Dear Victor.

As I expected, our letters crossed. The cover is very very fine. It just fits the book, but is a little tight. That is all right. I like the initial very much. And will like the other one, as a variation, on the Christmas Card.

I will be expecting you after the 19th. Have a good trip. Perhaps you will see J. We have been writing a lot with much interesting work going on. God bless you all
