VOLUME XLIII

LEXINGTON, KENTUCKY, FRIDAY, FEBRUARY 29, 1952

NUMBER 17

Trustees Suggest Assembly Favor Medical School

16 Page Booklet Explains, Defends Stand On Issue

University trustees suggested Monday that the General Assembly go on record in favor of a medical school to be located at UK.

In a 16-page booklet entitled, "More Doctors For Kentucky," it was recommended further that:

1. Funds be made available for drafting preliminary plans for a medical-science building and an accompanying general state hospital for indigent patients.
2. The Legislative Research Commission and UK make a thorough study of all factors involved in the proposal and report back to the 1954 General Assembly.
3. The current General Assembly consider how to pay for another medical school.

Trustees Have No Plan
Commenting on the recommendations, Pres. H. L. Donovan said the trustees have no plan for placing the matter officially before the General Assembly. He said that will be left entirely up to the legislators.

The report by the UK Board of Trustees gave several facts in defense of its position. Among them are:

Kentucky has only one doctor to 1140 people and the ratio steadily is getting worse. The nation as a whole has one doctor to 740 people.

3.1 Graduates Per 100,000
In 1947, Kentucky had 2.1 medical school graduates per 100,000 people. The nation had 4.3 per 100,000.

The seven states bordering Kentucky have 17 medical schools, enrolling an average of 6.6 freshmen per 100,000 population. The University of Louisville, only medical school in the state, enrolls 32 freshmen per 100,000.

A recent survey showed the 17 medical schools in surrounding states admitted only 15 students

from Kentucky during the year. Thus these schools do not intend to carry the burden of education of doctors for Kentucky.

Neighbors Have More Schools
5. The neighboring states have one medical school for each 1,800,000 people. Kentucky's one medical school must meet the needs of about 2,000,000 people.

6. Kentucky is one of only nine states with populations above 1,000,000 which have not established a state-supported medical school. New York and Pennsylvania, two of these states, have a total of 19 privately supported schools.

The booklet in making the recommendations for a medical school emphasized that it must not be built at the expense of other divisions of the University, or at the expense of the state college.

Most Spend Millions
If the state is to have the kind of medical school it needs, it must expect to spend several million dollars for buildings and equipment over the course of the next 10 years, and it must be prepared as well to carry an annual operation cost of at least a half-million dollars when such a school is in operation, the booklet said.

The report added that it will be necessary to think in terms of a medical science building with laboratories, lecture rooms, and other instructional and research facilities; a state hospital of from 300 to 500 beds; several hundred thousand dollars worth of equipment; and a extensive medical library.

The report pointed out the possibility of putting the library, medical science facilities, and the hospital in one building. The federal government can assist in the construction of a hospital and representatives of the Council on Medical Education of the American Medical Association have suggested that as much as two-thirds of the cost of such a hospital might be available from federal funds.

'Tartuffe' Run Opens Monday At Guignol

"Tartuffe," a French satirical comedy by Moliere, will open at 8:30 Monday night at the Guignol Theater. The play will run through Saturday, with no Wednesday performance because of the Community Concert that night.

Wallace Buice, a graduate student in English, will play the title role. Other leads will be taken by Gene Arkie, Orpyn, Betty Stull, Elaine, and Jo Anne Anderson, Dorine.

Buice appeared in "The Chiasm," a one-act play given this fall. Arkie, a senior English major, made his most recent appearances in "The Glass Menagerie" and "Oedipus Rex."

Miss Stull, a senior in Education, had a leading role in the summer show, "The Dover Road." Miss Anderson, Education sophomore, last appeared as the maid in "Twelfth Night."

Other cast members are Jane Hatchford, Madeline Pernelle; Harry Carter, Dennis; Evelyn Dummit, Marjane; David Bere, Valerie; Don Clayton, Genevieve; Bob De Benedictis, Mr. Loyal; Bill Wintersole, Officer; and Anne Hall, Filopote. Mary Jo Bishop and Jim Inman will

also be in the cast as featured dancers.

Plot Is Told
Tartuffe is a hypocritical social climber whose pretended piety and goodness delude Orpyn into signing all his property over to him. Though Orpyn retracts his daughter, Marjane, to marry Tartuffe, the latter makes advances toward Elmire, his patron's pretty wife.

Dorine, a pert maid, tries to patch up the romance of Marjane and her sweetheart, Valerie when they quarrel, and is generally into everything.

Professor Wallace Brigs is directing the play. Mrs. Lolo Robinson is associate director, and Ernest Rhodes is technical director. Sheila Strunk is assistant director. James Reid, stage manager and electrician, and Meg Bailey, assistant technical director. Barbara Francis is assistant electrician.

Work Workers Named
Stage crew members are Jim Holloway, Marshall Annis, Peggy McGill, Joellen McNulty, Dorothy Blackwell, Marilyn Eschley, Carol Bell, Anne Reid, Marylin Remmers, Bob De Benedictis, and Lois Cammack.

(Continued on Page 6)

Study Classes Attended By 71 Students

Six Fraternities Are Represented

Forty-one male students attended the IFC study classes last week, making a total of 71 students in attendance. Paul Holleman, IFC scholarship chairman, told Dr. Lyle Croft, director, personnel, at a formal report Monday.

Holleman said that only four students attended the classes on all four days. Six fraternities were represented in the classes, he said. They were Sigma Chi, Theta Xi, Delta Tau Delta, Sigma Nu, Zeta Beta Tau, and Pi Kappa Alpha. There are 22 fraternities on the campus.

Dr. Croft told Holleman the Personnel Office would give individual help to any pledge or active member just as any other student is given help.

He said it would be possible to give the Kentucky battery test results to a fraternity the first week of school. This would give the fraternity an idea of the chances of a student's meeting the required standing before he was pledged, thereby raising the average of the fraternity. This counseling includes both vocational and academic fields, he said, but does not include discipline.

