Dear Bee

I was glad to hear from all of you yesterday, but I never heard of so much sorrow and trouble. Hope and pray Lennie may be better by now.

I am writing this in the Grand Stand, 11 A.M. and all work done till Racing time, so you see I am not over worked, wish you had come along with me and that we had brought the folks with us. There are lots of clerks here and lay offs are quite frequent with Cashiers and Sellers. I was lucky in getting into my old business in the ticket room. I am in my shirt sleeves and this the 20th of December. This is a most beautiful place nothing but flowers flowers everywhere, and such a clean place they don't allow any dirt to get on anywhere. The Club House is a tower of Roses!

Hope you may be able to land a job of some kind if only for expense money. It would help. I will do all I can to help you from here.
