

Minutes of the Meeting of the Board of Trustees of the University of Kentucky, Tuesday, May 3, 1988.

The Board of Trustees of the University of Kentucky met at 1 p.m. Lexington time on Tuesday, May 3, 1988 in the Board Room on the 18th floor of the Patterson Office Tower on the Lexington Campus.

A. Meeting Opened and Oath of Office Administered

Mr. Robert T. McCowan, Chairman, called the meeting to order at 1 p.m., and the invocation was pronounced by Mr. Jerome A. Stricker.

At the request of the Chairman, Mr. John C. Darsie, Legal Counsel, administered the oath of office to Judge Henry R. Wilhoit, Jr. to replace Mr. Frank Ramsey as an alumni trustee for a term expiring December 31, 1989.

B. Roll Call

The following members of the Board of Trustees answered the call of the roll: Mr. Robert T. McCowan (Chairman), Mr. Ted B. Bates, Professor Raymond F. Betts, Governor Albert B. Chandler, Mr. Albert G. Clay, Professor David R. Driscoll, Jr., Mr. Tracy Farmer, Mr. Lawrence E. Forgy, Jr., Mrs. Edythe Jones Hayes, Mr. Henry E. Hershey, Senator Walter D. Huddleston, Dr. Nicholas J. Pisacano, Judge Robert F. Stephens, Mr. Jerome A. Stricker, Judge Julia K. Tackett, Ms. Cyndi Weaver, Mr. Billy B. Wilcoxson, and Judge Henry R. Wilhoit, Jr. Absent from the meeting were Professor Mary Sue Coleman, Mr. George W. Griffin, Jr., Mr. T. A. Lassetter, Mr. James L. Rose, and Mr. Bobby Watson. The University administration was represented by President David P. Roselle; Mr. Edward A. Carter, Vice President for Administration; Chancellors Peter P. Bosomworth, Art Gallaher, and Charles T. Wethington; Mr. Eugene R. Williams, Acting Vice President for Information Systems; and Mr. John C. Darsie, Legal Counsel.

Members of the news media were also in attendance. Mrs. Hayes reported a quorum present, and Mr. McCowan declared the meeting officially open for the conduct of business at 1:06 p.m.

C. Governor Albert B. Chandler Recognized

Governor Chandler welcomed Judge Wilhoit to membership on the Board and spoke briefly about some highlights in Judge Wilhoit's past.

D. Meeting Dates Established

Mr. McCowan called attention to the schedule of meetings of the Board of Trustees as established for fiscal year 1988-89 (see copy at the end of the Minutes) and requested that the members mark their calendars accordingly.

E. Minutes Approved

On motion made by Judge Stephens, seconded by Mr. Stricker and passed, the Minutes of the April 5, 1988 meeting of the Board of Trustees were approved as written.

F. President's Report to the Trustees (PR 1)

In reviewing his "Report to the Trustees," President Roselle called attention to the following items:

H. David Wilson, professor of pediatrics, named an American Council on Education Fellow.

College of Medicine received charitable gifts in 1987 from individuals, corporations, foundations, trusts, and associations totaling \$3,410,052.

The afternoon of Saturday, August 20, has been set for the second annual Fall Orientation Opening Convocation and President's reception for new students at the University. This year's freshmen class will be the most highly qualified class ever to enter the University.

Robert J. Shepherd, Plant Pathology, elected to the National Academy of Sciences. Dr. Shepherd is the first person from a Kentucky institution to be named to the nation's most prestigious scientific organization. In view of the limited membership, it is very significant that Dr. Shepherd was elected to the Academy. The University is very proud to have him affiliated with the Tobacco and Health Research Institute and as a faculty member in the Department of Plant Pathology. Dr. Shepherd is in Ireland and could not be present at the Board meeting.

G. NCAA Investigation

President Roselle reported on recent allegations appearing in a California newspaper indicating that the University's coaching staff may have violated NCAA rules in connection with the recruitment of a basketball player in Los Angeles. Upon learning of the charges, the University informed the NCAA of same; although the University's report preceded publication of the news story, the NCAA advised that it had already been made aware of the impending news story. President Roselle also reported on the engagement of independent outside legal counsel, Honorable James Park, Jr. of the firm of Brown, Todd and Heyburn, to conduct an investigation of these matters. He stated that the investigation by Mr. Park will, to some extent, be conducted in cooperation with the NCAA; in any event the investigation is not to be under the direction of the President.

H. Minority Affairs Incentive Program

President Roselle stated that the subject of minority affairs was of considerable importance to the University of Kentucky. He explained that he had recently had an opportunity to meet with a lot of people interested in the minority affairs issue and stated that their concerns are the same as the University's concerns. He indicated he had spent some time with students hearing their ideas about minority affairs, and expressed his pleasure that these students are enrolled at the University. He added that the students were helpful, constructive, supportive and a delight to work with. The students were asked to stand and be recognized, following which they were given a round of applause.

