AD CONTEST FOR THE STROLLERS ANNOUNCED

Ed. Gregg Wins Prize For Best Cover Design Submitted

TICKETS NOW ON SALE

"The Climbers" will be presented at the Lexington Opera House April 8. Seats are on sale in the Stroller room in the basement of the Administration Building.

An advertising campaign has begun. Two seats have been offered to the student writing the most effective ad. The classes in advertising have entered the contest, and the offer is extended to ad students who wish to submit ads. These advertisements may be any size, but it is better to limit them to the smaller sizes. They must contain all the points essential to a good advertisement. The Lexington Herald has offered to show the students sample ads and cuts that may be used, if they will come to the Herald office.

The Lexington Leader has offered to run the prize ad in their paper for several days, free of charge. The finished ads may be handed to any member of the Stroller cast.

The committee wishes to announce the winner in the cover contest. The design submitted by Ed. Gregg was thought to be the most effective, and will appear on the programs. Other designs submitted were very clever, and the committee had difficulty in deciding. The Strollers wish to express thanks to those who submitted designs, for their interest.

Miss Louise Connell, who was hurt in the automobile accident last Friday night, will be in the play, and it will not be postponed on her account. The injuries she suffered were slight, and her recovery has been rapid. An understudy has been appointed to read her part and rehearsals have not been interrupted. Understudies have been assigned to other prominent parts.

There will be no war tax on tickets, because the play is to be given for educational purposes. Prices will range from 50 cents to \$2.00. Half of the lower floor has been reserved by fraternities and sororities in the University.

FRESHIES HAVE GAY AFTERNOON DANCE

Attractive green and white decorations were used in the Armory Saturday afternoon in honor of the Freshman dance given there at that time. Eight no-breaks made up the program and music was furnished by the most popular of the "Cullud" jazz quartets. Punch was served.

The committee in charge of the dance had the following members: Annabelle Hall, Harrison Brailsford, Jane Gregory and Scroggin Jones.

TAU KAPPA ALPHA TO PLEDGE APRIL 2

Honorary Fraternity of Public Speaking to Select New Members.

Chapel exercises Friday, April 2 will be turned over to Tau Kappa Alpha for its annual pledging exercises. This is the honorary fraternity of public speaking, established in the University of Kentucky in 1913. Membership in Tau Kappa Alpha is open only to those who have represented the University in oratorical contests or in debates.

The speakers at the ceremony will be Professor Julius Wolf and Jasper J. McBrayer, of Lawrenceburg, Kentucky. Faculty members and students are cordially invited to attend.

ADDITION TO BE MADE TO U. K. ATHLETIC FIELD

Baseball Diamond and Tennis Courts Takes Place Occupied by Barracks

An addition is to be made to the University athletic field. Stoll Field is to be doubled in size by the addition of the ground space formerly occupied by the S. A. T. C. barracks. This new field has been cleared of signs of the army regime, and is as level and good for athletic purposes as the old portion of the athletic field upon which so many famous Wildcat struggles of the past have been staged.

The new field is in the corner of Winslow and Rose streets, and is to contain a first-class baseball diamond and four good tennis courts. The courts are to be placed along Rose street, at the corner of Winslow. New nets have been purchased by the University and the new site promises to be the most popular on the campus to lovers of tennis. The baseball field will be farther "up." "Home plate" is to be placed near the Winslow street sidewalk and near the dividing line between the old field and the new. The batter will face toward Mr. Whipple's new home, the home plate-first base-right field line will be directly toward President McVey's home, and the home plate-third base-left field line will be toward the corner of Winslow and Rose streets. The new baseball diamond and tennis courts are a welcome addition to the athletic field and they are sure to be a mecca for Kentucky athletes during the following weeks.

NOTICE!

Seniors will have one more opportunity to order invitations. Mary Van Meter announces that she will be in the Kentuckian office to receive orders Tuesday afternoon, from 1:30 to 5 o'clock.

TAG DAY CAMPAIGN FOR MARNE MEMORIAL FUND

University Goes Over the Top in Whirlwind Drive Wednesday

The Marne Memorial Fund Campaign among the students of the University of Kentucky achieved flattering success on the initial day, Wednesday, when fair co-eds at the doorways of the various buildings tagged students and collected the wayward nickels, quarters, dimes and pennies which go to swell the fund for a "A Statue of Liberty in France," to mark the spot where the French stopped the Germans on their drive to Paris, on the Marne battlefield.

W. L. Threlkheld, chairman, stated that Fayette County's quota is \$700 and it was the aim of the campaign committee to have the fund representative of every resident of the county and city. He expressed his approval of the plan to have a day designated by public school principals and presidents of the higher institutions of learning in the city, for the campaign in the schools.

The quota for the entire State is \$6,000 and the amount assigned to the University of Kentucky as its quota is \$100. From results of the first day it is felt that this amount will be easily raised and that no doubt go much beyond the goal set.

JUNIOR CO-ED HONORED AT Y. W. C. A. ELECTION

Officers For Next Year Chosen at Called Meeting of Association

The election of the officers of the Young Womens' Christian Association was held at a called meeting at Patterson Hall Tuesday evening. The nominating committee, composed of the senior members of the cabinet and two senior members of the Student Government Council, selected the nominees and posted the list several weeks ago according to custom. Before the election took place, Margaret Woll, the retiring president, expressed her appreciation of being president of the Association and wished the new cabinet a successful year. Lillie Cromwell, a prominent member of the Junior class, was elected president by acclamation. She took charge of the meeting and the following other officers were elected: Lulu Blakey, vice president; Elizabeth Kraft, secretary and; Bernice Young, treasurer. Elizabeth Kraft was chairman of the Social Committee of the old cabinet and the others did outstanding committee work.

