

Day Exercises. The invitation was delayed in the mail and only reached me the morning of the eventful day! Thank you for thinking of me — and next time I will surely hope to be able to accept. I was sorry you could not be present at the wonderful surprise party the Society gave me! The gifts are exquisite.

My dear Miss Mason! —
In the
rush of these very busy
weeks the acknowledgment of your kind invitation for the 24th has ~~been neglected~~. It would have been a great pleasure to have been with you and enjoyed the beautiful Field

and so much appreciated. I wonder if you know what was chosen! A most beautiful wrist watch encircled in diamonds and a lovely French fan — both from Tiffany's. The party and the gifts were all such a complete surprise and I want

all the Browning members to know how much it means to me that they wanted me to have some tangible evidence of their thought and love! I am overwhelmed, indeed, and most grateful! With renewed thanks for the invitation and hoping we may meet and know each other I am
Yours faithfully
