix at Berea.

The question for debate is: "Resolved, That the United States should adopt a Cabinet Parliamentary Form of Government." It is thought that two of Berea's strongest debaters, Clayton Callihar and H. O. Porter, will uphold the negative, while representing the University of Kentucky. H. C. Johnson and C. M. C. Porter will maintain the affirmative. The two Porters on the rival teams are brothers, so that the debate will have the added attraction of a contest for fraternal superiority.

The Su-Ky Circle has promised

### LITTLE THEATRE SEASON TICKETS TO GO ON SALE STARTING NEXT MONDAY

Reduced Rates Are Offered For Four Productions On Campus

### COMMISSION FOR SELLERS

Prizes To Be Given to Those Selling Set Number Of Tickets

The campaign for the sale of tickets for the Little Theatre season will begin Monday, March 12, according to a statement made by Professor Fleischman, the director. One season ticket covering the four numbers will be offered at a reduced price, \$3 for adults and \$2 for a special student ticket. On account of the fact that two of the numbers are to be given by a professional company, a Government tax of 30c and 20c, respectively, will be added to the above amounts.

The four numbers are, first, "Gammer Gurton's Needle," an old English Comedy, by the Coffey-Miller Players, March 22; second, "The Imaginary Invalid," by Moliere, given by the Coffey-Miller Players, March 23; third, "Beyond the Horizon," by Eugene O'Neill, the University Players, April 9 to 13; fourth, "A Midsummer Night's Dream," by William Shakespeare, the University Players, May 18. The last number will be an outdoor performance produced with full orchestration and music under the direction of Professor Lampert.

These four numbers offer one of the best Little Theatre programs that has ever been undertaken. Aside from the advantage of considerable saving in the purchase of the season ticket, it gives the holder the privilege of first choice in the reserved seat sale before each performance.

The tickets will be sold according to the following plan: Students of the class of Dramatic Production, and any other student who wishes, may have tickets to sell. Ten per cent of the actual value of the ticket will be

## Try Postal Card Shower

No one in the Alumni Office is having a birthday in March but a suggestion has been offered for a postal card shower on general principles. Alumni are invited to send in news about themselves or friends.

The Betwixt Us column has attracted more readers than any other department in the Kernel. Its interest is in direct ratio to the contributions of the members of the Association.

## GET FACULTY SPEAKERS

Every Alumni Club in Kentucky Should Have One Feature Address Annually.

Speakers from the faculty are available for addressing local branches of the Alumni Association any week-end in the year. Sometimes it is possible to arrange for mid-week appointments.

Former students keep in touch with the Alma Mater through formal and informal visits from those who are doing things back on the campus. In some instances the clubs arrange for such meetings to be open to parents of students and prospective students and to others interested in higher education.

## '90 AND '22 LEAD

Paid Membership of Association is Above Average of South

The average paid-up membership of the graduates is 34 percent, an increase of 5 percent in six weeks. This is equal to the average for the alumni associations of the Western Conference and well above that of the institutions in the Southern Conference.

All classes except '92 have increased since January 1 are '91, '92, '93, '94, '98, '00, '02, '04 and '06, but the classes of '98 and '06 are still among the first five in the entire Association.

First honors among the more recent classes go to '22 with 48 percent paid-up. The class of '90, however, led by Charles R. Brock, of Denver, heads the list with a percentage of 62. The standing follows:

Class	Percent Active	Class	Percent Active
1869-'89	27	'90	62
'91	20	'92	11
'93	10	'94	23
'95	41	'96	36

Graduates average 34 percent. Many classes of other universities have 60, 70 and 80 percent paid members. The Kentucky classes, however, are more regular.

## FRESHMAN FIVE SWAMP GEORGETOWN FIRST YEAR MEN WITH 40-6 SCORE

Fast Passing Too Much for Baby Tigers Who Score But Two Field Goals

ENTIRE SQUAD SENT IN.