DR. PATRICK SPEAKS TO CHEMISTS HERE

Dr. Walter A. Patrick, of Baltimore, was the principal speaker at the sixty-first meeting of the Lexington section of the American Chemical Society in the Physics Building, Saturday afternoon. A large audience of members of the society and other students were present. Dr. Patrick's subject related to the absorption of gases and vapor by silica gelatine and its industrial application.

Dr. Patrick is professor of chemistry at John Hopkins University. He made speeches during the week at the University of Michigan, Ohio State University, at Detroit and at Cincinnati.

PHI ALPHA DELTA IS REVIVED AT UNIVERSITY

Clay Chapter Reorganized At Initiation Banquet Last Week

When the United States declared war on Germany practically the entire membership of the Clay chapter of the Phi Alpha Delta, national law fraternity, left school and entered the service. Thursday afternoon it was reorganized and again put on a sound working basis by the initiation of twelve new members.

The fraternity is well-known nationally, being second in size and importance among legal fraternities in the United States, and having about forty active and eight alumnae chapters. For two years it has been practically dead, but with the return of two members, Tom Grubbs and Jack W. Howard, who with the help of Judge Lyman Chalkley and Frank Ginnocchio, alumnae members, have revived it thoroughly and it is once more on the list of active chapters.

Thursday night, following the initiation which took place that afternoon, a banquet was given in honor of the new members and the chapter of the University of Cincinnati, at the Phoenix Hotel. It was attended by prominent alumni, members of the former active chapter, and initiates.

This fraternity boasts of an almost perfect honor record, eighteen out of the twenty-three members having been enlisted in the service. The other five were rejected on account of physical defects. Two of their members, Reuben Hutchcraft and Stanley Smith, were killed on the battlefields of France. Both students were well known and much beloved and will not soon be forgotten by the members of this institution. Joe Torrence, of Cynthiana, another one of their members, was wounded several times and cited for unusual bravery. The reorganization of this fraternity marks another forward step for the Law Department.

MEMBERSHIP COMPLETE FOR ATHLETIC COUNCIL

E. E. Kelley and A. J. Muth Are Student Representatives of Committee

FIRST MEETING HELD

The Athletic Committee of the University recently appointed by President McVey and approved by the University Senate, held its first meeting Wednesday afternoon in the president's office and formally organized by electing Dr. J. J. Tigert chairman of the committee, and Mr. Henry E. Curtis, secretary-treasurer of the former association, to hold the same position on the new committee.

Those present at the first meeting of the Athletic Committee were: President McVey, J. J. Tigert, S. A. Boles, Henry E. Curtis, W. L. Summers, Enoch Grehan, E. E. Kelley and A. J. Muth. Mr. Kelley and Mr. Muth are the student members of the committee. Other members of the committee, who were not present at the meeting are Hogan Yancey, E. B. Webb, and Louis Hillenmeyer. These three men, who are the citizen and alumni representatives on the committee, were unable to be present for the reason that Mr. Webb was ill, and Messrs. Yancey and Hillenmeyer were prevented from attending because of pressing business.

A financial report, including all the business up to the present time, was read by Mr. Curtis. With the track and baseball season not completed it is impossible to make a complete survey of the financial situation of Kentucky's athletics, but anticipating prospective expenses and allowing for all customary expenses, the final report was estimated to show a satisfactory balance in favor of athletics. The final reports of the officers of the old association showed that the year just closing was a success financially, and that the athletic situation at the University was very bright.

The remainder of the afternoon was devoted to a general discussion of a resident coach, as provided by the by-laws of the committee. A number of men, some of national reputation, were discussed for the position of football coach, but no definite decision will be arrived at until further information is received concerning prospective coaching material. When the council adjourned it was with the understanding that the sub-committee appointed would make recommendation regarding a new coach. Matters affecting a new concrete stadium were discussed. The most feasible policy for the committee to pursue, as advanced by the members of the committee, would be to build the stadium in sections, a stated portion to be built annually until the whole shall have been completed. The secretary-treasurer was asked to prepare for

CHINESE SITUATION DISCUSSED IN CHAPEL

Returned Missionary Sees China's Part in the World Future.

"Not for forty years but for forty centuries has China been urged to change and adjust herself to modern times, forced upon her by modern conditions," said Mr. Robert J. McMullen, returned missionary from China, in chapel Tuesday.

He said in part: "Japan has adopted modern conditions and has made herself a great power. China thought herself safe in numbers. A small group of militarists have got hold of the government and army of China, and are able to defy the people; this group is supported and financed by the Japanese. Thus the government is not heeding the call of its people and its laws, and is not representing the people. The people, disgusted with this, will surely go to radicalism. Bolshevist societies are already being organized in China, as ninety-five per cent of the Chinese are illiterate and cannot gain any knowledge of their duties through reading; thus there is danger of China going the same way as did Russia."

Continuing, he said: "China has come to the pointing of the way. In the last two years great changes in China have been taking place. There has been a change of ideal, partly because of the battle of the Marne, where autocracy was defeated, and because of the consternation over the Shantung question. Students returning to China are trying to form China's educational system after ours. The Chinese literature of the past is impossible, and it must be changed to a language of definite clearness in form and modern expression. The stu-

dents of China are rising up to put out of power all those who have not China's interest at heart. China must work out her own solution to this problem.

