Board Will Study Educational Needs

James H. Richmond Named by Governor Laffoon to Head Commission

A commission to study Kentucky's educational needs was appointed recently by Governor Laffoon under the authority of a law passed by the 1932 legislature.

The program consisted of a presentation of pyramids and stunts by the women's tumbling team, three songs by a vocal trio composed of Catherine Cooke, Dorothy Strober, and Helen Darnell, and two numbers by a quartet of tap dancers consisting of Mildred Schaffner, Opal Hubble, Freddie May Eibert, and Lolla Hines.

Miss Rebecca Averill, director of the women's athletics, presented awards of letters, numerals and W. A. A. pins. Those receiving letters were Clara Fargate Fort and Mildred Robinson, numbers Mildred McHatton, and Pearl Zink, and pins Sue Brown, Margaret Chaffield, Frances Davis, Roberta Egan, Katherine Hughes, Polly Lee, Lillian Morgan, Jeanie Bell Parker, Ann Boyd, Rita Walthen and Catherine Cooke.

Records Are Kept At Publicity Bureau
Complete records of the activities of faculty and students of the university since February, 1929, the date of organization of the bureau, are available at the publicity bureau.

Vocational Guidance Groups Will Meet

# SEEN FROM THE PRESS BOX

By Ralph E. Johnson

"Shipwreck" Kelly had an infected leg that prevented his training last week, and for a time it was thought the infection would prevent the century king from competing against Louisville last Saturday. Thus in Wednesday trials Kelly's shadow in the dashes, Heiber, pulled a muscle and that put him out of the running definitely.

That left Coach Shively without a really dependable performer in the dash events, but it was not serious enough to cause Shively any worry as to whether or not he would win well in the trials and might be counted on to place.

Nevertheless, Kelly would not stay out of the competition and Thursday afternoon he appeared on the track, and as though nothing was wrong, turned in as fine a dash as has ever done.

Saturday was a miserable day for the meet, but a crowd turned out to watch Kelly perform. They were not disappointed for he won the century the broad jump, and took second in the javelin.

The track was wet enough to swim on, but 102 for the 100 yards was not had considering that and the fact that there was no competition. So far the meet is the only meet scheduled for the local track, and if that is the case, Kelly has run his last race before the Lexington fans. But Shively hopes to schedule at least one meet here later in the season.

Due to several very moist days, the Berea tennis match was postponed and manager George Yost is attempting to arrange for the match to be played off this Saturday. Wheaton college will play as per schedule, but the team will take to the indoor courts of the Gym annex where they have practiced for the past two months.

Judge Drury Corrects Error  
Editors of the Kernel University of Kentucky Lexington, Kentucky Gentlemen:

In your paper of last Friday, April 1st, you had an account of the operation of my son and stated that it was the result of a collision between a motorcycle and a truck. You are mistaken in this. My son did sustain a sprained left ankle and a cut on his left knee, in such a collision. But this operation was on his right knee. The records of St. Joseph's Hospital show that he was admitted on June 8th, 1927 for these injuries to his left leg and he was discharged on June 8th. The surgeon who attended him then was Dr. Charles Garr. The same surgeon is now attending him. You will have no trouble in verifying these statements if

The Spectator is an 18 inch, six column, four page paper issued every day. They do not print the paper here as they are printed by the university for them.

For some reason or other Columbia students are receiving a good deal of publicity. The who's stuck their noses into Kentucky's business, and then the big-headed kids made an attempt to have the distance runner, who has been run-ner, but all-in-all, we can not see just why they rate all the space in the papers. However, humorous features are always in demand by the syndicates.

It is said by many that campus politicians are busily engaged in deciding who will be the Junior Prom Queen, for as you all know, such things are always decided beforehand.

In spite of the many years that such a practice has been in vogue, certain persons still insist that they will see to it that the vote is fair, even if they have to stand by the ballot box all night.

Yet, somehow or other, we are inclined to believe that many of the elections on this campus are honest. However, humorous features with the system that is too few persons vote, and when the count comes, the victor is the one who has run the most persons who saw to it that their voters attended.

3,200. One half of their student body, attending each home game, would eclipse our attendance figures for the year. Madison and Lexington have equal population.

Did you know that a few years ago there was a severe fire in the basement of a gym here which required the installation of a new floor. The gym floor is made of concrete, and the base of the gym goes under the floor. The new floor is made of mado-vero negro shags that had to be torn down when Boyd hall was built.

Last week Bud Conley went to be for Crooner Spaulding, of Blue and White fame. It was the first time that Bill had sung over the air; the first time he had sung the selection, and the first time he had worked with the orchestra. But Bill, as a pinch-hitter, made a hit and was safe at first.

## SPRING PRACTICE CALL ISSUED BY RUPP

By SUNNY DAY

Equipment was issued at 3:30 o'clock yesterday afternoon to quite a number of athletes who wish to know what they should do in spring basketball practice. Coach Rupp will conduct the practice for approximately three weeks, and all interested in the sport are requested to try-out for the team.

Coach Rupp has just returned from the national coaches association in Chicago. The association made a few changes in the rules, and Coach Rupp plans a thorough drill on fundamentals. He feels sure that the drill of the spring will be considered and recommended by the candidates throughout the summer months.