Through a series of charts, President Roselle reviewed his four-part incentive minority affairs program and explained how he and his staff are viewing the problem. The presentation consisted of the following:

1. University's current standing in minority relations

He reported that the University has 3.5% black student population on the Lexington Campus in a population pool of 7.6%; therefore, the University ratio is .46 to the state population. He added that a reasonable University goal would be to double the black student population. He then reviewed the statistics for other states and noted that the problem is national. He pointed out that the Community College System has 6.3% black student population.

President Roselle stated that the minority staff situation at the University is favorable in a numerical sense. However, he noted that many minorities are employed in entry level positions, and this indicates the need for staff development programs.

President Roselle next pointed out that the University of Kentucky recruits its faculty from a national pool and UK is the lowest in terms of percentage. Again, he emphasized that this is not an easy problem to solve, but it is an area in which the University needs to do much better. Also, he said, the pools from which minorities are hired are smaller than desirable and need to be increased.

2. On-going programs at the University for minority relations

President Roselle reviewed some of the University's accomplishments including: a Vice Chancellor for Minority Affairs Office established in 1975; a Learning Resources Center for minority students created in 1976 which was recently relocated to a newly acquired and renovated house; a dedication of space in the Student Center for the Martin Luther King, Jr. Cultural Center; a series of programs for minorities including black lecturers and artists, recognition of academic achievement and special recruitment programs for health professionals; increased financial aid to minority students; and a \$100,000 endowment fund in honor of Dr. Martin Luther King, Jr. by an anonymous donor.

3. New initiatives for minority relations

President Roselle introduced two programs designed to increase the number of minority faculty members to be implemented in the next fiscal year.

One program will be established whereby funds will be provided from the President's Office for the first year of employment of black faculty to vacant positions. He explained that departments will be able to retain the money in the salary line for programmatic needs, and after the first year, the funding responsibility will be assumed by the academic departments. He pointed out that the success of any program in hiring minority faculty depends upon the active and affirmative involvement of the faculty. He noted that the small number of black faculty is the University's largest deficit area related to minority involvement.

The other program will provide \$100,000 to establish a fellowship program with the objective of encouraging black enrollment in the graduate and professional programs. He continued that this should enable more black students to become part of the pool of potential faculty members. Increases in the number of black faculty is one of the University's highest priorities.

4. Proposals to address the concerns of minority relations

President Roselle reviewed the plan to address minority concerns. He indicated that workshops or seminars would be implemented in August for administrators, faculty, staff, and students to help them better understand the circumstance of being black on a predominantly white campus. He added that there would be orientations with follow through programs for new black faculty members. Further, the plan is to put cross-cultural studies programs in the curriculum and enhance career development for the minority staff.

President Roselle concluded his remarks by saying that the Office for Vice Chancellor for Minority Affairs has implemented many excellent programs. The current proposals indicate that there is still work to do and the attitude should be that the University wants to get on with an affirmative, successful program.

Mr. McCowan commended President Roselle on his incentive program and read the following resolution to the Board.

WHEREAS, the Board of Trustees of the University of Kentucky desires that all Kentuckians be afforded access to the University's programs, and

WHEREAS, the Board of Trustees desires to evidence the best principles of an affirmative action employer, and

WHEREAS, the University of Kentucky strives to provide an atmosphere where all persons are welcomed and feel comfortable pursuing their work, studies, and social activities, and

WHEREAS, the members of the Board of Trustees desire to conduct the business of the University of Kentucky in a manner that is acceptable to all persons,

NOW THEREFORE BE IT RESOLVED, that the Board of Trustees instructs President David Roselle and members of his staff to strengthen existing programs related to minority affairs and to further investigate the implementation of additional such programs. In particular, the Board of Trustees endorses the incentive plan for hiring additional minority faculty and the fellowship program for black graduate and professional students. Moreover, the Board of Trustees encourages active consideration of workshops on minority concerns, minority staff development programs, and other programs designed to clearly establish the University as an institution devoted to the advancement of minority students and employees.

Judge Stephens made a motion that the resolution be adopted. The motion was seconded by Mrs. Hayes and unanimously carried.

I. Personnel Actions (PR 2)

In recommending approval of the appointments, actions and/or staff changes in PR 2, President Roselle called attention to the appointment of Rutheford B. Campbell, Jr. as the new Dean of the College of Law and called upon Chancellor Gallaher.

Chancellor Gallaher indicated his pleasure in commenting on Professor Campbell's recommendation. He stated that a search committee had been appointed and had come back with a very strong recommendation that Professor Campbell be the new dean. He reviewed Professor Campbell's credentials and experience. Professor Campbell was asked to stand and be recognized, following which he was given a round of applause.

On motion made by Judge Wilhoit, seconded by Dr. Pisacano and carried, the appointment of Rutheford B. Campbell, Jr. was approved.

Judge Stephens commented that the College of Law's future would be in very good hands with Rutheford B. Campbell.

Governor Chandler recommended that a resolution be written and adopted commending Dean Robert Lawson for his outstanding service during his years as dean of the College of Law. Mr. McCowan made a motion that a resolution be written for the next Board meeting. The motion carried.