In conclusion, Mr. McMullen said: "The world of the future is to be the menace. It is for us to go forth and meet and overcome menace in China. The Orient of the future will be determined by China's future, and it falls upon us to overcome this menace at the present. More help is needed in China, for the Chinese menace is greater than the German menace ever was. America must have the vision of service and go forth to help China and make her our ally. Unless America does this, she will go down as Rome did."

RELIGION TO SOLVE PROBLEM OF UNREST

Inspirational Subject of Talk at Joint "Y" Meeting.

"The answer that religion has to make to modern problems" was the subject discussed by Dean Josephine Simrall Sunday night at the joint meeting of the Y. W. and Y. M. C. A. at Patterson Hall.

"During the years of war," said the speaker, "this country reached the very height of selfishness, its people giving freely to the Red Cross and responding to the demands of our government with willing promptness. Now that the war is over a reaction is sweeping over us. Extravagance, recklessness and unrest are manifesting on all sides. We are appalled by the crime in cities and the strikes all over the country which have cost the loss of hundreds of thousands of dollars.

"Education, philosophy and religion

are the three answers to these problems," she continued. "The best solution is religion. If one could give enough and love enough these problems could be easily solved. In the words of the Bible we find a simple answer to all our questionings: 'Thou shalt love the Lord, thy God, with all thy mind, with all thy heart, with all thy soul and thy neighbor as thyself.' Dr. C. B. Cornell gave a delightful cornet solo after Miss Simrall's address. The meeting was led by Bernice Young. After the program refreshment of hot chocolate and sandwiches were served.

ALPHA DELTA SIGMA TO HAVE PLEDGE DAY

Alpha Delta Sigma, the honorary journalistic fraternity of the University will hold its annual spring pledging exercises in chapel the fifth hour Friday, April 2. The requirements for membership are high scholastic standing, journalistic ability, and personality. Professor Enoch Grehan will speak on "A Short Sketch of the History of Alpha Delta Sigma."

The active members of the Henry Watterson chapter of Alpha Delta Sigma are: Jesse Tapp, Herndon Evans, Emery Frazier, Robert Raible, James Dixon, William Soward, J. P. Barnes, Harry Cottrell and Donald Dinning.

CONTEST FOR BENNETT PRIZE CLOSES MAY 1

Undergraduates Urged To Submit Essays For Competition

"The Principle of Free Government" has been announced as the subject of the essay, upon which all contestants for the Bennett Prize must write.

Pursuant to the will of the late Mr. Bennett, of New York, a cash prize of \$20.00 in gold is offered to the student of the University who shall submit the best paper on some topic relating to the "Origin and Development of Parliamentary Institutions."

For the academic year 1918-19, the subjects chosen were: "Compulsory Military Service in the United States," and "The New German Revolution and Its Significance."

All undergraduate students are eligible to compete for this prize. The essays which must be at least 5,000 words in length, but which are not to exceed 6,000 words, must be in the hands of President McVey by the first of May. The prize will be awarded in chapel in June.

LOUISE CONNELL TO RETURN TO U. K. SOON

Injuries Will Not Necessitate Withdrawing From Play.

Louise Connell, who has been at the Good Samaritan Hospital since Friday night, when she was painfully injured in a taxicab-train collision, was taken to her home in Paris Tuesday. Miss Connell's injuries are not as serious as was at first heard, and she will return to the University in the near future.

Miss Connell's sojourn at the hospital while necessarily a time of anxiety for her many friends, was the occasion for many pretty expressions of sympathy and affection. Her room was a veritable bower of flowers and the callers and telephone messages received at the hospital "broke all records," to quote the authorities of the institution. Miss Connell, who is a member of Kappa Delta fraternity and of the Strollers, made a prominent part in the cast of "The Climbers." So excellent has been her work in dramatics that the stage manager and members of the cast say "she shall appear as Clara at the Lexington Opera House, Thursday, April 8, if she has to go in on crutches," but Dr. Barrow says that this will not be necessary.

ALPHA ZETA DANCE TO BE BIG AFFAIR

A dance always looked forward to with enthusiasm and one which in the past has proved one of the biggest and best dances of the school year, will be staged to far outstrip all former efforts, by Scovell Chapter of Alpha Zeta, the national honorary agricultural fraternity, at the Phoenix Hotel Friday night, April 2, 1920, in honor of their pledges for this term.

Announcement has been made that the program will start promptly at 9 p. m. and will continue until 1 a. m., with an intermission of one hour at the end of the tenth dance.

The roster of the active chapter follows: Joseph Gayle, Clyde Bland, Anderson S. Gill, Jesse W. Tapp, W. D. Salmon, H. G. Sellards, E. C. Godbey, Everett E. Kelley and H. R. Halbert.

MEMORY BOOKS \$4.50.

STAND BY THE STROLLERS.

On April 8 the students of the University will have opportunity of seeing the eleventh annual play produced by the Strollers. There is every indication that this will be one of the best amateur productions ever given in Lexington. Even the stage manager is satisfied with the progress of rehearsals. The cast is the largest ever seen here in a Stroller play and its quality is undoubtedly the highest. There are old and experienced actors whose names are well-known to University of Kentucky students by reason of their excellent work in past years; and there are new members, who have never before appeared, whose work will be a surprise to patrons of the play when produced. Competent judges have expressed very forcefully their opinion that these new members of the cast show marked talent and infuse into this already worthy and impressive organization the new blood and spirit always necessary to the progress of a forward-going institution.