The study classes were given by the Personnel Office last week and were sponsored by the IFC.

Art Majors Have Exhibit Of Carvings

An exhibition of wood sculpture produced over a period of one year by general art majors at UK is currently on display at the art gallery in the Fine Arts Building and will remain through March 9.

Scheduled as part of a joint exhibition, the carvings will be given a gallery spotlight with a collection of hand-woven Guatemalan textiles, and a collection of wood sculpture produced over a period of one year by general art majors at UK is currently on display at the art gallery in the Fine Arts Building and will remain through March 9.

Scheduled as part of a joint exhibition, the carvings will be given a gallery spotlight with a collection of hand-woven Guatemalan textiles, and a collection of wood sculpture produced over a period of one year by general art majors at UK is currently on display at the art gallery in the Fine Arts Building and will remain through March 9.

The wood carvings, a gallery spokesman said, are not the work of sculpture majors, but a result of projects assigned the Art Department's general majors as part of their overall training.

Wood used for the sculptures was not purchased from the usual commercial sources but was obtained locally, either from the UK campus or nearby farms.

The show includes work by University students from Lexington. They are Don Shindler, Evelyn Green, Hazel Schwartz, Patty Pett, Corona Cray, Roger Williams, James Smith, Joe Medina, Mary Hal Cochran, and John Kupper.

Other Kentucky students whose work is exhibited are Beverly Davis, Michael Thrasher, Neil Miller, Mary Sue Whittier, Mary Halnhuber, Cary Lawson, Mildred Hogan, and Pat Ennis. Out of state students include Dolly Ernst of Cincinnati and Juan Balboa of Mexico City.

Dr. Ennis, out of state students include Dolly Ernst of Cincinnati and Juan Balboa of Mexico City.

Illness Forces Dali To Postpone Talk

Salvador Dali, surrealist painter, will speak on March 17 in a lecture series at the University of Lexington. Dali was unable to do so because of influenza.

Two UK Professors Believe Students Think Bridge Is 'High Brow' Game

By Charles Stinnett
Two UK professors believe college students shy away from bridge because it is a "high-brow" game, and because they prefer a game of luck to one of competitive skill.

Dr. Robert Ryland, head of the Romance Language Department, and Dr. N. B. Allison of the Electrical Engineering Department made these statements this week, while the annual Southeastern Intercollegiate Bridge Tournament is in progress.

Bridge hit its peak at UK immediately following World War II. Dr. Ryland reflected that at that time, several thousand veterans returned to school. They were older, more mature, and accustomed to competitive play, and demanded participation in the intercollegiate bridge tournament.

In 1948, UK entered the Southeastern Association of Intercollegiate Bridge Players. Dr. Ryland was di-

THIS GROUP of students with advisors are planning UK's First Annual Courtship and Marriage Conference to take place March 11, 12, and 13. The purpose of the Conference is to offer interested students information which will better prepare them to meet marital obligations. Seated left to right: Dr. James Gladden, Marilyn Kilgus, Bosworth Todd, Dr. Harold Denn, Sarah B. Holmes, and Mary Fardoe. Standing in the same order: Reed Holland, Jim Coyle, Betty Carol Pace, Joe Lee, and George Credle. The Conference is sponsored by Mortar Board, Lamp and Cross, and Omicron Delta Kappa, senior leadership societies.

Two Committee Reports Form Highlights Of SGA Meeting

President Bob Smith said last week the Judiciary Committee could use its own discretion as to whether or not it would hear an appeal.

Cartier explained that his motion would empower the committee to handle any problems that arose concerning Sisk, the card section, and student seating at basketball and football games.

Smith Sits On Committee
President Smith told the assembly members that he, as president of SGA, has a seat on the University Athletic Committee, which now handles all student athletic problems. He said the Athletic Committee would gladly hand over its duties to the SGA committee.

Smith said final action on the establishment of the Athletic Committee will be taken at next week's meeting.

Noting the large number of meetings at the beginning of the month, he reminded the members present of SGA's absence rules. He said three unexcused absences require an assembly member to forfeit his seat.

SGA Will Take I-D Cards
Although Bernie Shively, UK athletic director, now handles I-D cards, the SGA committee will take over that function as soon as it is able to set up regular hours for meeting. Students who have lost their I-D cards may appear before the SGA committee. Students who are turned down by this committee may appeal in writing to SGA's Judiciary Committee.

Language Exams To Start March 12

The College of Arts and Sciences will offer foreign language proficiency exams in Spanish, Wednesday, March 12; French, Thursday, March 13; German, Friday, March 14; and Ancient Languages, Friday, March 14.

Students planning to take one of the examinations may sign up in Dean M. M. White's office in McVey Hall at least one week before the scheduled examination date.

'Stars In The Night' Plans Being Made

The Woman's Administrative Council has started planning for the "Stars in the Night" program held in April. President Ann Carson appointed the committee chairman and members this week.

The program and decorum committee will be headed by Marilyn Kilgus and Betty Russell, organization committee by Betty Carol Pace, printed program committee by Barbara Wayman, publicity by Kim Sanford, and invitations by Mary Pardu.

This council is composed of all the presidents of women's campus organizations. Miss Bruce Cruise is the administrative advisor.

Two UK Professors Believe Students Think Bridge Is 'High Brow' Game

Dr. Ryland sees a correlation of some degree between bridge players and majors in physics and mathematics. Due to the analytical type of mind required of most good players, Dr. Allison, present director of the UK bridge tournament, has also noticed a decrease in bridge interest at the SUB. Two or three years ago, he said, one could walk into the card room and find six or eight bridge players at any hour of the afternoon. Now three players have trouble finding a suitable partner.

