TRAPPIST, KENTUCKY

June 9<sup>th</sup> 1961.

Dear Victor.

I was very happy with your good note and glad you liked Hagia Sophia as I thought you probably would. I am of course very interested in your plans & eager to see how they are progressing. On the other hand it does not look as if I am going to be able to get over to Astbury or Shaker town for some time, as I is not coming this month. Perhaps in September.

Would you + Carolyn like to come over some Saturday? The best days for me are July 1<sup>st</sup> + failing that June 17<sup>th</sup> next week - which has the advantage of being sooner, but perhaps you have by now other plans.

Glad to hear about Bollinger - I feel you are very wise to turn them down. Very cordially as ever in  
for Louis
