Sep 13th 1878

The Faculty met in the President's room at 12 No. Present Pres. Patterson, Profs. Peter, Pickett, White, Corandall, Howell, and Shackelford

Messrs C. S. Blahely and N. B. Hayes asked to be excused from the advanced course in Chemistry: Prof. Shackelford moved that their request be granted on special grounds; but that, if possible, they make arrangements to take a part of Dr. Peter's advanced course in Chemistry. Carried. Dr.

Peter voted in the negative. The other members of the Faculty voted in the affirmative.

Prof. Corandall suggested that the special reasons for excusing Messrs Blahely and Hayes be made a part of the record. The reasons were,

that heretofore an advanced course in Chemistry had not been exacted in order to graduation, and that Messrs Hayes and Blahely had returned to college with the expectation of graduating this session, and that the hour fixed for the recitation of the advanced class in Chemistry was the same with that fixed for another recitation required of these gentlemen.

President Patterson from the Committee on Rules and By-Laws reported the following rules for the government of the students which were unanimously adopted.
