

Smithsonian Inst.

July 23rd 1857

My Dear Sir

I regret to inform
you that after diligent
search we have come
to the conclusion that no
extra copies of the second
Report of the Smithsonian
Institution can be found.

The volume of the 8th Report
contains a reprint of all
the Reports of the secretary up
to the date of the publication

and these serve to give
a connected history of all
the operations from the beginning
of the establishment.

I remain very truly
your friend &c.