Faculty Played
Dr. Allison recalls that, in 1925, several faculty members often played bridge at the Faculty Club on the third floor of McVey Hall. The program and decorum committee will be headed by Marilyn Kilgus and Betty Russell, organization committee by Betty Carol Pace, printed program committee by Barbara Wayman, publicity by Kim Sanford, and invitations by Mary Pardu.

This council is composed of all the presidents of women's campus organizations. Miss Bruce Cruise is the administrative advisor.

Oscar Levant Will Replace Drama Quartet

Dr. McIntyre Announces Cancellation At Concert

Pianist Oscar Levant will appear on the Community Concert series at 8:45 p.m. Wednesday in the Coliseum.

Oscar replaces the First Drama Quartet, originally scheduled to appear here last fall. Dr. R. D. McIntyre announced Monday night that the engagement had been cancelled.

Blood Mobile Will Be Here Next Month

Arrangements have been made for a Red Cross Mobile Unit to be on campus next month to enable students and faculty members to make blood donations. The project is being sponsored by the Interfraternity Council, working in cooperation with the local chapter of the American Red Cross.

The Interfraternity Council is seeking a minimum of 360 volunteers for a two-day program scheduled for March 24-25. Tentative hours for making donations have been set for 11 a.m. to 5 p.m. March 24, and 10 a.m. to 4 p.m. March 25.

The project is strictly in the interest of national defense. IFC officials said. From the donations made on campus some whole blood will be sent to Korea and the remainder to the American Red Cross. This region, which includes Southwestern Indiana and most of Kentucky, has a quota for the 1951-52 year of 29,000 pints of blood.

Pledges will be taken March 12 from 9:30 a.m. to 10:30 a.m. and from 18 to 21 may pledge donations on March 13. Pledges will be taken by student representatives at tables in various buildings.

Each appointment will be confirmed by mail or by telephone between March 14 and March 23.

Church Groups Will Sponsor Lenten Teas

The annual series of Lenten teas sponsored this year by the Canterbury Association, Episcopal college club, and the Wesley Foundation, Methodist student organization, will be held at the new Episcopal-Methodist center at 561 S. Limestone Street.

The teas, arranged especially for the convenience of the students and faculty of the University, will begin at 4 p.m. each Wednesday during Lent. All students, faculty members, and staff members may attend.

The series will include a Lenten tea with the Rev. Daniel A. Poling, Baptist church of Lexington, and editor of the Christian Herald, as guest speaker.

Other speakers include the Rev. Peyton B. Williams, rector of Christ Episcopal Church, Nashville, Tenn. March 12; the Rev. Carter H. Harrison, rector of St. John's Church, Hampton, Va., and an authority on international relations and conditions in Western Europe, March 19; the Rt. Rev. William R. Moody, bishop of the Diocese of Lexington, March 26; the Rev. Gardner M. Day, rector of Christ Church, Cambridge, Mass., April 2; and the Rt. Rev. George K. Linton, bishop of Huron-Canada.

UK To Have Conference On Marriage

UK's First Annual Courtship and Marriage Conference is planned for February 11, 12, and 13. The Conference is sponsored by Mortar Board, Lamp and Cross, and ODK.

The meetings will be held each day from 9 to 5 p.m. in the Student and Music Rooms of the SUB. The first hour of each program will be devoted to a talk by a featured speaker and the second hour to discussion.

Featured speakers include Dr. James Gladden and Dr. Alice Pickett, who will debate the issue "Are Women Equal to the Tasks of Modern Marriage?" Dr. Irving Galt, who will talk about "The Sex Factor," and Dr. A. J. Whitehouse, who will speak "On Becoming Parents."

UK Marker Erected To Guide Tourists

A UK marker is now being built at the intersection of S. Limestone and S. Upper St. Elmer St. Francis, chief engineer of the Maintenance and Operations Department, said this week. School officials said the project, but construction was begun only last week, he said.

Mrs. Parris said the marker will be a sign panel with brick columns on each side. The panel will have a stone trim and cast bronze letters. The letters will be cast by the College of Engineering.

G. C. Jones, carpenter foreman, said the University has received such a marker for a long time. Tourists pass through Lexington without knowing where the University is located, he said.

IN COSTUME, AND EVEN GOING THROUGH THE MOTIONS of a scene. Gene Arkie, Betty Stull, and Wallace Buice offer a pictorial preview of 'Tartuffe,' a French play by Moliere, which opens at Guignol Monday.

Insult By Quartet's Agent Overlooked Obvious Facts

Oscar Levant will appear in the Community Concert Series Wednesday. He replaces the First Drama Quartet which was originally scheduled for the Series. The Quartet, or at least its agent, seems to feel that by appearing in the regular series it will be used as a decoy to "sell all the worn-out artists and attractions that the New York booking offices have sold to you."

Second, the quartet was probably not booked by the local committee as one of the ticket-selling attractions, since at that time no one was quite sure just how such a presentation would be accepted by the public. In fact, we doubt very much that even now, after the publicity it has received, the Quartet would prove as good a "drawing card" as will the personable Mr. Levant.

Need For State Medical School Graphically Outlined By Trustees

University trustees have suggested in a booklet, "More Doctors For Kentucky," that a state-supported medical school be established at UK. Although they have no plan for actually placing the matter before the legislature, we feel sure that it will receive the attention of that body.

This situation leaves the pre-med student here at UK in a difficult position, to say the least. Even though he successfully passes his courses here and is qualified, he may find it extremely difficult, and perhaps even impossible, to gain entrance to a medical school. It is likely that this same situation causes many students who would make excellent doctors to enter other fields, thus further decreasing the number of possible doctors for the state.

