

INDUSTRIAL RELATIONS DEPARTMENT

FOR Mr. F. J. O'Connell, Superintendent

DATE February 19, 1927.

DEPARTMENT Coal and Coke Works
OR WORKS

YOUR LETTER

SUBJECT Artificial Resuscitation
OR FILE NO.

I am glad to hear that 120 men in your organization have first aid training, also that it is your intention to have the U. S. Bureau Mine Rescue Car visit Benham once a year.

I have been told that the U.S. Bureau Mine Rescue Car does some very splendid work. The fact that your organization has received this training makes it unnecessary for you to give special training on artificial respiration.

J. O. Connor
