150 MAY ATTEND  
ANNUAL STATE  
EDUCATOR MEET

All Institutions of Higher Education Will Be Represented in Conference

GROUP TO CONVENE  
10 A. M. TOMORROW  
Members of University Staff Urged to Attend; To Be Held in McVey Hall

Approximately 150 representatives from 15 institutions of the state are expected to attend the 28th annual meeting of the Association of Kentucky Colleges and Universities to be held Saturday, January 14, in McVey Hall.

The following is an extract from a letter sent to members of the University staff by President McVey:

"A good program has been arranged. You will enjoy it and the fellowship of the colleagues of other colleges of the state. I hope that you will make some personal sacrifice, if necessary, to attend these meetings."

The program, according to a bulletin issued by the association, will be an all-day affair commencing at 10 o'clock in Room 111. At that time the exercises will be opened with an invocation and a reading of the minutes of the last annual convention, Pres. H. E. Waters, president of the association, will then give an address, followed by discussion and several talks by James H. Richmond, superintendent of public instruction; Dean Paul H. Farrier of Kentucky Wesleyan; a discussion, including the morning session, will be held after Dr. Farrier's speech.

A meeting of the Kentucky Association of Registrars will be held during the noon recess, Dean Maurice P. Seay, Union College, president. Those presenting talks include M. E. Matton, registrar at Eastern Kentucky State Teachers' College, and Mary Page Milton and Ezra L. Tullis, holders of similar positions at Morehead Teachers' College, and the University, respectively.

Y. W. C. A. Conducts  
Bi-Monthly Meeting

Dr. Esther Cole and Dean Sarah G. Blanding were the principal speakers at the bi-monthly joint meeting of the Y. W. C. A. advisory board and senior cabinet at 4:15 p. m., Wednesday, at Maxwell place.

Dr. Cole discussed the business situation and world peace; Miss Blanding gave an interesting report on the recent meeting of the National Student council of the Y. W. C. A.

Kampus  
Kernels

Men's Student council will meet 4 p. m. Monday in the Administration building. All members requested to be present.

Omicron Delta Kappa will hold a meeting at 5 p. m., Monday, January 16, in White Hall. All members are urged to be present.

The French club will hold its next meeting Wednesday, January 18, in the recreation room of Patterson Hall. After the meeting, French games will be played. All French students are cordially invited to attend.

The meeting of Omega Beta Phi, which was to have been held Sunday, January 16, has been postponed until Monday, January 16.

Kernel Editors  
Announce New  
Copy Deadline

Economy Program, Copyreader's Complaints Make Changes Necessary

A new deadline schedule has been arranged for the Kernel and will be put in effect once. The changes that have been made are the result of an economy program necessitated by lack of advertising and of many complaints from both press room and news room to the effect that copy is not handed in to the desk on time to justify its printing.

All copy must be ready for printing by 6 p. m. on the day that the paper goes to press. This means that copy must be in the office by 5 p. m. Monday for the Tuesday edition, and so on.

Columns, of the feature type, are to be handed in before 2 p. m. Wednesday for the Friday edition and before noon Saturday for the Tuesday edition.

The program, according to a bulletin issued by the association, will be an all-day affair commencing at 10 o'clock in Room 111. At that time the exercises will be opened with an invocation and a reading of the minutes of the last annual convention, Pres. H. E. Waters, president of the association, will then give an address, followed by discussion and several talks by James H. Richmond, superintendent of public instruction; Dean Paul H. Farrier of Kentucky Wesleyan; a discussion, including the morning session, will be held after Dr. Farrier's speech.

**AN APPRECIATION**

The orderly manner in which the crowd was handled at the South Carolina-Kentucky basketball game Tuesday night is certainly worthy of commendation. It is a credit to those persons responsible for the excellent way in which the large number of spectators were comfortably seated. It was in decided contrast to the handling of the mass that entered the contest between Kentucky and Ohio State.