'Most Historical American City' Is Title Often Given Lexington

Lexington has become noted for more than horse-racing and the surrounding bluegrass region. It has been styled the "most historical city in America" since it contains more than a thousand shrines. Many of these shrines are the first of their kind in this section of the country or in the United States. For example, the first Bible printed west of the Alleghany Mountains was credited to a Lexington man, T. T. Skillman.

part of the estate of one John Maxwell, whose marriage was the first such ceremony celebrated in the original Lexington fork. Maxwell was a companion of Daniel Boone. Prominent residents and visitors frequented early Lexington. Among these were Jefferson Davis, who attended Transylvania and lived on Limestone, Aaron Burr, General H. Morgan, and Henry Clay.

The Knapsack Leap Year Started As Lobby By Old Maids In Scotland

The right for the women to "come-a-wooing" on leap year is nothing new. It all dates back to an old maid's lobby in Scotland. This custom is now celebrating its 724th birthday, and seems content to stay around for many more of them.

the Scotch law, nor any trace of statistics of the number of spinsters who took advantage of it or of the French enactment. According to a curious little book entitled "Love, Courtship, and Matrimony," published in London in 1606, the English did not need to have the leap year privilege forced upon them by statute, but allowed it to become a part of the common law.

In the year 1288, possibly when Margaret's reign ceased, this law was amended to apply to every leap year thereafter, and the penalty was cut to just "one pundi."

Up to within a century ago there was another unwritten law of leap year that if a man should decline a proposal he should soften the disappointment which his answer would bring about by the presentation of a silk dress to the unsuccessful suitor for his hand.

Noted Exam Quotes

From the Minnesota Daily comes proof that Shakespeare's writings can apply to just about anything. Here's what that talented gent had to say about examinations: Studying in the library: "More light, you knaves; and turn the tables up, and quench the fire, and the room is grown too hot."

In the general move across the country for de-emphasis in sports, never let it be said the Kernel does not join in wholeheartedly. In fact, we have de-emphasized basketball about as far as it can go. If you have ever heard of the Kopy Kats or Copy Cats or Kernel basketball team (other names applied to the team cannot be printed in a family newspaper like this), you will see what we mean.

The Students Speak: Support For Book Exchange Is Urged

Dear Editor: In regard to the SGA plan for a student-run used-book exchange, I just hope the students have enough initiative to carry the thing through. Every semester students take a beating on used books. They do an awful lot of howling about the situation, but have never been abused to the point of action.

When one enters the Education College, the first thing the future teacher learns is: UK believes in progressive education. By this, they seem to mean that each pupil is entitled to go his own way and make his own decisions. This attitude teaches the child to live harmoniously with his fellow man.

sonally 19 such teachers who answered in the questionnaire that most of the courses were of no value whatsoever in their student teaching. When a group of these future teachers told various professors in the Education College of their opinions, the professors answered that they knew the courses were ambiguous, but they were required. The questionnaires weren't even read or looked at when returned.

how how the UK students voted, but I hope they were in the 45 per cent which favored the loyalty oath. If a professor cannot state that he is not a Communist, I certainly don't want him teaching in a college that I went to, or for anything to do with. This academic freedom doctrine is just a lot of Communist propaganda for keeping Communist professors in colleges and having the youth of the college believe that capitalist doctrines are decadent.

Teacher Training?

Dear Editor: I am a 1950 graduate of UK and a teacher in the Kentucky public schools. As an alum, I feel I can write to the Kernel and state my views on the UK Education College.

When studying and observing at the University Training School, future teachers, for the most part, are forced to base their conclusions on a higher-than-usual intelligence level of the pupil. In public schools throughout the state, these same teachers will have to cope not only with the problem child whose IQ is above normal, but with many who are below normal.

Alum Defends Oath

Dear Editor: There was an editorial in your February 15 issue about the National Poll of Student Opinion in which approximately 55 per cent of those voting were against professors' taking the loyalty oath. I don't

Beginning this week all letters to "The Students Speak" must be received by Tuesday of the week they are to be published. This rule is necessary because of press room deadlines. Letters on all subjects are welcomed. Names must be signed, but will be withheld at the request of the writer.

The Stewpot Dogs and Kats This Week's Fare

Since we have been abused, along with other members of the Kernel staff, of being old meanies because we are always telling the truth, we decided this week to see if we couldn't say something good about somebody for a change.

In the first game of the intramural season, the valiant Kopy Kats held Men's Corps to a 46-9 victory. In fact, the Kats would have de-emphasized basketball even further, if the Dorns hadn't sneaked up while we weren't looking and scored two points for our side.

Reviewer 'Squints' At Chinese Author

Park No-Yong, "A Squint-Eye View of America," Boston, Merrimac Press, 1951, 148 p.

Dr. Yong's views are based almost entirely on his comparisons of American life with the "old China," and proverbs and adages of past centuries. It's rather amusing to note how an American-educated Oriental is impressed by things we would label trivial. Dr. Yong constantly mentions how impressed he is with the minor facets of American characteristics.

Three Teams Are Tied In Independent League

By Wes Bird

The World Walkers, defending intramural champions, are again leading the way in the Independent basketball league. In the first week of play the Walkers have picked up two wins, while losing none.

The Daffy Ducks and New Deal are pressing the Walker quintet in Division 2, having identical records of two wins and no losses. The Glove Trotters and the Big Blue are leading in Division 1 with one win and no losses.

The highest score to date (including the games played on Monday) was made by the Glove Trotters who defeated the Hooksters 65-33. The lowest score came in the Rebels vs. Kernels game, as the Rebels emerged victorious 38-5.

Scores through Monday:

Division 1: World Walkers over the Newman Club, 48-29; New Deal 41, Baristers 23; Daffy Ducks 32, Rockets 10; B.S.U. 35, Wesley Foundation 15. The World Walkers 44, Baristers 17; Newman Club over the Rockets, 46-35; New Deal over

TANKMEN AT HOME. Pictured above is the UK swimming team, host to the SEC meet which opens Thursday at the Coliseum. Front row from left to right are: Joe Rutmeyer, Lee Shino, Jack Cross, Dave Linkous, John Burke, and Bruce Kankel. Back row from left to right: Charles Jeff, Sam Blythe, Jim McCabe, George King, John Taylor, and Manager Bill Thornton. Absent when the picture was taken were Harold Eaton and Louis Karbo.