The motion, which was made by Mr. Clay and seconded by Mrs. Hayes, to approve the appointments and staff changes in PR 2 carried. (See PR 2 at the end of the Minutes.)

J. Confirmation of 1988-89 Tuition Schedule (PR 3B)

President Roselle reminded the members that the Council on Higher Education is empowered and charged with the responsibility of setting tuition at the state institutions. He reviewed the changes in the tuition schedule as adopted by the Council for 1988-89 and recommended that the Board approve PR 3B. Mr. Hershey so moved. The motion was seconded by Judge Tackett and carried. (See PR 3B at the end of the Minutes.)

K. Adoption of 1988-89 Fee Schedule (PR 3C)

Mr. Carter stated that the fee schedule is beyond the tuition schedule recommended by the Council on Higher Education. He pointed out that the dollar increase in support of WRFL radio station was approved in October. He added that the \$25 increase in the student health fee is a revenue measure to support the programs of the 1988-89 budget. He pointed out that the current fee of \$25 a semester has been in effect for eight years and covers about half of the operating costs of student health service. Further, this proposal to increase the fee to \$50 a semester would make the student health service totally self-supporting in terms of student fees. He explained that fees at the institution have been kept at a very reasonable level for a long period of time; moreover, student fees at the University are currently low compared to benchmark institutions. He emphasized that this is a budgetary item and a source of support for the operating budget generating about \$900,000 to go into support of the budget that will be acted on at the June meeting. The administration will continue to look at this area in terms of student activity fees as a revenue measure throughout the biennium because of the budgetary problems facing the institution.

Mr. Stricker made a motion to approve PR 3C. The motion was seconded by Mr. Bates and carried. (See PR 3C at the end of the Minutes.)

Ms. Weaver stated that the figure for fees compared with other universities is misleading. She pointed out that in some universities the Student Government gets \$40-\$50 per student. The University of Kentucky Student Government has not chosen to tax the students more than \$3.50 per student. Also, she said, it is not clear what services throughout the universities are supported via student fees or whether its student imposed types of programs that are done for student fees. It is very difficult to make that kind of comparative basis for student fees.

Ms. Weaver explained that there were a lot of steps involved when the student fees were increased by a dollar to support the student funded radio station and reviewed the process: discussions by Student Government Association, hearings by students on campus, and a survey. She complained that she did not receive notice of the fee increase until receiving her Board packet. She then stated that the proposal is serious, the effect is serious, and the philosophy behind the proposal is serious.

Ms. Weaver stated that the \$25 fee is going to be added to student health; however, the general fund support for student health is going to be removed and put back into the general fund. She pointed out that the effect is the same as if you were increasing student tuition by \$25.

Ms. Weaver then reported that the Council on Higher Education had set up hearings at every college in the state when it considered raising tuition, and asked that the same level of consideration be given to students when considering an increase in fees.

Ms. Weaver concluded by saying that there is a serious question to be raised about the political dynamics involved. When the \$25 student health fee became mandatory, the students supported making the \$25 fee mandatory. She stated that the students were consulted when the fee was put in motion but were not consulted about doubling the fee. She emphasized the importance of student involvement.

Dr. Pisacano stated that Ms. Weaver had some valid points and recommended that the students be involved in consideration of health fee increases before submitting to the Board for action. He then moved that PR 3C be tabled.

Mr. Hershey stated that if the fees have not been raised in eight years, he does not see it to be alarming that there be an increase. He pointed out that health costs have gone up considerably over this eight-year period.

Mr. Carter stated that maintaining the existing level of student health service is the highest priority of the committee which represents the student body in this matter. He explained that the purpose of this recommendation is to maintain the level of student health service and to move \$900,000 of general fund money into the academic programs. He then pointed out that many of the student fees have been imposed by the Board without any discussion with students.

Judge Stephens was sympathetic to Ms. Weaver's request and stated that he did not think Ms. Weaver's request was unreasonable.

Professor Betts added that Ms. Weaver's comments were clear, articulate and forthright. He expressed his feelings that she is perfectly correct in that a previous procedure was not followed in this particular instance.

President Roselle pointed out that the University has a serious budgetary problem and to take \$1,000,000 out of the budget presents a difficult problem. He explained that the proposal arises from a need for additional revenue at the University. The alternative will be to reduce the medical services provided to the students or reduce the academic programs so as to continue the supplement for those programs.

Mr. Bates stated that if the hearing process is followed, he feels the good judgment of the student body would realize that in eight years increases have to be made. Further, he would rather have it done now and have a full blown student health fee and services.

Ms. Weaver remarked that the services received in student health are worth \$50; however, she does not know the students' reaction to doubling the health fee, and pleaded that this fee be discussed by the students.

Mrs. Hayes asked if there was time to discuss the issue with students since the semester ending May 6. Ms. Weaver indicated that there was an interim student representative body.

Mrs. Jean Cox reported that at the time a mandatory fee was established, it was at the vote of the student body which was very rewarding. She explained that the understanding was that everything within administrative power be done to keep the health fee low, and this has been the case for eight years. Further, the budget of the health service is not under consideration. It is whether or not the general funds for it will remain there. She pointed out that the budget of the health service has not increased, and the process did work. She concluded that the health service seems to be caught up in a budgetary consideration that is outside of its concept.