Scrubs Pile Up Scores With Same Precision Shown by Varsity Five.

In a game that proved largely a good workout in preparation for the Vanderbilt scrap, the Kittens defeated the Georgetown freshman five 40-6 Thursday, March 1, at Georgetown. The Blue and White youngsters led all the way, passing with ease around their opponents and tossing baskets with machine-like precision. The score at the end of the first period was 31-1.

The yearlings experienced their usual hard luck at the start of the encounter and several minutes passed before the Kittens first counted. From then on, however, goals rained in, and the end of the period found the Kentucky five leading 23-1 and the Tiger Cats unable to count even one field goal.

Daddy Boles sent his entire second and third string men into the game in the second half, playing the regulars the last five minutes only. All of the scrubs continued the attack with as much fervor as the regulars had done, continuing to pile up points, and the final count was 40-6. Georgetown's two field goals came in this period and were both shots bordering on the miraculous.

Every Kitten that saw service in the game starred, but the work of Underwood, Hughes, McFarland, Helm and Carey stood out above that of the others. The Kittens passed many times when they could have shot and thus kept the score much lower than it might have been.

The summary:  
**Kentucky 40 Georgetown 6**  
 McFarland 6.....F..... Shipp 4  
 Hughes 10.....F..... Morris  
 Underwood 12.....C..... McCracken 2

## WELCOME VISITORS

The Kernel takes this opportunity, in behalf of the students and faculty of the University of Kentucky to extend a welcome to the high school athletes who have come here to participate in the annual interscholastic basketball tournament, also to the visitors who will accompany the teams. The student body has voluntarily pledged its support to the Su-Ky Circle, boosters club of the University, and together they are putting forth emphatic effort to entertain the members of teams and make their visit at the University a most pleasant one. Every men's and women's fraternity is entertaining one or more of the teams at its chapter house.

This is the fifth annual tournament held at the University, and according to Athletic Director S. A. Boles, the largest one ever held. Representatives from many more towns and sections are participants this year than have previously engaged in these meets; in general much more interest is being manifested by outsiders, townspeople and University students than in previous years.

The purpose of the Interscholastic High School Tournament is to bring winners of various sectional tournaments together in final contests in order to decide upon Kentucky's championship team for 1923. The winner of the state championship will probably have opportunity of playing in the International High School Tournament, held yearly for the winners of state tournaments. The foregoing purpose is secondary, however, in consideration of the real purpose—that of stimulating interest among the members of teams to promote their educational and athletic training thru some college or university. Such inspiration received here is carried to the towns from which boys and girls come, and many participants are instrumental in sending or bringing students to the University who otherwise would not have the slightest desire to extend their education beyond high schools.

The winner of the tournament last year was the Blue Devil team from Lexington. This team also entered the International High School Tournament held at Chicago, and by winning over every state represented, they became the undisputed champions of the United States. Seven members of this team, including substitutes, were graduated from high school last year and they entered the University of Kentucky. Because of a new ruling made by the Southern Interscholastic Athletic Association freshmen are unable to play on varsity teams this year, consequently they were eligible only for the freshman team. Our

freshman team this year is made up entirely, with one exception, of members of the famous Blue Devil team of last year. Their record this year is clear and they have won the Southern Basketball championship. The freshman class this year also won the Southern Championship in football. Next year they will be eligible for the varsity team, providing their scholastic standings meet with requirements of the Athletic Council.

The University of Kentucky is non-partisan and expects to remain so throughout the entire meeting. Neither the institution nor its local adherents take sides with any particular high school in these contests, and if there is any "rooting" or cheering it is either by the visitors or by various groups whose homes are in the section represented and appearing in contests.

The Kernel extends a welcome to athletes, directors, coaches and visitors and friends with the assurance that the student body greatly desires to make this year's visit more pleasant, if possible, than that of previous years. The hospitality shown to the visitors here is the same that is extended to all freshmen and new students who enter the University of Kentucky—it is this hospitality which characterizes our institution.