Iron railings were erected leading up to the gymnasium doors. The arrangement afforded an easy and safe entrance into the building. The east entrance to the building, opened for the first time at this game, facilitated the filling of the stands. The wooden barriers, built around the seats, dividing off the various sections of the gymnasium, added to the comfort of seated fans.

As far as could be learned, no person was found smoking during the contest. City firemen were stationed within the structure through the courtesy of the City department of the University, the Lexington Fire department and saw that this rule was not violated. The players and the coaches as well as the spectators benefited by this as the haze created by a number of smokers is most uncomfortable to players and spectators alike. No disorder resulted and a general order pervaded the entire contest.

The Kernel, on behalf of the student body, wishes to thank the Lexington City Manager, the Police and the Fire departments and the University authorities whose cooperation Tuesday night resulted in preserving order at the game. The spirit manifest in the cooperation of the Lexington Fire department and saw that this rule was not violated. The players and the coaches as well as the spectators benefited by this as the haze created by a number of smokers is most uncomfortable to players and spectators alike. No disorder resulted and a general order pervaded the entire contest.

**MUSIC AT THE UNIVERSITY**

Through the efforts of the music department of the University, which within last few years has developed every phase of music activity, there has been made possible a statewide movement for the appreciation of higher types of music.

For music lovers at the University and in the City of Lexington a number of programs have been arranged. Opportunity to hear a vesper service every Sunday afternoon is given to all who are interested. The direction of these programs represent another phase of the music activities. Twilight concerts by the University band and programs by the girl's band afford two other means of coming in to direct contact with music masterpieces. Opportunity to hear good music is not only extended to University

students; through the facilities of the University Extension Studio of WIAS, musical programs are sent to all sections of the State. Heretofore is proof enough that the appreciation of music, as a fine art, is increasing yearly.

Heads of the music department has realized that appreciation of music has its roots in adolescent impressions. Therefore, each year a Kentucky high school orchestra and band contest is sponsored at the University in order to create in the youth of the State a greater interest in music.

University artists have co-operated willingly with the music department in giving programs either broadcast or presented from the stage of Memorial Hall. Campus organizations have contributed by holding sings or sponsoring music contests.

In short, the University has become a musical institution. The alert student is the one who has recognized the importance of music to his spiritual and mental well-being. He is eager to take advantage of the opportunities afforded him. He is aware of the fact that one need not be a musician to enjoy music. He is an ardent supporter of the movement for greater music appreciation.

**EDUCATORS' CONVENTION**

The University welcomes to its campus, Saturday, representatives of the various educational institutions of the Commonwealth who will convene for the twenty-eighth annual meeting of the Association of Kentucky Colleges and Universities. The student body is happy to proffer its hospitality to these visitors and wishes them a successful convention.

Only one day is set aside by the association on which the representatives must dispose of the work at hand. The all-day session, according to the program released, will be typical of those held in the past. Educational talks, dissertations, and discourses are to be heard. Many of the State's most distinguished men of letters are scheduled to lead the convention in open discussions concerning the various topics presented to the representative.

Every educational institution of college rank will have representation at the convention. Many of the junior colleges, too, will have delegates present. All will unite in the most earnest consideration of problems and suggestions that are relative to the schooling systems employed in the Commonwealth.

**GRADUATE'S DINNER**

In line with its many other commendable undertakings the Alumni association this year is sponsoring the annual dinner being given in honor of the mid-year graduating class. To assure the undertaking of success, officers of the association as well as all University staff members attend.

The graduating class dinner affair is a present example of the good will which its alumni constantly display for the University. It would seem that persons no longer matriculated at an educational institution would lose interest in their school, that their loyalty toward their Alma Mater would become dimmed and less brilliant through the wear of years. Such a condition would be almost unbearable because of the outside interests that inevitably occupy an alumnus' time. But the condition does not exist. Alumni activity gives life to the institution. University graduates remain steadfast in their loyalty toward the institution.

