Dear Sir Baldwin Leighton

I am much obliged
for your letter. I will at once
communicate with Courtenay about
settling the terms of the advance
to the Migration Company; and I
feel sure that the matter will
meet with prompt attention at the
Treasury. I am glad you

approve our Land Purchase Bill; but
I regret to say that the differences of opi-
nion respecting it are such as to remove
any reasonable hope of progress under pre-
sent circumstances.

Believe me

Very faithfully yours

W. L. G. Brown
