George E. Rose, President

Dear Mr. Rose:

Beginning next week we will operate the mine Monday, Tuesday, Thursday and Friday, having idle days Wednesday and Saturday.

This will be on the same four day week basis but will fit into our operating plans better with the stockpile and other jobs and at the same time will provide for a smaller week end and eliminate part of the work done in cleaning up slate falls which are now accumulating over the longer week end. This should not interfere with shipments in any way that we can foresee down here. If there is any disadvantage to this procedure at the other end, please let us know.

Yours very truly,

WISCONSIN STEEL COMPANY
