

Com. College of Kentucky Feb. 2-1906

The faculty met at the usual time and place those present being the President, Prof. J. G. White, Poyer, Mathews, Miller, Pence, Brooks, Mackenzie and Winford White.

The minutes of the last meeting were read rapdly. Pres. Patterson read a letter from Mr. T. V. Munson of Denison, Texas, making inquiry as to the conditions under which he might receive the degree of Ph.D. from this institution. After an informal discussion of the matter, it was ordered upon motion of Prof. Brooks that a com. be appointed to consider this matter and also the general question of conferring the Ph.D. degree by this college. The president appointed upon this committee Profs. Brooks, Mathews, Miller, Mackenzie and J. G. White.

C.E. degree application for H. H. Magee.

Prof. Brooks read a letter from H. H. Magee, a student of last year's class in C. E., making application to the faculty for a degree in Civil Engineering in June 1906. On motion of C. W. Mathews seconded by Prof. James White, it was ordered that Mr. Magee should be required to do his work for such a degree, in residence.

Pence vs Anderson Teaching of Physics.

The following letter was read by the secretary:

Prof. Mathews,

The following motion was passed by the Board of Trustees at their meeting in December/ 1905.

"After an informal discussion it was moved that all points in the controversy between Professors Pence and Anderson in relation to their respective departments be remanded with a mandate that the Faculty settle it."

Said motion was seconded and having been put upon its passage was carried.

H. C. Strazee  
Sec'y.