Conference Swim Tourney Opens Thursday At UK

Georgia Favored To Retain Crown

By Louis Hempel

The Southeastern Conference Swimming Championships will be decided starting Thursday at 7 p.m. at the Memorial Coliseum pool, with Georgia's crack team as a heavy favorite to repeat as champion.

Vanderbilt, Tennessee, Georgia Tech, Florida, and Kentucky will challenge the record breaking Bull-dog team, powered by two possible Olympic participants.

Georgia's leading performer is a Kentucky boy, sophomore Reed Patterson, from Pineville. Patterson's time for the 200-yard backstroke and the 150-yard individual medley rank as the fifth best posted in the nation this year.

Patterson who was discovered in a freshman swimming class last year is considered a cinch to better the 100 and 200 yard backstroke records in the meet.

Another sizzling performer on the Georgia team is Charlie Cooper, who broke the 100-yard freestyle record last year. His time in this event and the 50-yard freestyle make him an Olympic threat, as well as a good bet to break both conference records.

Gators Hold Four Year Reign

Florida won the first championship in 1937 and held the crown for the next four years. Georgia Tech ended the Gators' domination by winning the event in 1942, but until 1948 when the Engineers repeated their win and held the championship until 1950.

Last year Georgia broke up the two-team monopoly by smashing three conference marks and scoring a record breaking 126 points.

Kentucky will try to qualify for all events according to Coach Algie Hecce. The Cats picked up only nine points in last year's meet but failed to enter but two team members, Jack McDonald and Jim Kunkel.

I-D Cards Available At Ticket Office

The athletic office announced this week that I-D cards taken this semester will be issued Monday starting at 8:30 a.m. through 4:30 p.m. Students are requested to call for the cards at the ticket office in Memorial Coliseum. The office is located at the west end of the Coliseum facing Lexington Ave.

Four Frat Teams Are Tied For Leads After First Week Of Intramural Play

By Joe Howard

Four teams lead the pack at the end of the first week of play in the intramural basketball league. SAE and the Kappa Sig are tied for the lead in Division 1. First place in Division 2 is held by the Delts while the Pi Kaps are on top in Division 3.

In Division 1, SAE opened play with a 41-22 win over AGR. The second game of the night saw the Kappa Sig completely overwhelm the Alpha Sig 69-16. In the final game of the first round Sigma Nu outpointed the Tekes for a 29-17 victory.

The opening round in Division 2 saw the Delts beat an outclassed Triangle team 48-22. The Phi Tau slipped past the Lambda Chi's 21-15 in the second game of the night. In the final contest of the evening the Phi Sig downed ZBT 21-15.

Sigma Chi began play in Division 3 when they eked out a 24-21 win over the Farm House. In the next game the Phi Delts edged KA 29-22. The Pi Kaps whipped ATO in the finale 25-19.

Pardus led SAE to their second round victory with 16 points in a 47-19 romp over the Alpha Sig. In the second game of the second round the Kappa Sig edged past Sigma Nu 21-16 in a rough and tumble affair. Closing out activity for the

Blue Marlins Begin Practice For Ballet, 'Enchanted Waters'

The Blue Marlins, UK's girls swimming team, have started practicing for their annual water ballet. The show will be given April 22 and 24.

The theme of the performance will be "Enchanted Waters." Among the 10 routines will be several boy and girl acts, a group performance with intricate subsurface work, a comedy act, diving feats, and a dance given by Tau Sigma.

Girls' intramural basketball has started. The various sorority and dorm teams have been practicing with high hopes of victory. The Town beat the Kappa Alpha Thetas, DZs beat the KDs and the Chi Oe scored over the Kappas. The tournament is being played on a bracket schedule.

Today Is Deadline For Entries In I-M Wrestling Tourney

Intramural director Bill McCubbin announced that today is the deadline for intramural wrestling entries.

The program calls for entries under eight different weights, if so desired by teams entering. In each weight division an allowance of three pounds, either above or below the specified weight will be recognized throughout the continuance of the program.

Starting at 115 pounds, the weights graduate as follows: 125 pound class, 135 pound class, 145 pound class, 155 pound class, 165 pound class, 175 pound class, and a class that includes all heavyweights.

J. Paul Sheedy* Switched to Wildroot Cream-Oil Because He Flunked The Finger-Nail Test

POOR SHEEDY was in the soup with a turtle named Myrtle. "I'm in a tizzy," he wailed, "what shall I do?" "Well, it's your messy hair that parts you from all the girls," his roommate said. "Better get Wildroot Cream-Oil!" Non-alcoholic. Contains soothing Lanolin. Relieves dandruff. Removes loose, ugly dandruff. Helps you pass the Finger-Nail Test. Paul got Wildroot Cream-Oil and now he's out turtle-necking all the time! So don't stick your neck out... get some terpin-money and hurry to the nearest drug or toilet goods counter for a bottle or tube of Wildroot Cream-Oil. And ask for it on your hair at your favorite barber shop. Then you'll really be in the swim.

SEC Tournament In Progress Meet Will Not Be Held Again

The annual Southeastern Conference basketball tournament opened yesterday at Louisville Armyory with eight teams playing and four teams drawing first round byes.

The tournament outcome will have no bearing on the conference championship. Kentucky, by virtue of a 14-0 record in regular season play, has already been named champion.

Vanderbilt is defending tournament champion. Last year the Commodores upset a favored Wildcats team 61-57 in the finals. This will be the last tournament sponsored by the conference. Officials voted to disband the tournament after this year.

