TRAPPIST, KENTUCKY

Aug 16, 1963

Dear Victor:

I was sorry that Carolyn's mother was ill and that you could not come last month. I hope everything is going better now. I have been very busy with visitors the past week or two, mostly semi official things, French Benedictines for whom I had to interpret etc. Now things are calming down again a little, and I can look forward, I hope, to seeing you both again. Two dates occur to me: August 31, and Sept. 14. Sept 7 is also a possibility if it is better for you, but the 14th is much better for me, and on that day I think you will be able to come earlier if you like. But in any case I can meet you about 12. 15 on any of those days. Let me know if they are good. I am just sending back to J. the proofs of a book of verse he is bringing out this fall.

Best wishes to you both. Hoping you are well. All blessings,  
in Christ,

*Tom*