We are glad that you are here and hope that it will be a successful meet from every standpoint.

## "SIMPLY THIS—AND NOTHING MORE!"

A college editor should be a superman, endowed with the patience of Job, the editorial ability of Horace Greeley, the managing and directing ability of Charles Schwab, the diplomacy of Woodrow Wilson, and the judicial qualities of former Chief Justice Marshall; he needs the keen humor of Lincoln, the dignity and philosophy of Socrates, the religion of John Wesley, and the agnostic tendencies of Ingersoll; he should have the literary ability of Shakespeare, and the lack of conscience to perpetuate the atrocities of Amy Lowell.

In addition to these few qualifications he needs the physique of Jack Dempsey, the nerve of a hold-up man, and Edison's ability to do without sleep. His brain should be so constituted that he could absorb the essentials of a twenty credit course by means of the barest perusal of the subjects contained and to pass the final exams with honors so that the faculty will respect him and allow him to remain in school. He should be absolutely foreign to the needs of rest, sleep, eating, recreation, the love of society, the inclination for glory in athletics, school activities and love.

Having these few requirements, he should be able to qualify as a fairly competent editor, and there is a possibility that he would not be hauled one week and kicked by the student body more than that once a day.—Idaho Argonaut.

## UNIVERSITY BAND

The Lexington Herald of Wednesday printed the following commendatory statement about the University of Kentucky Band:

"Since the concert given on February 6 by the band of the University at the WHAS radio station in Louisville, letters in praise of the university organization have been pouring in from all parts of the United States and Canada. Some of them say:

"Program like tonight's make being a 'radio bug' a real pleasure," from Fargo, N. D.

"The University of Kentucky band put on a wonderful program," from Milwaukee.

"Saxophone solo great while a blizzard rages here," from Allentown, Pa.

"The band is a credit to the State University," from Good Thunder, Minnesota.

"Am writing you to extend my appreciation for various artists on your program, especially University of Kentucky band," from Rensselaer, New York.

"The program by the University of Kentucky band last night was fine. I want to mention particularly the vocal trio by the students from the University of Kentucky which was enjoyed

very much," from St. Peter, Minn.

"The University of Kentucky must have a fine band. Every instrument was reproduced. I could pick out most of them individually from the rest of the band this distance," from S. A. Beaumont, secretary of the First Norfolk Rifles' band, Simcoe, Ontario, Canada.

Letters commending the playing of the band also have been received from New Haven, Conn.; Ft. Worth, Tex.; New Woodstock, N. Y.; Oneonta, N. Y.; Wrightstown, Wis.; Ma'ta, Ill.; Feamington, Ontario, Canada; Audubon, N. J.; Dexter, Mo.; Rochester, Minn.; Concord, N. H.; Hutchinson, Kansas, and Ellaville, Ga.

### BO HEMIA SAYS

I heard a guy with a sunken eye  
And a cheek that was hollow and pale;  
His voice was so sad it made me cry;  
As he uttered this dismal wail:

Let Georgetown beat 'em! Ugh!  
The ninth straight time  
They've gone out to get the bacon  
And brought back nothing but grease under their skins.  
And once more we've got to watch 'em  
Defending their precious scalps.  
They're what I call  
Mighty rotten,  
Mighty rotten,  
Mighty rotten,  
Wildcats!

With the smoldering fire of youth,  
But another bo whose cheek was aglow  
Smiled as he heard the torrent flow,  
Then uttered this morsel of truth:

Maybe Georgetown did beat us,  
Maybe we lost nine straight,  
Maybe we got another licking coming  
But we're not so bad after all.  
Just wait until next year, just wait.  
Then bring on your Georgetown.  
And your Centre and your Southern  
Tournament,  
And then yell:  
Go and get 'em,

Go and get 'em,  
Go and get 'em,  
Wildcats!

Tom Young says if the cafeteria were to close up all the boys who carry out dishes would have a hollowday.