As a result of the nature of its sponsorship, graduating students attending the Alumni dinner doubtless will be imbued with this fine spirit toward their University which among alumni has become tradition. On behalf of the student body, the mid-year graduates, and the University, The Kernel wishes to thank the Alumni association for its undying interest in student affairs.

**INCOGNISITY**

And now, at one, The clock ticks slow,  
 And from the lamp A steady glow  
 Spreads round its mood,  
 And stealthily, As this one's foot-sound fade  
 Along the snow-bright path,  
 The smoke has made  
 A cloud of its own  
 Of your there—  
 Your face smiles out at me,  
 Drifts up  
 And, in its place,  
 A mood,  
 And from the lamp  
 As the smoke As the lamp  
 And warm  
 As the last embers  
 On the hearth,  
 Works quietly  
 A charm,  
 The most men and women  
 One love and me,  
 Silently curtaining out  
 INCOGNISITY.

**NOTES AND ANTI-DOTES**

Most popular girl on the campus during the past few days should be Columbia Smith. The lady operates the mimeograph machine at the stenographic bureau. A mimeograph may be merely a mimeograph most of the time, according to professional preparation examination papers, Columbia knows her mimeographs.

Among the more delightful communications fluttering from the stenographic desks, is the following:

Dear Editor:  
 Did you know that there is more than ONE Delataze? Have you met the one with the dreamy eyes? Do they call her and do they talk? Her eyes say more than her lips. Ask the Alphas sign; they call her "Dreamy Eyes." And I'm saying if you haven't met her, your education is incomplete. Try it sometime!

Proselytizing to the blue cap won't be bothered much longer. Student Council resolution, deeming the pot as official headgear for students, specified that the wearing of the blue was required only during the first semester.

Sports editor Ralph Johnson was born to be a news hound. Most everyone has heard the discriminatory classification of news values which specifies that a dog biting a dog is news, when Johnson still pursuing childish pleasures and calling for safety plans that years old, a gangling canine bit him. But, why go on?

Maestro Sulzer provided edes and etics a decided innovation at the recent concert. He really has set a precedent in the world of music. Instead of flaunting his baton, the worthy director, seated among his piccolo protégées, tucked his chin and the band was directed by an advanced student.

Other stars are: Lill Dammis, Glenda Farrell, and Claire Dodd in supporting cast.

Cost Statistics  
 Ten cents per day paid by every person of voting age in the United States would pay the entire bill for public education. Cost per year for each child is: elementary, current average \$75; high school, \$140; college and university, \$500.

Costs per school day per child in public education are: high school, 50 cents; in high school, 80.9 cents. Costs per hour per child in public education are: high school, 16 cents.

Paintings Are Sent Into Two Houses  
 Phi Tau and Triangle Get Pictures; Formal Application Is Necessary  
 All fraternities and societies desirous of obtaining one of the pictures regularly given by the art center for the purpose of house decoration must submit a formal written application to Prof. Edward E. Rannels, head of the Art department of the University. This year only two were awarded due to the fact that only two organizations formally applied. Those receiving pictures were Phi Kappa Tau and Triangle. Since there is only a limited number of pictures in the collection, an early application is urged to insure receiving the one desired.

The pictures are given on a basis of the number of pictures desired and are allowed to be kept for one semester. The purpose of the pictures is to furnish attractive houses and to create an interest in art among non-participating organizations. The movement has been very successful so far and the result is that the appearance of living quarters has been greatly enhanced by the color and decorative effects of the pictures. Professor Rannels is justly pleased with the success of the program.

North Carolinians Oppose Mergence Of Three Colleges  
 The merging of three North Carolina state schools is meeting with legislative opposition, according to reports received by the University of North Carolina. According to reports received by the University of North Carolina, the legislature has passed a bill which would merge the University of North Carolina, the College of North Carolina, and the State College of North Carolina. This merger is opposed by many North Carolinians, who feel that the three schools should remain separate and independent.

