Dear Mr. Stoppa, Jan 19, 1921

Many thanks for your  
letter which I have not  
yet received as I was  
on travelling about.

I am interested to hear  
about your withdrawal from  
the British Film Company  
& your intended interest in  
film production. I was  
much impressed with your  
views. As far as  
I am concerned I have  
decided not to  
associate myself with

any film company, except  
in the capacity of author

With kind regards  
Sincerely yours

Philip Gibbs.
