### MEETING

Technical Services librarians will meet Wednesday, November 12 at 8:30 in the Tech. Services Conference Room.

### ACQUISITIONS LIST SUSPENDED

The monthly University Libraries Acquisitions list produced in the Cataloging Department has been suspended due to changes in technical processing. We have purchased from OCLC a computer produced listing of all material cataloged on-line by UK each month. Reference also has the open order report generated by BATAB. This report reflects all items currently on order by the library and approval books that have been received.

### TOURS

Larry Greenwood reports that about 1,700 freshmen were given library tours last week and everything went smoothly. During this week about 500 students received instructional tours.

### TRANSFERRING PHONE CALLS

Phone calls from off campus to the library can be transferred to other on-campus offices via a simple procedure. If library staff members use this transfer capability, patrons may be spared calling 2 or 3 different departments themselves.

The procedure to transfer a call is as follows: 1) make sure the caller is off-campus; 2) tell the person you are transferring their call and give him the number (in case the call is disconnected); 3) depress the button briefly and wait for a dial tone; 4) dial the 5 digit UK number and explain that a transferred call is coming in; 6) hang up — your party will automatically be connected with the new number.

### BLUEGRASS POETRY CIRCUIT

David Farrell recently chartered the Bluegrass poetry circuit, a non-profit organization to promote the writing of poetry by students at colleges and universities in central Kentucky. The circuit is sponsored by the Kentucky Arts Commission and is being organized by David, Jim Hall of the English Department, and several other persons in central Kentucky. They are inviting each campus in the region to nominate a student poet. A panel of judges will select three among the nominees to receive cash prizes and to make a spring reading tour of the participating campuses.

tour last week and everything went smoothly. During this week  
about 800 students received instructional tours.

TRANSFERRING PHONE CALLS

Phone calls from off campus to the library can be transferred to  
other on-campus offices via a simple procedure. If library staff  
members use this transfer capability, patrons may be spared calling  
2 or 3 different departments themselves.

The procedure to transfer a call is as follows: 1) make sure the  
caller is off-campus 2) tell the person you are transferring their  
call and give him the number (in case the call is disconnected);  
3) transfer the number directly and wait for a dial tone; 4) dial  
the 5 digit UR number and explain that a transferred call is coming  
in; 5) hang up -- your party will automatically be connected with  
the new number.

LIBRARY POETRY CIRCUIT

David Farwell recently chartered the Blindness Poetry Circuit, a non-  
profit organization to promote the writing of poetry by students at  
colleges and universities in central Kentucky. The circuit is  
sponsored by the Kentucky Arts Commission and is being organized by  
David, the staff of the English Department, and several other persons  
in central Kentucky. They are inviting each campus in the region  
to nominate a student poet. A panel of judges will select three  
among the nominees to receive cash prizes and to make a reading  
reading tour of the participating campuses.