Prof. Lawrence, College of Commerce, has been requested to make a report on the State Survey of Commercial Education in Kentucky. **FAMILIAR FACES**

"Why can't you ride your hobbyhorse without desiring to place me on a pillion behind you, Mr. Dangle," said when he was led to see an Italian troupe with a French interpreter. And Mrs. Dangle exists to do her best by them, curious that she won't be able to do anything at all with them.

**Conduct of Co-ed Causes Criticism**

The University of Missouri has started something, and two girls' schools in Colorado have had little to say in following their lead. In an attempt to curb party activities all three schools have set up stringent rules governing conduct of women students attending there.

Virtually every second of the day's program is covered in the regulations, which have a decided Victorian flavor, and were made with the avowed intention of stopping current v. m. o. s. regarding "wild parties" in college life.

A sample of these laws is presented for the enlightenment of those who attend colleges where liberty still survives. "Girls are not permitted to talk more than three minutes to young men on the street, in stores or in public places."

"No girl is allowed to go to the telegraph office, to any doctor's or dentist's office, to any flat, or to any office building without a college chaperone."

"If a girl wishes to take a taxi, she must have the permission of the dean of women."

"No girl is allowed to take bath before 6 o'clock in the morning."

Group Changes Qualifications  
 Prof. H. H. Downing Recommends that Sukey Treasurer be a Male Student of the University

Upon the recommendation of Prof. Downing, the treasurer of Sukey's circle will be a male student of the University. In addition to serving as treasurer of the pep group, Mr. Downing also acted as chairman of the concession committee and will handle all monies taken in by the pep group at dances and other functions sponsored by the society. It was also decided at a meeting of the circle Tuesday to pay the treasurer for his services.

In order to keep control of the group divided equally between the co-ed and men students, the position of vice-president of the circle will be occupied by a co-ed. In the past, this position was occupied by a man. Election of officers will take place next Tuesday and these positions will be filled under the new constitution by Sukey's officials.

The annual football banquet which was postponed due to crowded conditions of the social calendar will be held during the second semester. In addition to having the banquet, the pep group will show proper ability, will be promoted to the varsity squad.

Stules and Grads Form Alumni Club  
 Graduates and former students of the University met at 8 p.m. Tuesday, January 9, at the Paducah Junior college, for the purpose of forming an alumni club of the University. Bob Minton, former student of the University, was influential in organizing the club. This first meeting was attended by 40 graduates. It was decided the club should be named "Paducah University of Kentucky club." The business transacted at this meeting was the election of officers who will serve for the ensuing year. They are: Curtis Sanders, 25, president; Cliff McQueen, 21, vice-president; Mary Watson, 23, secretary; Mrs. E. J. F. Trickett, 31, treasurer. Miss Trickett was appointed to act as permanent chairman of the social committee.

WASH YOUR WINDOW, LADY?  
 One way of solving the financial situation of college students has just been found by the "Colorado Teachers' College," even if the solution is making window washers out of some of the boys.

Through the co-operation of the Greeley merchants, the secretary of the dean of men has created a demand for student window washers. All boys who were interested in this proposition merely applied at the dean's office and were told where to find the pail and sponge and on what to start to work. What next!

WHITE MATH CLUB MEETS  
 The regular meeting of the White Mathematics club was held at 4 p.m. Tuesday, January 9, in Room 109 McVey Hall. Miss Virginia Edwards, secretary of the club, spoke on "Mathematical Puzzles." At Miss Edwards' discussion, she gave the theory behind math puzzles and also presented a number of samples which her audience could easily understand.

**PHIHARMONIC BAND WILL PLAY**

Program Will Be Presented by Orchestra on January 22 in Memorial Hall; Selections To Be Translated

The University Philharmonic orchestra, under the direction of Prof. Carl Lampert, will present a program of outstanding classical selections January 22 in Memorial Hall. The program will include such compositions as "March Slave," by Tchaikovsky; "Dance Macabre" (Dance of the Skeletons), by Saint-Saens; and "Les Preudes," the famous tone poem of Liszt. "The Paraphrase on the Melody in F" by Rubenstein, may also be included.

