Marshall Camp Owen Nov.

Dear Brother & Parents

Hiram, your letter sent with Mr. Woodard I received to day; and am rejoiced at the intelligence conveyed therein viz. the good health you are all enjoying, and am also very glad with the money you sent, it was wholly unexpected for I received your former letter containing the 1 dollar and that has been sufficient to supply my principle ^{wants} nevertheless I am glad to receive this if you have not deprived yourself of your necessities. I omitted answering the former letter because I received it the day that John Richards was going home on furlough and he said that he would go and see you and tell you all about my circumstances,
