

THE GREEN BEAN

UNIVERSITY OF KENTUCKY LIBRARIES' NEWSLETTER

9-7-84

No. 438

CALENDAR

- | | |
|---------------|--|
| Sept. 8 | International Literacy Day |
| Sept. 13 & 14 | Integrated Online Library Systems |
| Sept. 17 | Deadline for Summer Stipends Proposals |
| Sept. 18 | The Incredible Usable Microcomputer |
| Sept. 19 | Southern Ohio Chapter of ASIS Meeting |
| Sept. 20-23 | Annual Meeting of the Oral History Association |
| Sept. 21 | Coal Information Network of Kentucky Fall Meeting |
| Oct. 11-12 | KLA Fall Meeting |
| Oct. 28-30 | Libraries and Microcomputers: A Midwest Institute and Microcomputer Fair |

Next "Green Bean" issue: Friday, September 21, 1984
Deadline for inclusion: Tuesday, September 18, 1984

Production Staff: Cecil Madison, Sandy Hardwick,
Rob Aken (Editor)

INFORUM

Sandee McAninch Appointed to Depository Library Council

Sandee McAninch has been appointed to the Depository Library Council to the Public Printer, a fifteen member group that provides advice and practical assistance to the staff of the Government Printing Office. Sandee's appointment is for three years.

Journalism Reading Room Hours

Please change the Journalism Reading Room's hours for Fridays. It will be open 8:00-4:30 (rather than 8-10).

New Library Associates Publication

A new publication will begin this fall that will feature news and promote activities in King Library and all the branches. The University of Kentucky LIBRARY UPDATE will be a newsletter to supplement the Kentucky Review. The principal circulation for the newsletter will be the Library Associates; however, additional copies will be available for all libraries. We would like to promote special Library programs or displays in an Events Calendar, announce gifts to the Library, and feature interesting activities in the various departments. Please send articles or suggestions for articles to Paula Pope, Special Collections, King Library - North, 0039 or call 257-1466 for more information. The deadline for the first publication is October 15. (Paula Pope)

LS/2000 Update

The OCLC LS/2000 technicians were here August 27-29, checking communications lines and installing operating system software in the Data General MV10000. The software load went well and the system has already generated its own 600 page manual! The next step will be operations training, which will take place September 18-19. Gail Kennedy and Tari Keller will receive the training, along with a few technicians from the Computing Center. The training will be limited to nuts and bolts details of the hardware and the MIIS operating system. It will not include LS/2000 applications.

Some problems were discovered in several of the communications lines and work is underway to correct them as soon as possible. GTE will do the corrections and local Computing Center staff will follow-up with a check.

The OCLC technicians were also concerned about potential interference of LS/2000 terminals by the 3M detection system. Again, efforts are underway to eliminate the interference before the actual system start-up.

Carol Shrova has replaced Hannah Walker as our LS/2000 project manager. (Hannah has been moved full-time to another installation.) Carol and Denise Johnson, also of the LS/2000 staff, will be conducting the operations training later this month.

All electrical wiring is now completed in both the King and Medical Center Libraries. The stage is thus set for terminals to be plugged in at any time. Plug in will not take place, however, until after the database load has begun (now slated for early November) or until we at least have a demonstration database loaded (which could occur somewhat sooner).

Watch for more updates as we progress.

Mike Lach, Gail Kennedy, and Bernie Baldini are attending an LS/2000 Users Group meeting in Dublin on September 10 and 11 -- report in the next "Green Bean."

Dr. George K. Brady Memorial

A memorial service was held Thursday, September 6 in the King North Gallery for Dr. George K. Brady, who passed away in August. Dr. Brady was a professor in the University of Kentucky English Department from 1925-1960. Among his many interests (including stamp collecting, acting, and printing) were Japanese folklore and haiku. His private collection has been donated to the UK Libraries, and the English Department has established a book fund in his name to develop these areas further.

THE UK LIBRARY SYSTEM

The following is another in a series of descriptive articles concerning various aspects of the UK Library system.

Biological Sciences Library

The beginnings of a future Biological Sciences Library existed in 1935 with the "S" Library for the Department of Geology, Anatomy, Physiology, and Zoology. During 1935-36 there was a total attendance of 4,455 with a circulation of 2,252. Even then there was need for room for physical expansion. In 1938-39 the library provided monies for new shelving and furniture for a small working collection in the Bacteriology Department when it moved into its new quarters in the Biological Sciences Building (later known as the Funkhouser Building). At this time there also existed a separate Geology-Zoology Library. In 1940 the 700 volumes in the Bacteriology Department were inaccessible to the general public; that same year the Zoology Department moved to the B.S. Building with a collection of 1,650 volumes. As a result, Miss Margaret I. King, the University Librarian, strongly recommended in her annual report that the Zoology and Bacteriology collections be combined with trained supervision and adequate hours of service. By the year 1949 so many journals were being absorbed by the Biological Sciences Library that Miss

King suggested integrating the collection with the Experiment Station Library in order to avoid duplicating services and bring like materials together.