Printed programs for this concert will be given to the audience. These programs will bear translations of each selection so that the music may be understood and enjoyed by all of the listeners. Such titles as "Dance Macabre" and others program will have little meaning to the public, according to Professor Lampert, and it is with this thought in mind that the compositions will be printed in English.

The following day, January 23, the orchestra will broadcast a similar program from the University studios of WHAS.

Several invitations have been received by the orchestra to give concerts in various towns in Kentucky. These invitations have been graciously declined by the orchestra in the near future. Other concerts will be presented at the University during the ensuing semester.

Quake Fails To Stop Performance  
 It is traditional that "the show must go on," regardless of conditions. This was proved by the members of their productions the night an earthquake rocked the city. The tradition in true trouper style.

Although frightened, the amateur orchestra continued to speak their lines, as chancellors in the auditorium ceiling swayed. The music was not interrupted to crash down on them.

Their courage was credited with preventing a small panic among the audience.

Tulane Scrubs To Receive New Name  
 Tulane students have been requested to partake in a contest to submit the name for the football reserve team next year.

This organization will be composed of those who wish to play football whether they are eligible for varsity competition or not, and will be headed by the following officers: Tech Grey Devils and the Southern California Spartans. The contest will be held on Wednesday, January 11, at 8 p.m. in the freshmen team since ineligibility bars further competition. However, if they are found to be ineligible, will be promoted to the varsity squad.

Stules and Grads Form Alumni Club  
 Graduates and former students of the University met at 8 p.m. Tuesday, January 9, at the Paducah Junior college, for the purpose of forming an alumni club of the University. Bob Minton, former student of the University, was influential in organizing the club.

WASH YOUR WINDOW, LADY?  
 One way of solving the financial situation of college students has just been found by the "Colorado Teachers' College," even if the solution is making window washers out of some of the boys.

Through the co-operation of the Greeley merchants, the secretary of the dean of men has created a demand for student window washers. All boys who were interested in this proposition merely applied at the dean's office and were told where to find the pail and sponge and on what to start to work. What next!

**COUNT THE SMILES**  
It matters not how many years  
Of life I chance to see at  
It matters not if every day  
The future holds for me—  
It matters not, if every day  
I find some task to do  
That sons of hearts of happiness  
Whose pain or headache grew.

We should not measure life alone  
By checking of the miles,  
But while we live our life,  
Let's count the friendly smiles  
That mark our path, and let us so  
Consider and kind,  
That love will shed its radiance  
On those who leave behind.  
—O. LAWRENCE HATHORNE.

There were about 30 members present at the meeting, which was presided over by Ollie Price.

**Gold Prospector Discovers Cave**  
Dr. C. McFarland, state geologist, recently received a letter from Mr. H. B. Perkins who states that he has recently discovered a cave which will be a wonder of the world.  
The cave was discovered on December 24, 1931. Mr. Perkins claims that the cave contains the deposit of blue ink which the Indians used to tip their arrows. This is present in large quantities. Mr. Perkins has named the cave "Eureka" and states in his letter, "Eureka cave will be given a write-up in history and I have given the University of Kentucky the opportunity to back the Eureka cave in its discoveries and historical development. There is nothing like it in the world; it is incomparable." He also states that he will open the cave early next spring for the benefit of the tourists.

**Interfrat Buyers Purchase New Delivery Truck**  
A delivery truck recently was purchased by the Interfraternity Co-operative Purchasing company in order to care for the increasing business of the group. This was announced by Larry Crump, purchasing agent for the organization. According to Crump the agency is working in smooth fashion. Seventeen fraternal organizations are members of the group, which was organized at the beginning of the semester. The Interfraternity Co-operative Purchasing company is a non-profit organization which is organized to care for the needs of the fraternities participating. The acquisition of the new truck will assist in making deliveries in the least possible time.

