

Hill View Lodge,

Reigate.

Nov. 17th 1878.

My dear Hervey, I thank you very
much for sending me your pleasant
paper "on the Oliphant Bampton"
in which you are good enough to
make a kindly allusion to
"a Tony de an frange". A word from
you is always agreeable. I wish
you would write another article
on Kemp Town. You must
have ample material.

Before this, I had not looked
carefully into "London," and I find
it much cleverer than I had supposed.
I think it quite as good as either
"The World," or "Truth".

Always yours,

W. Hamis a Quisworth