On motion made by Dr. Pisacano, seconded by Mr. Stricker, and carried, PR 3C was reconsidered and tabled until the June 21 meeting. Mr. Hershey voted nay.

L. Establishment of a for Profit Subsidiary Corporation (PR 3D)

President Roselle recommended that the Board authorize the University of Kentucky Research Foundation to consider the establishment of a for profit subsidiary corporation. He explained that this will enable the faculty to be able to capitalize on some intellectual properties with commercial value while at the same time avoid any conflict with the University's not-for-profit status. Mr. Clay so moved. The motion was seconded by Mr. Wilcoxson and carried. (See PR 3D at the end of the Minutes.)

M. Candidates for Degrees - Community College System (PR 4A)

With President Roselle so recommending, Mrs. Hayes moved that the degrees specified in PR 4A be awarded to the persons named, upon certification that the requirements for those degrees have been satisfactorily completed. The motion was seconded by Judge Tackett and passed without dissent. (See PR 4A at the end of the Minutes.)

N. Candidates for Degrees - Lexington Campus and Medical Center (PR 5A)

Mr. Hershey moved that the list of candidates for degrees in the Lexington Campus and Medical Center sectors as recommended in PR 5A be approved. The motion was seconded by Judge Stephens and carried. (See PR 5A at the end of the Minutes.)

O. Change in Titles of Two Academic Degrees (PR 5B)

President Roselle recommended that the Board approve the change in titles of two degrees from the Bachelor of Science in Metallurgical Engineering and the Master of Science in Metallurgical Engineering and Materials Science to the Bachelor of Science in Materials Engineering and the Master of Science in Materials Science and Engineering, respectively, and authorize the awarding of the new degrees to those students who satisfactorily complete the pertinent requirements for such as established by the University Senate, effective Fall Semester 1988. The motion, which was made by Professor Betts and seconded by Judge Tackett, unanimously carried. (See PR 5B at the end of the Minutes.)

P. Appointment to University of Kentucky Equine Research Foundation (PR 5C)

President Roselle recommended that approval be given to the appointment of Margaret Brady Glass as a member, representing the equine industry, to the Board of Directors of the University of Kentucky Equine Research Foundation for a term ending December 1992. He stated that Mrs. Glass is a great friend to the University and has helped with a recent project directly affecting the Equine Research Foundation; a gift of \$2.5M for endowment of a chair and \$500,000 for general endowment of the program at the Equine Research Foundation. The money came from the Markey Trust on which Mrs. Glass serves as a board member. Mr. Clay so moved. The motion was seconded by Mr. Hershey and carried. (See PR 5C at the end of the Minutes.)

Q. Frederick Van Lennep Professorship in Equine Veterinary Science (PR 5D)

President Roselle recommended that the Board of Trustees establish in the Department of Veterinary Science the Frederick Van Lennep Professorship in Equine Veterinary Science. The motion, made by Mr. Wilcoxson and seconded by Mr. Stricker, carried. (See PR 5D at the end of the Minutes.)

Chancellor Gallaher indicated his pleasure in introducing the first holder of the Frederick Van Lennep professorship, Dr. Peter Timoney. He reviewed briefly Dr. Timoney's credentials and experience and asked Dr. Timoney to stand and be recognized, following which he was given a round of applause.

R. Establishment of International Student Fee (PR 5E) and Establishment of Sponsored International Student Service Fee (PR 5F)

Dr. Blanton stated that the University was in the process of trying to upgrade the Office of International Affairs. He reported that there are approximately 800 international students currently on campus and these students require additional services beyond the typical services rendered to students, i.e., visa, banking and nutrition problems. He explained that, in order to generate some additional dollars for the Office of International Affairs, PR 5E will charge the international student a \$50 fee for services and this fee will flow back to the Office of International Affairs during the course of the year.

Dr. Blanton continued with PR 5F and stated that the University has contractual arrangements with foreign governments; Indonesia being the most prominent. He explained that the foreign governments send a group of students to the University of Kentucky, and the University provides particular services for them. He stated that the fee of \$300 per semester is for the provision of special services to sponsored students and the organization administering their fellowship.

He explained that the fees in PR 5E and PR 5F are being proposed to support and provide better services for international students. He then detailed some of the expense items involved in dealing with international students and emphasized that the fees are for additional services to be provided by the Office of International Affairs.

Chancellor Gallaher pointed out that the sponsored international student service fee involves a lot of services. He explained that not all of the students go to the University of Kentucky, but the University serves as the sponsoring agency. He added that the \$300 fee is a standard fee that is charged by most universities throughout the country.

On motion made by Mr. Hershey, seconded by Mr. Stricker and passed, PR 5E was approved. (See PR 5E at the end of the Minutes.)

Mr. Stricker then made a motion to approve PR 5F. The motion was seconded by Mr. Hershey and carried. (See PR 5F at the end of the Minutes.)