**Organizations May Buy Picture Panels**  
Pictures of social and honorary organizations which were mounted on panels for use in making plates for the 1933 Kentuckian are now available at the Kentuckian business office, according to an announcement by John Ewing, business manager.  
The pictures are mounted around the crest of social organizations and around the key or pip of honoraries. According to Ewing, the pictures have been mounted on carefully selected panels. The art work for the panels was done by William Nease, co-art editor of the annual.  
Students interested in obtaining pictures of their organization are requested to call at the business office on Tuesday and Thursday afternoons between 3:30 and 4:30 o'clock.

**Colorado Mines Wants New Coach**  
Students at the Colorado School of Mines recently signed a petition asking the athletic council of the school to dismiss the coach and to hire a new staff for the varsity gridgers. A majority of the members of the letter-writing club also added their voices to the clamor for a change.  
Agitation which began before Christmas holidays and which resulted in a petition signed by 250 students, continued unabated following the return of students to college. The coach, George Allen, has been under fire before, and accused about 30 members present at the school will give up coaching if forced to leave his present position.

An Associated Press dispatch from Lexington contains the following information: "January 23 will be a sad day for Dr. W. D. Funkhouser, University of Kentucky roologist, who is touring the world in search of rare bromeliads."

The scientist hasn't found out yet that Kentucky was trounced at football on Thanksgiving day by Tennessee. He left a request that newspaper stories of the game be mailed him at Kuala Lumpur, Federated Malay States.

"I shall come out of the jungle at Kuala Lumpur January 23," he said before leaving Lexington, "and that will be the first news I can get of the Thanksgiving fracas."

Another item of news which will interest the scientist is that the old Southern Conference, of which he was secretary for several years, has split into two groups.

**WILDCATS WHIP S. CAROLINA 44-36**

By GENE LUTES

After returning from a long hard basketball trip the Kentucky Wildcats took time out to take the South Carolina Gamecocks in camp by the score of 44 to 36. The tilt was fast throughout even though the Wildcats were never in danger of defeat.

With Yates getting the tip-off most of the game the Wildcats controlled the ball without any difficulty. After the game was two minutes old Yates tipped one in from under the goal. The Wildcats two points. On the next play Sale fouled Henderson which was made good. Davis and Sale got hot in the first stanza and converted seven field goals between themselves. Davis and Johnson slipped in for one goal each. Davis was fouled by Tompkins and made his free throw. The half ended with Kentucky having a lead of seven points over the Gamecocks.

The second half was started off by Ray fouling Davis who converted the extra point. After the Wildcats had run the score to a good lead Coach Rupp sent his reserve strength in to finish the tussle. The Gamecocks took advantage of the reserves and made seven points while the substitutes were making one.

Henderson, South Carolina center, was fouled by the Wildcats by making seven field goals and four free throws, a total of 11 points for the night. Captain "Aggie" Sale and Darrell Darby shared in the scoring honors for the Wildcats by making 15 and 10 points respectively.

On Monday night, Clemson will come to Lexington to engage in battle with the Wildcats.

The lineup:  
**Kentucky 44 Pos. S. Carolina 36**  
Sale (15) ..... F ..... Ray Darby (10) ..... C ..... Laurin Yates (8) ..... C ..... (18) Henderson Johnson (3) ..... C ..... (8) Tompkins Davis (6) ..... G ..... (2) Evans Substitutions: Kentucky—DeMolay (4), Kreuter (1), Lawrence, and Tucker. South Carolina—Powell (2), Killingsworth (1), Nevengold (5), and Smith.  
Referee: Frank Lane, Cincinnati.

**What Is Technocracy?**

(Continued from Page One)  
suming present hours and employment rules. Certainly something must be done, but do Technocrats and their philosophy provide the best means as a remedy for alleviation, i.e., will a Technocratic social system meet the economic test of satisfying the entire social order for the best interest of all concerned? I doubt it.