Kentucky was heavily favored to win the tournament when play began yesterday afternoon. The Wildcats

have been conference champions for the past nine years.

The Wildcats have won 12 tournaments since the birth of the conference. Seven of those were consecutive, from 1933-1950. The Ruppmen scored 315 points in the 1951 meet to establish a record. Other records on the book for the Cats include: most field goals, 137 in 1947; most foul goals, 66 in 1947; most consecutive tournament victories, 29 (from 1944 until 1951), and most players played on all-conference team, five in 1947.

Single game records held by Kentucky include: most points in one game, 98 in 1947; biggest margin of victory in tournament game, 69, UK vs. Vanderbilt 29 in 1947; smallest margin of victory in finals, UK 36

EN GARDE — Captain Bill Sellar of the UK fencing team and leading scorer will lead his team against the University of Cincinnati tomorrow at Cincinnati.

UK Fencers Meet Bearcats Tomorrow

The University of Kentucky fencers journey to Cincinnati tomorrow for a match with the Bearcats of U.C.

Kentucky and Cincinnati are bitter fencing rivals, with the Blue holding a six to two edge in victories over the last four years. The meet, to be held in U.C.'s gym at 2 p.m., is considered a top-up with Kentucky favored to win. Cincinnati favored in sabre, and an open victory open to either school.

Crip Shot By Rouse In Final Two Minutes Give Cats Win, 63-61

UK Hard Pressed To Win Final Tilt Of Regular Season

Reserve guard Willie Rouse, who had averaged 15 points per game prior to the DePaul game in Chicago Stadium Saturday night, scored two points but that was enough to give the Wildcats their final victory of the regular season. With Bobby Watson as the only starter left in the game, the reserves of Coach Adolph Rupp fought back from a five point deficit inherited from the regulars who had fouled out, and squeaked out a 63-61 victory over a game Demon quintet.

In a game marred by personal fouls, Cliff Hagan led the UK reserves with 17 points. Hagan accumulated four personals in the closely called first half and gave way to Ronnie Clark until six minutes remaining. Two quick baskets and a free throw built that to a 60-55 margin and the 9,500 fans sensed an upset.

Hagan then cracked a two pointer and Watson followed with another. Bill Evans dropped in a free throw

WILLIE ROUSE

Hit Two Big Points

to knot the count at 60-55. It was then Rouse replaced Evans who committed his fifth personal.

Gene Dyker scored on the charity toss to put DePaul back on top. The Demons began to play cautiously in an effort to maintain that slight advantage.

Rouse Steals And Scores

Ben Fiericek brought the ball into his front court with two minutes remaining. At that point Rouse made a stab for the ball, knocked it from the possession of the Demon captain, and with the ball on to the basket to sink a perfect crimp.

Gayle Rose tossed in a free throw to end the scoring. The Cats were then successful in keeping possession of the ball and the ball game.

Kentucky line-up:

Distance Men Begin Work; Few Lettermen On Squad

The University of Kentucky track and field team is working out daily for the forthcoming season.

Coach Seaton announced the distance men, 440, 880, mile and two mile, are out on the track already. The members of Kentucky's first undefeated cross country team are working out in the distance events while the dash men and the field men won't be out until spring football is over.

Leading the distance men will be Captain Jay Wallace (440 and 880), and Speedie Price (mile and two mile), both stalwarts from last year. Filling the field for the millers will be Al Wiley, of whom Elton is expecting great things, Tom Wiese, John Willis, brother of Charley Willis, letter winner of the past three years, Ralph Hovemale, Ed Striner and Bill Truwell.

Donat Adams, Ray Jones, George Richell, Jim Brindbury, Tom Sandage, Bill Valtour and Charley Lancaster are expected to give considerable assistance in the 440 and 880 yard runs. Adams is a transfer from the University of Michigan. Jones is a freshman prospect from Louisville Manual, and Richell is one

of the few letter winners from last year who are back.

Richell and Lancaster are the only dash men (100 and 220) who are training yet. They also are to be used in the 440.

Expect Help From Gridlers

The rest of the squad will probably be composed of late starters and football players with Don Jinschele, kickoff artist, running in the 100 and Don Weaver, a possibility for leaving the shot. A tentative date for all-out practice has been set for March 15.

Last weekend, a squad consisting of distance men, took part in the Michigan State Invitational. Although no honors were taken, Coach Seaton felt that the caliber of competition, some being Olympic hopefuls, was good for the training program.

Coach Seaton believes the training acquired in cross country participation will be a determining factor in Kentucky's success this season.

Although the schedule hasn't been released, it is known the team will hold a triangular meet with UI and one other team and that it probably will take part in the Birmingham Relay.

Conference Rule Against Tourney Bids Seems About Face From Football Rule; A Hot Shot? Never Heard Of Him

The announcement that the Southeastern Conference voted in December to limit post-season basketball play by member schools to the NCAA tournament came as a complete surprise. The conference has wholeheartedly supported post-season football games and it was assumed officials saw no wrong in basketball competition after the close of the season.

UK, the only conference team mentioned for a possible berth in the National Invitational Tournament at Madison Square Garden, is now disallowed the opportunity to try basketball's "Grand Slam."

The team was enthused about trying for that accomplishment. Not only would it erase bad publicity received from the 1949 season when the Wildcats entered both major tournaments but would give Coach Rupp and his men another chance for Olympic tryouts.

It has been pointed out the players would be absent from classes for several days if they attended both meets. Also pointed out, the team has an average grade of 1.87, higher than the average standing of men students and far superior to the fraternity standing on the campus.

The Wildcats did not receive a bid from Garden officials but the anticipation of such a move was already drawing criticism from some quarters. Earl Ruby, sports editor of the Courier-Journal, who is becoming as popular as an orange jersey on Still Field in November, said an attempt by UK to annex both championships would be "hogwash."