S. Establishment of Graduate School Application Fee (PR 5G)

President Roselle reported that the Dean of the Graduate School surveyed twenty institutions in the midwest and southeast and found there is only one other institution that does not have a graduate school application fee. The average application fee is \$20 and most of the graduate schools have a larger application fee for international students because of the increased cost in processing. He then recommended that the Board establish a Graduate School application fee of \$20 for domestic applications and \$25 for international applications effective with the applicants for the Fall Semester 1989. Dr. Pisacano so moved. The motion was seconded by Dr. Wilcoxson and unanimously carried. (See PR 5G at the end of the Minutes.)

T. Establishment of Undergraduate Application for Admission Fee (PR 5H)

President Roselle pointed out that PR 5G and PR 5H are expenditure decreasing measures; not revenue increasing measures. The purpose is to reduce the number of casual applications that the University receives. He then recommended approval of the application fee as specified in PR 5H. On motion made by Mr. Bates, seconded by Mr. Hershey and carried, PR 5H was approved. (See PR 5H at the end of the Minutes.)

U. Increase in Late Registration Fee (PR 5I)

President Roselle stated that PR 5I is an increase in the late registration fee and explained that the late registration fee is completely avoidable. He reported that the fee was set at \$20 in 1966, and PR 5I proposes to raise the fee to \$40 effective the Fall Semester 1988. He then recommended that PR 5I be approved. Judge Stephens so moved. The motion was seconded by Mr. Hershey.

Ms. Weaver expressed concern about raising the late registration fee, and stated that she had met with Dr. Dahl to discuss the problems. She stated that the greatest problem for students is not the late registration fee but a lack of money with which to advance register. She then reviewed the advance registration fee process and stated that it is a disincentive. In Ms. Weaver's opinion, it presents a cash flow problem for students by forcing them to pay \$50 at the end of the semester before the students receive their financial aid or student loans. She made a motion that PR 5I be tabled. She asked that the advance registration fee be reduced from \$50 to \$25, and that the advance registration and late registration fees be coupled. By coupling the fees, something positive along with something negative will go further in solving the problem of late registration. She indicated that the Student Government would be open to the idea of polling students at the next late registration period.

Dr. Blanton informed the Board that about 900 of the 23,000 students late register and stated that the University will save an enormous amount of administrative work by making rules that work for the larger number of students. He also provided an explanation for the fee being imposed.

Dr. Blanton stated that with implementation of the new student records system the advance registration fee will be dropped because the system will provide adequate notification with respect to classes. However, the University will not want to retreat from the late registration penalty incentive fee.

Mr. Stricker pointed out that it had been 22 years since the price of \$20 had been set and \$40 is a very fair price. He stated that Ms. Weaver's problem is a different issue and an increase in the late registration fee is long overdue.

Mr. McCowan asked for a vote on the motion to table PR 5I, and the motion failed to carry.

Mr. McCowan then proceeded with Judge Stephens previous motion, which had been seconded by Mr. Hershey, to approve PR 5I. The motion carried. (See PR 5I at the end of the Minutes.)

V. Fund Board of Directors Appointments (PR 6A)

President Roselle recommended that approval be given to the reappointment of Mr. Ted Hahn, as a member of the Board of THE FUND for the Advancement of Education and Research in the University of Kentucky

Medical Center, for an additional two-year term, beginning July 1, 1988 and ending June 30, 1990. Mr. Stricker so moved. The motion was seconded by Judge Stephens and carried. (See PR 6A at the end of the Minutes.)

W. Commencement Announcement

President Roselle reminded the Board that Commencement is Sunday, May 8 and expressed hope that they could attend.

X. Acceptance of Interim Financial Report for the University of Kentucky for the Nine Months Ended March 31, 1988 (FCR 1)

Mr. Forgy, Chairman of the Finance Committee, stated that FCR 1 was routine and moved that the Board accept the University of Kentucky consolidated financial report for the nine months ended March 31, 1988. The motion was seconded by Judge Stephens and unanimously carried. (See FCR 1 at the end of the Minutes.)

Y. Disposal of Personal Property (FCR 2)

On motion made by Mr. Forgy, seconded by Mr. Clay and passed, approval was given for the disposal of surplus and obsolete equipment as recommended in FCR 2. (See FCR 2 at the end of the Minutes.)

Z. Disposition of Land - Robinson Substation (FCR 3)

The Finance Committee so recommending, Mr. Forgy moved that the three tracts of land at the Robinson Substation consisting of 5.72 acres be declared surplus and that the Vice Chancellor for Administration of the Lexington Campus be authorized to sell this property by sealed bid. The motion was seconded by Mr. Clay and carried. (See FCR 3 at the end of the Minutes.)

AA. Approval of Lease (FCR 4)

Mr. Forgy reminded the members that approval of certain leases is required by statute to come to the Board and made a motion that the lease recommended in FCR 4 be approved. The motion was seconded by Senator Huddleston and carried. (See FCR 4 at the end of the Minutes.)