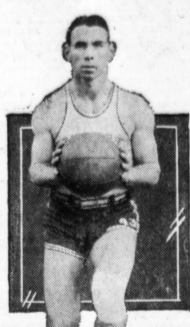

The new Technocratic philosophy says that our price system has broken. This is Marxian philosophy in a new dress. They say we will have to find something to use for money. Kilowatt hours of electricity might do. Under a Technocratic order you could possibly go to the grocery store with 500 kilowatt hours, do your trading and receive in return three street car tickets, and one railroad ticket good for 30 miles, all of which are good for only thirty days. You couldn't possibly board as people have in the United States since 1929, for in 30 days your property will be exactly nothing.

I think some good may come from the technocratic craze since people will get a slight respite from the depression thoughts and many may be brought face to face with this perplexing problem, but if you ask me Technocracy is three-fourths "hokum."

**Band Will Play At Home Games**

With the division of "The Best Band in Dixie" into two separate units, a concert band and a basketball band, comes an announcement that the latter of the two will play at each home game except the last. Under direction of Elmer G. Sulzer, this band featured at Tuesday night's game a Brass Quartet; at the second game, a German band; a Woodwind quintet will entertain the onlookers at the third game; and at the fourth game, and from then on, spectators will hear reproductions or combinations of the first three programs, depending entirely upon how the public receives the proposed offerings.

**Wildcats Leave For Tennessee**

(Continued from Page One)

Captain Sale's defense was much improved and his offense seemed to have more power than that which he has exhibited to local fans here in the practice sessions this week. The varsity has been given a thorough drilling in their passing attack and working the ball in close before shooting and they looked much more polished than they did against the Ohio State Bucks.

Rupp in an attempt to give all the players a chance to make one trip will change the traveling squad for the Tennessee game and will take Jackson in place of Evans. Slettle, who made the long trek to Omaha. The rest of the squad will be unchanged. Southerland, who was to have been played on the trip was cancelled by the Sewanee authorities and the game he played here may also be cancelled.

The following men probably will make the trip: Captain "Aggie" Sale, Darrell Darby, George Yates, John DeMolay, "Dutch" Kreuter, Robert Jackson, Billy Johnson, Tucker, Bill Davis and Dave Lawrence.

**Soloists to Appear On Sunday Vesper**

(Continued from Page One)  
Krake, who for several years was a member of the faculty of Transylvania college, wrote the music for this scene when the play was presented three years ago by members of the faculty and students at Transylvania college. Mrs. Hansen and Mrs. Kemp were the soloists at that time and have often been asked to repeat the performance of this thrillingly beautiful music.

The entire program is as follows:

**BLOCK AND BRIDLE TO MEET**

Henechell Well, graduate of the College of Agriculture, will address members of the Block and Bridle club and visitors at an open meeting which will be held at 7:30 p.m., Tuesday night, January 17, in room 215 of the Agriculture building. All students of the Agricultural College are invited to attend, according to an announcement by Herman Rothwell, president of Block and Bridle.

**Kentuckian Cup Now On Display**

A beautiful loving cup is now on display at Dunn's Drug Store located at the corner of Lime and Maxwell streets, which will be presented to the fraternity or men's dormitory selling the highest number of Kentuckians during the present sales campaign. In addition, individual salesmen will be awarded a 1933 Kentuckian if they sell 10 units before the end of the sales campaign, January 16.

Due to the lack of interest in the selling of Kentuckians it was decided to adopt this policy of encouraging their sale by offering a loving cup to the men's group selling the highest number, and a free Kentuckian to the individual salesmen. At present the standing of the selling is: Alpha Gamma, Rho, 16; Kappa Sigma, 8; Triangle, 7; Pi Kappa Alpha, 6; Alpha Sigma, 5; Phi, 5; Delta Tau Delta, 4; Sigma Nu, 1.

**FRESHMEN WHIP CUMBERLAND 43-8**

Victorious in their first two games, the freshman basketball team with Coaches Campbell and Miller, will travel to Jackson tonight to meet the Lee's College quintet in their third contest.

Paced by "Slip" Jerome and Garland Lewis, the frosh basketballers swamped the Cumberland college varsity team, 43-8, in Williamsburg, Monday night. Jerome accounted for 15 points while Lewis garnered 13 markers.