During 1974-75 the Biological Sciences Library moved from the Funkhouser Building to the Thoms Hunt Morgan Building. As of June 30, 1984, our total holdings were 37,161 volumes with 443 journals being received currently. Our collection has expanded beyond the fields of Botany, Zoology, and Bacteriology to include collections in Comparative Neurobiology, Ecology, Embryology, Entomology, Evolution, External Morphology, General Radiation Biology, Genetics, Histology, Microbiology, Aquatic Sciences, Virology, Parasitology, Cell Biology, Metabolism of Microorganisms, Physiology, and Vertebrate Natural History. A separate textbook collection of out of print books in the Biological Sciences is housed in the library. Our collection serves the entire University community. Through the Interlibrary Loan procedure 119 books and 382 transactions were processed for other universities and companies during the past year. (Mildred Moore)

MEETINGS, WORKSHOPS, CONFERENCES

Coal Information Network of Kentucky

The Coal Information Network of Kentucky (CINK) will hold its annual fall meeting on Friday, September 21, 1984 in Frankfort, Kentucky at the Kentucky Department for Libraries and Archives Building on Coffee Tree Road.

The program is entitled "The Three Facets of Coal Information: Who, What, and Where." Registration is 8:30 a.m. - 10:00 a.m., business meeting 10:00 a.m. - 11:30 a.m. The luncheon speaker is Bill Caylor, Vice President, Legal Council, Kentucky Coal Association.

A panel presentation with speakers from state agencies and librarians of major coal collections in the state will convene at 2:00 p.m. The panel will be moderated by Miss Faye Belcher, President of CINK. The program was planned by Vice President Judy Burdine. See Rob Aken for registration forms. (Vivian Hall)

Kentucky Library Association Fall Meeting

The Fall KLA Conference, "Reaching for Lifelong Learning," will be held October 11 and 12 at the Galt House in Louisville.

Preconference programs (October 10) include "Machine Readable Data Files Formatting," "Shape Up! Fitness for Libraries," "Humanizing the Library Workplace," and "Fund Raising - It Takes a Team!" Register by October 2.

The conference will be divided into the various special section, roundtable, association, and group meetings. Larry Greenwood and Edwin S. Gleaves will speak to the Academic Library Section about "Conducting Library Research" on October 11. Karlheinz Boewe will chair the Special Library Section meetings on October 12.

Fees vary. For more information, see Rob Aken or contact Ilona Franck, Jefferson Community College, Southwest Campus, 1000 Community College Drive, Louisville, KY 40272.

Libraries and the Microcomputer:

A Midwest Institute and Microcomputer Fair

The second annual Libraries and the Microcomputer: A Midwest Institute and Microcomputer Fair will be held October 28-30 at the Chancellor Hotel and Convention Center in Champaign, Illinois. Speakers include Bob Walton (Automation Consultant, Texas State Library), Mark Bendig (Office of Research, OCLC), and Ken Thomas (Marketing and User Services Division, OCLC).

Pre- and post-session tutorials are also available, including "An Introduction to Microcomputer Management of Information Files."

Fees vary. For details, see Rob Aken.

PROFESSIONAL OPPORTUNITIES

(For more information, see the Director's Office.)

Alabama

Head of Reference, University of South Alabama. Salary: \$20,000 minimum. Deadline: September 30.

Arizona

Associate Director for Public Services, Arizona State University. Salary: \$40,000 minimum. Deadline: October 29.

Middle Eastern and South Asian Languages Cataloger, University of Arizona. Salary: \$16,500 minimum. Deadline: November 30.

California

Reference Librarian/Social Sciences Bibliographer, University of California, San Diego. Salary: \$20,316-\$35,748. Deadline: October 15.

Special Collections Librarian, University of California, San Diego. Salary: \$20,316-\$35,748. Deadline: October 15.

Catalog Department Head, University of California, San Diego. Salary: \$24,828-\$46,260. Deadline: October 15.

Connecticut

Reference Librarian (2 positions), Yale University. Salary: \$19,500 minimum. Deadline: September 20.

Florida

Head of Monographic Cataloging/Assistant Head of Cataloging, Florida State University. Salary: \$16,870 minimum. Deadline: September 30.

Illinois

Extended Campus Services Librarian, Northwestern University. Salary: \$20,000-\$22,000. Deadline: November 15.

Conservation Officer, Northwestern University. Salary: \$20,000-\$25,000. Deadline: November 30.

Indiana

Cataloger, University of Notre Dame. Salary: \$15,500 minimum. Deadline: December 1.

Kentucky

Cataloger, U.S. Newspaper Program, University of Kentucky. Salary: \$15,000. Deadline: November 1.

Cataloger, Eastern Kentucky State University. Salary: not specified. Deadline: October 30.

Minnesota

Social Sciences Bibliographer, University of Minnesota. Salary: \$20,000 minimum. Deadline: October 30.

New York

Public Services Librarian (2 positions), Cornell University. Salary: not specified. Deadline: October 8.

North Carolina

Music Librarian, University of North Carolina at Chapel Hill. Salary: \$19,000 minimum. Deadline: October 1.

Oklahoma

Government Documents Reference Librarian, University of Oklahoma. Salary: \$16,000. Deadline: October 8.

Pennsylvania

Life Sciences Reference Librarian. Pennsylvania State University. Salary: \$18,000 minimum. Deadline: October 15.

South Carolina

Reference Librarian, Winthrop College. Salary: \$16,500 minimum. Deadline: not specified.

UK LIBRARY SYSTEM OPPORTUNITIES
(If interested, contact Ann Howell.)

Library Technician III, grade 5, Agriculture Library.