The organization known as The Strollers, has had a career on this campus that has for eleven years been one full of increasing influence and leadership. Each year has marked an advance in quality of plays produced and quality of acting exhibited in them. From a small unrecognized band of enthusiasts in dramatic art, forced to meet in hallways and private rooms for want of friendlier shelter, depending on turn of circumstance for financial succor, they have grown, because of the real appeal of their work, to be what they are at present, an organization of large membership, to whose ranks it is an honor to be admitted and one much sought after, with a room for rehearsal and social diversions furnished by their own money and maintained by them, with an imposing bank account, and a loyal and talented membership, from whose ranks a cast could be chosen for any play suited for college presentation that would compare favorably with professional achievement. This is the worth of the Strollers in themselves.

Not only have the Strollers grown and increased in merit and reputation, and indirectly served the University, at the same time they were ministering unto their own growth, but during a lean year, when the finances of the University were strained, these Strollers at one time stepped into the breach and lent the University the balance of its money left after their expenses had been paid. During the war they purchased Liberty Bonds to the extent of \$500. The school spirit and patriotism of this organization are beyond question; their dramatic work is of outstanding excellence, and they deserve the unqualified support of every student, teacher and staff member of the University.

Those who wish to see a good play well presented and at the same time give endorsement to the organization which so richly deserves it, let them buy tickets to the Stroller play, "The Climbers," which will be presented in the Lexington Opera House on April 8. Talk about it to friends and give them a house such as has never before been seen in Lexington.

As a word of private advice, the Kernel would say, "act quickly if you want a good seat. They are already on sale and are going fast. If you don't act now you may be left out."

And constant abuse.
Its treatment is more than a crime.

Dean of the boarding house table,
It presides at every meal;
It is "checked" by the score,
And "passed-on" much more
Than any card hand you'd deal.

Its value 's not measured by dollars;
Its prestige cannot be denied.
The "star-boarders" friend,
And the savior of men
When hunger gnaws a "feller's" inside.

When food is conspicuously missing,
And the table is devoid of viand;
The old can o' zip
Puts a smile on your lip,
And you fast in that heaven beyond.

As a friend it serves all that like it.
True it forces itself on a few;
But still it remains
The king just the same,
Of the table, so give it its due.

"FRIZZY."

Speaker in Chapel: "I wish now to tax your memory."
Wail from the Overtaxed: "Has it come to that?"

The Knight of the Lexington Drug declines to speak this week; instead he sends what he calls a poem. If that is his idea of the muse we must blush for him. We present it with due apologies—ours, not his:
"Lips that touch a cigaroot
Shall never rest beneath my snoot."

Sally Burns: "O, I wish someone would send me orchids for Easter."
Terrible: "I never send fruit."

Mademoiselle On Dit says: "I ought to be happy now that spring is here and there is a slight prospect of an Easter bonnet, but I can't help thinking that spring poetry, especially the above, is worse than winter weather."

The Way They Feel.

Freshie: Yes, father, I'm a big gun up here at school.
Father: Then why don't I hear better reports?

Kitty: "Oh! don't you know I've got to stop dancing? I've got falling arches."

Jacks: "So do I."
Kitty: "What's the matter with you?"

Jacks: "Nothin', only I've got nails in my toes."

DEPARTMENTAL CLUBS

Romance Language Club.

A French program has been arranged by the new corps of officers of the Romance Language Club for their initial meeting. Elizabeth Well-er will read a French poem; Mary West will tell of the life of Leonard Merrick; Mary Lyons will sing a French song and Robert Raible will tell the story of "White Paris Laughs," Merrick's best known work, translated from the original.

The meeting will be held at 7:15 p. m., Monday, in the little theater.

Ti-Cor Mas Party.

Saint Patrick and Doctor Cornell shared the honors of a birthday celebration given by the Ti-Cor Psychology Club last Wednesday evening at the home of Miss Virginia Graham, 353 Aylesford Place.

One of the interesting features of the party was a birthday cake iced

in white and bearing green candles in the design of a question mark. The bottom layer of the cake was a box containing clever presents for Doctor Cornell with appropriate verses attached to each gift.

Among the various games played was a contest in which the members of the club took sides with Doctor Tigert and Doctor Cornell to hunt shamrocks which were hidden about the house. Doctor Tigert's side won the prize of a green candy snake for finding the greatest number of four-leaved shamrocks.

Henry Clay.

The Henry Clay Law Society enjoyed an unusual program Thursday, March 18. There were two humorous numbers: "The Advantages and Disadvantages of March Winds," was the subject of a witty talk by H. G. Bryan, and Ed. Puryear made a satirical oration upon the text, "The Die is Cast." The regular business meeting follows this part of the program.

Pre-Medical.

The Pre-Medical Club met Monday night in Science Hall. Dr. Pryor spoke of how the course here tries to prepare the student for entrance in the medical schools without examination. Miss Marlon Sprague passed around a number of pictures illustrating the effects and treatment of mustard gas, official photographs taken at army hospitals.

Agriculture.

"Love, Romance and Marriage," was the title of a moving picture shown at the meeting of the Agricultural Club Monday evening at 7:30 o'clock in the Chemistry Building. This rather unusual feature was enjoyed very much by the members of the club.

Mathematics.

The White Mathematics Club held its regular weekly meeting Tuesday afternoon at 3:30 o'clock in the Civil and Physics Building. Professor H. H. Downing discussed "Taylor's and McLaurin's Theorems."

LITERARY SOCIETIES

Philosophian.

Miss Amy Allen gave a talk on "Story Telling to Children" at the meeting of the Philosophian Literary Society last Wednesday evening at 6:45 o'clock in the Recreation Room of Patterson Hall. To illustrate how one story is appealing to a child of one age while it would not be suitable for an older, Miss Allen told several stories and read some poems such as those of Kipling and Eugene Field.

