ACADEMIC LIBRARY MANAGEMENT INTERN PROGRAM

The Council on Library Resources is inviting applications from qualified librarians with strong interests and demonstrated ability in managing library operations.

Each intern will spend the 1981-82 academic year (10 months from September to June) working with the director and senior administrative staff of one of the country's large academic libraries selected for its administrative excellence. The individual programs of the interns will vary, the goal will be to expose the intern to the ways a director of a large academic library handles the daily array of long- and short-term problems. In addition, each intern will be expected to undertake research and analysis of a substantive library-related problem in a supervised project.

Each intern will receive an amount equal to basic salary and benefit payments (up to \$24,000) for the ten-month period. Some assistance is also provided for moving and other program-related expenses.

Applicants must be U.S. or Canadian citizens. Most successful applicants come to the program with approximately five years of professional library experience usually including some administrative responsibility. Transcripts of college and graduate school records must be supplied. Finalists will be invited to Washington for personal interviews.

There are application blanks available in the Director's Office. Application deadline: October 12, 1980.

Further information and/or application blanks may be obtained by writing:

ARTS AND CRAFTS EXHIBITION AND SALE FOR UNIVERSITY EMPLOYEES

Do you sew, knit, paint, sculpt, carve wood, cook, can, fly model airplanes, have a collection, or any other hobby that you would like to show to others? Or maybe you would like to sell some of your handiwork.

For further information write to: Summer Programs, 13 Frazee Hall, Campus 00311 or phone 257-2882. Application deadline: July 23.

The Exhibition will be held on the Student Center Patio, Wednesday, July 30, 1980 from 10:00 AM to 3:00 PM. In addition to the Exhibits there will be entertainment on the Patio.

LUNCH HOUR PROGRAM

The next LSO Lunch Hour program will be on Wednesday, June 25th at 11:30 AM in the Staff Lounge in King North. Evelyn Evans will talk about her trip to Germany, Austria, and Switzerland. Evelyn will give her impressions of what she had seen and the highlights of the Oberammergau Passion Play. It should be an interesting talk so mark your calendar on June 25th and plan to be there!

MESSAGE FROM ACTS ORIENTATION COMMITTEE CHAIRMAN

The orientation booklet is complete, but because of budget considerations it will not be sent to Duplicating Services until July 1st. (I indicated at the last ACTS meeting that it would be out sooner.) I'll put another message in the Green Bean when the copies have been printed. At that time at least one copy will be sent to each department in King Library and to each branch library. In addition, any member of ACTS who would like their own copy to review will be able to pick one up from AIDS/Instructional Services, King South.

The most difficult thing to explain is the insight about books, because they are too familiar. Every literate person has lived with books from the age of two. So it sounds a truism to say that books are man's most spectacular spiritual achievement. It is nevertheless true. Man has learned to conquer time through the written word. It explains the accelerated evolution of our civilisation. After all, civilisations evolve through the agency of extraordinary men. Who can doubt that the great milestones in human history were the work of single extraordinary individuals: the discovery of fire, of the wheel, of smelting iron, of living by husbandry rather than hunting? Or the extraordinary individual might be a teacher or a prophet, a Socrates, a Mohammed, a Savonarola. But before the invention of printing, the influence of such an individual was small. The invention of books suddenly meant that the influence of the extraordinary individuals could spread over the whole nation or civilisation. Like radio or television, it was fundamentally a method of broadcasting. Before printing, the master had a few disciples who benefitted from his teaching; now anyone could benefit who was capable of grasping its essence. 'Mute inglorious Miltons' could study under Homer and Virgil. Books represented the release of immense spiritual resources in mankind just as oil derricks represent the release of physical resources in the world.

PICNIC PICNIC PICNIC

The annual LSO picnic will be held on July 11th at Jacobson Park on Richmond Road. We have reserved shelter number 7 for the event and plan to start the festivities at 4:30 PM. and begin serving dinner at 6:00 PM. There will be games for both children and adults beginning at 4:30 PM. and appetizers and soft drinks will be available. So mark your calendars and plan to bring your family to the LSO picnic. It's going to be great fun!

This event is a cooperative venture and success depends on you. The LSO will provide the meat, soft drinks, paper plates, napkins and utensils. We are asking you to bring a dish to feed a minimum of 8 people. In order to defray our expenses there is an additional charge for non-members of LSO (1.00 single or 2.00 family to be paid in advance). SORRY all you beer drinkers, the LSO cannot provide beer. Please return the form below as soon as possible.