It is only natural for the players to want to win each meet. As Coach Rupp has said several times, "When you are on top, they are always shooting at you."

Every team the Wildcats meet have waited all season to beat them. A victory over the Wildcats gains national publicity. Rupp's men are a confident crew and believe themselves better than any other squad in the nation. If they are willing to put their titles and their Number 1 rating on the line, they should be allowed to meet all comers. That is what champions are for.

College Men! CHOOSE A CAREER in the U.S. Air Force

Aviation Cadet Program Offers Special Opportunities for Collegians Now Preparing for Military Service

Here is a real man-size opportunity! You can choose—immediately—between being a Pilot or Aircraft Observer in America's swiftly-expanding Air Force. The Air Force encourages candidates to stay in school and graduate. However, seniors and students with two years or more of college who anticipate early entrance into military service can insure their future and serve their country best by applying for Aviation Cadet Training today. You receive the finest training and experience when you fly with the U. S. Air Force—experience that pays off in later years.

WHO MAY APPLY

AGE—Between 19 and 26 1/2 years.

EDUCATION—At least two years of college.

MARITAL STATUS—Single.

PHYSICAL CONDITION—Good, especially eyes, ears, heart, and teeth.

HOW TO QUALIFY

1. Take transcript of college or university work and send copy of birth certificate to your nearest Air Force Base or Recruiting Station.
2. Appear for physical examination at nearest Air Base at Government expense.
3. Accomplish Flying Aptitude Tests and qualify for two years only!
4. The Selective Service Act will require you a four-month deferment while awaiting class assignment.
5. Immediate assignment to Aviation Cadet Training Classes starting May 27, July 19, August 19 and October 2, 1952.
6. Attend Aviation Cadet Training School for one year—either as Pilot or Aircraft Observer. Get \$100 monthly plus food, housing, uniforms, and other benefits.
7. Graduate and win wings as a second lieutenant. You begin making \$5,000 a year. In addition, you receive \$250 uniform allowance and a 30-day leave with pay.

WHERE To Get More Details

Visit your nearest U. S. Air Force Base or U. S. Army—U. S. Air Force Recruiting Station or write direct to Aviation Cadet Headquarters, U. S. Air Force, Washington 25, D. C.

U.S. AIR FORCE

What's that name again? The Chicago papers last weekend carried stories about a red hot high school basketball player who had received offers from several top cage powers of the nation. Kentucky was one of the schools listed. Someone asked Harry Lancaster, assistant coach and scout, about the boy. "What boy?" asked Lancaster. "I didn't see the story."

He was told the name and then showed the story. "I've never heard of it. We certainly have not had any contact with the boy."

That is just another example of recruiting methods which have drawn adverse criticism for the University. Lancaster explained that school boys and their parents like to publicize articles concerning offers to draw attention from basketball coaches.

Lancaster recalled another incident concerning a high school cager. Kentucky was interested in the boy and Lancaster visited the boy's home town to watch him play. He talked to the boy and as they walked down the street the boy stopped before a sporting goods store and said, "Coach, how about buying me that glass rod. Another scout was here last week and bought me a good real. If I had that rod, I'd be all set for fishing."

That boy is fishing for baskets at another school now.

Library Has Best Collection Of Oriental Works In South

The UK Library has the best collection of Oriental manuscripts in the South. Dr. Lawrence Thompson, director of libraries, said in a recent letter to Miss Corneil Love, retired librarian of the University of North Carolina, of which Dr. Thompson is an alumnus.

The letter told about his dealings with manuscripts in libraries and mosques in Istanbul, Turkey.

Dr. Thompson was sent to Turkey last November by the U.S. State Department at the request of the Turkish government to make a survey of library facilities and to give lectures. He went to Istanbul after three weeks in Ankara.

Mrs. Hammond Dugan, associate archivist of the Margaret I. King Library, said this week that the library recently received several illuminated manuscripts from Dr. Thompson. Among them are some Persian manuscripts and some Qu'rans with decorated title pages. There is also a manuscript of a Persian poet and a Persian romance with miniature.

Sent Year Books

Dr. Thompson also sent several yearbooks and manuals on Turkey's chief export, tobacco. Mrs. Dugan said, "I have bought for a long time a letter to them on the subject of Turkish press. He also has a facsimile of the Piri Reis map of America made by a Turk three decades after the discovery of America.

In his letter to North Carolina University, he said that he has seen a wealth of manuscripts such as he never suspected before.

Illuminated Koran

"In the Millet Library," he writes, "there is an illuminated Koran which I consider more beautiful than the Book of Kells. In the Sultanian there are manuscripts full of magnificent Persian miniatures. I suspected there are many books here that would fetch a better price than the Bay Psalm Book."

"Quite contrary to our notion of the 'Terrible' Turk, the Turks have been poets, scholars, gentlemen,

Students Interested In Public Affairs May Get Grants

Students interested in public affairs and public service careers have been offered the opportunity to apply for fellowships carrying stipends of \$1,200 a year, provided that they will receive their bachelor's degree by next June.

Beginning in June, fellows will serve an internship with a public agency, such as the Tennessee Valley Authority, a city manager's office, or a department of state government.

The 1952-53 school session will be organized to provide fellows an opportunity to take graduate courses at the University of Alabama, the University of Tennessee, and UK.

Completion of the 12-month training period entitles fellows to a certificate in public administration. Fellows may be awarded a master's degree at any of the three universities upon satisfactory completion of the master's thesis and an examination for the master's degree.

For eligibility requirements and other information, students can see the head of the Political Science Department or write to Educational Director, Southern Regional Training Program in Public Administration, University of Alabama, University, Alabama.

March 1 is the deadline for submitting material.

"What is the shortest perceptible unit of time?"

"The period between the moment a traffic light changes and the time the book behind you blows his horn."

