

# APPROPRIATION REQUEST

COAL MINES

~~XXXXXXXX~~  
WORKS

WORKS PROPOSITION No. 126-A

Feb. 23, \_\_\_\_\_ 1939

To: Mr. Geo. E. Rose  
VICE PRESIDENT

AMOUNT \$2,500.00

REQUESTED FOR purchase of #14 locomotive from the C.W.P.&S.RR to replace  
old locomotive at Benham

ESTIMATED SAVINGS (AMOUNT AND HOW OBTAINABLE) In order to continue to operate  
the present Benham locomotive, it would require an immediate expenditure of up-  
wards of \$6,000.00 to renew flues, etc., whereas the #14 would require only  
the amount of this request and provide the Coal Mines with a much better piece  
of equipment, which is of practically no value to the C.W.P. & S. as far as  
future service is concerned.

ESTIMATE PREPARED BY J. F. Nelson

REMARKS Mr. Friedsam has set a price of \$2,500.00 for this equipment delivered  
at Benham, made up as follows: Book value - \$1,200.00, repairs before shipping -  
\$750.00, freight - \$350.00, attendant en route and miscellaneous - \$200.00

PROVISION IN APP. BUDGET  YES  NO ITEM No. 7

  
SUPERINTENDENT