A meek simple Frosh made a call  
On a sweet young thing at Patt Hall  
But he gave her a pain,  
For he hadn't a grain,  
Though he talked prettyfast—that wa all.

The young lady across the hall says that she doesn't really care for boys, but they're all so crazy about her, she just has to be nice to them.

Jawbone says: "Pears lak dis ex-cumvatin' pahty what dug up King Tootenkammun oughta come ovah heah and see what dey can do foh the Union Literary Society."

The doings of nature are out of our reach,  
A conclusion I've reached throu' reflection;  
A girl born a lemon can't turn a peach  
By buying herself a complexion.

A young lady in one of Farquar's classes said some music made her ache. While we are not that neuroic, we'll have to admit that some of these popular songs give us a pain.

## KITTENS CLOSE SEASON

Continued from first page.)

basket. McFarland did not make as many tries for the hoop as usual but contented himself with playing a guarding game and being the starter for the Kitten attacks.

It was not Kentucky's ability to hit the basket that defeated Vandy for the Kittens missed many crisp shots, but it was the fast passing attack in which every one of the five men took part, that swept Vandy off her feet in the last half. This coupled with the strong guarding of Carey and Helm spelled defeat for the Tennessee team. Carey played well despite the fact that he was much hampered by a bad leg and kept his goal guarded at all times.

Dozier, forward, was best for Vanderbilt. This boy was a thorn in the side of the Kentucky team, and succeeded in bringing nine of Vandy's counters. Rowland, running guard, gave a neat exhibition of dribbling and on one occasion went through the entire Kitten outfit for a goal from under the basket.

**Some Mistake**

The telephone in a well known surgeon's office rang and the doctor answered it. A voice inquired, "Who is this?"

The doctor readily recognized the voice of his seven-year old son. Although an exceedingly busy man, he was always ready for a bit of fun, so he replied:

"The smartest man in the world."

"I beg your pardon," said the boy, "I have the wrong number."—The Austin (Tex.) Cumberland.

**Fair Enough.**

The goose had been carved, and everybody had tasted it. It was excellent. The negro minister, who was the guest of honor, could not restrain his enthusiasm.

"Dat's as fine a goose as I ever set ma teeth in, Brudder Williams," he said to his host. "Whar did you get such a fine goose?"

"Well, now parson," replied the carver of the goose, exhibiting great dignity and reluctance, "when you preaches a special sermon, I never axes you whar you got it. I hopes you will show de same consideration."—Lawyer and Banker.

A little boy in a city school refused to sew, thinking it beneath the dignity of a ten-year old man.

"George Washington sewed," said the principal, taking it for granted that a soldier must; "and do you consider yourself better than George Washington?"

"I don't know; time will tell," said the boy seriously.—Good Hardware.

**Safety First**

There was a man in Texas who went to a revival meeting was pressed to repent. He wavered for a time and finally arose and said: "Friends, I want to repent and tell how bad I have been, but I don't do it when the grand jury is in session."

"The Lord will forgive," said the revivalist.

"Probably he will," said the sinner, "but he aint on that grand jury."—Lawyer and Banker.

**Fur and Long**

A stranger strolled up to a colored prisoner, who was taking a long interval of rest between two halves of a pick. "Well, Sam, what crime did you commit to be put in overalls and under guard?"

"A wert on a furlong, sah."

"You mean you went on a furlough."

"Smatter?" bellowed the mess officer. "Stop your whinning. Don't you know you're here to serve your country?"

"Yes sir," was the humble reply, "but not to eat it. And I wanted to serve it—not to have it served to me."—Infantry Journal.

"Why of course!" replied the young lady on the witness stand.

"What suit was it?"

**Severely So.**

Summoning all the pathos possible into his voice, the amateur settlement-worker was addressing hi saduience on the subject of certain poverty-stricken foreigners, who, if they weren't wretchedly miserable, at least ought to be.