Alumni News THEN and NOW

1904

James E. Seebold, B.S. '34, M.S. '36, formerly of Versailles, has been promoted to assistant manager of research of Standard Oil Company of Indiana, with headquarters in the general office at Chicago.

Dr. Seebold joined Standard Oil in 1940 as a chemical engineer at the general office at Chicago.

He received his doctor's degree from Massachusetts Institute of Technology and while at M.I.T. was assistant professor of chemical engineering, served as director of the Parlin, N. J., station of the School of Chemical Engineering Practice.

1948

Pvt. Glenn G. Stille, of Lexington, has completed processing at the Joint Reception Center, Ft. Meade, Md., and is assigned to the Fifth Infantry Division, Indianapolis Gap Military Reservation, Pa., for Army basic training.

Pvt. Stille will receive 16 weeks of basic military training necessary for all soldiers.

1949

Joyce Goldberger of Brooklyn, N. Y., was a delegate to the Third National Conference, U. S. National Commission for UNESCO, at Hunter College in New York City, Jan. 27-31.

Sent by the American Society of Medical Technologists, Miss Goldberger was one of approximately 200 delegates sent by labor organizations, church groups, scientific organizations, teacher organizations, and schools.

The purpose of the conference was to bring together a group of leaders broadly representative of American life, to consider ways to improve our understanding of and participation in world affairs, particularly through the U.N. and specialized agencies."

WITH FORMER UK STUDENT

Anthony (Tony) B. McCain has been promoted to the rank of captain of the 387th Airborne Infantry Regiment of the 100th Airborne Division (Reserve).

The Lexington native was graduated from University High School and majored in mechanical engineering at UK. His overseas record includes action in France and Germany.

His awards include the Purple Heart, for wounds received in Germany, and three battle stars.

The board of directors of the Seventh Infantry Division.

Employment, Study, Prizes Being Offered

Women's Magazine To Offer Prizes For Best Stories

This year Mademoiselle will award \$500 in prizes for each of the two best short stories submitted by April 15.

Seven years ago, Mademoiselle established the College Fiction Contest for women undergraduates to offer them a chance to test their ability by professional standards and to gain recognition in a national magazine.

Only women undergraduates are eligible. Stories that have appeared in undergraduate college publications are acceptable, but only if they have not been published elsewhere.

The stories should be from 3,000 to 5,000 words. More than one story can be submitted. Typewrite all manuscripts, double space, and use one side of the paper only. The contestant's name, home address, and college address should be sent with the manuscript.

Mademoiselle assumes no responsibility for manuscripts, and will return them only if they are accompanied by stamped, self-addressed legal size envelopes. The editors will judge the manuscripts and all decisions will be final.

Submit all material to: College Fiction Contest, Mademoiselle, 575 Madison Ave., New York 22, New York. All entries must be post-marked by midnight April 15, 1952.

Awards Being Offered For Norway Study

Various industrial firms in Norway are offering a limited number of Ralph Bunche Awards, ranging from \$115 to \$225, to those interested in Norway's export industry.

The Norwegian Federation of Labor Unions is offering two scholarships, worth \$225 each, to candidates interested in Norway's labor association.

Sheridan C. Barnes, former University student from Elizabethtown, is currently president of the Kentucky Chamber of Commerce.

He served on the board of directors of the state chamber for two years and had just ended a term as regional vice president when he was elected to the presidency last April.

Pvt. John L. Lockin of Lexington, recently was awarded the Combat Infantryman Badge for excellent performance of duty in combat with the 387th Airborne Infantry Regiment, arrived in Korea on Dec. 10, 1951.

Pvt. Lockin's wife lives in Lexington, and his parents at Fairfield, Ky.

Camp Positions Open To Qualified Women

There are a number of summer camp positions open to girls who are interested and qualified in arts and crafts, swimming, and associated activities.

The camps are Girl Scout affiliates and positions are available in Indiana, Ohio, Connecticut, and Rhode Island. Anyone interested may get further information in the Dean of Women's office.

Airlines Offer \$2000 Grants To Graduates

Two fellowships of \$2000 each are offered in the Graduate School of Business at Columbia University by Seaboard and Western Airlines, international air freight carrier. Philip Young, dean of the School, announced this week.

The fellowships will provide for study and research on international air freight across the North Atlantic and begin with the 1952-1953 academic year.

Holders of the fellowships will study international trade and geography, marketing, and transportation with a view toward developing new sources of supply and markets for products which will offer a potential for economic trans-Atlantic air transport.

In establishing the fellowships,

Freshmen May Apply For Ag Scholarships

Dean L. J. Horlacher of the College of Agriculture has announced that 35 scholarships will be awarded to freshmen next fall.

The scholarships, ranging in value from \$150 to \$400, are based upon the individual's high school grades, activities, and need. Applications for these scholarships should be made to Dean Horlacher by March 29. Teachers, county agents, and alumni may make applications for a student or the student may file the application.

The scholarships are awarded by the Sears Roebuck Foundation, Houston Endowment, Kroger Company, and several of the county farm bureaus.

Summer Jobs Open As Camp Counselors

Representatives from the central branch of the Louisville YMCA will be in the Y Lounge after 1:30 this afternoon to interview prospective counselors for summer jobs at Camp Flompingo.

The camp, located 30 miles outside of Louisville at Rock Haven, Ky. is one of the largest boys' camps in the state. David A. Best, camp director, and Ross Chastain will interview students on campus.

All students interested in the summer jobs should meet with the representatives or call the Y office (telephone 2389) to arrange for an interview.

Dames Club To Hold Meeting Wednesday

The regular monthly meeting of the Dames Club will be held Wednesday, March 5, in the music room of the SUB.

Mrs. R. L. Miner, program chairman, has announced that the program centers around various activities of interest groups.

Candidates for the April electoral meeting will be announced at this time.