English Club.

"The Short Story" was the subject of the program at the meeting of the English Club Monday evening at 8 o'clock in the Little Theater.

Miss Josephine Simrall, who was in charge of the meeting, gave an introductory talk in the nature of a review of the "Evolution of the Short Story," telling how story-telling had originated and the place it has held among the various nations of the world. After this the following girls in costume told stories of the country which they represented: Margaret McClure, "Japan"; Mary Frank Duiguid, "France"; Mina White, "Russia"; Mary Lyons, "Ireland"; and Elizabeth Kimbrough and Thompson VanDeren, as the two "Wandering Musicians."

CAST IS SELECTED FOR THE PHILOSOPHIAN PLAY

Rehearsals of "The Wolves and the Lamb" Promise Record Production

Work begins in earnest on "The Wolves and the Lamb," as parts are assigned. It was difficult to select several of the characters for the cast of "The Wolves and the Lamb," the forth-coming Philosophian play, as the many aspirants showed talent such as has never been displayed in the history of the organization.

"The Wolves and the Lamb," by Thackeray, is an excellent play, of great literary value and at the same time clever and humorous. Professor Farquhar is giving his assistance in order that the Philosophians may present the best of all Philosophian plays this year.

Rehearsals are going forward each day and every member of the cast is showing marked ability. Ruth Kelley, who had an important role in the 1919 production of the Mt. Sterling High School play, is supervising the work as stage manager. Also, she is doing excellent work in the portrayal of the social aspirant, Lady Ricklebury.

Mary Elizabeth James, who showed ability last year in the Stroller production, "Under Cover," has been chosen to play the part of Miss Prior. Elizabeth Kraft, as the quiet, unassuming husband, with mother-in-laws to deal with, has a chance for some very clever acting.

Jennie Simmons is handling the role of John Howell with unusual skill.

Mina White will present the part of Captain Touchit in a forceful manner.

There are several minor parts which give opportunity for excellent acting. Lucille Moore and Elizabeth Brown, the two darlings of the household, are showing themselves capable actresses.

Frances Bethel, in the part of Mrs. Bonnington, finally triumphs over Lady Kicklebury.

Margaret Harbison is handling the lines of Clarence Kicklebury, the young and lively son of Lady Kicklebury with a great deal of ability.

The complete cast is as follows:
Mr. Horace Milliken...Elizabeth Kraft
Miss Prior...Mary Elizabeth James
John Howell...Jennie Simmons
Lady Kicklebury...Ruth Kelly
Mrs. Bonnington...Frances Bethel
Mrs. Prior...Amanda Forkner
Captain Touchit...Mina White
Clarence Kicklebury...Margaret Harbison

Mary Barlow...Lora Robertson
George Milliken...Lucille Moore

MASONIC CLUB GIVES DELIGHTFUL BANQUET

The Masonic Club of the University entertained Saturday night at the Masonic Temple with a delightful banquet in honor of students of the University who are daughters and sisters of Masons.

The banquet consisted of a five-course dinner served in the dining hall of the Masonic Temple, which was attractively decorated with roses and spring flowers. Dr. Cornell served as toast-master, and various other members of the faculty were on the program. Among them were Dr. McVey, Dean Boyd, Dean Melcher, Dean Norwood, and Professor Noe.

Professor Freeman: What is a zip will be long remembered by those who are forced to witness the daily slaughter.
Smith Park: It must be the wife of Eddy Current.

"AN ODE TO A ZIP CAN"

In memory of "Chin" Everett, a knight of the boarding house table, whose "lunch-hooks" evoke the silent envy of his hungry neighbors who gather three times a day around the festive board; his unsurpassed ability in confiscating cakes and consuming

Some poets rave about beauties rare,
Others praise the achievements of man;

Some sing of love,
And the heavens above;
But I sing my song to a can.

A battered and age-worn old vessel,
All dented by the ravages of time,
Blackened by use

PATT HALL NOTES

Maude Asbury spent the week-end at her home in Petersburg.

Miss Allie Russell Fish, of Lexington, spent the week-end with Louise Will.

Among the girls who were in the party which made the trip to Cincinnati last week-end were Georgia Tapscoott, Pearl Morgan, Virginia Shanklin, Louise Smiser, Mary Lou Ingles, Edith Williams, Carlisle Chenault, and Grace Maxwell. They were chaperoned by Miss Linda Purnell. While there, they heard Galli-Curci and also visited various places of interest.

Fannie Heller and Edna Snapp spent the week-end at their homes in Paris.

Adaline Mann spent last week-end at her home in Covington.

Miriam Kincheloe spent part of last week in Louisville visiting her aunt who is ill.

Claribel Kay spent last week-end with Margaret Harbison at her home in Shelbyville.

Norma Rachel spent part of last week at her home in Union.

Miss Vivian Haynes, of Louisa, was the week-end guest of Sallie Burns.

Margaret Bird spent the week-end with Mrs. J. W. Garredd, of Pisgah.

Loretta Hogan and Adele Slade spent the week-end at their home in Ludlow.

Miss Cella Taylor, of Frankfort, was the week-end guest of Jean Elliott.

Lucille Moore and Elizabeth Cook spent the week-end in Louisville visiting their uncle.

Fannie McBurney has returned from her home in Smithfield, where she spent the last week on account of illness.

Miss Kathleen Renick, of Lexington, spent the week-end with Irene McNamara.