BB. Report of Leases (FCR 5)

Mr. Forgy explained that leases less than \$30,000 in value are required to be reported to the Board. He then moved that FCR 5 be adopted. The motion was seconded by Judge Tackett and carried. (See FCR 5 at the end of the Minutes.)

CC. Room and Board Rates 1988-89 School Year (FCR 6)

Mr. Forgy stated that FCR 6 is an increase in room and board rates. He emphasized that this increase is not in response to the budget problems of the institution but is a routine increase in room and board rates. He explained that the recommended four percent increase is

a result of a six percent increase in food costs and the cost of labor force during the preceding year. On motion made by Mr. Forgy, seconded by Dr. Pisacano and passed, the room and board rates for the 1988-89 school year were approved. (See FCR 6 at the end of the Minutes.)

DD. Foreign Teaching Assistants

Mr. Hershey stated that he had seen a dramatic increase in the grants and fellowships of the institution over the past four years and commended the faculty and the administration for this increase. He reminded the members, however, that during the past 16 or 18 months, the Board came to the administration with a problem over the ability of foreign teaching assistants to converse with the students. He then passed out a copy of a recent newspaper article. He stated that the Board had previously been assured by President Singletary that the problem was solved but that such was not the case. He then referred to specifics in the newspaper article and asked for an explanation.

President Roselle explained that teaching assistants must pass a test of spoken English, and that the judgment is made by a panel consisting of students, faculty, and administrators. He added that this program is a response that Dr. Singletary made to the concern when it previously came to the Board; therefore, it is in the first full year of implementation. He stated that he did not object to a further study of the particular issue and recommended that the newly appointed Academic Affairs Committee of the Board look at the program and report back to the Board.

Dr. Pisacano agreed that the matter of foreign teaching assistants is a serious problem. He reported that over two thirds of the students in each of his classes had indicated that their education was being compromised for lack of understanding a teaching assistant. Further, students are having to pay for tutors when they can hardly afford to go to school. He said that his interest is in the academic welfare of the institution, and the Board cannot afford to let this problem continue.

Mr. Bates stated that the Board had voted to correct the problem in March or April of last year. He reviewed the screening process and explained that he had discovered that this process applied to incoming teaching assistants only. In talking with students and moving about the community, he learned that there was still a problem and reported that he had met in February with Cyndi Weaver and Susan Bridges to discuss the problem in depth. Also, he said, they went to see Chancellor Gallaher, who received them well, understood their mission and their problem, and a solution was set up. He explained that the solution was for the Student Government to collect complaints and pass them on to the screening committee. The screening committee would then interview the teaching assistant and inform the department of any problem. He discussed the lack of action at the department level and said that this issue should be addressed.

A discussion among the members and the administrators followed and Judge Stephens suggested that President Roselle's recommendation to have the Academic Affairs Committee review the situation be approved.

Mr. McCowan stated that the Academic Affairs Committee was appointed at the last meeting and could address issues of this nature for the Board. He, therefore, assigned the problem to the Committee and stated that he would ask Dr. Coleman, Chairperson of the Committee, to put it on the Committee's agenda.

EE. Meeting Adjourned

There being no further business to come before the Board, the Chairman adjourned the meeting at 2:57 pm.

Respectfully submitted,

Edythe Jones Hayes
Secretary
Board of Trustees

CONFIRMATION OF 1988-89 TUITION SCHEDULE

Recommendation: That the Board of Trustees (1) confirm changes in the tuition schedule as adopted by the Council on Higher Education, and (2) establish corresponding part-time and Summer School Charges under the guidelines of the Council on Higher Education.

Background: Under KRS 164.020, the Council on Higher Education is empowered and charged with the responsibility to determine the tuition for attendance at public institutions of higher education in the Commonwealth. Charges for part-time and Summer School students are derived, as the Council has directed, from the semester rate, using the institution's definition of what constitutes a full-time load for each level and program area.

Members, Board of Trustees:

ADOPTION OF 1988-89 FEE SCHEDULE

Recommendation: That the Board of Trustees approve the following fee schedule for 1988-89. These fees will be charged to all students enrolled on the Lexington Campus, in the Medical Center and at Lexington Community College in accordance with their status as full-time or part-time students.

Background: The fee schedule which follows contains the following changes to the fee schedule adopted for 1987-88:

1. An additional one dollar in the student activities fee per semester in support of the yearly operational expenses of WRFL (Radio Free Lexington) as requested by the Student Government Association and subsequently approved by the Board of Trustees in October of 1987.
2. A \$25 per semester increase in the Health Fee. With this increase, the Student Health Service will be fully supported by the Health Fee. Prior to this action, the Health Service was dependent upon the General Fund for a significant portion of its support. With the current budgetary situation, the University can no longer provide that level of support and meet its other academic program commitments. This increase will allow the Student Health Service to be entirely self-supporting but will not provide for any enhancements to the Student Health Service program.

With these increases, mandatory fees will still be considerably lower (approximately one-half the benchmark median of the annual mandatory fees) than those charged at comparable or benchmark institutions.

