Dear Sir,

I send you by this same  
post the corrected proofs of Part IV of  
the Marston, with places marked out  
for illustrations.

They have omitted, in this proof, to  
print the heading in verse. I send  
headings in verse for every one of  
the 10 parts; and as they are often in  
French, I like to have them to correct,  
if necessary, in the proof. If by any chance  
the heading to Part IV has been mislaid  
I would like to be advised as soon as  
possible, so as to send another.

I shall be much obliged if

Mr. Harper will let me have  
the remaining proof sheet as soon as  
possible - it will be a great convenience  
to me.

Yours faithfully

Levi Du Maurier