Anna Mae Dawson, Jessie Frye Moore, Catherine Megibben and Jane Ammeron spent the week-end at their homes in Cynthiana.

CO-EDS TO TRY OUT FOR TRACK TEAM

Practice Begins April 1; Inter-Collegiate Meets Aim.

Much interest has been aroused on the campus over the girls' track team, for which practise will begin April 1. The field on which the girls will train is being marked off and is expected to be in readiness by that time. The site chosen is on Rose Street, just behind the Civil-Physics Building. The course will be compulsory for the gymnasium students, and will be open to all upper-classmen who wish to compete.

The various courses which one may enter are pole vault, shot put, standing high jump, running high jump, running broad jump, hurdles, hundred-yard dash, hop-step-and-jump, and hockey.

It is hoped that there will be enough entries to have inter-class contests during the season and finally that inter-collegiate meets may be held. Cincinnati and Louisville are desirous of meets with the University of Kentucky, and if enough enthusiasm can be aroused, it is probable that contracts with these two universities will be made.

BASEBALL  **SPORTS**  TRACK

THREE-DAY TRACK MEET TO BEGIN NEXT WEEK

Intra-Scholastic Contest Feature of Next Week's Sport Program

The grimy gym floor is being abandoned these days by those sent in search of healthful exercise, and in its place the kindly shepherd drives his flock daily out on the greensward known as Stoll Field. The frisky lambs, scantily clad, go to their play-place armed with javelins, pole for pole-vaulting, discuss, shot, etc., and during each late afternoon earnestly endeavor to "strut their stuff" before the eagle eye of their watching attendant. And "Daddy" claims to be producing, or rather developing, some excellent track material for Coach Buchheit's squad. Much interest is being evinced by those herded out on the field each afternoon, and as a reward for their interest the Athletic Department has arranged a three-day intra-scholastic track meet, to be participated in by members of the four gym classes only.

The intra-scholastic track meet will be held on Stoll Field Wednesday, Thursday and Friday of next week, the first event of each afternoon to begin at 3:45 o'clock. The meet will be composed of nine events, three for each afternoon, and are to be apportioned as follows:

Wednesday, March 31, 100-yard dash; running broad jump; high jump.

Thursday, April 1, 220-yard; javelin; mile

Friday, April 2, discuss; shot put; 880-yard.

Every man taking physical training at the University is required to enter one of the nine events. Blank forms will be placed on the bulletin board in the gymnasium, and all those concerned are expected to sign up for the event in which they intend participating. Individual scores will be kept of the work of each candidate in the meet, and some kind of public recognition will be made of the one getting the highest number of points. Keen rivalry will also be manifested, between the different gym classes, for totals of points made by the membership of each class will be kept, and the class having the largest total on its tally will be proclaimed winner of the meet. There are four gym classes in Mr. Boles' department, two of which are composed of a large number of members, and two of a small number. The two largest classes will form two separate teams for the meet, and the two smallest classes will combine to form the third team, so that their "earning capacity" in the meet will be even.

The three-day outdoor session next week will be a sort of "how-do-you-do" to the recently-arrived spring, and all the students and faculty members are expected to get out into the warm breeze and join in the hearty welcome to the days of sunshine, shirt sleeves, fishing rods and baseball bats.

LOST—A gold bar pin, in gymnasium. Finder please return to Miss Jeanette Lampert.

LOST—Black glasses case containing a pair of light tortoise shelled rim glasses. Finder please return to the Campus Book Store, and receive reward.

BASEBALL SCHEDULE.

University of Kentucky, 1920.

- May 9—Wabash, there (tentative).
- May 10—Indiana, there (tentative).
- May 15—Georgetown, there.
- May 25—Centre, here.

BASEBALL SEASON MAY OPEN HERE THURSDAY

Wabash and Kentucky Will Probably Meet in Opening Struggle; Date Only Tentative.

The University of Kentucky baseball season will probably open Thursday afternoon, April 1, with a game between the Wildcats and Wabash. However, the date is only tentative, since the Wabash manager has not answered in regard to one of the conditions of the schedule. Posters and newspaper advertisements will announce the game during the early part of next week if it is to be played.

Prospects for a winning baseball outfit are exceedingly bright this year. About fifty candidates for the squad are out on the diamond daily, and the selection of a Varsity squad will be a difficulty for Coach Gill. The warm weather has brought out quite a number of spectators each afternoon to witness the scrub games and see the boys who are to fight for the Blue and White as they enter the first stages of training. The candidates are expecting the big cut to be made in the squad within a week, since very rapid progress has been made in training during the last week, and muscles that were tight and sore a week ago are now nearly in normal condition, and Coach Gill has a very good idea of each individual's ability with the pill and the stick.

If the Wabash game proves a reality everybody turn out, and start the 1920 season off with a real exhibition of college spirit and pep. Something tells us that the 1920 squad is to be the champion of the State. "Are we happy?" "All right, Red, lead 'em with our old answer!—yes!"

INTRA-MURAL SERIES IN BASEBALL RUMORED

The first days of spring have brought with them the rumors of an intra-mural baseball series, and this rumor has been substantiated by statements of "Daddy" Boles to the effect that such a series will be played off within a very few weeks. Students have the privilege of beginning the formation of teams within their respective classes or colleges immediately. As soon as the new diamond is completed practice will begin, and shortly thereafter the series will be played off. Get out the old glove and bat and begin practice early, so that you will have the old-time form by the time the new diamond is ready for the beginning of team practice. Wake up! Organize a winning squad!