ESTABLISHMENT OF A FOR PROFIT
SUBSIDIARY CORPORATION

Recommendation: That the Board of Trustees authorize the University of Kentucky Research Foundation to consider the establishment of a for profit subsidiary corporation to market research products and services of a commercial nature in order to further the University's technology transfer program and other economic development efforts based on university developed technology.

Background: In the course of research activities, several university faculty have developed products or services which have some commercial value. Demand for these products and services is limited and not sufficient to attract normal commercial licensing interest. Yet, a significant small segment of the world's research and industrial community has a need for these products and services and is willing to pay a reasonable price for them. The University finds it difficult to market these products and services in the course of normal university activities. A subsidiary for profit corporation may be a suitable vehicle for this purpose. The University of Kentucky Research Foundation appears to be the most appropriate university entity to consider the proposition.

Office of the President
May 3, 1988

PR 5A

Members, Board of Trustees:

CANDIDATES FOR DEGREES
LEXINGTON CAMPUS AND MEDICAL CENTER

Recommendation: that the President be authorized to confer upon each individual whose name appears on the attached lists the degree to which he or she is entitled upon certification by the University Registrar that the individual has satisfactorily completed all requirements for the degree for which application has been made and as approved by the University Senate.

Background: Since the Commencement exercises are held immediately following completion of examinations, it is not possible for the University Registrar to certify satisfactory completion of requirements prior to Commencement exercises for those candidates who completed their requirements in May. The candidates who completed their requirements in August 1987 and December 1987 were approved by the Board of Trustees at earlier meetings.

Action taken: Approved Disapproved Other

Date: May 3, 1988

Members, Board of Trustees:

CHANGE IN TITLES OF TWO ACADEMIC DEGREES

Recommendation: that the Board of Trustees approve the change in titles of two degrees from the Bachelor of Science in Metallurgical Engineering and the Master of Science in Metallurgical Engineering and Materials Science to the Bachelor of Science in Materials Engineering and the Master of Science in Materials Science and Engineering, respectively, and authorize the awarding of the new degrees to those students who satisfactorily complete the pertinent requirements for such as established by the University Senate, effective Fall Semester 1988.

Background: The faculty of the College of Engineering has recommended that the titles of the baccalaureate and master's degrees associated with programs offered through the Department of Metallurgical Engineering and Materials Science be changed to more clearly reflect the current content and objectives of the programs. During the last several years the departmental programs have been changed gradually from a concentration on metallurgical engineering to a current broader focus on materials science and engineering, which is consistent with a general trend in such departments throughout the nation. The title of the degree associated with the doctoral program will continue to be the Doctor of Philosophy degree; however, the title of the major leading to that degree has been changed, with the approval of the University Senate, from Metallurgical Engineering and Materials Science to Materials Science and Engineering.

The Undergraduate Council or the Graduate Council, as appropriate, and the University Senate Council also have recommended approval of the change in titles of these baccalaureate and master's degrees.

APPOINTMENT TO UNIVERSITY OF KENTUCKY
EQUINE RESEARCH FOUNDATION

Members, Board of Trustees:

Recommendation: that approval be given to the appointment of Margaret Brady Glass as a member, representing the equine industry, to the Board of Directors of the University of Kentucky Equine Research Foundation for a term ending December 1992.

Background: The Chancellor of the Lexington Campus recommended this appointment to the President, who in turn recommends it to the Board of Trustees. This recommended appointment requires approval by the Board of Trustees in accordance with the Articles of Incorporation for the University of Kentucky Equine Research Foundation approved by the Board of Trustees at its meeting on October 16, 1984.

FREDERICK VAN LENNEP PROFESSORSHIP IN EQUINE VETERINARY SCIENCE

Recommendation: that the Board of Trustees establish in the Department of Veterinary Science the Frederick Van Lennep Professorship in Equine Veterinary Science.

Background: Friends and associates of the late Frederick Van Lennep have contributed funds to be used for the advancement of scientific knowledge of diseases of the horse, one of the major causes of morbidity, mortality, and economic loss in the horse industry. All aspects of epidemiology and sophisticated laboratory investigation are needed in order to develop a greater knowledge of the agents of disease, and a means for reducing their impact on the horse industry. It is the intent of the Chairman of the Department of Veterinary Science and the Dean of the College of Agriculture to implement the wishes of the donors by establishing an endowed professorship. The donors have requested that the professorship be named the Frederick Van Lennep Professorship in Equine Science.

ESTABLISHMENT OF INTERNATIONAL STUDENT FEE

Recommendation: That the Board of Trustees approve the establishment of an International Student Fee applicable to all international students studying on the Lexington Campus and in the Medical Center. The fee would be \$50 per semester and \$25 for the summer session (either the four-week intersession, eight-week session, or both) and would be effective in the Fall 1989 semester.

Background: The Office of International Affairs provides a number of services to international students. The revenue generated by this fee would approximate what is presently being expended by the Office of International Affairs on its programs which directly serve international students. This fee is consistent with those charged by other institutions.