The spring practice offers the coach an opportunity to look over last year's freshman material, and gives him a chance to figure on next year's schedule. The freshman team of the past season was most successful, and the chances are that the varsity will have to step lively to retain their present positions.

Since spring football is over, there will be no baseball team to call DeMosey, Johnson, Worthington and Coach Rupp will have a clear title to athlete's time. With the return of George Yates, who was elected to captaincy, and the return of the former deputy captain, Yates, and the advent of several star freshmen, there is likely to be a team worthy of the name of Kentucky players center, Sale and DeMosey will play the forward positions, with Johnson and Yates on the holding down the guard berths.

However, this doesn't account for Darrell Darby, "Dutch" Kreutter, and Dave Lawrence, who will be fighting for forward positions. The guards will not be as crowded; but with Davis coming up, the guards will be tough enough. Since the Wildcats lost only three letter men by graduation, and since there appears to be an excellent reserve force, Kentucky is likely to have a team which will outlast even those of the past two years.

It is rumored that Coach Rupp, while in Chicago, scheduled several games to be played in the west, and Coach Rupp has already been scheduled that will take the team through the north. With the reserve strength to count on, Rupp feels safe in signing for games at a distance. He is also working on the southern conference contest, and hopes that the schedule for 1928-1929 will be completed within a few weeks.

Higher Standards Urged for Game University Heads Present 12 Point Program to Better Grid Sport

A 12-point program urging higher standards for intercollegiate athletics, especially football, was recommended recently to the Association of American Colleges by its commission on athletics.

Nearly 600 delegates, most of whom were college and university presidents, heard the report delivered by Dr. Thomas S. Gates, commission chairman and president of the University of Pennsylvania.

Highlights of the recommendations were: Shorten the season to six or seven games. Eliminate pre-season practice. Ban subsidizing. Abolish recruiting and proselytizing. Reduce coaches' salaries to the general faculty scale.

Shorten the game to students. Abolish drudgery in training. Eliminate training houses. Schedule only competitors of our strength.

Other points the commission championed included educating alumni to respect well-developed athletic programs rather than lopsided stress on one sport, full publicity because publicity is a test of honesty.

Dr. Gates said he believed college athletics could be overemphasized by discussing them too little. Then he said that college officers, especially presidents, were responsible for the type of athletics and the physical education program that institutions maintain.

The report recommended that all but natural rivalry be eliminated from schedules. The commission did not look with favor upon inter-sectional contests between teams in "too far distant geographical sections."

Urging contests between teams of equal standard, the commission said the guiding principle should be games between schools of equal physical and mental powers and of approximately the same size.

The report pointed out that standard equalization of competitors' physical powers exists in football, yachting, and tennis in college athletics.

## Editor Demands That Profs Attend Chapel

Winfield, Kansas—Because Southwestern college authorities threatened withdrawal of support if a certain editorial was published in the paper, a sent out, Charles G. Booth, editor of the Southwestern Collegian, issued a local supplement in which he demanded that faculty members attend chapel services or revoke the compulsory chapel ruling.

## STATE Y. W. C. A. TO MEET

The first meeting of the state committee of the Y. W. C. A. will be held at 10 o'clock Wednesday afternoon, April 13, at the Y. W. C. A. building in Louisville.

## ORCHESTRA TO PLAY

The university philharmonic orchestra will present a concert to night at Kentucky Wesleyan College, Winchester, under the direction of Prof. Carl Lampert, head of the department of music.

## Chicago Profs Want Football Abolished

Fifty-one per cent of the university professors who replied to a recent questionnaire asking, "Would you like to see intercollegiate football abolished at the University of Chicago?" replied in the affirmative.

The questionnaire was sent to all members of the university faculty several weeks ago by John M. Stainker, member of the new board of examiners and university instructor.

Mr. Stainker last year made a similar study at the University of Minnesota. The results of that study manifested there with that at Chicago he states: "The Chicago faculty is significantly less favorable toward intercollegiate athletics than is that of the University of Minnesota."

## SUMMER SCHOOL PUBLICITY

Advertisements of university summer sessions have been printed on automobile stickers and on the backs of the regular university correspondence envelopes, under the direction of the publicity department.

L. W. St. John, athletic director of Ohio State University, says that a proposed act of Congress placing a 10 per cent tax upon tickets to all sport events would bring about further curtailment of athletics at that institution.

## The smoke you like... is the smoke she likes for you!

"I like to see a man smoke a pipe!" You've heard your own girl say it, perhaps. You're sure to hear it wherever girls get together.

They puff away at our cigarettes. But they like to see us with a gun at the "strong silent man's" smoke—a companionable, time-proven pipe.

There is something satisfying about a pipe. It's a slow, reflective, hard-thinking smoke—or a calm, relaxing, restful smoke. The hunter's smoke, the fisherman's smoke, the engineer's smoke—a man's smoke, through and through.

And pipe smokers who know their fine tobaccos tell you there's no blend quite like the fine selected burleys of Edgeworth—the favorite tobacco in 42 out of 50 leading colleges.

Darryl Edgeworth. Perhaps you will like it as well as most men seem to. Edgeworth is at your dealer's. Or send for free sample if you wish. Address: Edgeworth & Co., 105 S. 22d Street, Richmond, Va.

## EDGEWORTH SMOKING TOBACCO