SIGMA NU VICTOR OVER A. T. O. TEAM

Loving Cup Back in Possession of Former Owners After a Year's Absence

The loving cup given annually to the winner of the Fraternity League basketball finals by the Pan-Hellenic Council was won Wednesday night by the Sigma Nu fraternity in the finals of the 1920 series with the Alpha Tau Omega team. The score of the game was 23 to 2, which in itself is indicative of a one-sided match. McMahon, Sigma Nu, and Scrivner, A. T. O., were outstanding players of the respective teams.

The silver loving cup was surrendered after the game to the winners by the Sigma Alpha Epsilon fraternity, whose basketball team won the cup last year. The cup was held the year previous by the Sigma Nu's, and in 1917 by the Kappa Sigma's. The ruling of the League is that when a team shall have won the cup two consecutive times or a total of three times it is to become the winner's permanent property.

The line-up of the teams playing in the finals Wednesday night follows:

Sigma Nu, 23; A. T. O., 2.	McMahon	Scrivner
	Forward	
Wilkerson	Watson	
	Forward	
Gorman	Thompson	
	Center	
Colpitts	Yeager	
	Guard	
Fuller	Pribble	
	Guard	

TOURNAMENT VOTED BEST ON RECORD

High Schools Express Appreciation of Good Times.

That the Kentucky high schools whose teams participated in the recent basketball tournament held in the Kentucky gymnasium appreciate the hospitality of the University and her students is assured by numerous letters of thanks received by the Athletic Department. The letters come from the principals of the schools, the coaches, and from the players, and all say that the recent tournament was the best ever held, and express praise for the fair and impartial refereeing. The letters all express thanks for the delightful time spent as guests of the University, and signify their intentions of being in the fight again next year. That the annual tournament is one of the most beneficial events of the high school students' career is undisputed. His association with the other high school students of the State and his participation in inter-scholastic athletics is broadening and instructive.

STUDENTS INVITED

The members of the Kentucky Audubon Society extend a cordial invitation to the students of the University, to accompany them on their weekly walks. The next walk will start at 3 o'clock Sunday afternoon, March 28, with Miss Alice Caden as leader. Those who desire to attend are instructed to take the 3 o'clock car to Hayland.

"Say It With Flowers"

Easter

It is a fact that in right giving lies the secret of untold pleasure. So with the coming of Easter the opportunities are many for everyone to be indulged. Those who receive in one way—those who give in another.

Not only will you be made happy in the greetings from others received, but—here is the thought—why should you not share in the happiness which you send to others? This we have made possible.

For we've gathered together from near and far the greatest Easter exhibit in this establishment ever attempted. Most every flower at its best, plants rarely blooming. And this, that you may personally select the gifts that to others your Easter greetings will convey, and actually feel the happiness thus created.

In Selecting a University

For a college education, there are five things to be taken into consideration:

1. The men at the head of the Institution.
2. The scholastic standing and ability of the Teaching Staff.
3. The location and advantages of environment.
4. Equipment, buildings, laboratories and libraries.
5. Cost.

In all these respects the University of Kentucky commends itself to those seeking a higher institution in which to carry on their education.

All Departments, including Liberal Arts, Sciences, Agriculture, Law, Education, Mining, Civil, Electrical and Mechanical Engineering.

The Government needs trained men and women; college training will bring the result.

Address

PRESIDENT FRANK L. McVEY

University of Kentucky Lexington, Ky.

ABOUT THE CAMPUS

The writer is wondering when we are to get our spring vacation. The girls of Sayre got theirs more than a week ago. Such treatment as this is what makes the Wildcat wild.

The monthly report of "Daddy" Boles' office reveals the interesting fact that out of the 644 boys enrolled, not counting the Government vocational students, 408 or 63% are engaged in some form of athletics and twelve members of the faculty are taking physical training

E. M. Prewitt, dairy specialist, Department of Dairying, has returned from Somerset, where he attended a meeting of farmers of the surrounding country. The outcome of the meeting was that eight of the farmers agreed to keep daily milk records of their herds and feed the cows accordingly—one pound of grain for every three to three and one-half gallons of milk.

The editor-in-chief of the Annual announces some very interesting facts regarding his year book. The total number sold was 750, while the initial order to the printers was for only 400. The University has ordered 225 copies to be mailed to the high schools of the State. All cuts and printed matter will be in the hands of the printer and engraver by March 27, and if there are no delays the Annual will be here by the first of May.

Miss Lois Detrich has been added to the force in the Registrar's Office and will give special attention to enrolling members of the Senior class and former students for teaching positions.

Prinkley Barnett, class of '13, Mechanical and Electrical, now teaching at Centre College, visited the campus recently. He was a member of that undefeated quintet of '13.

Frederick Jackson, one of last year's graduates from the Department of Journalism, has recently accepted a splendid position as editor of The Kentucky Union Farmer, the official weekly newspaper of the Kentucky division of the Farmer's Educational and Co-operative Union of America. Since his graduation from the University, Freddie has been a member of the reportorial staff of the Lexington Herald.

Professor G. W. Smith, of the Department of Mathematics, has been elected to active membership in the Front Range Club, a mountain-climbing club of Colorado. This is a compliment won by him, by his knowledge of Colorado Mountains and the service he rendered as guide there in past summers.

The members of the faculty are not only serving our own University, but are helpful also to our neighbors. Miss Beck, Art and Design, and Professor Shull, Botany, went over to Georgetown and spoke last week. Miss Beck appeared before the Woman's Club of the college, speaking on "Suggestions for City Planning Study in Woman's Clubs," while Professor Shull lectured to the Leigh Chemical Club and students of the Department of Biology on "Nature and Activities of Some Vegetable Enzymes."

