

New Home
Hampshire
Sept 22.

My dear Mr. Will,

Can you tell me what
rent you intend to charge for the
home Champeys is building for
you, close to your own? and also
whether, in the event of my being able
to take it, it would be possible to
construct one room so that it might
serve either as a studio or a billiard room?
I hope you have been having a good
holiday; you will have your work
cut out for you in Westminister when
you come back.

With our best regards to Mrs. Will,

Yours very truly

Frederic Maurice
