by way of explanation:

the record mentioned is the album "Songs and Ballads" - Eileen Farrell (Angel record) which contains the writer's setting of William Blakes "The Lamb" - doubtless, Father Louis would have gone through the proper channels to secure permission to hear the record or to see the writer -

Dear Cliff.

I was glad to get your letter. Congratulations on the record, it sounds as if it would be wonderful + I would be delighted to hear it. We have a phonograph here - pretty good too. So any time you bring the record I will be able to hear it. How are you? I'm glad the weather is getting a little better now!

Regards - as ever
Fr. Christ