Members, Board of Trustees:

ESTABLISHMENT OF SPONSORED INTERNATIONAL STUDENT SERVICE FEE

Recommendation: that the Board of Trustees approve the establishment of a Sponsored International Student Service Fee of \$300 per semester for provision of special services to sponsored students and the organization administering their fellowship. Payment of this fee would be voluntary; however, no special services would be provided to agencies who decline to pay the fee.

Background: A small percentage of the University's international students are funded by international agencies such as USAID, World Bank, Asian Development Bank, their home government, and similar organizations. Most of the funding agencies contract with a domestic organization to administer these funds. The organizations that administer the funds, the sponsors, often request special services of the University. The proposed fee would cover the provision of such services.

Members, Board of Trustees:

ESTABLISHMENT OF GRADUATE SCHOOL APPLICATION FEE

Recommendation: That the Board of Trustees establish a Graduate School Application fee of \$20 for domestic applications and \$25 for international applications effective with the applicants for the Fall 1989 semester.

Background: The Graduate School each year receives approximately 25,000 domestic requests for application materials and an additional 20,000 requests from international sources. These 45,000 initial inquiries generate approximately 5,500 domestic applications, from which approximately 1,500 students actually enroll at UK, and 2,200 international applications from which approximately 175 students enroll in the institution. Graduate applications, and international applications in particular, require extensive review. It is evident that a large number of the applications submitted are from students who have little intention of enrolling at the University of Kentucky. An application fee should decrease the number of casual applications and enable the Graduate School and individual graduate programs to identify and be more responsive to prospective students who are seriously interested in the institution and its graduate programs.

Members, Board of Trustees:

ESTABLISHMENT OF UNDERGRADUATE APPLICATION FOR
ADMISSION FEE

Recommendation: That the Board of Trustees establish an application for admission fee of \$15 for domestic applications and \$25 for international applications effective with the applicants for the Fall 1989 semester. The application for admission fee will be charged to all freshman, transfer, and readmission applicants for degree status at the University. Students who transfer from the University of Kentucky Community College System to the Lexington Campus and Medical Center will not be charged the application for admission fee.

Background: With the implementation of selective admissions, the cost of processing applications for admission to the University has increased considerably. The adoption of this fee will essentially serve two purposes:

- (1) Help support the increased cost of reviewing applications associated with the implementation of selective admissions; and
- (2) Serve as an expression of commitment from the applicant, thereby allowing the Admissions Office to concentrate their resources on the more serious applicants to the University.

A review of comparative institutions in other states indicates that such a fee is in place at most of those institutions.

Members, Board of Trustees:

INCREASE IN LATE REGISTRATION FEE

Recommendation: That the late registration fee be increased from \$20 to \$40 effective Fall Semester 1988. The late registration fee will be assessed to continuing students who had the opportunity to advance register for a subsequent semester and chose not to, and to only those new students, transfer students, or readmitted students who apply on or after the designated dates for opening-of-the-term registration (Coliseum registration or its equivalent).

Background: The late registration fee was increased to \$20 in 1966. The increase of the fee is recommended in order to encourage continuing students to advance register and to meet the cost of late registration. Exceptions to the late registration fee may be made by the University Registrar for good and sufficient cause.

ACCEPTANCE OF INTERIM FINANCIAL REPORT FOR THE
UNIVERSITY OF KENTUCKY FOR THE NINE MONTHS ENDED
MARCH 31, 1988

Recommendation: that the Board of Trustees accept the University of Kentucky consolidated financial report for the nine months ended March 31, 1988.

Background: The consolidated financial report includes the financial activities of the University of Kentucky and its affiliated corporations, consisting of the University of Kentucky Research Foundation, The Fund for Advancement of Education and Research in the University of Kentucky Medical Center, University of Kentucky Athletic Association, University of Kentucky Mining Engineering Foundation, Inc., University of Kentucky Business Partnership Foundation, Inc., University of Kentucky Humanities Research Foundation, Inc., University of Kentucky Equine Research Foundation, Inc., and Health Care Collection Service, Inc.

As of March 31, 1988, the University had realized income of \$463,289,000 representing 83% of the 1987-88 estimate of \$560,248,000. Expenditures and commitments total \$388,406,000 or 69% of the approved budget of \$560,248,000.

Disposition of Land - Robinson Substation

Recommendation: that three tracts of land at the Robinson Substation consisting of (5.72 acres) be declared surplus and that the Vice Chancellor for Administration of the Lexington Campus be authorized to sell this property by sealed bid.

Background: The Board of Trustees in September 1985 adopted guidelines for the disposition of real property held by the University. These guidelines authorized the Board to dispose of lands no longer suited for the mission of the University.

The Dean of the College of Agriculture has requested that the following tracts be disposed of indicating these lots are not being used by the Robinson Substation and are outside the boundary of the farm.

1. A lot 50 feet wide by 200 feet deep (.23 acres) purchased for \$200 in October 1939.
2. A lot 77.25 feet by 151.5 feet (.27 acres) purchased for \$500 in December 1952.
3. A lot 2,275.5 feet by 100 feet (5.22 acres) conveyed by the L & N Railroad to the University as a gift in November 1926.