"Think of it," he cried, dabbling at his eyes. "There are people down there who live on garlic alone! Imagine it! Garlic alone!"

"Well," called back the Old Grouch, as he made his way down the aisle toward the nearest exit, "if they live on garlic, they ought to liv calone."—The America nLegion Weekly

**Beyond Art**

## CHAPEL EXERCISE MADE COMPULSORY FOR FRESH

### Dean Frances Jewell Addresses Students on Importance of Chapel Attendance.

Chapel exercises for the Freshman Class of the University of Kentucky were opened Tuesday morning with the singing of "My Old Kentucky Home." Dean Frances Jewell read the twenty-fifth chapter of Matthew and led in the Lord's prayer after which she addressed the students on the importance of coming to chapel.

It is a rule here at the University of Kentucky that all Freshmen must attend chapel as regularly as any other class. Besides the good derived from the many excellent speeches, the faculty has gone to a great deal of trouble to get good speakers and it is the courtesy of the Freshman to show real belief in their faculty.

Dean Melcher announced that if the Freshmen would use that regular chapel hour for meetings and really attend and show interest in their class, regular chapel exercises might be omitted and only held when absolutely necessary, attendance would be strictly noted and the roll call given once a month. Dean Melcher emphasized the fact that since the Freshman Class was so large it would be a good chance for all to become better acquainted thereby making a stronger class.

**Is Leading Authority on Life in Regions of Far North**

Vilhjalmur Stefansson, famous Arctic explorer, scientist and author, will lecture for the benefit of the student loan fund of the University of Kentucky at the Woodland auditorium, Friday evening at 8 o'clock. The subject of the lecture will be "The Far North That Never Was."

Mr. Stefansson returned in 1918 from a trip of five years in the Arctic regions, bringing with him many new and interesting stories about life and vegetation in the far north. These stories, completely upsetting all traditional data concerning life in the polar circle, have been authenticated and accepted by the leading scientists of the world.

Stefansson is a Canadian, having been born on the shore of Lake Winnipeg, in Manitoba. He was graduated from the University of Iowa in 1903 and the following year entered Harvard as a student of anthropology. He spent the summers of 1904 and 1905 in Iceland on archaeological expeditions for Harvard.

Several books have been written by Mr. Stefansson on his travels. The latest entitled "The Friendly Arctic," has been received very favorably by both the reading public and scientific writers. In it he tells of his implicit faith in the northlands and says that some day the far north will come into its own as a great food producing country, with grazing, fisheries and mining as the industries. Evidently, he believes the north will be a place for energetic settlers and a country of permanent homes.

their support in getting out a crowd. Although the finals of the State High School Basketball Tournament will come at the same time, it is hoped that the students and faculty of the University will make a special effort to get a good audience for this first debate. Berea expects to send along a delegation of supporters so that, at least the University should not be outnumbered.

The debate is free and begins at 8 o'clock in the University chapel.

**BATTALION AND COMPANY SPONSORS ARE ELECTED**

**Universally Close Race Marks Election of Honorary Officers.**

Battalion sponsor and Company sponsors were elected by the Military Department this week. Mary Peterson was re-elected battalion sponsor, while the sponsorship of Company A went to Annette Kelly, of Company B to Daisy Taylor, of Company C to Helen King, and of Company D to Mary Snell Ruby. The race for the various sponsorships was unusually close and the outcome was not known in several cases until the last ballots were counted.

All of the sponsors with the exception of Annette Kelly have served before and their re-election is a tribute to their excellent work in the past. The sponsors are capable and willing to do all in their power to assist the Military Department in the various social affairs during the year and in any other way possible, and their help is of great value to the department.

**Intolerance**

In the history of the world no two people have ever been found to be alike. The University is full of individuals, all differing in innumerable ways. Each of us believe that we are infallible but let us listen to the opinions of others with an open mind and make some allowance for the idiosyncrasies of our fellow students. Let us realize that we may be wrong some time and that others have as much right to their opinions as we have to ours.