Playing a steady game, the freshmen swept into an early lead and were never behind during the contest. As the score indicates, the Cumberland collegians failed to offer much opposition and the entire men who made the trip, saw action. Every member of the starting lineup scored and Arnold and Helton were the only reserves who failed to tally.

The summary:  
Freshmen (43) Pos. (8) Cumberland Hershfield (4) ..... F ..... (1) Jerome Jerome (15) ..... C ..... (2) Allen Lewis (13) ..... C ..... (4) Binford Edwards (4) ..... G ..... Aylor Anderson (1) ..... G ..... Reeves Substitutes: Freshmen—Taylor (2), Esch (2), Huddleston (2), Arnold, Helton. Cumberland—Jones (1). Referee—Trucker (Cumberland).

**U-High Purple Squad Bow to Frankfort Hi**

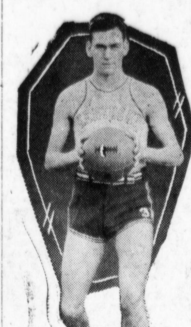

(U-H LIGHTS)

Last Friday night we saw this season's Purple squad make their debut. It's true they lost, but all of University High's supporters are assured that Coach Kemper is going to hand us in a few more weeks one of the best teams that University High has ever produced. That's enough of that—now to get back to the game.

It is 7:30. The teams have not appeared as yet, but here comes the Purple, the first glimpse of them this year. They don't look very big and muscular but they can shoot and they are fast. Let's see, there's Rentz, a newcomer "Petie" started him at guard and he showed that he was well able to fill that position Rector, another newcomer, and also a guard with his fast floorwork and ability to break through the finest defense, has shown that he will hold down his place on the five. Now that Fisher is gone, we find our old friend, Howe Wiedeman, holding down the pivot position, and as we as he did in football at that, and that is pretty good.

We also saw another new face in the Purple uniform, that of D. Kelley, and Dudley showed us that he is made not of rice and spice but of everything nice, but nails and mauls

**Wildcat Captain**

FOREST SALE-FORWARD-CENTER

Forest "Aggie" Sale, giant center and captain of the Kentucky quintet, accounted for 15 of the Wildcats points in the game with South Carolina Tuesday night. The big boy from Lawrenceburg and Cavanaugh high school, and last year's College Humor all-American, when in form spoils catalysis for anybody's ball club.

and puppy dog tails; a tough man, watch him go. Look a little farther and there's old Cecil Hellard, the high point man of the night for the Purple—by the way, one of the big bearings in the Purple wheel, that's Cecil. We miss not seeing Set Longley in the lineup, but you know Set's had a bad knee since the Emminence game. However, while he was out hunting Panthers, although not for long, he did his share. I am going to quit rambling and tell you about the game.

The score was Frankfort 26, University High 19. Neither team could do much scoring in the first quarter and the teams played on even terms throughout the first half. At the start of the 3rd period Frankfort slowly drew away from the Purple, aided greatly by the shooting of Kernan and Hulet. The Purple spurred in the last quarter when Cecil Hellard threw in two hoops and Kelley followed with a basket and two fouls, bringing the score up to 17 to 20. Frankfort

then added three baskets while the Kempermen could get only one. The game became rough in the second half with Frankfort receiving most of the free awards. The Panthers were able to make but four of their 15 penalties good, while University High was making five out of nine.

Two more newcomers, C. Kelley and John Stark, although in the game for only a short time, played very well. U. H. S. (19) F. H. S. (36) Hulet (3) ..... F ..... (4) C. Hillard Purr (4) ..... F ..... (4) D. Kelley Kelley (7) ..... C ..... (2) Wiedeman Kernan (8) ..... G ..... (5) Rentz Portwood (2) ..... G ..... (2) Rector Substitution: U. H. C.—Longley, C. Kelley and Stark. Referee—Hanson, U. K. Umpire—Hanson, U. K.