TAU BETA PI DANCE BRILLIANT SUCCESS

The Tau Beta Pi fraternity held its annual dance at the Phoenix Hotel Friday evening, at which time five men were honored by being tapped for the fraternity. Only men of the Engineering Department with the highest scholastic standing and record are taken into the ranks of Tau Beta Pi. Music was furnished by the University quartet and the ballroom was decorated with the illuminated insignia of the fraternity.

The men who were pledged were: Fred Houston-Shaw, Forrest Weatherholt, R. N. O'Hara, E. L. Baulch, B. I. Hines. The members of the active chapter are: E. E. Elsey, C. W. Gordon, R. W. Watersill, D. C. Chontes, C. R. McClure, R. S. Parks, J. T. Guthrie, F. W. Knight, R. E. Dealtry.

ATHLETIC COUNCIL

(Continued From Page 1)

publication a financial report on athletics for the year just closing.

The student members of the new athletic council are well known to all Kentucky students. E. E. Kelley, of Whitesville, is a senior in the College of Arts and Science, and Albert J. Muth, of Lexington, is a junior in the College of Engineering. The student members of the body will have an equal vote with all other members except on voting on the eligibility of players.

DAY AND NIGHT SESSIONS BOOKKEEPING Business, Photography, TYPEWRITING and TELEGRAPHY

LEXINGTON, KY., BUSINESS UNIVERSITY
[This and Successor to Wilbur R. Smith Business College]

Teachers of Bookkeeping should show references of high grade work in Bookkeeping which they have done themselves.

Our Bookkeeping and Banking Courses are taught by trained teachers of practical experience.

Our Banking Course includes eight books who are bankers, including twenty-six who are connected with our Lexington Branch.

Our Loose Leaf Tobacco set of books were compiled from the accounting of leading warehouses of this city.

Our Oil, Timber and Mining sets of books are made from actual transactions of these lines of business.

Our Partnership includes eight sets of books. These, with the accounting taught in the various commercial enterprises, include Arithmetic, Penmanship, Spelling, Correspondence, etc.

Endorsed by award of Medal and Diploma of Honor at two great World's Fairs and thousands of graduates.

These are reasons why our graduates are called the highest standard of quality.

A Special Course of Bookkeeping will be arranged for each one's time, wants or purpose.

For Particulars phone 882. Visit College Street, Main Street, near Post Office, Examination Depository, or Address WILBUR R. SMITH, Lexington.

Why Not Trade Here? —BECAUSE—

The selection of suitable drug store goods is better here than usual for the very simple reason that not only do we stock practically anything and everything that any drug store anywhere could offer you. But we arrange and display them in such a way as to make selection easy, rapid and satisfactory. The quality of everything we sell is high-grade. True, there are medium priced and low-priced goods, but value for value, price for price, there are better offerings here than elsewhere. When the question of drugs is considered there is but one quality and that is the highest that science can produce.

PHOENIX BLOCK

INTEREST EXHIBITED IN R. O. T. C. SUMMER CAMP

Students Tell of Advantage of Government Offer

Colleges all over the United States are enrolling men for the 1920 R. O. T. C. summer camp, but unfortunately some students do not yet fully understand the aim and advantages of the camp. Probably the best means of determining what the camp offers a man is to hear what students who have actually participated in the work and play of camp life have to say. Fortunately the Kernel has heard from several students on the subject and their report indicates that the fellow who misses an opportunity to get in on the summer camp is decidedly a loser.

It is evident from the description which they give that the camp authorities appreciate the truth of the fact that "all work and no play makes Jack a dull boy." They speak enthusiastically of the excellent library facilities offered, of good shows and movies staged every night at the camp theater without cost to the individual; numerous dances provided, and several side trips such as visits to Mammoth Cave and a cruise up the Ohio.

Athletics played an important part. Boxing, baseball, track and football were featured. Camp training offers an exceptional opportunity to the college man to harden and condition himself for better work on the gridiron or in the class room.

The military instruction is given under a large and competent corps of instructors. It is sufficiently diversified to avoid monotony and largely practical to insure interest. No study is required at night, and Saturday and Sunday passes are liberally granted. Speaking of chow, it would make

a student boarder's mouth water to hear a recitation of the menu.

Last year Texas A. and M. and the University of Alabama sent large representations, each institution having enough men to form a company of their own. It is expected that the enrollment this year will exceed all previous years. College men have found that the camp offers a rare opportunity to spend a busy, healthy vacation at Uncle Sam's expense and the "On to Michigan" movement is going to appeal to students in increasing numbers from all parts of the country. Get in early on this trip while the gates are open. The military department will furnish any further information.

MODERN POETRY OF MOTION.

The orchestra softly played

"Kiss Me Again."

She gazed into his eyes
And breathed a sigh.

"Your dancing is like a poem,"

She said.

"Yes, yes, go on," he

Murmured.

"An Amy Lowell poem;

The feet

Are all mixt up,"

She answered.—Record.

Eliza Spurrier, class of '19, Arts and Science, is with the Board of Education of Louisville in the capacity of welfare agent. The nature of her duties is to keep watch over the physical and mental delinquency of pupils and take steps to correct these difficulties.

Philosophian.

Mrs. Matt S. Walton, of Mentelle Park, will give a number of readings in dialect at the Open Meeting of the Philosophian Literary Society on March 31. Mrs. Walton is a graduate of Vassar College and was active in dramatics there. All the women students of the University are cordially invited to this meeting.
